## Council Adoption of the 2013 Operating Budget

On January 29, 2013 Council adopted the following recommendations:

1. A. i. That the 2013 Operating Budget, including the budgets for reserves (Appendix 3), be approved.
- ii. That the 2014 to 2015 Operating Budget projections be received as information on the preliminary financial plans for those years.
- B. That the City's mill rate be increased by 2.87% for the purpose of raising revenue as required for the annual operating estimates, and an additional 1% to be dedicated to the renewal of local streets, lanes and sidewalks, resulting in a 2013 mill rate of 14.600.
- C. i. That a new Local Street Renewal Reserve be established in accordance with Section 289 of the City of Winnipeg Charter,
- ii. That the Director of Public Works be the Fund Manager,
- iii. That the purpose of the reserve be to increase funding for the renewal of local streets, lanes and sidewalks,
- iv. That the funding source be dedicated property tax revenue transferred from the General Revenue Fund, and
- v. That a 2/3 vote of Council is required in order for the use of funds to be other than those stipulated.

Note: A long term proposal for sustainable funding for the renewal of local streets is included in Appendix 9.

- D. i. That the City's business tax rate remain unchanged at 5.9% for 2013; and
- ii. That Council enact the attached Small Business Tax Credit by-law under Subsection 219(2) of the City of Winnipeg Charter, which will provide a full rebate of municipal business taxes for businesses with an annual rental value of \$22,680 or less in 2013.
- E. That the fees (Appendix 6), levies, and transfers between funds outlined in the 2013 Operating Budget be approved.
- F. i. That the Recreation Programming Reserve be renamed the "Wading and Outdoor Pool Extended Season Reserve",
- ii. That the original recreation programming subcomponent of the Recreation Programming Reserve be closed, and
- iii. That the remaining balance in the original subcomponent of the Recreation Programming Reserve as at December 31, 2012, projected to be \$3,100, be used for the wading and outdoor extended season.

- G. That \$8,470,000 in prior years' tax supported capital surplus identified in the recent capital review, due to projects coming under budget, be utilized to reduce the transfer to the General Capital Fund in the 2013 tax supported operating budget.
- H. That a transfer from the General Purpose Reserve to the General Revenue Fund be made based on the balance in the General Purpose Reserve after the year end surplus is transferred, to a maximum of \$12.5 million in 2013. If the reserve balance is not sufficient to make the \$12.5 million transfer, any shortfall will be addressed during 2013.
- I. That previous resolutions of Council related to grant amounts for 2013 and forward for organizations on the Listing of Grants in Appendix 2 be rescinded and replaced with the amounts listed in that Appendix, and as amended by the following changes:
- i. That in accordance with the recommendation of the Winnipeg Museums Board, the 2013 budget for the Fire Fighter Historical Society be set at \$25,406 and that said funding be transferred to the Fire Paramedics Department towards facility charges to operate the building and that Appendix 2 be amended accordingly.
  - ii. That Appendix 2 be amended by allocating an additional \$56,147 to the following museum budgets:

Museum	Proposed 2013 Budget	Amended 2013 Budget
Dalnavert Museum	\$18,900	\$19,950
Grant's Old Mill Museum	\$15,516	\$16,378
Historical Museum of St. James-Assiniboia	\$75,051	\$79,221
Manitoba Children's Museum	\$108,000	\$114,000
Manitoba Children's Museum – capital program	\$82,800	\$87,400
Manitoba Museum	\$49,500	\$52,250
Ross House Museum	\$27,969	\$29,523
Seven Oaks House Museum	\$25,404	\$26,815
St. Boniface Museum	\$405,000	\$427,500
Transcona Museum	\$139,500	\$147,250
Ukrainian Cultural and Education Centre	\$13,500	\$14,250
Western Canada Aviation Museum	\$49,500	\$52,250

- iii. That the 2013 operating grant for the Assiniboine Park Conservancy be increased by \$340,000 relating to negotiated cost increases including labour and utilities, and that Appendix 2 be amended accordingly.
  - iv. That the Mayor's account named Civic Initiatives, Promotional and Protocol grant be reduced by \$200,000 on a one-time basis to fund expected repairs at Sherbrook Pool and that Appendix 2 be amended accordingly.
- J. That \$569,138 be added to the Fire Paramedics 2013 expenditure budget to add one more ambulance including 12 new paramedic positions. This adjustment has been made to the budget and will be offset by provincial/Winnipeg Regional Health Authority cost sharing.
  - K. That \$669,500 be added to the Fire Paramedics 2013 expenditure budget to add 10 new communications/dispatch operators. This adjustment has been made to the budget and will be offset by provincial/Winnipeg Regional Health Authority cost sharing.
  - L. That a new "Office of Policy Development and Communications" be created, with the role of policy development, strategic planning, communications coordination, budget consultation, and general support to the Executive Policy Committee, with the 2013 proposed budget being reduced by \$142,864 (\$50,000 from budget consultations and \$92,864 from salaries and benefits).
  - M. That \$600,000 be added to the Councillors' Representation Allowance at \$40,000 per ward. This adjustment has been made to the budget.
  - N. That the City pay the annual grant to the Winnipeg Convention Centre for debt repayment from the Destination Marketing Fund (Appendix 10).
  - O. That the Director of Water and Waste review the feasibility of transferring the tax supported Garbage Collection program to the Solid Waste Utility on a tax supported budget neutral basis, and report back to Council.
  - P. That the Director of Water and Waste review the feasibility of transferring the Land Drainage program to the Sewer Utility on a tax-supported neutral basis, and report back to Council.
  - Q. i. That the following City-owned properties be declared surplus to the needs of the City:
    - a. In the Rural Municipality of Springfield, at the North East corner of Plessis Road and St. Joseph Road, shown as "Subject city Property" on Misc. Plan No. 14193 (Appendix 12);
    - b. The former Shaftesbury Landfill site located on the west side of Shaftesbury Boulevard, north of the Railway Mainline Right-of-Way; and

- c. 1710 Grosvenor Avenue, subject to approval of final site plan by the Standing Policy Committee on Property and Development.
    - ii. That subject to Council approving the necessary street closing by-law, that a portion of the Kenaston Boulevard Right-of-Way commonly referred to as the Kenaston Snow Dump be declared surplus to the needs of the City.
    - iii. That a transfer from the Land Operating Reserve Fund to the General Revenue Fund be made in 2013 to a maximum of \$6.935 million provided the Reserve's unallocated equity balance does not enter into a deficit position. Should the unallocated equity balance be such that the full \$6.935 million transfer cannot be made, any shortfall will be addressed during 2013.
  - R. That the advertising budgets of civic departments be reduced in 2013 as outlined in Appendix 7. These adjustments have been made to the respective budgets.
  - S. That the consulting budgets of civic departments be reduced in 2013 as outlined in Appendix 8. These adjustments have been made to the respective budgets.
  - T. That fees for appeals submitted to the Board of Revision in regards to Business and Realty Assessment no longer be refundable.
  - U. That the \$350,000 added to the 2013 Operating budget for an accelerated Alternate Service Delivery process be reduced by \$50,000 and that a corporate savings target of \$2,000,000 be included in the budget.
  - V. That the City of Winnipeg request the Province of Manitoba to cost-share a Dutch Elm Disease Strategy -- "Scenario 2: Full Enhanced Management Strategy" by providing additional funding in the amount of \$1,900,000 for both capital and operating costs of the program.
  - W. That the tree root claims program be discontinued in 2013.
  - X. That the Chief Financial Officer be delegated the authority to restate the budget subsequent to adoption to allocate amounts to departments to reflect Council's ratification of collective agreements as well as cost reduction measures pursuant to recommendation number 2.U., on a budget neutral basis.
  - Y. That the 2013 preliminary operating budget for the Planning, Property and Development Department be reduced by \$170,000.
2. That the Director of Legal Services and City Solicitor be requested to submit the necessary by-laws to implement the above recommendations.
  3. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing, including the execution of any documents related thereto.

# Socio-Economic Information

## Migration

*“Migration will become an increasingly important factor for population growth, and Winnipeg’s ability to attract new migrants will become an important determinant of its future economic potential.”*

*Conference Board of Canada, Winnipeg long-term forecast, 2007*

**Migration has been the primary factor for the increase in Winnipeg’s population.**

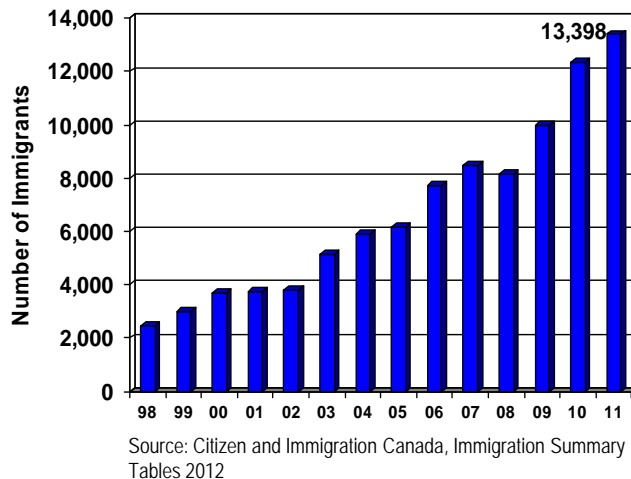

- In 1996 Winnipeg saw a net loss of 4,600 people; but in 2011, Winnipeg saw a net gain of over 9,000 people.
- With the success of the Provincial Nominee Program, which began in 1999, Winnipeg’s immigration has quadrupled and for 2011 saw over 13,000 immigrants arrive in the City.

**The trends in each of the three forms of migration are:**

- Intra-Provincial: The net number of people moving to/from Winnipeg CMA and the rest of Manitoba has improved. In 2011 Winnipeg experienced a net gain of almost 400 people.
- Inter-Provincial: The net number of people moving to/from Winnipeg CMA and the other provinces has improved from -4,700 in 1997 to -2,800 in 2011.
- International: The net number of people moving to/from Winnipeg and other countries has increased significantly from 2,200 in 1997 to over 11,000 in 2011.

### Immigration to Winnipeg Number of people, Winnipeg Region

# Housing

*“Multi-family housing continues to show strength, especially in the rental market which comprised 61 per cent of all multiple family starts in 2011*

CMHC – Press Release January 20, 2012

## 2011 continues to be strong

- In 2009, new home buyers were cautious. But in both 2010 and 2011 the number of starts rebounded with 2011 seeing a slight increase in the number of singles – the highest total housing starts since the late 1980s.

## Average New House Price (single detached)

- Between 2000 and 2011 there was a 125% increase in the average price of a new house. (\$175,500 to \$395,000)
- CMHC forecasts the average price of a new house to rise close to 8% by 2013 (to \$427,000) compared to 2011.

## Price increase in resale market

- Winnipeg has seen a significant increase in housing prices over the last ten years.
- Between 2000 and 2011 there was a 171% increase in the average price of a resale house in Winnipeg.
- CMHC is forecasting continued price increases in the resale market; 5% in 2012 and a further 4% in 2013.

**Although Winnipeg has experienced significant increases in the average price of a home, when compared to other larger cities across Canada, Winnipeg continues to be a city with one of the lowest housing prices in Canada.**

A two-storey home in Vancouver region would cost more than \$881,000 or 174% more than the same two-storey home in Winnipeg (\$322,000).

In Calgary: \$426,000, which is 32% more than in Winnipeg.

# Economy

*“A positive outlook for Winnipeg’s manufacturing sector and healthy gains in the region’s housing market will result in a 2 per cent increase in real GDP this year.”*

Conference Board of Canada, Metropolitan Outlook, Autumn 2012

**Winnipeg’s economy, is one of Canada’s most diversified economies. Overall, the forecasted economic indicators are positive, but showing restraint.**

Even though Canada was in a recession in 2009, Winnipeg’s economy was doing relatively well. Winnipeg’s economy saw a 0.6 percent decline while the national economy declined by 2.8 percent.

In 2010 and 2011, Winnipeg’s economy saw a cautious recovery with manufacturing still struggling with a high Canadian dollar and global economic uncertainty.

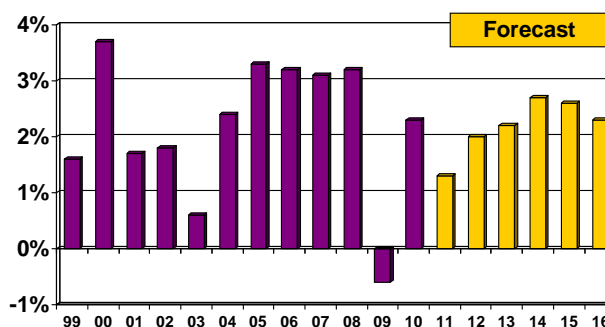

Of the 13 large cities listed to the right, Winnipeg’s economic growth was about average relative to the other cities.

### Over the next 5 years:

- Winnipeg’s economy is expected to create 35,000 jobs.
- Population in the Winnipeg region forecasted to grow by 50,000 people.
- Annual housing starts expected to increase by about 40%.

These are strong numbers for Winnipeg.

# Population Change

**“CITY GROWTH STAYS STEADY... Officials pleased to avoid booms and busts, but more housing needed”.**

February 9, 2012 Winnipeg Free Press

**Winnipeg’s population continues to grow. In 2011, Winnipeg’s population was 691,800 – an increase of over 54,000 people over the past decade.**

Historically Winnipeg had:

- modest population growth in the late 1980s;
- no population growth in the 1990s; and
- renewed population growth since the late 1990s.

The primary reasons for this resumed growth are a significant increase in immigration and a combination of less people leaving and more people coming to Winnipeg from other parts of Canada.

Over the last three years, the City has grown by about 9,000 people per year.

## Population Forecast

The Conference Board of Canada’s 2007 Population Forecast has been adjusted to factor in the new 2008 population estimate from Statistics Canada.

- Winnipeg’s population is expected to grow by 70,000 people in the next 10 years; and 157,000 people in the next 20 years.

**Winnipeg’s population growth rate has increased recently to 1.5% which is in the range of strong growth.**

- The Conference Board forecasts this to continue in the short term with an average growth rate of 1.3% over the next 5 years

**The City region (CMA) is forecast to grow by 50,000 people by 2016.**

# Citizen Survey

The Citizen Survey is a telephone survey in which Winnipeggers were randomly contacted. This year's survey was conducted by the polling company Dimark Research, during the month of June. There were 600 citizens surveyed.

## Quality of Life

In 2012, 88% of Winnipeggers believe that the quality of life in Winnipeg is very good or good.

very good
  good

## Service Satisfaction

Overall satisfaction was approximately 81% in 2012.

very sat
  somewhat satisfied

## Value for Tax Dollar

In 2012, 72% of Winnipeggers surveyed believe they receive good to very good value for their municipal property tax dollar.

## Contact With City Staff

Of those Winnipeggers surveyed and who had contact with the City,

- 81% made contact by using a telephone, and
- 71% rated their experience as very satisfied and somewhat satisfied.

Citizens were asked: “Thinking about your personal dealings with the City of Winnipeg and your general impressions” do you agree or disagree with the following statements?

### Strongly Agree and Somewhat Agree

	2010	2011	2012
City staff are courteous, helpful and knowledgeable	90%	88%	86%
The quality of service from the City is consistently high	70%	73%	63%
The City responds quickly to requests and concerns	62%	60%	54%
City staff are easy to get a hold of when I need them	85%	53%	53%

## Citizen Survey (cont'd)

Citizens were asked:

“What actions do you think the City of Winnipeg could take to improve life in the city?”

The following categories were top three priorities for City government as ways to improve the life in the city:

- Crime/Policing
- Roads/Infrastructure
- Transit (specifically Rapid Transit)

### Suggested Actions the City of Winnipeg Could Take to Improve Life In the City

<b>Groupings</b>	<b>2010</b>	<b>2011</b>	<b>2012</b>
<b>Crime/Policing</b>	<b>30.2%</b>	<b>47.2%</b>	<b>39.5%</b>
<b>Roads/Infrastructure</b>	<b>11.9%</b>	<b>21.8%</b>	<b>32.9%</b>
<b>Transit</b>	<b>11.3%</b>	<b>7.1%</b>	<b>10.8%</b>
<b>Bicycle &amp; Walking Trails</b>	<b>5.7%</b>	<b>3.4%</b>	<b>8.5%</b>
<b>More things to do</b>	<b>0.5%</b>	<b>1.5%</b>	<b>7.5%</b>
<b>Downtown Renewal</b>	<b>6.7%</b>	<b>6.2%</b>	<b>6.6%</b>
<b>Poverty</b>	<b>1.0%</b>	<b>3.2%</b>	<b>6.4%</b>
<b>City Planning</b>	<b>0.8%</b>	<b>1.0%</b>	<b>2.5%</b>
<b>Taxation</b>	<b>2.2%</b>	<b>1.0%</b>	<b>1.7%</b>
<b>City Beautification</b>	<b>0.5%</b>	<b>1.5%</b>	<b>1.5%</b>
<b>Economy</b>	<b>2.0%</b>	<b>0.2%</b>	<b>1.4%</b>
<b>Housing</b>	<b>1.0%</b>	<b>1.0%</b>	<b>1.2%</b>
<b>Insect Control</b>	<b>1.2%</b>	<b>0.9%</b>	<b>0.6%</b>

# OurWinnipeg

**OurWinnipeg** is Winnipeg’s 25-year blueprint that will guide the growth and development the physical, social, environmental, and economic development of our city as per The Winnipeg Charter.

OurWinnipeg integrates four Direction Strategies that provide detailed policies, directions, and strategies necessary for implementation. The four direction strategies are **Complete Communities**, **Sustainable Transportation**, **Sustainable Water and Waste Infrastructure**, and **A Sustainable Winnipeg**.

**OurWinnipeg** guides and informs, but does not replace, more detailed planning on specific topics or for specific areas. As part of the OurWinnipeg initiative, the City of Winnipeg has developed detailed Direction Strategies that add additional detail in key planning areas. The **OurWinnipeg** Plan should be read with the Direction Strategies noted above as companion documents.

## ***OurWinnipeg Direction Strategies***

The **Complete Communities Direction Strategy** is an innovative, practical “playbook” that guides land use and development for Winnipeg. Its primary focus is to describe Winnipeg’s physical characteristics and lay out a framework for the city’s future physical growth and development.

The **Sustainable Water & Waste Direction Strategy** promotes actions required to protect public health and safety, ensure the purity and reliability of our water supply and maintain or enhance the quality of our built and natural environments.

The **Sustainable Transportation Direction Strategy** provides a vision for transportation in Winnipeg for the next 25 years. Its emphasis is on moving people, goods and services in a way that is sustainable.

**A Sustainable Winnipeg** is an integrated community sustainability strategy that outlines a plan of action, proposes a system of sustainability indicators and measures.

### ***Our Vision***

Drawing on contributions from thousands of SpeakUpWinnipeg participants, the vision statement for creating the kind of city Winnipeggers want in 25 years is:

**OurWinnipeg: living and caring because we plan on staying.**

### ***A Growing City***

We are now competing, on a global scale, for economic development. We need to continue to offer the sustainability advantages and the quality of life that current citizens expect and prospective citizens will value. We are early in a cycle of strong growth, the pace of which we haven't seen for decades. We're welcoming new citizens and businesses, and embracing sustainability opportunities.

Today, as a city, we face a number of questions:

- How are we going to accommodate growth and change?
- How do we capitalize on growth while making sure our city stays livable, affordable and desirable?
- How do we make sure that all Winnipeggers benefit from this growth?
- How do we maintain and enrich what we value while finding room for a growing population?

OurWinnipeg answers these questions and positions Winnipeg for sustainable growth, which is key to our future competitiveness. It sets a vision for the next 25 years and provides direction in three areas of focus –each essential to Winnipeg's future:

### ***A City that Works***

Citizens choose cities where they can prosper and where they can enjoy a high quality of life. A well-run city is an important starting point. The "basics" matter: public safety, water quality, wastewater infrastructure, and public amenities and facilities are the essentials to keeping people healthy. But quality of life goes beyond the basics. Our communities need to support various lifestyles, providing a range of options for living, working and playing. A variety of housing styles for residents to choose from are required, as are transportation choices for residents and businesses alike. The whole system has to work together efficiently and sustainably.

### **A Sustainable City**

Sustainability is part of how the City does business, reflected in policies and programs that respect and value the natural and built environments – protecting our city’s natural areas and heritage resources. We act as a corporate role model for social, environmental and economic sustainability, and measure and report progress in key corporate and community sustainability areas.

### **Quality of Life**

Beyond providing a “City that Works” and planning for sustainability, our city needs to offer a high quality of life in order to be competitive. Three important aspects of quality of life are access to opportunity, the maintenance of vital healthy neighbourhoods, and being a creative city with vibrant arts and culture. All of these areas include social aspects that are critical to the overall well-being of our city.

The City is committed to collaborating within its mandate with other governments and service providers in these areas. In some cases, further intergovernmental discussion or strategic planning is required to move forward on the directions included in the plan.

<http://winnipeg.ca/interhom/CityHall/OurWinnipeg/>

# Budget Process

Timing of the City of Winnipeg’s budget process varies from year to year; however, the general elements of the budget process remain relatively constant. All operating and capital budgets follow a similar preparation, review, approval, and communication process.

**STEP 1**  
  
Public  
Consultation

- Public consultation is undertaken. Ideas and comments are solicited from the public. The level and extent of consultation may vary depending on the year. An annual citizen service satisfaction survey is also undertaken.

**STEP 2**  
  
Initial  
Development

- The Council approved forecast from the previous year’s adopted budget process forms the starting point for budget development. It is then updated to reflect recent Council approvals and any new developments that would impact the budget.
- Departmental budgets are submitted for administrative review and corporate compilation.

**STEP 3**  
  
Table  
Preliminary  
Budgets

- The Executive Policy Committee has responsibility for budget development.
- The Preliminary 2013 - 2015 Operating Budget and the 2013 Preliminary Capital Budget and 2014-2018 Five Year Forecast were tabled at a meeting of Executive Policy Committee on January 9, 2013.

**STEP 4**  
  
Committee  
Review

- The Executive Policy Committee refers the preliminary operating and capital budgets to the City’s Standing Policy Committees for review and recommendations. Each Standing Policy Committee - Protection and Community Services, Infrastructure Renewal and Public Works, and Property and Development - review the part of the budget related to its jurisdiction. The Committees hear presentations by departments. Members of the public may also make presentations at these meetings.
- The Executive Policy Committee provides for delegations from the public and reviews the recommendations from the Standing Policy Committees. Recommendations are finalized by the Executive Policy Committee and forwarded to Council.

**STEP 5**  
**Council  
Approval**

- Council debates, amends, and adopts the operating and capital budgets received from the Executive Policy Committee.
- Council then passes a by-law to set the mill rate for the operating tax-supported budget.
- Council also gives first reading, if required, of a borrowing by-law to externally finance the capital program. In accordance with legislation, approval of the borrowing is then requested of the Provincial Minister of Finance. Once authorization is received from the Minister, Council must give second and third readings of the by-law before it can be passed.
- Council must adopt the operating budget no later than March 31 each year, and the capital budget and five-year forecast by December 31 each year, as required by *The City of Winnipeg Charter*.

## **Budget Amendments**

### **Operating Budget Amendment Process**

From time to time during the year, it may be necessary to amend the operating budget for new programming or existing programming. New programming must be approved by Council. The Standing Policy Committee on Finance is the body authorized to approve the addition of budgeted amounts to existing programming. The Public Service has some flexibility.

### **Capital Budget Amendment Process**

From time to time during the year it may be necessary to amend the capital budget. Any new capital project, whether funded by surpluses from other projects or by new funding, must be approved by Council. Additional borrowing authority must be approved by the Minister of Finance of the Province of Manitoba and enacted through a by-law of Council.

A Standing Policy Committee of Council can approve transfers of budgets between existing capital projects. If the transfer is smaller than \$100,000 or 25% of the budget being increased (whichever is the lesser), the transfer can be approved by the Public Service.

# Financial Management Plan Update

City Council adopted its most recent Financial Management Plan on March 23, 2011. The *OurWinnipeg* Plan requires periodic review and reporting on the Financial Management Plan, which provides financial strategies and targets with a view to long term financial health and sustainability. The following provides a progress report on the Financial Management Plan goals:

**Goal #1: Promote economic growth**  
**Target:** Increase assessment base

The City's property assessment base is growing.

**Goal #2: Support environmental sustainability**  
**Target:** Financial decisions that support environmental sustainability

The measurement adopted by Council for this goal was to develop a multi-criteria approach to prioritize capital investment, including environmental sustainability, by 2013.

A multi-criteria approach to prioritize capital investment based on a triple bottom line approach, which includes environmental sustainability, is being developed as part of the asset management initiative. This new prioritization methodology was tested by water and waste, roads and municipal buildings in 2012. This new approach will be rolled out to the remaining City services for the 2014 Capital Budget process.

**Goal #3: Maintain infrastructure assets**  
**Target:** Implement leading practices for asset management

The measurement adopted by Council for this goal was to complete Phase 2 of the Asset Management Initiative by the end of 2012.

Phase 2 of the Asset Management Initiative includes development of corporate policies, standards and leading practices in asset management such as an integrated investment planning process incorporating Level of Service – performance measurement models and targets with risk management, business case evaluation and multi-criteria prioritization to establish prioritized Capital Investment Plans. The asset management process for the first group of services (water and waste, roads and municipal buildings) was piloted in 2012. The second group of services (transit, fire paramedics, parks, parking and traffic management) will be included by the end of 2013, with the remaining services thereafter.

**Goal #4: Manage debt**  
**Target:** A manageable level of debt

The measurement adopted by Council for this goal was to develop a debt strategy, including maximum debt limits.

City Council approved a debt strategy on June 22, 2011, including maximum debt limits. The approved maximum limits are listed in the table below. The table also includes the City's position with respect to these ratios as at December 31, 2011. It is anticipated that these actual ratios will increase in the next several years as the City undertakes increased capital investment.

<b>Debt Metrics</b>	<b>As at December</b>		
	<b>Maximum</b>	<b>31, 2011</b>	<b>Forecasted Peak</b>
<b>Debt as a % of revenue</b>			
City	85.0%	38.0%	69.0%
Tax-supported and other funds	60.0%	28.2%	58.2%
Self-supporting utilities	220.0%	62.4%	148.9%
<b>Debt-servicing as a % of revenue</b>			
City	11.0%	6.3%	7.8%
Tax-supported and other funds	10.0%	4.6%	7.5%
Self-supporting utilities	20.0%	9.6%	12.5%
<b>Debt per capita</b>			
City	\$ 2,050	\$ 807	\$ 1,695
Tax-supported and other funds	\$ 1,050	\$ 537	\$ 1,036
Self-supporting utilities	\$ 950	\$ 254	\$ 723

Note:

1. Southwest Rapid Transit Corridor-Stage 2 excluded until other partner funding is confirmed.
2. "City" includes "Tax-supported and other funds," "Self-supporting utilities" and consolidated entities; "Tax-supported and other funds" includes Municipal Accommodations, Transit System and Fleet Management; and "Self-supporting utilities" includes Waterworks System, Sewage Disposal System and Solid Waste Disposal. "Forecasted Peak" does not account for the implications of consolidated accounting entries.

**Goal #5: Manage expenditures**  
**Target:** Tax supported operating expenditure increases should not exceed inflation adjusted for growth, net of operational efficiencies

Cost increases since 2002 related to City services other than police and fire paramedics have kept below the inflation adjusted for growth level of 29% as shown in the following graph. Over this same period, costs related to police and fire paramedic services have increased 73%, more than double the 29% level, resulting in an overall expenditure increase of nearly 35%. The citizens of Winnipeg have identified public safety as a high priority and these services have been enhanced as a result.

**TAX SUPPORTED SERVICES:**  
 Percentage Change - 2002 to 2012 Expenditure Budgets

**Goal #6 Ensure a sustainable revenue structure**  
**Target:** A revenue structure that keeps pace with inflation adjusted for growth

The measurement adopted by Council for this goal was that the increase in operating revenue should be, at a minimum, inflation adjusted for growth. Between 2010 and 2011 inflation adjusted for growth was 4.3%. Consolidated operating revenue for 2011 of \$1.272 billion increased 5.7% compared to the previous year. New sources of growth revenue are being explored to address both inflationary pressures on service costs as well as the significant infrastructure deficit. The cost to raise the City’s infrastructure to an appropriate condition is estimated at \$3.5 billion growing to \$7.4 billion over the next ten years.

Currently, 6.3% of all taxes paid by Winnipeggers go to the City Government with 93.7% going to the other levels of government. The percentage coming to Winnipeg has decreased over the years – it was 7.9% in 1997. The City will continue to negotiate and advocate for long-term, inflation-adjusted, dedicated funding from the other levels of government, and pursue a larger piece of the “tax pie”.

**Goal #7 Support a competitive tax environment**

**Target:** Municipal residential property taxes below the average of other Canadian cities

Winnipeg's 2011 municipal residential property taxes are the lowest compared to other large Canadian cities.

**LOWEST PROPERTY TAXES ON AVERAGE HOUSE**

Source: City of Calgary 2011 Residential Property Taxes & Utility Charges Survey, released November 2012.  
Out of 12 cities in survey, used 7 largest cities (approx. 200,000 plus population) that provided average data  
Edmonton, Hamilton and Ottawa added separately using website information.

**Goal #8**

**Ensure adequate reserves**

**Target:**

Stabilization Reserves maintained at a minimum of 8% of tax supported expenditures

On September 28, 2011, Council approved merging the former Fiscal Stabilization and Mill Rate Stabilization Reserves to form a new Financial Stabilization Reserve. The 2012 forecasted ending balance in the Financial Stabilization Reserve is above target at 8.86%% of budgeted tax supported expenditures.

**STABILIZATION RESERVE(S)**

## 2013 Adopted Operating Budget - All Services

# Roadway Construction and Maintenance

*Includes:*

- *Bridge Construction & Maintenance*
- *Regional Streets Construction & Maintenance*
- *Local Streets Construction & Maintenance*
- *Regional Sidewalk Construction & Maintenance*
- *Local Sidewalk Construction & Maintenance*

## Description

To provide citizens with access to well-maintained roadways, sidewalks and bridges in order to ensure the safe, efficient movement of people, goods and services.

## Key Goals

1. Develop and implement Roadway Asset Management systems.
2. Support Downtown revitalization.
3. Provide optimized delivery of infrastructure projects.
4. Utilize principles of environmental stewardship.
5. Coordinate processes with other major project stakeholders.
6. Implement active transportation components in regional street projects where feasible.

## Service Level Statistics

Description	2009	2010	2011
Roadway transferred from developers (lane-km)	23.2	34.2	53.9
Capital Addition of Regional Streets (lane-km)	6.4	2.46	32.15
Capital Reconstruction of Regional Streets (lane-km)	0.0	3.26	3.3
Capital Rehabilitation of Regional Streets (lane-km)	33.2	23.43	24.94
Capital Reconstruction of Local Streets (lane-km)	5.2	7.99	5.69
Capital Rehabilitation of Local Streets (lane-km)	44.7	65.37	23.37
Capital Addition of Surfaced Alleys (lane-km)	0.00	0.756	0.355
Capital Reconstruction of Alleys (lane-km)	2.42	3.64	1.65
New pedestrian/cycle pathways (metres)	6,600	54,600	7,450
Major Bridge Rehabilitations	4 locations \$12,375,000	3 locations \$6,675,000	3 locations \$6,300,000
Significant Bridge Maintenance Repair Works	37 locations \$690,000	39 locations \$2,750,000	45 locations \$696,000
Slope Stabilization Works	nil	nil	1 location \$44,000

## Explanation of 2013 change from 2012

### (in millions of \$)

#### 1 Revenues:

Increase in permit revenue	0.103
Increase in frontage levy revenue	0.100
Miscellaneous adjustments	(0.009)
	<u>0.194</u>

#### 2 Expenses:

New transfer to Local Street Renewal Reserve	4.500
Increase in recoverable expenses including salaries and benefits	2.107
Transfer to Capital	1.648
Increase to fleet equipment and fleet-related accounts	0.728
Inflationary increase in salaries and benefits	0.559
Refinement of service-based view - allocated primarily from Roadway Snow	0.344
Removal and Ice Control and City Beautification services	
Increase in facility costs	0.299
Increase in recoveries	(2.107)
Decrease in debt and finance charges	(1.138)
Allocation of prior year's cost efficiency measures	(0.100)
Miscellaneous adjustments	(0.293)
	<u>6.547</u>

### Full-time Equivalent Positions

Change in work order reporting, budgeted FTEs (15) fully offset by recoveries.  
 Decrease of 1 due to corporate cost efficiency reduction measures and decrease of 1 due to refinement of service-based view.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Condition of Major Streets (such as Portage or Pembina)

In 2012, the level of citizens who were somewhat or very satisfied with the condition of major streets was 37.7%. However, there is no direct correlation between the perceived condition of the streets and the condition ratings as shown in the tables below for Regional Streets and Local Streets.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	51.8%	45.9%	59.4%	64.0%	37.7%

#### Citizen Satisfaction with Condition of Residential Streets in Neighbourhood

The level of citizens reporting somewhat satisfied or very satisfied with residential streets decreased from a high of 71% in 2011 to 40% in 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	51.0%	52.3%	60.8%	71.8%	40.2%

#### Average Condition of Regional Streets

Wpg.Trend	Condition	2006	2007	2009	2010	2011
	<b>Good</b>	42.5%	44.4%	56.2%	52.2%	45.7%
	<b>Fair</b>	32.1%	38.0%	26.6%	30.7%	39.6%
	<b>Poor</b>	25.4%	17.6%	17.2%	17.1%	14.7%

Source: City of Winnipeg Public Works Dept.

Most Canadian cities have more asphalt pavement than Winnipeg which uses concrete pavement to a much greater degree. Winnipeg uses concrete as many areas sit on weak susceptible soils or highly expansive clay soils. Using concrete is seen as a way to "bridge" these weak soils, eliminating the need to dig out and replace poor sub surface material.

Winnipeg did not conduct a review of the condition of regional streets in 2008; however, the department completed reviews of the condition of regional streets in 2009, 2010 and 2011. In 2005, a less costly method of rehabilitating roadways known as "mill and fill" was introduced and has increased the amount of regional street lane kilometres in the good condition rating category.

# Roadway Construction and Maintenance

## Average Condition of Local Streets

Wpg. Trend	Condition	2006	2007	2009	2010	2011
	Good	56.9%	58.1%	61.7%	63.4%	65.4%
	Fair	25.4%	25.5%	18.4%	17.4%	15.0%
	Poor	17.7%	16.4%	19.9%	19.2%	19.6%

Source: City of Winnipeg Public Works Dept.

Winnipeg did not conduct a review of the condition of local streets in 2008; however, the department completed reviews of the condition of local streets in 2009, 2010 and 2011. The percentage of streets rated as good increased slightly in 2011 and those rated as fair dropped slightly, while the streets rated as poor was consistent.

## Efficiency Measurements

### Total Costs for Paved (Hard Top) Roads per Lane Kilometer

Wpg. Trend	2011
	\$10,467

Source: Ontario Municipal Benchmarking Initiative (OMBI)

Total paved roadway operating costs are higher in Toronto and Hamilton, according to 2011 Ontario Municipal Benchmarking Initiative (OMBI) data.

### Unpaved Roadway Operating Costs per Lane km

Wpg. Trend	2007	2008	2009	2010	2011
	\$6,395	\$6,276	\$7,042	\$7,350	\$6,172

Source: City of Winnipeg Public Works Dept.

Winnipeg's costs include gravelling, chip sealing, blading, dust control and oiling of unpaved roads.

# Roadway Construction and Maintenance

## Average Cost to Rehabilitate/Reconstruct by Street Type per Lane km (in millions of \$)

Type	2007	2008	2009	2010	2011
Local - Reconstruct	\$0.870	\$0.870	\$1.150	\$1.220	\$1.220
Local - Rehabilitate	\$0.390	\$0.430	\$0.487	\$0.555	\$0.520
Regional - Reconstruct	\$1.320	\$1.460	n/a	\$1.258	\$1.700
Regional - Rehabilitate	\$0.640	\$0.620	\$0.610	n/a	\$0.780

Due to the large number of concrete street pavements in the City of Winnipeg, costs for reconstruction and rehabilitation are higher than most other cities where asphalt road surfaces are used. It costs over twice as much to reconstruct a street than to rehabilitate it.

The Department continues to encourage the use of asphalt paving materials as a cost-effective treatment in the City's roadway asset management strategy. Over the last 5 years, the Department has rehabilitated almost 54 kilometres of regional network using asphalt overlays and resurfacings as part of its roadway asset management program.

Where appropriate, the Department utilizes both asphalt and concrete pavement designs for new and reconstructed roadways as an effective lifecycle asset management approach for both regional and residential streets.

In 2011, there were increased expenditures on regional street reconstruction and rehabilitation projects.

# Transportation Planning and Traffic Management

Includes:

- *Transportation Planning & Design*
- *Traffic/Right-of-way Management*

## Description

To plan, design and manage the transportation system and the traffic regulatory environment to provide a safe, environmentally-aware, accessible and sustainable transportation system.

## Key Goals

1. Provide integrated transportation and land use planning.
2. Provide an accessible transportation system.
3. Invest in equipment and technology that supports a sustainable transportation system.
4. Expand the Active Transportation System network.
5. Support Downtown revitalization initiatives.
6. Maintain or improve service levels on the arterial street system.

## Service Level Statistics

The proportion of work trips by vehicle drivers continues to rise. Bicycle mode share of work trips has increased over the 10 year period.

Work Trip by Mode	1996 Census	1996 %	2001 Census	2001 %	2006 Census	2006 %
Vehicle Driver	188,375	66.8%	207,095	68.6%	216,675	69.1%
Vehicle Passenger	25,710	9.1%	25,825	8.5%	28,065	9.0%
Transit	43,835	15.5%	42,960	14.2%	42,375	13.5%
Walk	18,190	6.4%	19,375	6.4%	18,685	6.0%
Bicycle	4,015	1.4%	4,565	1.5%	5,295	1.7%
Other	2,380	0.8%	2,520	0.8%	2,235	0.7%
Total	282,505	100%	302,340	100%	313,330	100%

Description	2009	2010	2011
Lane Kilometres of Regional Streets	1,755	1,758	1,790
Lane Kilometres of Truck Routes	1,824	1,754*	1,768
Number of Signalized Intersections	617	620	625
Number of Audible Traffic Signals	204	212	239
Number of Pedestrian Corridors	149	157	155
Kilometres of Active Transportation Facilities	212	376	382
Kilometres of Multi-use paths	149	181	187
Kilometres of Bike Lanes	12	35	35
Kilometres of Sharrows	35	37	37
Kilometres of Bike Boulevards	16	56	56
<b>Transportation System Use Estimates</b>			
Daily Vehicle-Km of Travel	9,933,784	9,942,655	9,942,655

\* Decreased number is due in part to the removal of a portion of Plessis Road as a truck route and a refinement of the inventory calculation.

# Transportation Planning and Traffic Management

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Condition of Management of Traffic Flow During Rush Hour

Citizen satisfaction with the management of traffic management during rush hour had ranged from about 49% in 2007 to over 80% of citizens either somewhat satisfied or very satisfied in 2011. While it has dropped to 43% in 2012, the average satisfaction score was 58% over the last five surveys.

The City has increased annual capital spending for traffic signal enhancements on major routes with \$2.3 million added since the 2008 capital budget.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	<b>48.8%</b>	<b>57.1%</b>	<b>62.1%</b>	<b>80.3%</b>	<b>43.0%</b>

#### AM Peak Hour Average Travel Time on Major Routes (minutes)

Route	2004	2009	2010	2011
<b>Henderson Hwy.</b>	15.9	13.7	13.7	16.0
<b>Main St.</b>	14.8	15.6	16.4	18.1
<b>Pembina Hwy.</b>	18.9	20.9	n/a	18.4
<b>Portage Ave.</b>	23.4	22.8	26.2	20.5
<b>St. Mary's Rd.</b>	19.8	19.2	n/a	n/a

There have been minor changes in average travel times in minutes for major routes in Winnipeg. All times for routes listed here are from the Perimeter Highway to downtown Winnipeg. 2011 data was not collected for St. Mary's Road.

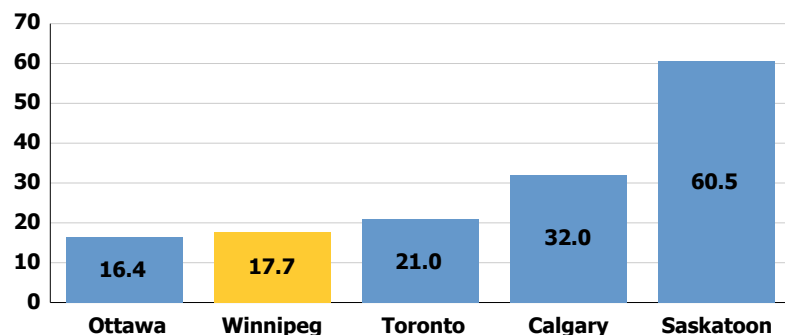

#### Average Time to Repair Signalized Intersection

	2007	2008	2009	2010	2011
<b>Average Repair Time (hrs)</b>	6.5	8.3	7.1	6.4	6.5

The repair time is affected by the time of day and day of week when the damage occurs. The repair time normally increases when damage occurs during unscheduled shift hours (i.e., between 16:00-08:00 and on weekends) due to the reduced availability of staff that can work on the repairs.

# Transportation Planning and Traffic Management

## Collisions per 1,000 Population (2010)

Collision data from 2010 is the most recent available. This data is for all types of collisions and all streets within each city. It shows that Winnipeg is in the lower range of the cities reporting. Trend data indicates collisions per 1,000 population have been dropping in the last 4 years.

Wpg. Trend	2007	2008	2009	2010	2011
	20.6	18.6	17.7	18.7	n/a

## Efficiency Measurements

### Cost of Transportation Planning & Traffic Management per Lane Km of Regional Road

Wpg. Trend	2007	2008	2009	2010	2011
	\$2,889	\$2,870	\$2,695	\$2,782	\$2,960

The cost for providing this service has not changed considerably since 2007. In the 2011 operating budget, there was an increase of 4 Traffic Servicers due to increased requirements of Capital programs. This has resulted in a higher cost in 2011.

### Maintenance Cost per Signalized Intersection

Wpg. Trend	2007	2008	2009	2010	2011
	\$5,186	\$5,506	\$5,340	\$5,839	\$6,552

The increased cost of maintenance for 2011 is a result of a significant increase in the amount of maintenance activities that took place in that year. These included the replacement of many electromechanical controllers, installation of Accessible Pedestrian Signal equipment, changes in communication equipment, bulb conversion to LED, signals heads replacement, and replacement of badly leaning poles.

### Average Signal Damage Repair Cost

Wpg. Trend	2007	2008	2009	2010	2011
	\$2,679	\$3,181	\$2,898	\$3,595	\$2,725

Damages are a result of a third party or environmental event causing damage to traffic signals infrastructure. This figure includes salaries, services (e.g., telephones, fleet equipment, consumables, electrical bills, training, etc.), materials, parts and supplies.

# Roadway Snow Removal and Ice Control

## Includes:

- *Regional Streets Snow and Ice Removal*
- *Local Streets Snow and Ice Removal*
- *Sidewalk Snow and Ice Removal*
- *Park & Facility Snow and Ice Removal*
- *Snow Disposal Sites*

## Description

Undertake effective roadway snow and ice control services in order to provide safe and accessible conditions on city streets and sidewalks during the winter season.

## Key Goals

1. To provide the citizens of Winnipeg with safe and accessible roadway infrastructure during the winter months by delivering efficient and effective snow and ice control services.
2. To implement "Best Management Practices" for the municipal use of road salt for snow and ice control in winter months in accordance with Environment Canada's new Code of Practice for Road Salt Management.
3. To work closely with the private sector to ensure that there is a sustainable quantity of private sector equipment to assist the City in carrying out the winter snow clearing operations.
4. To examine various options for the provision of snow disposal sites and develop a long term strategy to provide this service in a cost-effective manner in the future.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Snow Removal

Citizen satisfaction with the City's snow removal efforts remains high with over 78% of respondents being either somewhat satisfied or very satisfied in 2012, a slight drop from 2011.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	84.4%	82.5%	91.2%	87.3%	78.1%

#### Percentage of Winter Events Where Response Met or Exceeded Service Levels for Snow Clearing

Wpg. Trend	2007	2008	2009	2010	2011
	100%	100%	100%	91%	97%

Source: City of Winnipeg Public Works Department

Winnipeg met the snow clearing service level standards in 2009 as per the City's Snow Clearing Policy, dropped slightly in 2010 and increased to 97% in 2011.

### Efficiency Measurements

#### Total Costs for Winter Maintenance of Roadways per Lane Kilometer Maintained in Winter (2011)

Wpg. Trend	2010	2011
	\$3,431	\$5,406

Source: Ontario Municipal Benchmarking Initiative (OMBI)

These costs are affected by many factors which include, but are not limited to, amount of snowfall, frequency and severity of events, winter temperatures, freeze-thaw cycles and the price of fuel. Costs for Winnipeg's winter road maintenance were unusually high due to additional hauling of snow in January/February 2011 which caused an increase in the overall 2011 figure. 2010 data is shown below for comparative purposes.

#### Cost per Lane km to Apply Salt/Sand for Ice Control

Wpg. Trend	2007	2008	2009	2010	2011
	\$1,226	\$1,388	\$1,357	\$1,095	\$1,059

Source: City of Winnipeg Public Works Department

The cost per lane km to apply salt and sand for ice control varies from year-to-year due to weather conditions.

# Public Transit

Includes:

- Regular Transit
- Handi-Transit
- Chartered and Special Events Transit

## Description

To plan, develop, and operate public transportation service in Winnipeg that:

- Provides mobility for those who do not or choose not to use other modes;
- Provides weekday peak period service levels that minimize the City's requirement for investment in roadway and bridge infrastructure;
- Reduces pollution generated by the overall urban transportation system; and
- Reduces energy use by urban transportation.

To provide a parallel public transportation service for people who are legally blind or who cannot use the regular transit system because of a physical disability.

## Key Goals

1. Improve speed and reliability.
2. Improve comfort, convenience, safety and accessibility.
3. Improve environmental sustainability.
4. Improve productivity.
5. Improve passenger information.
6. Improve service reliability. (Handi-Transit)
7. Improve productivity. (Handi-Transit)
8. Improve customer relations. (Handi-Transit)

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Users Who Used Transit at Least Once per Week

For those respondents who used Transit at least once per week, total service satisfaction was approximately 71% in 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	71.8%	73.5%	82.9%	86.5%	71.4%

#### Regular Transit Passengers per Capita (2011)

Winnipeg's per capita ridership has grown over the past several years.

Wpg. Trend	2007	2008	2009	2010	2011
	66	67	68	70	72

Source: Canadian Urban Transit Association

#### Handi-Transit Passengers per 1,000 Population (2011)

Wpg. Trend	2007	2008	2009	2010	2011
	943	817	806	786	774

Since 2006, Handi-Transit registrants with unlimited eligibility have been allowed to ride for free on the regular fixed-route system. This policy, an increased number of Easy Access buses, and improved screening of applications to determine eligibility have contributed to the decline in Hand-Transit usage.

# Public Transit

## Percentage of Scheduled Service Operated

Service Reliability	2007	2008	2009	2010	2011
Percentage	99.4%	99.3%	99.5%	99.6%	99.6%

Service delivery has been stable over recent years.

## Weekday Service Reliability

Service Reliability	2007	2008	2009	2010	2011
On-Time	84.1%	85.2%	84.2%	82.8%	82.2%
Early	8.7%	8.0%	8.5%	8.8%	8.7%
Late	7.2%	6.8%	7.3%	8.4%	9.1%

On-time weekday service reliability has remained relatively stable over the past 5 years.

## Efficiency Measurements

### Regular Transit Operating Cost per Passenger (2011)

Winnipeg consistently operates one of the most cost efficient transit systems in Canada.

Transit operating costs per passenger trip have been relatively stable since 2007.

Wpg. Trend	2007	2008	2009	2010	2011
	\$2.39	\$2.43	\$2.42	\$2.49	\$2.47

Source: Canadian Urban Transit Association

# Public Transit

## Handi-Transit Operating Cost per Passenger (2011)

Source: Canadian Urban Transit Association

Winnipeg consistently operates one of the most efficient handi-transit systems in Canada. Handi-transit operating costs per passenger trip have remained amongst the lowest in Canada.

## Total Operating Revenue/Total Direct Operating Expenses (R/C ratio) (2011)

Source: Canadian Urban Transit Association

Winnipeg has one of the highest recovery-to-cost ratios in Canada.

Winnipeg Transit's recovery-to-cost ratio has remained stable over the years.

## Revenue Vehicle Hours/Capita (2011)

Source: Canadian Urban Transit Association

Revenue vehicle hours/capita is defined as the annual vehicle hours operated by active revenue vehicles in regular passenger service. It does not include layover, deadheading, training, road tests, or maintenance.

Winnipeg's population has historically grown at a faster rate than service expansions to meet Winnipeg's geographical development. Recent service expansions have better met population growth, stabilizing the service ratio.

# Water

Includes:

- Water Supply and Treatment
- Water Distribution

## Description

To provide citizens with a safe and adequate supply of potable water for residential and commercial use through water supply, storage, treatment, pumping, distribution and metering.

## Key Goals

1. To improve the state of the environment and public health.
2. To exceed our customers' needs and expectations.
3. To continue improving water quality through ongoing operation and maintenance of the water treatment plant and the water distribution systems.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the division.
6. To maintain a high quality safe working environment for our staff.
7. To improve information management in the division.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Quality of Drinking Water

Since 2009 when the new treatment plant was commissioned, citizen satisfaction has remained around 90%.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	75.4%	85.2%	90.7%	94.8%	89.0%

#### Number of Breaks at Watermain per 100 kilometres

Watermain breaks are caused by a number of factors including soil conditions, seasonal climate extremes, pipe age, material and the condition of the piping. Winnipeg's soil is highly conductive and corrodes metallic pipes from the outside in. Frost penetration during winter months is also an issue.

Over the past two decades the number of breaks has been reduced from about 100 per 100 Km to 21.3 per 100 Km. This is due to cathodic protection of metallic mains, strategic watermain renewals and the use of PVC pipes for new construction and renewals.

Wpg. Trend	2011
	21.3

Source: Ontario Municipal Benchmarking Initiative (OMBI)

#### Water Use (megalitres distributed) per Household (2011)

Water use per household has been steadily declining since the mid-1990's due primarily to water conservation measures, which include changes to the plumbing code (low flow toilets, shower heads etc.), low water use appliances, and increased environmental awareness.

This measure represents the water use by residential households (single family and multi-family residential).

Wpg. Trend	2011
	0.23

Source: OMBI

## Water Treatment Testing

Parameters Tested Operating License Requirements	2007	2008	2009*	2010	2011
Free Chlorine (No less than 0.5 mg/L)	n/a	n/a	0.84	1.08	1.30
Free Chlorine percent compliant with Provincial Regulation	n/a	n/a	100%	100%	100%
Turbidity (No more than 0.30 NTU)	n/a	n/a	0.22	0.14	0.14
Turbidity % compliance with Provincial Regulation **	n/a	n/a	77%	98%	100%

Note: Yearly average results for the period are provided.  
 n/a: Not analyzed because the water treatment plant was under construction.  
 \*Average results are from December 9 to 31, 2009.  
 \*\* Results are in compliance with Operating License.

Water tests are conducted to ensure that the water supplied to customers meets Provincial regulations and Federal Health Guidelines. The City of Winnipeg ensures that a high quality of water is delivered to customers and actions are taken to continuously improve water quality.

On October 9, 2009, the City of Winnipeg was issued a Public Drinking Water System Operating License. On December 9, 2009 the new Water Treatment Plant came into operation. The City has increased the number of tests performed and ensures conformity with guidelines and regulations. Results are not provided for the years prior to the water treatment plant.

## Distribution System Water Testing

Parameters Tested Operating License Requirements	2007	2008	2009	2010	2011
Free Chlorine (No less than 0.1 mg/L)	0.55	0.54	0.56	0.53	0.56
Free Chlorine percent compliant with Provincial Regulation	100%	100%	100%	99%	100%
Trihalomethanes (No more than 100 ug/L)	98.0	89.0	94.0	59.0	32.7
Trihalomethanes percent compliant with Provincial Regulation	40%	72%	57%	100%	100%
Fluoride (Range of 0.5 mg/L to 0.9 mg/L) *	0.85	0.84	0.84	0.85	0.72
Fluoride % compliance with recommended range	98%	100%	100%	100%	100%
Total Coliform Samples (minimum 1820 samples required)	3,061	3,027	3,061	3,172	3,163
Positive Total Coliform (Less than 10% positive)	0.70%	0.60%	0.20%	0.50%	0.63%

Note: Yearly average results for the period are provided for free chlorine, trihalomethanes and fluoride. New license limits as per Public Drinking Water System Operating Licence effective October 9, 2009.

\* Fluoride was added in accordance with the Provincial Fluoridation Program guideline to reach an optimal concentration of 0.85 parts per million (range of 0.8 mg/L to 1.20 mg/L) until March 22, 2011 when the setpoint was changed to 0.70 parts per million (range of 0.5mg/L to 0.9/L).

The City performs routine testing for certain parameters throughout the water distribution system. Microbiological samples are taken weekly at over 60 locations throughout the system. Because water quality is so important, our level of monitoring and sampling exceeds Provincial regulatory and operating license requirements. Winnipeg's water is frequently tested for coliform bacteria and less than 1% of the samples are positive, which is well below the regulated requirement of less than 10%. Whenever a positive result is encountered, further investigation is conducted and subsequent testing is performed to ensure the water is safe.

In addition to routine testing, we also conduct other testing to measure general water chemistry, heavy metals and microbial parasites. We also respond to customer inquiries and complaints about water quality.

For a more complete list of results, please refer to the City of Winnipeg, Water and Waste Department web page at <http://winnipeg.ca/waterandwaste/water/testResults/Winnipeg.stm>.

# Water

## Efficiency Measurements

### Total Cost for Supply, Treatment and Distribution of Water per Megalitre of Drinking Water Treated

Wpg. Trend	2011
	\$570

Source: OMBI

For Winnipeg, total cost for supply, treatment and distribution of water per megalitre pumped has been increasing over the years. This is primarily due to increased costs resulting from construction of and preparation for the new water treatment plant combined with lower pumpage as a result of conservation efforts and weather fluctuations.

### Total Cost for the Distribution / Transmission of Drinking Water per km of Water Distribution Pipe

Wpg. Trend	2011
	\$11,785

Source: OMBI

Winnipeg's total cost for the distribution of water per kilometre is among the lowest of the municipalities listed.

### Annual Residential Water Bill (2011)

Wpg. Trend	2007	2008	2009	2010	2011
	\$287	\$312	\$320	\$332	\$341

Based on 238 cubic metres per year consumption, Winnipeg's annual water cost is the lowest of major western Canadian cities.

# Wastewater

Includes:

- Wastewater Collection
- Wastewater Treatment

## Description

To provide property owners with the collection, transmission, disposal, treatment and monitoring of wastewater in order to ensure the environmentally appropriate handling of high volume sewage discharge.

## Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To successfully develop and implement the Winnipeg Sewage Treatment Program.
5. To operate and upgrade the Water Pollution Control Centres to achieve environmental license requirements.
6. To strive to better monitor and reduce combined sewer overflows.
7. To implement best practices throughout the Department.
8. To maintain a high quality safe working environment for our staff.
9. To improve information management in the Department.

## Service Level Statistics

Description	2009	2010	2011
Number of billed sewer accounts	192,569	194,060	195,807
Number of complaints - raw sewer backup*	895	889	589
Number of complaints - clean sewer backup*	289	980	428
Volume of wastewater processed (ML/D)	310	318	290
Kilometres of collection system pipeline**	2,511	2,521	2,548
Number of pumping stations	73	73	74
Number of diversion chambers	11	14	14
Kilometres of sewer inspected and cleaned	213****	183	316
Number of industrial waste tests conducted	26,246	30,573	45,795
Number of treatment plant tests conducted	96,305	99,616	99,830
Number of maintenance holes	45,671	45,798	44,918
Average monthly residential sewer bill	\$28.24	\$28.98	\$29.86

\* Reflects total complaints received through the City's 311 system- after investigation it has been determined that a high percentage of these are problems within the customers own system (i.e. not within the City system).

\*\* Includes sanitary, combined and interceptor sewers.

\*\*\*\* Number have been restated to reflect more accurate information. 2011 is considerably higher due to one of the 2010 contracts not being finished until 2011.

\*2011 Actual does not include principal payments on debt.

The Wastewater Utility maintains a retained earnings/working capital balance to fund a portion of its capital program on a pay as you go basis, to provide a reserve to prevent significant rate increases in the event of major unforeseen expenditures or shortfalls in revenue and to pay dividends. The 2011 audited retained earnings position for the Wastewater Utility is \$88.35 million. The 2013 budgeted dividend is \$11.473 million.

## **Explanation of 2013 Change from 2012**

### (in millions of \$)

#### **1 Revenues**

# Wastewater

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Protection from Sewer Back-up

Citizen satisfaction in 2012 was close to the five year average.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	76.2%	81.7%	75.9%	95.1%	77.7%

#### Number of Sewer Back-up Complaints per 100 kilometre of Collection System Pipeline

The number of sewer backup complaints has increased over the past few years. This was a direct result of heavy rainfalls combined with high river levels in areas where there is a combined sewer system.

#### Number of Wastewater Pumping Station Failures

Wpg. Trend	2007	2008	2009	2010	2011
	1	0	0	0	0

A wastewater lift station failure is defined as an occurrence which results in basement flooding or sanitary sewage overflow to a receiving stream except in wet weather conditions.

# Wastewater

## Water Pollution Control Centres

### North End Water Pollution Control Centre - Daily limit exceedences[a]

Year	Provincial Limits for TSS (mg/L) > 30	Provincial Limits for cBOD5 (mg.L) >25	Provincial Limits for BOD5 (mg.L) >30
2007	17	0	189
2008	15	1	184
2009	56	3	92
2010	42	3	73
2011	30	1	200

The City regularly monitors the plant operations and the quality of effluent discharged from the Water Pollution Control Centres to the rivers. The Environment Act licences set terms and conditions that the City is required to meet in operating the wastewater treatment plants. This includes daily routine tests for biochemical oxygen demand and total suspended solids. The licence requirements for these parameters are daily limits.

### South End Water Pollution Control Centre - Daily limit exceedences [b]

Year	Provincial Limits for TSS (mg/L)> 30	Provincial Limits for cBOD5 (mg/L) >25	Provincial Limits for BOD5 (mg/L)>30
2007	3	2	68
2008	16	4	119
2009	30	3	76
2010	48	14	114
2011	56	36	64

There are occasions when the limits do not meet the licence limits that are typically caused by high flows and operational or maintenance issues in the plants. Operational measures are being implemented and the plants are being upgraded to consistently meet these limits.

The licences and monitoring results are published on the department website, <http://winnipeg.ca/waterandwaste/sewage/wpcclicensemonitor.stm>

### West End Water Pollution Control Centre - Daily limit exceedences [c]

Year	Provincial Limits for TSS (mg/L) > 30*	Provincial Limits for cBOD5 (mg/L) >25	Provincial Limits for BOD5 (mg/L) >30
2007	15	0	6
2008	31	0	4
2009	89	0	3
2010	34	0	n/a
2011	9	0	n/a

[a] NEWPCC Licence 2684 RRR (revised June 19, 2009), previously Licence 2684 RR, reporting in effect on June 1, 2005.

[b] SEWPCC Licence 2716 RR (revised April 18, 2012), previously Licence 2716, reporting in effect on March 1, 2006.

[c] WEPWCC Licence 2669 ERR (revised June 19, 2009), previously Licence 2669 ER, reporting in effect on September 2004.

\*As of December 1, 2008, the license limit for Total Suspended Solids changed from 45 to 30 mg/l.

# Wastewater

## Efficiency Measurements

### Total Cost for Treatment of Wastewater Treatment/Disposal per Megalitre Treated (2011)

Winnipeg's cost per megalitre has increased over the years due to significant upgrades to the wastewater treatment plants mandated by Provincial licensing requirements.

Source: Ontario Municipal Benchmarking Initiative (OMBI)

### Total Cost for Collection of Wastewater per Kilometre of Wastewater Pipe (2011)

Winnipeg's costs for collection of wastewater include operational expenses related to collection and support services. Wastewater pipe kilometers exclude connections.

Source: OMBI

### Annual Residential Sewer Bill - City Comparison

Winnipeg's annual sewer costs are higher compared to other western Canadian cities based on 238 cubic metre consumption per year as they include costs related to land drainage and flood control. Rate increases since 2004 are partially attributed to capital improvements mandated by Provincial licensing requirements.

Sewer costs are shown in the top bar and land drainage costs where applicable are shown in lower bar.

# Land Drainage and Flood Control

Includes:

- Flood Control
- Land Drainage

## Description

To provide property owners with storm and flood water control in order to prevent flood damage to property.

## Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To implement best practices throughout the Department.
5. To maintain a high quality safe working environment for our staff.
6. To investigate options to improve aesthetics at stormwater retention basins (SRB).

## Service Level Statistics

Description	2009	2010	2011
Number of stormwater retention basins (SRB)*	101	101	101
Number of permanent flood pumping stations**	33	34	34
Number of SRB pumping stations	5	5	5
Number of land drainage underpass stations*	9	9	10
Kilometres of land drainage sewer mains***	1,659	1,667	1,688
Kilometres of storm relief sewer mains	180	183	184
Peak river elevations (>8.5 feet) - spring	22.4	18.5	20.5
Peak river elevations (>8.5 feet) - summer	15.0	18.3	17.8

\* 2009 and 2010 numbers restated to reflect more complete data due to more accurate GIS inventory reporting.

\*\* Six of the permanent flood pumping stations are combined with sanitary lift stations.

\*\*\* Includes land drainage sewer mains and catch basin leads.

# Land Drainage and Flood Control

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Protection from River Flooding

Citizen satisfaction for protection from river flooding remains high at approximately 85%. 2012 river levels have been substantially lower than 2011.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	92.0%	86.9%	89.4%	96.3%	84.5%

#### Number of Breaches on Properties Requiring Diking Outside Primary Dike

Wpg. Trend	2007	2008	2009	2010	2011
<b>Number of Breaches</b>	0	0	0	0	0
<b>Number of Properties</b>	0	0	270	6	59

The City has been successful in its effort to protect properties which were at risk outside of the primary dike in years when the river levels were high.

### Efficiency Measurements

#### Total Cost for Land Drainage per Kilometre of Drainage System (2011)

Winnipeg has the lowest land drainage costs per kilometre of drainage system. However, Winnipeg's land drainage costs vary from year to year as a result of program work scheduled for the particular year.

Wpg. Trend	2011
	\$2,163

Source: Ontario Municipal Benchmarking Initiative (OMBI)

# Land Drainage and Flood Control

## Total Cost of Flood Protection per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$2.29	\$2.27	\$11.07	\$3.79	\$22.54

The fluctuation of flood protection costs is reflective of the varying river levels. The 2009 and 2011 costs exclude Provincial reimbursements. 2011 costs are higher due to elevated levels on both the Red and Assiniboine Rivers.

# Solid Waste Collection

## Description

In 2012, the City delivered individual garbage carts to 145,000 properties. New automated cart service began in August 2012 in the former AutoBin area with service beginning in October for the remainder of the city.

Prior to October 2012, the collection service consisted of a mixture of automated carts, AutoBins and manual collection.

Other miscellaneous services include bulky waste collection, dead animal collection from City right-of ways and collecting appliances with Freon gas to ensure the Freon is extracted prior to recycling the appliance.

## Key Goals

1. To improve the state of the environment / public health.
2. To exceed our customers' needs and expectations.
3. To increase the efficiency and effectiveness of our services.
4. To implement best practices throughout the Department.
5. To maintain a high quality safe working environment for our staff.

## Service Level Statistics

Description	2009	2010	2011
Number of dwelling units served	285,910	289,932	292,093

## Explanation of 2013 Change from 2012

### (in millions of \$)

#### 1 Revenues

Decrease in transfer from Solid Waste Utility	(2.300)
Miscellaneous adjustments	0.225
	<u>(2.075)</u>

#### 2 Expenses

Decrease in transfer to capital	(7.050)
Decrease in contract costs	(1.680)
Decrease in salary and benefits	(0.358)
Decrease in landfill tipping fees	(0.305)
Miscellaneous adjustments	(0.299)
	<u>(9.692)</u>

### Full-time Equivalent Positions

Decrease in FTEs due to decrease in temporary positions needed for cart implementation and refinement of service based allocations.

# Solid Waste Collection

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Garbage Collection

Solid waste collection moved to an automated cart system city-wide in 2012. This system replaces a mixture of collection methods that included cart service, auto bins and manual collection.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	89.8%	89.2%	82.2%	92.8%	83.1%

#### Service Deficiencies per 10,000 Collections

Wpg. Trend	2007	2008	2009	2010	2011
	5.1	3.3	2.6	5.4	2.8

The service goal is to have less than five deficiency calls per 10,000 collections. The increase in 2010 was due to the implementation of automated garbage carts in the North West section of the City.

#### Number of Service Requests for Full AutoBins per Day

Wpg. Trend	2007	2008	2009	2010	2011
	4.6	4.4	2.2	1.4	4.5

AutoBins are serviced on an as-required basis and the goal is to have less than nine calls per day for full or overflowing AutoBins.

AutoBin service was discontinued in August 2012 and replaced with individual carts.

#### Tonnes of all Material Collected per Household - Residential (2011)

Material includes all residential garbage and recycling collected, as well as material collected through the Leaf-It and Chip-In recycling programs. Since 2005, the number of tonnes of all material collected per residential household has been decreasing.

Wpg. Trend	2011
	0.90

Source: Ontario Municipal Benchmarking Initiative (OMBI)

# Solid Waste Collection

## Efficiency Measurements

### Operating Cost for Residential Garbage Collection per Tonne (2011)

Winnipeg has the lowest residential garbage collection costs per tonne of the cities being compared.

Total costs are for garbage collection from all single and multi-family dwellings and small commercial properties. Total costs do not include cost of disposal.

Wpg. Trend	2011
	\$63

Source: OMBI

# Solid Waste Disposal

## Description

To provide solid waste disposal services that conform to environmentally sound waste management practices. The Brady Road Landfill is the only active landfill in the City of Winnipeg which takes all of the residential and some of the commercial garbage (the remainder is disposed at private landfills in the Capital Region).

Diversion of scrap metal and yard waste is also performed on site.

The landfill is open every day of the year except for Christmas, New Years and Remembrance Day.

This area also includes the maintenance and environmental monitoring of the 34 closed landfills within the City.

## Key Goals

1. To improve the state of the environment / public health.
2. To increase opportunities to reduce the amount of material landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.
7. To initiate landfill gas recovery projects to reduce greenhouse gases.

## Service Level Statistics

Description	2009	2010	2011
Number of tonnes disposed	607,883	511,805	550,575
Total tonnes charged	418,361	382,215	413,723
Total number of small load vehicles*	104,727	112,073	96,661
Total number of commercial and residential vehicles	56,361	50,092	61,409
Number of landfill accounts	449	462	489
Number of landfill billings per year	5,388	5,544	5,868

\* Small load vehicles statistics represent residents hauling their own residential garbage (old fences, furniture and fixtures etc.) by car or truck to the landfill.

# Solid Waste Disposal

## Effectiveness Measurements

### Residential Tonnes Disposed per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	0.462	0.461	0.438	0.410	0.403

Residential solid waste disposed per capita has been declining since 2007. Tonnage includes residential small loads.

### Volume of Leachate Hauled and Treated (Kilolitres)

Wpg. Trend	2007	2008	2009	2010	2011
	53,426	58,450	56,887	56,754	58,785

The volume of leachate hauled and treated over the years fluctuates due to weather conditions. The capture of leachate minimizes the impact on the environment.

## Efficiency Measurements

### Solid Waste Disposal - Operating Cost per Tonne (2011)

This chart shows the total cost per tonne to dispose of all residential, commercial, industrial and other municipality waste.

Winnipeg has one of the lowest operating cost for solid waste disposal per tonne.

Wpg. Trend	2011
	\$13.36

# Recycling and Waste Minimization

## Description

In 2011, Council approved the Waste Minimization Strategy which aims to reduce more than 50% of all materials being landfilled. 2012 is a transition year for this plan with the delivery of 190,000 recycling carts to every single family property. A bi-weekly curbside yard waste collection and composting program has also been introduced in 2012.

The recyclables are taken to a facility and separated into the various material types and sold. Multi-Material Stewardship Manitoba (MMSM), an industry funded steward, pays 80% of the net cost of this service.

In 2011, waste minimization services included curbside yard waste collection from part of the City as well as waste diversion depots (Leaf-It and Chip In depots and seven general use recycling depots around the City). The division also supports a backyard composting program and other educational initiatives.

Programs related to household hazardous waste, electronic waste and used oil recycling are provided by the Province of Manitoba.

## Key Goals

1. To improve the state of the environment / public health.
2. To increase the opportunity to reduce the amount of material being landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.

## Service Level Statistics

Description	2009	2010	2011
Number of dwelling units served	285,910	289,932	292,093
Volume residential recycling material collected (tonnes)	44,187	46,895	44,271
Average volume residential recycling per household (kg)	155	166	151
Total Leaf-It program recycling (tonnes)	4,794	7,157	6,598
Total Chip-In program recycling (tonnes)	72	72	44
Backyard composters sold	3,179	2,892	2,666
Average commodity price per tonne of recyclables sold*	\$49.83	\$82.90	\$127.95
MMSM rate per tonne on eligible material	\$108	\$108	\$93.92

\* 2009 average commodity price was low due to late 2008 market decline.

# Recycling and Waste Minimization

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Recycling

Waste Minimization Strategy implementation began in 2012 with the introduction of automated recycling carts and curbside yard waste collections.

In addition two Community Resource Recovery Centres are slated to open fall of 2013 which will greatly enhance service.

The new waste diversion user fee was also established and started the last quarter of 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	<b>86.1%</b>	<b>84.8%</b>	<b>83.1%</b>	<b>89.5%</b>	<b>76.7%</b>

#### Recycling Service Deficiencies per 10,000 Collections

Wpg. Trend	2007	2008	2009	2010	2011
	2.6	3.3	2.4	3.5	2.6

The service goal is to have less than five service deficiencies per 10,000 collections.

#### Percentage of Solid Waste Diverted From Landfills (2011)

Winnipeg has the lowest percentage of solid waste diverted from landfills compared to other major Canadian cities. Solid waste diverted includes residential recycling material, Leaf-It program and Chip-In program.

Other cities have additional waste diversion programs such as yard waste or organic diversion programs which contributes to the higher percentage of solid waste diverted from landfills.

Curbside yard waste collection was introduced in 2012. Data will be reflected in future documents.

# Recycling and Waste Minimization

## Tonnes Solid Waste Diverted per Household - Residential (2011)

Introduction of the Waste Minimization Strategy in 2012 with automated recycling cart collection and curbside yard waste collection will increase tonnages collected per household.

Wpg. Trend	2011
	0.18

Source: OMBI

## Efficiency Measurements

### Cost for Residential Solid Waste Diversion per Tonne (2011)

Winnipeg has stable fixed costs, like many other cities, but did not have a yard waste program in place prior to 2012.

In late 2012, a curbside yard waste program was implemented to single family homes in Winnipeg. This program is expected to increase the diversion rate and decrease diversion costs per tonne.

Wpg. Trend	2011
	\$243.26

# Parks and Urban Forestry

## Includes:

- Park Grass Maintenance
- Park Amenity Maintenance
- Athletic Field Maintenance
- Park Pathway Maintenance
- Park Planning / Development
- Tree Planting
- Tree Pruning & Removal (non-DED)
- Dutch Elm Disease Control (DED)
- Weed Control
- Natural Areas Management
- Playground Management
- Winter Amenity Maintenance
- Boulevard Maintenance

## Description

To enhance the quality of life for citizens and visitors by providing services that focus on maintenance, preservation and stewardship of parks, open spaces, the urban forest and natural areas.

This service includes park, boulevard, and open space maintenance; litter collection; athletic field maintenance; pathway maintenance; park planning and development (shared with Planning, Property and Development); tree planting, pruning, removal; Dutch Elm Disease control (inspection, removal, disposal, public education); weed control (inspection, serving of weed notices); natural areas management (replanting of native species, controlled burns, native and invasive species monitoring, education); playground equipment inspection and repair; and winter amenity maintenance (knock-down hockey rinks, pleasure skating rinks/ponds, toboggan slides/hills, park pathway snow clearing, cross-country ski trails and speed skating oval maintenance).

## Key Goals

1. Maintain and improve parks, athletic fields, playgrounds and related amenities to meet community leisure needs and interests.
2. Provide natural environment and conservation education.
3. Preserve and enhance natural areas across the City's park and open space system.
4. Protect and enhance the urban forest through effective tree care practices and replacement planting.
5. Invest strategically in new and existing infrastructure.

## Service Level Statistics

# City Beautification

*Includes:*

- *Litter Collection*
- *Public Gardens / Landscaping*
- *Ornamental Lighting / Flags & Banners / Public Art*
- *Graffiti Control*
- *Regional Street Cleaning*
- *Local Street Cleaning*

## Description

To provide citizens and visitors with flower gardens, streetscaping, cleanliness, graffiti control and public art in order to promote the aesthetic appeal of the City.

## Key Goals

1. Maintain and continuously improve image route streetscaping to contribute to the beautification of our city.
2. Continue to beautify the downtown through enhanced floral displays, streetscaping, and other clean and green initiatives.
3. Reduce graffiti occurrences through ongoing education and awareness while improving the level of service for graffiti removal through partnerships with volunteer community groups and maintaining a database for tracking graffiti incidents.

## Service Level Statistics

Description	2009	2010	2011
Number of litter containers in park sites	2,895	2,895	2,910
Number of street litter containers	1,451	1,563	1,587
Tonnes of boulevard abrasives removed (streets only)	22,444	21,330	27,200
Flower Beds (raised/fixed) (m2)	5,772	5,753	5,753
Flower Beds (in-ground) (m2)	19,870	21,600	21,600
Flower planters ( m2)	1,307	1,717	3,038
Hanging baskets (m2 )	23	23	23
Number of park lighting units	2,621	2,627	2,661
Number of community clean up & Adopt-A-Park projects	48	48	33
Number of graffiti tags removed	21,071	15,232	11,718
Square metres of graffiti removed	65,769	46,753	35,768
Number of graffiti sites treated	7,216	5,910	5,492
Number of public art projects completed	6	3	6

# City Beautification

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with City's Efforts in Keeping the City Clean and Beautiful

Close to 73% of citizens are either somewhat satisfied or very satisfied with the City's efforts in keeping Winnipeg clean and beautiful.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	78.1%	79.1%	82.3%	89.7%	72.3%

#### Litter Score Index

Wpg. Trend	2007	2008	2009	2010	2011
	1.9	2.0	2.1	2.2	2.2

The Litter Index is rated 1 to 4, with a score of 1 representing no litter, and a score of 4 representing extremely littered. The index is an average of 12 areas of the City. It is conducted prior to the Spring clean-up by Take Pride Winnipeg in March of each year.

### Efficiency Measurements

#### Cost per Hectare for Manual Litter Collection

Wpg. Trend	2007	2008	2009	2010	2011
	\$273	\$279	\$300	\$281	\$243

Hectares include both regional boulevards and all other maintained parks areas (excluding natural areas). Labour and equipment costs were \$91,000 less in 2011.

# City Beautification

## Cost per Graffiti Removal Incident

Wpg. Trend	2007	2008	2009	2010	2011
	\$74	\$67	\$100	\$119	\$146

As the number of graffiti incidents reported to and treated by Graffiti Control declined in 2011, the cost per graffiti removal increased due to fixed unit costs required to deliver basic services.

## Cost per Lane Km of Street Sweeping

Wpg. Trend	2007	2008	2009	2010	2011
	\$676	\$659	\$792	\$737	\$750

The City of Winnipeg sweeps all paved streets during the Spring clean-up and then moves to a regional street cleaning program in summer months. All streets are swept once again during the summer months. A fall sweeping program is conducted in heavily treed parts of the City to remove leaves as well. Costs are dependent on the number of street sweeps conducted per year and the amount of ice control materials removed from the streets during the Spring clean-up.

## Cost per Square Meter for Floral Displays

Wpg. Trend	2007	2008	2009	2010	2011
	\$58.50	\$59.85	\$55.58	\$53.87	\$51.29

This is an average of all types of floral displays and includes hanging baskets as well as ground displays.

# Winnipeg Fleet Management Agency (SOA)

## Description

To provide economical, state-of-the-art, safe and eco-friendly fleet vehicle, equipment and other asset management services to The City of Winnipeg and other public sector organizations, in support of their service delivery. Agency services are provided to most City departments including Community Services, Fire Paramedic Service, Planning, Property and Development, Winnipeg Police Service, Public Works, Assessment and Taxation, Corporate Support Services and Water and Waste, and are used for direct service delivery to the citizens of Winnipeg. The Agency offers the following services:

- Vehicle, equipment and other asset lifecycle cost management
- Vehicle and equipment acquisition, leasing and disposal
- Fuel supply and management
- Vehicle and equipment repair and maintenance
- Vehicle and equipment insurance, licensing and registration
- Vehicle and equipment manufacturing and fabrication
- Safety training and fleet accident management
- Vehicle and equipment rentals

## Key Goals

1. Procure planned and demanded vehicles and equipment to ensure City departments' operational performance requirements and safety legislative requirements are met.
2. Maintain fleet service centres which provide superior customer service and administrative support to The City's geographically dispersed and varying fleet, while ensuring reliability and safety.
3. Manage the City's fuel distribution system on a day-to-day and emergency basis, providing customers with a safe, dependable and convenient fuel supply, while ensuring compliance with legislation.
4. Implement the City's Green Fleet Plan and other environmental programs.
5. Continue to integrate fleet management services within The City of Winnipeg, and offer services to external public sector entities.

## Service Level Statistics

Description	2009	2010	2011
Number of vehicle and equipment units managed*	1,703	1,793	1,947
Number of vehicle and equipment bid opportunities completed	53	80	106
Number of vehicle and equipment units acquired	183	229	262
Number of insurance and license registrations completed	1,663	1,680	1,739
Number of service repairs, by work order lines completed	49,487	45,045	40,789
Number of service labour hours completed	43,348	58,014	61,579
Number of parts transactions	50,420	47,460	49,305
Number of fuel fill-up transactions and odometer readings verified	113,339	114,198	114,320
Litres of unleaded gasoline, clear diesel, marked diesel and biodiesel provided	7,708,231	7,587,525	8,037,825
Number of vehicle and equipment motor pool rental days provided	66,279	67,194	67,678
Number of vehicle and equipment units disposed	148	139	108

\* The increase in fleet units managed during 2011 reflects expansion of the Winnipeg Police Service fleet, and conversion of a portion of external rentals to internal rentals and certain external long-term rentals to fleet leases.

## Description

The Parking Authority manages fees for on and off-street parking and City owned public parking facilities. It provides leadership to local parking service providers, and encourages the development of all parking services in support of public policy objectives.

## Key Goals

1. Manage a dynamic service delivery structure for all on-street and off-street parking.
  2. Improve the quality of service offered to customers.
  3. Maintain coordination with key stakeholder groups.
  4. Provide effective facilities management, optimizing the productive use of physical assets.
  5. Optimize use of off-street facilities for longer-term parking, and on-street parking for short-term occupancy.
-

Decrease in materials, parts and supplies	(0.344)
Miscellaneous adjustments	(0.001)
	0.524

### Full-time Equivalent Positions

Increase mainly due to conversion of contract positions to internal establishment positions to meet operational requirements.

# Winnipeg Parking Authority (SOA)

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction in Managing On-Street Parking

In 2012, the City of Winnipeg conducted a survey of citizen satisfaction with various City departments. With respect to parking, respondents were asked to "please rate the City's efforts in managing on-street parking (availability, convenience, etc.)." Approximately 50% of citizens were satisfied with the City's efforts in managing on-street parking.

#### Meter Rates in Canadian Cities (2011)

Winnipeg has among the lowest overall meter rates compared to 5 other Canadian cities. Meter rates have not increased since 1992.

High rate is limited to high demand zones. Currently 12% of paystations are in high demand zones.

Wpg. Trend	2007	2008	2009	2010	2011
	\$1.00	\$1.00	\$1.28	\$1.28	\$1.28

#### Parking Spaces per 100,000 Population (2010)

Please note that the City of Thunder Bay provides the majority of parking in the City due to the lack of any zoning requirements for businesses to provide any parking.

Wpg. Trend	2007	2008	2009	2010	2011
	701	539	954	805	788

#### Percentage of Tickets Overturned by Court

Wpg. Trend	2007	2008	2009	2010	2011
	0.000%	0.000%	0.004%	0.020%	0.020%

In 2011, 0.02% of tickets issued were overturned by the courts and 0.9% of tickets issued were converted to a reprimand. Figures include where the court dismissed the charge at trial or where the driver pled guilty and the judicial justice of the peace reduced the fine to a reprimand.

# Winnipeg Parking Authority (SOA)

## Efficiency Measurements

### Number of Compliance Officers per 100,000 Population

Winnipeg's compliance officers per 100,000 population is near the average of 7.8 from the 8 Canadian cities survey.

Wpg. Trend	2007	2008	2009	2010	2011
	8.50	9.01	8.80	8.19	8.18

### Average Number of Citations Written per Compliance Officer

With different by-laws, meter payment times and parking restrictions, comparison of the average number of citations per Compliance Officer between municipalities is imprecise. Year-over-year numbers are a more accurate reflection of trends for a given municipality. Citations issued reflect the number of offence notices issued and may not accurately reflect the level of compliance to existing regulations.

Wpg. Trend	2007	2008	2009	2010	2011
	2,263	2,422	2,509	2,773	2,973

### Parking Revenue Collected per On-Street Space

Winnipeg and Hamilton have the lowest on-street rates amongst the noted cities. The two year average is 2024 among the 5 cities.

Wpg. Trend	2007	2008	2009	2010	2011
	\$1,030	\$1,168	\$1,072	\$1,242	\$1,376

# Winnipeg Parking Authority (SOA)

## Parking Revenue Collected per Parkade Space

Structured off-street parking generates higher per stall revenue. Ratio of surface to structured parking for benchmarked cities is Calgary & Ottawa: 35:65, Toronto 25:75 and Winnipeg 49:51.

Includes only revenue from Civic Centre and Millennium Library facilities. The two year average for the 5 cities is \$2,934.

Wpg. Trend	2007	2008	2009	2010	2011
	\$2,234	\$2,458	\$2,603	\$2,405	\$2,250

Source: Ontario Municipal Benchmarking Initiative (OMBI)

## Gross Fine Revenue per Ticket

Fine amounts vary dependent on severity of offence and in 2011, ranged from \$40 to \$300. Changes in breakdown of offence issuance can have significant impact on gross fine revenue.

The Voluntary Payment of Fines By-Law allows for a 50% discount to the fine if paid within 15 days of issuance of the offence notice. In 2011, approximately 57.6% of offence notices issued were paid within the discount period.

Wpg. Trend	2009	2010	2011
	\$34.37	\$39.29	\$48.22

Source: OMBI

## Parking Services Operating Cost per On-Street Paid Parking Space Managed

Paystation technology incorporates wireless reporting functions and issue receipts. While this results in increased operating costs, there is significant benefit as a result of the audit capability provided by the reporting functions. In addition, paystation technology offers greater payment options for the customer.

Calgary, Toronto and Ottawa have contracted out maintenance and collection services for on-street parking. Winnipeg has only contracted maintenance services and continues to use city staff to perform collection services. With over 4000 paystations, Toronto enjoys significant economies of scale. Hamilton uses single space mechanical meters which have significantly lower operating costs but provide no audit function and fewer payment options for the customer. The two year average for the 5 cities is \$726.

Wpg. Trend	2009	2010	2011
	\$449	\$800	\$794

Source: OMBI

# Winnipeg Parking Authority (SOA)

## Parking Services Operating Cost per Off-Street Paid Parking Space Managed

Operating costs for parking structures are higher than for surface lots due to security, parking guidance systems, intercom, concrete and membrane maintenance, power-sweeping, janitorial services, utilities, elevator maintenance, and in some cases, staffing requirements. Current ratio of surface to structured parking in Winnipeg is 49:51, compared to the average of 35:65 for Calgary and Ottawa.

Wpg. Trend	2009	2010	2011
	\$1,111	\$1,659	\$1,158

Source: OMBI

In future years, operating costs by off-street facility type will be reported.

# City Planning

## Includes:

- Area Development & Renewal Planning
- City-wide Long Range Planning

## Description

To support development in the natural and built environment through the provision of a full range of land use planning services to community residents, employers, businesses and land developers in order to balance competing interests without bias and in the best interest of the City overall. The City planning service works to:

- Support development that is economically, socially and environmentally sustainable and that is responsive to community values.
- Develop plans that make external investment decisions easier and internal investment decisions [services and infrastructure] wiser.

## Key Goals

1. Ensure the City of Winnipeg has an adequate supply of land that is zoned and serviced to accommodate projected residential and commercial growth.
2. Accommodating growth where there will be the most effective and efficient use of municipal infrastructure and provision of services.
3. Manage a high-volume of land use issues in existing neighbourhoods in a competent, coherent and cohesive way.
4. Ensure fair and consistent interpretation and application of Council's land use policies and regulations.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Community Planning

Citizen satisfaction was approximately 50% in 2012.

Wpg. Trend	2007	2009	2010	2011	2012
	67.2%	68.9%	69.9%	89.1%	49.7%

#### Number of Local Area Plans and Major Amendments to Plans

Wpg. Trend	2007	2008	2009	2010	2011
	3	2	6	6	2

The number of plans adopted or endorsed per year is a function of both developer-initiated and city-initiated plans, which reflects the overall pace of development. Activity was low in 2011, as the majority of resources were dedicated to the OurWinnipeg initiative, and the development community waited for OurWinnipeg prior to initiating major development projects. As of the end of 2011, there were 20 plans in effect, with one new plan and 1 plan amendment being adopted or endorsed in the calendar year. This can be contrasted to the end of 2004, when only 8 plans had been adopted.

#### Number of Development Applications Received per 100,000 Population

Wpg. Trend	2009	2010	2011
	193.0	167.0	179.0

This measure allows us to monitor trends in the number of development applications over time. From 2009 - 2011 the volume of development applications has remained robust.

# City Planning

## Number of Zoning By-law Amendments received per 100,000 population

Wpg. Trend	2009	2010	2011
	9.0	10.0	10.3

The number of zoning by-law amendments received per 100,000 population has been relatively stable over the past 3 years.

---

## Number of Official Plan Amendments per 100,000 population

Wpg. Trend	2009	2010	2011
	0	0	0

OurWinnipeg - the City of Winnipeg's new official plan (replacing Plan Winnipeg 2020 Vision) - was adopted by Council in July 2011. OurWinnipeg is a long range plan that guides the physical, social, environmental and economic development of our city for the next 25 years. There were no official plan amendments per 100,000 population in 2011.

## Efficiency Measurements

### Planning Operating Costs per Capita

Wpg. Trend	2009	2010	2011
	\$3.33	\$2.91	\$2.89

Planning costs per capita have been steadily declining.

# Neighbourhood Revitalization

Includes:

- Community Development
- Housing Initiatives

## Description

Provide neighbourhood residents with tools and support to build resilient, healthy communities and to promote and deliver community based projects and programs that support sustainable neighbourhoods and healthy communities. This service is provided jointly by the Planning, Property and Development and Community Services Departments. Service activities include the administration of Council's neighbourhood and housing programs including, but not limited to:

- Housing Renewal Initiatives
- Building Communities Initiative
- Home Renovation Tax Assistance (HRTA)
- Affordable Housing Initiatives
- Residential Infill Tax Credit Program
- Residential Rehabilitation Assistance Program (RRAP)
- Neighbourhood Multi-Family / Mixed-Use Building Grant Program
- Downtown Multi-Family / Mixed-Use Building Grant Program
- LiveSAFE in Winnipeg - Crime Prevention through Social Development
- Delivery of Homelessness Partnering Strategy
- Downtown Residential Development Grant Program

## Key Goals

1. Increase community confidence in their neighbourhood and encourage residents to remain and invest in their own communities.
2. Encourage and promote community involvement in defining neighbourhood values and needs and prioritizing neighbourhood infrastructure improvement projects that meet those values and needs.
3. Participate directly in the revitalization of the downtown as a collection of vibrant residential neighbourhoods.
4. Facilitate the development of recreation services that are more responsive to the specific recreational needs of communities with a priority focus on high needs neighbourhoods.
5. Increase Aboriginal youth's participation in the overall City system through programs, services and employment.
6. Work in partnership with community and other levels of government to develop and implement a continuum of crime prevention initiatives.

## Service Level Statistics

# Neighbourhood Revitalization

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Downtown Renewal

Citizen satisfaction with downtown renewal is approximately 64%.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	64.8%	69.1%	72.3%	90.9%	63.6%

#### Citizen Satisfaction with City's Support for Improving Inner City

Citizen satisfaction with the City's support for improving the inner city was approximately 50% in 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	52.8%	58.7%	63.6%	93.2%	49.2%

### Community Building

Initiative Type	2007	2008	2009	2010	2011
Number of crime prevention initiatives implemented (prioritizing for the Major Improvement Areas) per year	32	56	19	28	33
Number of Aboriginal youth initiatives developed within the Public Service and/or in partnership with the Aboriginal community	n/a	20	20	20	27

This measurement identifies Neighbourhood Revitalization Initiatives supported by the Community Services Department. Support includes staff involvement in the coordination, facilitation, planning and implementation of initiatives to improve a community's capacity to address issues impacting their quality of life.

# Neighbourhood Revitalization

## Change in Average Assessed Value of Residential Property in Winnipeg's Inner City

	2006-2008*	2008-2010	2010-2012
<b>Percentage Change</b>	117%	13%	19%

\*Note: Data was incorrectly reported previously. Also the number of years between assessments has changed from 4 years to 2 years.

The average assessed value in 2012 of the same sample on Inner City housing increased by 19% from the base year of 2010.

## Efficiency Measurements

### Administrative Cost for Neighbourhood Revitalization Programs

Program Type	2007	2008	2009	2010	2011
Administrative Cost per \$ of Funding Disbursed for Housing Programs	\$0.15	\$0.05	\$0.05	\$0.05	\$0.05

Administrative cost per dollar of funding disbursed for housing programs decreased starting in 2008 due to operational efficiencies.

# Development Approvals, Building Permits and Inspections

Includes:

- Residential Development Approvals & Inspections
- Commercial Development Approvals & Inspections

## Description

Ensure compliance with by-laws and standards through consultation, education, administration, inspections and the regulatory enforcement of property standards, construction, renovation, and demolition of buildings. This service includes:

- receiving and processing permit applications
- zoning approvals
- plan examinations
- compliance and by-law based inspections

## Key Goals

1. Ensure safe, healthy, accessible buildings through the administration and enforcement of building by-laws and property standards.
2. Continue to streamline the building permit application and approval process for industry professionals and non-professional customers.
3. Enhance our customers' awareness of necessary, safety-related building project requirements.
4. Improve our ability to provide timely site inspection services and proactive by-law enforcement.
5. Pursue financial self-sufficiency.

## Service Level Statistics

Description	2009	2010	2011
<b>Housing Starts</b>			
Single-Family	1,194	1,517	1,644
Multiple-Family	617	748	1,033
Total	1,811	2,265	2,677
<b>Permit Volume</b>			
Total Permits Issued	24,035	29,038	34,207
<b>Plan Examination Volume (Number of Plans Reviewed):</b>			
Residential	2,832	3,456	3,775
Commercial	4,030	4,875	4,613
TOTAL	6,862	8,331	8,388
<b>Inspection Volume (Number Conducted):</b>			
Residential	47,819	48,291	49,640
Commercial	67,829	38,563*	36,138
Waterways Permit Applications	161	145	120
Waterways Permit Fees	\$160,652	\$194,540	\$80,389

\* The sharp decline in commercial inspections reflects not a significant change in the volume or nature of inspections performed, but a transition to a computer system that tracks the nature of site inspections differently than the previous manual system.

Balance, December 31 (in millions of \$)	2011 Actual	2012 Forecast	2013 Adopted Budget	2014 Projection	2015 Projection
Permit Reserve	2.018	1.740	1.460	1.477	1.495

# Development Approvals, Building Permits & Inspections

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction for Zoning Regulations and Building Permits (respondents who used this service)

Service satisfaction was 60% in 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	46.1%	70.5%	81.2%	85.7%	60.0%

#### Average Turn-Around Time for Permit Applications

##### Housing Permits - Master Plans and Engineered Plans

Timeframe	2007	2008	2009	2010	2011
% permits issued 3 days or less	n/a	20.0%	12.5%	16.0%	16.0%
% permits issued 5 days or less	71.0%	61.0%	26.5%	36.0%	31.0%
% permits issued 7 days or less	n/a	84.0%	45.4%	53.0%	50.0%

These average turn-around times include permit applications that meet the criteria for inclusion in the Master/Engineered Plans program. Current approval requirements for particular applications prevent processing within the desired timeframes. For example, building permit applications are presently accepted in cases where the land for the building is not yet serviced or lot grading has not yet occurred. The goal is to significantly increase these percentages through the continuous pursuit of process improvement initiatives.

##### Commercial Foundation Permits

Number of Weeks	2008	2009	2010	2011
Quarter 1	11.24	8.38	12.01	13.89
Quarter 2	12.76	8.14	11.55	15.00
Quarter 3	11.14	8.50	11.96	14.94
Quarter 4	7.15	11.12	10.68	15.56

# Development Approvals, Building Permits & Inspections

## Zoning Variance Processed and Completed

Wpg. Trend	2007	2008	2009	2010	2011
	1,316	1,153	1,062	1,131	983

Generally, a reduction in the number of zoning variances processed and completed is indicative of the effectiveness of zoning regulations. The majority of these are minor residential variances that are approved administratively.

## Number of Defects per 10,000 Inspections

### Commercial Inspections

Inspection Type	2007	2008	2009	2010	2011
Building	1,603	1,312	877	715	797
Electrical	885	1,867	1,263	990	441
Plumbing/Mechanical	2,540	2,200	1,975	2,567	919
Total Commercial	1,849	1,848	1,400	1,523	732

### Housing Inspections

Wpg. Trend	2007	2008	2009	2010	2011
	2,548	2,883	2,894	2,493	3,576

Volume varies with market demand.

### Combined Commercial and Housing Inspections

Wpg. Trend	2007	2008	2009	2010	2011
	2,118	2,259	1,930	2,125	2,378

Volume varies with market demand.

## Number of Variances Received per 100,000 Population

Wpg. Trend	2009	2010	2011
	157	143	142

The number of variances received per 100,000 population has been relatively stable over the past 3 years.

## Efficiency Measurements

### Commercial Building Permits Issued by Building Plan Examiner per Full-time Equivalent Position

Permit Type	2008	2009	2010	2011
New construction/additions	65	49	56	42
Alterations	234	179	259	200
Occupy only/change of use	39	31	35	30
TOTAL	338	259	350	272

Commercial building permits will fluctuate yearly depending on construction activity.

# Development Approvals, Building Permits & Inspections

## Number of Inspections per Full-time Equivalent Position

### Commercial Inspections

Wpg. Trend	2007	2008	2009	2010	2011
Building	2,238	2,703	3,108	2,356	2,419
Electrical	1,920	2,029	2,612	2,219	1,849
Plumbing	3,916	3,988	3,503	1,588	1,505
Total Commercial	2,651	2,861	3,049	2,030	1,902

Beginning in mid-2009, commercial inspections data was recorded in AMANDA (Integrated Business Software Application). At this time, the criteria for what constitutes an inspection were revised such that what previously represented multiple inspections was recorded as a single inspection in AMANDA.

Total Commercial represents an overall efficiency measure for commercial inspections calculated by taking the total number of plumbing, building, and electrical inspections completed divided by the total number of commercial inspector FTE's.

### Housing Inspections

Wpg. Trend	2007	2008	2009	2010	2011
	2,491	2,826	2,658	4,024	4,137

Outputs per FTE vary based on experience level and complexity of inspection requirements.

In 2010, total FTE count changed to reflect only those employees used to generate inspection data.

### Combined Commercial and Housing Inspections

Wpg. Trend	2007	2008	2009	2010	2011
	2,615	2,878	2,898	2,802	2,767

### Development Planning Applications Operating Costs per Development Application Received

Wpg. Trend	2008	2009	2010	2011
	\$1,252	\$1,660	\$1,535	\$1,681

The goal is to achieve financial self-sufficiency through rate adjustments and efficiency gains over time.

# Economic Development

## Description

To provide information to Council and economic development agencies as well as coordinate resources across City departments in order to respond effectively to high priority projects of strategic and economic importance to the City. Service activities include:

- Work closely with Economic Development Winnipeg Inc. and CentreVenture.
- Coordinate interdepartmental technical assistance and due diligence on proposals and initiatives.
- Negotiate incentive strategies through business plan and pro-forma analysis.
- Manage strategic projects.
- Assist in the preparation of communication strategies.

## Key Goals

1. Build a strong economic climate for Winnipeg.
2. Identify priority investments that support economic development activity.
3. Assist in the development of taxation policy that enables economic opportunity.
4. Broaden service access and convenience to customers wanting to do business with the City.
5. Capitalize on opportunities to establish intergovernmental and public private partnerships.

Victoria	2.2	<b>Winnipeg</b>	1.3	Ottawa-Gatineau	1.0	Ottawa-Gatineau	1.9

Source: Conference Board of Canada f = forecast

Winnipeg's economy is forecast to grow by 2 per cent in 2012 and 2.5 per cent in 2013. Although more widespread across various sectors of the economy this year, growth in real gross domestic product is being held back by an only modest recovery in manufacturing and a slowdown in both construction and services sector output.

# Economic Development

## Number of Building Permits Issued per 100,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	1,327	1,370	1,404	1,395	1,425

The number of building permits issued per 100,000 population has increased from 1,327 in 2007 to 1,425 in 2011.

---

## New Residential Units Created per 100,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	438	377	250	400	430

The number of new residential units created per 100,000 population has increased to 430 in 2011, a significant increase from 2009 when Canada's economy was in a recession.

---

## Construction Value to Total Building Permits Issued per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$1.28	\$1.58	\$1.65	\$1.68	\$1.67

The construction value to total building permits issued per capita has been increasing since 2007.

# Heritage Conservation

## Description

To promote the long-term conservation of heritage assets in the City of Winnipeg.

## Key Goals

1. Ensure the long-term conservation of heritage resources in Winnipeg through the implementation of new incentives, integrated planning, district/area designation, regulatory reforms, well established design standards and principled design review.
2. Be a catalyst for greater public awareness, education and participation in heritage conservation.
3. Improve the suitability of Heritage Buildings for occupancy by City Departments and other civic uses.

## Service Level Statistics

Description	2009	2010	2011
Grade I (Entire exterior/interior to be preserved)	10	10	10

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with City's Efforts in Preserving Heritage Buildings

In 2012, citizen satisfaction with the City's efforts in preserving heritage buildings was about 74%.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	80.8%	80.0%	83.9%	96.5%	73.9%

#### City Funding for Heritage Programs 1996-2011

Funding Type	City Funded Provided from 1996-2011	Estimated Funds Leveraged from 1996-2011
Gail Parvin Hammerquist Fund	\$1,500,000	\$4,000,000
Winnipeg Development Agreement	\$5,800,000	\$25,000,000
Downtown Heritage Tax Credit	\$2,500,000	\$3,000,000
CentreVenture Downtown Heritage	\$1,732,000	\$1,500,000
CentreVenture Heritage Tax Credit	\$3,500,000	\$9,000,000
Heritage Conservation Tax Credit	\$41,284,000	\$193,000,000
City-Wide Heritage Grant	\$655,600	\$500,000
Downtown Heritage Grants	\$800,000	\$0
<b>Total Funding</b>	<b>\$57,771,600</b>	<b>\$236,000,000</b>

Since 1995, the City of Winnipeg has undertaken a number of incentive programs to promote heritage building preservation. The City's investment also levers funding by private investors / building owners for the preservation of heritage buildings and their adaption for re-use.

#### Heritage Buildings Used for Civic Purposes - Number of Buildings

	2008	2009	2010	2011
Number of Buildings	10	10	10	12
Assessed Value (in Millions)	\$22.8	\$22.8	\$22.8	\$23.0

The public benefits of heritage conservation are that an investment in heritage can provide economic stimulus and support community development. Heritage is good for the City's economic environment and good for business. Investment in heritage conservation pays off in enhanced tax assessments, improved urban environments and opportunities for business.

# Heritage Conservation

## Efficiency Measurement

### Average Maintenance/Operating Cost of Heritage Buildings

Building	2008	2009	2010	2011
St. Boniface Fire Hall No. 1	\$4.68	\$5.23	\$4.68	\$6.07
Bank of Hamilton Building*	\$2.30	\$1.72	\$1.95	\$1.72
Confederation Life Building*	\$5.24	\$4.62	\$4.92	\$5.34
St. Boniface City Hall	\$5.04	\$5.13	\$6.58	\$5.48
Cornish Library	\$4.78	\$4.47	\$3.85	\$5.21
Carnegie Library	\$3.86	\$3.86	\$4.37	\$4.24

Note: Operating costs per square foot incurred by the City for leased facilities that are paid directly to the landlord are not contained herein. Readers are cautioned that the information may not be appropriate for their purposes

\* Leased

The City through leadership and partnerships protects and celebrates a broad range of heritage resources through direct use. This makes a valuable contribution towards a complete understanding of Winnipeg's history.

Building maintenance costs vary between buildings depending on the terms and conditions of lease agreements.

# Property Asset Management

Includes:

- Land & Property
- Municipal Accommodations

## Description

The Property Asset Management Service facilitates the acquisition, development, operation, maintenance, security and disposition of City-owned land and buildings. The service is composed of two sub-services:

**LAND PROPERTY:** oversees property sales, acquisitions, and appraisal.

**MUNICIPAL ACCOMMODATIONS:** manages leases, operates, maintains, protects and preserves the City's physical building infrastructure/assets to provide for current and future program accommodation needs and provides design and project management of new and existing civic buildings.

## Key Goals

1. Optimize the productive use of City properties through effective property sales, acquisition and appraisal practices.
2. Optimize infrastructure condition through a Physical Asset Management Program for City buildings.
3. Provide effective facilities management.
4. Develop and implement environmental stewardship policies and programs to guide the management and maintenance of all new and existing City facilities.

## Service Level Statistics

Description	2009	2010	2011
<b>Land &amp; Property</b>			
Property Sales / Gross Revenues from Sales Closed	96/\$13.08M	71/\$9.13M	53/\$6.9M
Property Sales / Gross Revenues from Terminated Sales	9/\$491K	1/\$0.00K	2/\$7.8K
Number of Individual Leases / Gross Revenue from Leasing	±485/\$1.5M	±420/\$3.6M	±510/\$3.472M
Number of Appraised Properties / Capital Value	±147/±\$72.3M	±159/±\$99.7M	±187/±86.1M
<b>Municipal Accommodations</b>			
Number of Buildings / Total Square Footage	131/2,248,000	134/2,480,000	134/2,482,485
Estimated Market Value	\$3-4B	\$3-4B	\$3-4B
Number of Buildings Receiving Facilities Maintenance Services (Owned & Leased) / Total Square Feet *	597/5.4 M sq ft	485/5.4M sq ft	483/5.4M sq ft
Replacement Value City Owned Buildings Receiving Facilities Maintenance Services	\$1.2B	\$1.16B	\$1.16B

\* On October 1, 2010, the city entered into a lease and funding agreement with the Assiniboine Park Conservancy (APC) to transfer maintenance services to APC. As a result of this agreement, the number of facilities receiving maintenance services has decreased. It should be noted that this decrease was offset through additional square footage as expansions/new buildings were added.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with the Condition of Recreation Facilities

For those respondents who use recreation facilities, satisfaction with the condition of recreation facilities dropped off between 2002 and 2007, but improved significantly in 2011. Recent funding agreements on improvement and new construction between the three levels of government will help to improve citizen satisfaction.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	<b>70.0%</b>	<b>74.2%</b>	<b>81.1%</b>	<b>96.0%</b>	<b>71.2%</b>

#### Vacancy Comparison Between Municipal Accommodation and Winnipeg Overall Vacancy for Office Space

Vacancy Rate (%)	2007	2008	2009	2010	2011
Winnipeg Overall Vacancy Rate (Note 1)	6.8%	5.4%	7.8%	8.0%	8.4%
Municipal Accommodation Vacancy Rate	7.0%	5.8%	6.8%	7.1%	8.7%
Percent Difference	0.2%	0.4%	-1.0%	-0.9%	0.4%

Note 1: Source: Colliers International, Office Market Dashboard 2011 Q4 - Winnipeg

#### Condition of Recreation Leisure and Library Buildings - Facility Condition Index (FCI)\*

Facility	FCI 2007	FCI 2008	FCI 2009	FCI 2010**	FCI 2011	Investment Required Over 10 Years (2012 to 2022)
Field Houses	0.17	0.17	0.19	0.13	0.15	\$3,408,000
Daycares	0.19	0.19	0.18	0.13	0.17	\$4,000,000
Indoor Pools	0.18	0.18	0.22	0.18	0.17	\$109,383,000
Community Centres/Soccer/Arena Complexes	0.20	0.20	0.21	0.16	0.19	\$123,742,000
Libraries	0.23	0.23	0.23	0.17	0.19	\$26,527,000
Recreation Centres/Leisure Centres	0.21	0.21	0.21	0.17	0.20	\$18,048,000
Arenas	0.39	0.39	0.41	0.32	0.33	\$56,497,000
Wading Pools	0.43	0.43	0.43	0.43	0.43	\$4,300,000
Senior Centres	0.24	0.24	0.22	0.23	0.25	\$1,861,000
Outdoor Pools	0.39	0.18	0.41	0.58	0.59	\$7,323,000
TOTAL	n/a	n/a	n/a	n/a	n/a	\$355,089,000

The condition of city facilities has remained generally stable, but there have been improvements in the condition of indoor pools.

\* Facility Condition Index (FCI) is a ratio of the estimate for identified requirements and system renewals for a five year period, divided by the estimated replacement value for the facility. A FCI of 0 equates to "new" condition and as the condition worsens, the FCI increases to 1.0, the point where refurbishment equals cost of replacement. The City has adopted the Recreation and Leisure Facilities Policy (RALFP) which states the city will strive toward a "managed care" level for existing facilities. Managed care is where the FCI is in the range from 0.1 to 0.2.

\*\* The 2010 reassessment resulted in increases to replacement values due to more accurate assessment techniques. This could result in artificial decreases or improvements in FCI.

# Property Asset Management

## Efficiency Measurements

### Cost Comparison of City Buildings Owned and Leased

	2007	2008	2009	2010	2011
Total City Leased Space Cost per sq. ft.	\$14.55	\$17.28	\$17.48	\$16.57	\$16.06
Total Owned Space Cost per sq. ft.	\$14.68	\$15.38	\$15.83	\$16.49	\$16.41
\$/sq. ft. difference	\$0.13	\$1.90	\$1.65	\$0.08	\$0.35
Percent Difference	-0.9%	-12.3%	-10.4%	-0.5%	-2.1%

Cost comparisons are based on generally accepted cost allocation methods consistent with industry practice.

---

### Comparison of In-house and Contracted Custodial Costs

Service Provider	2007	2008	2009	2010	2011
In-house Costs per Square Foot (Note 1)	\$3.16	\$3.31	\$3.47	\$3.17	\$3.39
Contracted Costs per Square Foot (Note 2)	\$1.03	\$1.12	\$1.14	\$1.27	\$1.33
Total Average Cost per Square Foot	\$1.93	\$2.00	\$2.00	\$1.95	\$2.07

In 2011, 64% of custodial services were contracted out and 36% was performed by City staff. The ongoing goal is to strive for the most cost-effective service provision possible.

Note 1: In-house costs include salaries, benefits, cleaning supplies, uniforms and vehicle costs of the mobile cleaning crew.

Note 2: Janitorial costs as reported in the Division's year end financial statements.

# Cemeteries

## Description

Provides interment services and perpetually maintained cemeteries in order to ensure that all citizens have access to a range of choices in interment services. Service activities include:

- Interments
- Sale of plots/lots, niches and interment vaults
- Collection of fees and charges
- Maintaining and preserving interment records
- Interment searches
- Installation of flat marker memorials
- Tours of Brookside Cemetery Field of Honour
- Facilitation of open air memorial services
- Custodian of historical military monuments
- Design and preparation of future interment sites
- Facilities and physical site improvements
- Perpetual maintenance of cemetery grounds

## Key Goals

1. Ensure that the service evolves to reflect the diversity of the community and increase public awareness.
2. Increase revenues to enable self sufficiency while continuing to act as a benchmark for cemetery services within Winnipeg.
3. Continue to develop environmentally sound work processes and practices.
4. Maintain the heritage of cemeteries and continue to promote their significance in the community.

## Performance Measurements

### Effectiveness Measurement

#### Comparison of Perpetual Maintenance Reserve Funds of Municipally Owned and Operated Cemeteries

City	Cremation Lot	Full Size Internment Lot	Niche	Scattering
Brandon	20%	20%	20%	20%
Calgary	40%	40%	40%	0%
Edmonton	15%	15%	15%	0%
Winnipeg	25%	25%	15%	10%

Winnipeg's municipal owned and operated cemeteries perpetual maintenance reserve fund ensures that general maintenance and improvements will continue in the future after the cemetery is closed with no further property available for sale.

Note: There is no legislated requirement for a municipality, religious denomination or religious auxiliary owned and operated cemetery to have a perpetual maintenance fund. Each cemetery may create a perpetual maintenance fund by setting aside in a reserve fund a defined percentage of the purchase price of each type of cemetery property or service. Interest earned on investment of the perpetual maintenance fund contributes towards (i) the cost of maintenance and improvement of the cemetery grounds in perpetuity and (ii) reinvestment into the fund to ensure its continued growth. Perpetual care includes general maintenance, improvement and/or embellishment of cemetery properties, grounds, buildings and infrastructure.

# Police Response

## Includes:

- *Police Response*
- *Contract Policing*
- *Crime Investigation*
- *Police Training*

## Description

The Police Response Service provides emergency, urgent, and non-urgent response to public calls for service. This includes disaster situations, danger to life and property situations, and lower risk to persons and property situations. In addition, the service undertakes criminal investigation services potentially leading to offender identification, arrest or other resolution. The service is also responsible for training all police and civilian members of the Winnipeg Police Service (WPS). Finally, the service ensures public order through planned response to large public gatherings and through contract service at targeted events such as professional sporting matches and film industry productions. The delivery of all aspects of this service depends on the collection, analysis, and dissemination of public safety, and criminal intelligence and information.

## Key Goals

1. Reduce crime through evidence-based policing strategies.
2. Improve public service delivery in frontline operations.
3. Focus on downtown safety while balancing the needs of targeted neighbourhoods.
4. Focus on criminal prosecutions through improved quality and timeliness of report and evidence disclosure.

## Clearance Rate by Major Crime Types - Violent Crimes

Violent Crimes	2007	2008	2009	2010	2011
Regina	67%	69%	68%	73%	74%
Calgary	65%	66%	66%	67%	65%
Edmonton	52%	53%	58%	60%	60%
Winnipeg	63%	60%	57%	59%	59%
Saskatoon	53%	53%	47%	47%	51%
<b>Property Crimes</b>					
Regina	18%	19%	24%	24%	23%
Edmonton	17%	18%	19%	22%	24%
Calgary	20%	21%	22%	21%	21%
Saskatoon	19%	19%	16%	21%	20%
Winnipeg	9%	11%	9%	10%	13%
<b>Other Crimes</b>					
Edmonton	100%	98%	96%	96%	95%
Saskatoon	92%	100%	97%	96%	96%
Regina	100%	99%	96%	96%	96%
Calgary	94%	94%	94%	95%	97%
Winnipeg	92%	93%	92%	95%	97%

Winnipeg's violent crime clearance rates are comparable to those for Calgary and Edmonton.

Winnipeg's property crime clearance rates are lower than those of other major prairie cities; however, 2011 showed the highest rates over the past five years.

Winnipeg's clearance rates for other crimes are comparable to other major prairie cities.

## Response Times by Priority (minutes)

Priority Level	2007	2008	2009	2010	2011
Priority 0	8.3	6.5	6.8	7.8	5.9
Priority 1	11.9	8.5	8.2	8.0	5.4
Priority 2	15.2	12.5	11.6	15.1	10.2
Priority 3	57.2	54.2	56.0	49.1	48.3
Priority 4	59.3	53.5	62.4	55.5	53.5
Priority 5	140.2	134.9	141.9	123.2	121.2
Priority 6	110.3	108.5	109.6	101.7	101.2
Priority 7	129.9	143.6	148.2	124.1	125.0
Priority 8	39.1	37.6	35.9	35.8	21.4
Priority 9	179.2	169.7	171.0	153.9	154.1

Numerous factors impact on how quickly police respond to calls for service, including the volume of calls in the queue, information provided by the caller, weather conditions, roadway network, distance to the dispatch location, and traffic levels. Therefore, industry standards do not exist for police response to emergency calls, and Canadian benchmarking data is not readily available.

Priority 0: Major Disaster; Officer in Need of Assistance  
 Priority 1: Danger to Life or Grievous Bodily Harm  
 Priority 2: Impending Danger to Life or Grievous Bodily Harm  
 Priority 3: Urgent Person Incident  
 Priority 4: Urgent Property Incident  
 Priority 5: Non-Urgent Person Incident  
 Priority 6: Non-Urgent Property Incident  
 Priority 7: Low Risk or Threat  
 Priority 8: Telephone Response  
 Priority 9: Planned Response

## Crime Severity Indices

Winnipeg	2007	2008	2009	2010	2011
Violent Crime	201.51	180.06	209.06	182.98	190.22
Non-Violent Crime	149.13	115.21	121.93	112.48	84.14
Total Crime Severity Index	163.67	133.50	146.13	132.06	113.60
Calgary					
Violent Crime	96.21	91.03	90.03	82.78	74.06
Non-Violent Crime	91.19	82.10	76.90	73.17	62.47
Total Crime Severity Index	92.58	84.58	80.63	75.84	65.69
Edmonton					
Violent Crime	157.75	161.29	143.95	124.32	126.68
Non-Violent Crime	140.96	130.85	123.91	105.00	86.92
Total Crime Severity Index	145.62	139.30	129.47	110.37	97.96
Saskatoon					
Violent Crime	241.12	186.46	179.36	177.99	150.64
Non-Violent Crime	154.79	141.84	136.40	128.02	120.44
Total Crime Severity Index	178.77	154.23	148.33	141.90	128.83
Regina					
Violent Crime	195.07	185.52	165.74	162.32	131.00
Non-Violent Crime	198.95	169.52	144.34	128.31	129.60
Total Crime Severity Index	197.88	173.13	150.28	137.75	129.99

The Crime Severity Index is a tool for measuring police-reported crime by taking into account the change in volume of a particular crime, and the relative seriousness of that crime in comparison to other crimes (the seriousness is based on an assigned weight derived from incarceration rates for the offence type and the average prison sentence). The Crime Severity Index is expressed as a standardized measure adjusted to equal 100 in the base year 2006.

The Crime Severity Index will allow more serious crimes carry a higher weight than less serious crimes. As a result, changes in more serious crimes would have a greater impact on the Index than on the traditional crime rate.

## Efficiency Measurements

### Police Service Costs per Capita - Winnipeg Trend

Wpg. Trend	2007	2008	2009	2010	2011
	\$246	\$259	\$269	\$280	\$292

As Statistics Canada no longer provides benchmarking cost per capita data the Service has recalculated the data using the actual net mill rate contribution as the basis for calculation.

### Rate of Sworn FTE (per 100,000 population)

Wpg. Trend	2007	2008	2009	2010	2011
	196	201	204	199	205

# Police Response

Rate of Non-Sworn FTE (per 100,000 population)

Wpg. Trend	2007	2008	2009	2010	2011
	53	53	54	54	58

Winnipeg has one of the lowest number of civilians per population among select major cities in Canada.

Percentage Civilians vs Officers

Winnipeg's percentage of civilians to officers is among the lowest in Canada.

Source: Statistics Canada, CCJS

# Crime Prevention

*Includes:*

- *Community Policing*
- *Street Lighting*
- *Park Policing*
- *Crime Prevention Initiatives*

## Description

To provide citizens with crime awareness and education, enhanced relationships with targeted neighborhoods and schools, as well as provide effective street lighting in order to proactively aid in crime prevention and disorder.

## Key Goals

1. Promote positive interaction within neighbourhoods and among cultural groups.
2. Reduce crime victimization.
3. Increase effectiveness and cost efficiencies of street lighting.

## Service Level Statistics

## Explanation of 2013 Change from 2012

### (in millions of \$)

#### 1 Revenues

Increase in funding for School Resource Officers	0.721
Increase in Provincial funding for Auxiliary Force Cadets	0.605
Decrease in alarm permit revenue	(0.019)
Miscellaneous adjustments	(0.009)
	1.298

#### 2 Expenses

Increase in salaries and benefits	3.106
Increase in the cost of street lighting	0.518
Miscellaneous adjustment	0.135
	3.759

### Full-time Equivalent Positions

The increase of 13 FTEs is due to an increase of 10 auxiliary cadets and 1 school resource officer. With an increased emphasis on crime prevention and better relationships with the community, 2 FTEs were transferred from Police Response.

District 6	97.1%	98.1%	96.9%	67.1%	71.1%	59.4%

Police District Map (2007)

\* Total "feeling of safeness" combines "very safe" and "reasonably safe" responses. The Winnipeg Police Service (WPS) conducts a public survey on even-numbered years.

\*\* In 2008, the WPS amalgamated Districts #4 and #5 into the East District. Caution should be exercised in interpreting the comparison data.

\*\*\* Starting in 2010, the WPS changed the reference to its public survey to reflect the year in which the data was collected.

### Motor Vehicle Theft per 1,000 Population

Winnipeg continues to see success in reducing motor vehicle theft rates.

Wpg. Trend	2007	2008	2009	2010	2011
	18.6	10.2	6.7	5.4	3.3

### Number of Assaults

Wpg. Trend	2007	2008	2009	2010	2011
	5,063	5,571	6,212	6,046	4,838

The trend for total assaults is declining.

# Crime Prevention

## Efficiency Measurements

### Number of Police Initiated Events per FTE

Wpg. Trend	2007	2008	2009	2010	2011
	19.1	24.0	26.3	24.9	27.3

Police initiated events are events viewed by police officers who are proactively patrolling. If an event occurs, the officers advise the communication centre, which generates an event number and assigns the task.

# Traffic Safety and Enforcement

## Includes:

- Traffic Safety & Enforcement - Automated
- Traffic Safety & Enforcement - Officer
- Traffic Safety & Enforcement - Division

## Description

To change driver behaviour through public awareness and enforcement initiatives in order to ensure safer streets and highways for all citizens.

## Key Goals

1. Enhance traffic safety through a strategic approach that includes traffic data analysis and targeted enforcement.
2. Enhance traffic safety through increased public awareness and education.
3. Increase effectiveness of the photo enforcement program.

## Service Level Statistics

Description	2009	2010	2011
Total Sworn Member Complement (authorized)	1,348	1,361	1,415
Total Sworn Traffic Member Complement [A]	34	42	42
Percentage of Total Complement	2.6%	3.1%	3.0%

Winnipeg Public Works Department, Collisions by Month Report; Calgary Police Service, Annual Statistical Report 2010; City of Edmonton, 2010 Motor Vehicle Collisions Report

#### Traffic Fatal Collisions per 100,000 Population

Fatal collision rates data can be subject to large variation due to the relatively low numbers of incidents.

# Traffic Safety and Enforcement

## Impaired Driving Charges per 100,000 Population

City	2007	2008	2009	2010	2011
Edmonton	239	255	253	257	252
Saskatoon	315	253	241	209	195
Regina	218	209	236	318	307
Winnipeg	79	77	89	88	77
Calgary	158	154	153	150	153

Source: Statistics Canada, Canadian Centre for Justice Statistics

Winnipeg's impaired driving charges continue to be lower than those of other major Prairie Cities.

## Efficiency Measurements

### Number and Cost of Photo Enforcement Tickets

The cost per photo enforcement ticket decreased in 2008 as a result of the contract with the service provider being renegotiated at the end of 2007. As a result of an increase in issuing tickets in construction areas in 2008 the cost per ticket was reduced. This was reversed in 2009 where there was a drop in their issuance. The continuing trend of fewer tickets being issued overall will also result in an increase of the cost per ticket as there are fixed costs that exist despite changes in the volume of tickets being issued.

### Photo Enforcement Costs per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$10.84	\$7.90	\$7.89	\$7.91	\$7.61

Photo enforcement per capita costs remain stable.

# Traffic Safety and Enforcement

## Number of Offence Notices Issued per Officer by Conventional Means

Wpg. Trend	2008	2009	2010	2011
	13.5	26.4	26.5	28.0

Although these figures relate to the total police complement, most enforcement is conducted by members from uniformed units.

# Fire and Rescue Response

## Includes:

- *Fire and Rescue Response*
- *Fire Investigation*

---

## Description

To provide quick, proficient, emergency and non-emergency fire suppression and rescue assistance to victims of fire, accidents, and other disasters or emergencies in order to prevent or minimize loss of life or property. This includes fire suppression, notification and evacuation of citizens, rescue services including motor vehicle extrication, high angle, trench, elevator, water, and ice rescue, investigation and mitigation of carbon monoxide or other gas leaks, and other hazardous materials incidents.

Additional contributions include standby fire and rescue service at public events, support to public education programs, supplement fire inspection and by-law enforcement program, fire investigation services potentially leading to offender identification, arrest and/or counselling in regard to incidents of deliberately set fires and response to medical emergencies.

## Key Goals

1. Improve capacity to effectively respond to emergencies and disasters in a manner that is financially sustainable for the citizens of Winnipeg.
2. Invest in technology, equipment, and staff training to maximize safety for all emergency responders as well as the public.
3. Invest in technology, equipment, and staff training to protect the environment.
4. Ensure a respectful work environment and positive public image.

---

(In millions of \$)	Adopted	Forecast	Total
	5.000	17.018	22.018

# Fire and Rescue Response

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Fire Service Response to Fire Incidents

Citizen satisfaction with fire service response to fire and rescue incidents remains very high.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	97.8%	92.8%	96.5%	98.2%	97.9%

#### Fire Response Time

The Winnipeg Fire Paramedic Service strives to achieve a response time (travel time) for the first arriving engine at a fire/rescue incident in four minutes or less, 90% of the time.

In 2011, the average response time for the first arriving engine to emergency fire/rescue incidents was 3.21 minutes, and 77.9% of the time, responses were within four minutes.

#### Total Fire Deaths per 100,000 Population

The trend in fire deaths continues to decrease over time; the ten year average annual number of civilian fire deaths experienced is 6.1. In 2011 a single fire with five fatalities dramatically impacted the result.

Wpg. Trend	2007	2008	2009	2010	2011
	0.9	1.1	1.3	0.4	1.3

# Fire and Rescue Response

## Incidents (fires & alarms) Responded per 1,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	85.00	84.70	95.14	89.14	87.42

The overall number of incidents responded to per 1,000 population remains stable.

## Efficiency Measurements

### Fire Rescue Cost per \$1,000 Assessed Property Value

Measure Value	2007	2008	2009	2010	2011
	\$2.61	\$2.66	\$2.63	\$1.58	\$1.66

For every \$1,000 of assessed property in 2011, Winnipeg spent \$1.66 on fire protection. The significant decrease in cost per \$1,000 of assessed property value in 2010 can be attributed to a 78% increase in residential property values.

Costs include Arson Investigation Costs.

### Fire & Rescue Response Cost per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$126	\$128	\$121	\$124	\$131

The overall per capita cost for fire protection remains stable due to the population increases being experienced. In 2011 and 2012 new staff were added for a new Station 27 in Sage Creek.

### Number of Sworn Fire & Rescue Personnel per 1,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	1.33	1.36	1.29	1.23	1.22

In 2011 in Winnipeg, there were 1.22 sworn fire/rescue personnel per 1,000 citizens.

# Fire and Injury Prevention

*Includes:*

- *Fire & Injury Prevention Education*
- *Fire Inspection*

## Description

To protect citizens, and minimize loss of life and property due to fire through ensuring adherence to existing building standards for construction, safety, and egress.

To provide citizens with fire and life safety education, advice, and promote safe choices that will reduce the need for emergency fire, rescue and medical services.

## Key Goals

1. Ensure safety of housing and other buildings through plan examinations, inspections, and fire code and by-law enforcement.
2. Identify and engage key target audiences to maximize effectiveness of educational opportunities.
3. Decrease the incidence of fire or injury emergencies through expansion of public education programs.
4. Investigate and pursue partnerships to enhance ability to prevent fire and injuries.
5. Save lives through promotion of public access defibrillation, and 'demand reduction' initiatives such as plan examinations and residential sprinklers.

## Service Level Statistics

Description	2009	2010	2011
Fire Prevention By-Law/Building Code Inspections*	5,719	6,115	5,243
Operations Inspections	3,199	3,120	3,053

Car Seat Inspections	468	510	439
Evacuation Fire Drills	617	661	434
Fire/Paramedic Station Tours	323	287	281
Public Service Announcements (Media)	97	97	53
Arson Prevention Initiative	0	0	1,215

\* Numbers of Fire Inspections have declined in recent years, due to a number of factors. Inspectors now focus more efforts on larger and 'high risk' occupancies such as hotels and rooming houses which require more resources, but provide the greatest opportunity for improvement. In addition, these cases are more complex and require more involvement with the court system.

\*\* The decrease in Youth Fire Stop in 2011 is an indication of the success of overall fire prevention initiatives.

\*\*\* The Public Education Branch now provides more online information, and has added social media in 2011 to target larger events and larger audiences. A safety awareness and education program for Grade 3 students reaches students in the school and has a home component the children complete with their families that is anticipated to reach a much wider audience.

# Fire and Injury Prevention

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Fire Service Efforts in Fire and Safety Prevention

Citizens continue to be very satisfied with efforts in fire and safety education.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	95.6%	91.8%	97.1%	98.5%	93.9%

#### Number of Fires per 100,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	521	474	455	480	444

The total number of fires of all types is declining.

### Efficiency Measurements

#### Fire Prevention (Inspection) Cost per \$1,000 Assessed Value

Wpg. Trend	2007	2008	2009	2010	2011
	\$0.07	\$0.08	\$0.11	\$0.06	\$0.06

The cost of inspections per \$1,000 of assessed property value was 6 cents in 2011. The significant decrease in fire prevention cost per \$1,000 assessed value in 2010 can be attributed to a 78% increase in residential values.

# Fire and Injury Prevention

## Cost for Fire & Injury Prevention Education per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$0.83	\$0.94	\$1.23	\$1.23	\$1.21

The average cost per capita for the provision of Public Education Branch events was \$1.21 in 2011. These events vary greatly from small events such as babysitter training courses and seniors' injury prevention courses, to medium-sized events such as school assemblies and fire drills, and large events such as the Childrens' Festival and Teddy Bears' Picnic. The Public Education Branch has included partnerships with other agencies as a strategy to minimize costs and increase audiences.

In 2011, the Winnipeg Fire Paramedic Service attended 3,435 events with a total reported attendance of 180,015 people.

# Medical Response

Includes:

- *Medical Response*
- *Medical Transfers*

---

## Description

To provide quick, proficient primary response to all medical emergency situations, including the provision of pre-hospital patient care, patient transport to hospital, patient transfer services between facilities, and standby at critical police and fire rescue incidents, and special events.

## Key Goals

1. Improve capacity to effectively respond to medical emergencies in a manner that is financially sustainable for the citizens of Winnipeg.
2. Improve quality of medical service provided.
3. Expand the quality improvement process to quantify and improve customer satisfaction.
4. Pursue partnerships to enhance delivery of medical service.
5. Ensure a respectful work environment and positive public image.

---

# Medical Response

## Performance Measurements

### Effectiveness Measurements

**Citizen Satisfaction with Emergency Response**  
(paramedics or ambulance - respondents who used services)

The level of satisfaction for those respondents who used emergency medical response such as paramedics or ambulance remains very high.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	95.1%	83.8%	99.3%	91.5%	91.5%

The Winnipeg Fire Paramedic Service strives to achieve a response time for a Basic Life Support (BLS) unit (fire or ambulance) within 4 minutes 90% of the time.

In 2011, the average response (travel) time for a BLS unit to emergency medical incidents was 3.63 minutes, and 69.5% of the time, responses were within 4 minutes.

### Number of Emergency Medical Responses per 1,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	103.50	106.60	107.50	102.30	101.20

In 2011, the Winnipeg Fire Paramedic Service responded to 101 medical incidents for every 1,000 citizens. The long-term trend is increasing due in part to an aging population combined with shorter hospital stays and increasing numbers of palliative care patients staying in the community.

# Medical Response

## Average Ambulance Hospital Wait Time (minutes)

Wpg. Trend	2007	2008	2009	2010	2011
	45	51	55	62	67

The average ambulance time in hospital for each emergency patient transported has increased to 67 minutes for 2011. This is due to the hospitals' inability to admit patients in a timely manner. Winnipeg Fire Paramedic Service and the Winnipeg Regional Health Authority continue to work on strategies to address these issues.

## Efficiency Measurements

### Emergency Medical Service Cost per Capita

While the cost per capita for the Emergency Medical Service (EMS) in Winnipeg was \$68.71 in 2011, \$10.36 (or 15.1%) was funded through City tax supported budget. The Winnipeg Fire Paramedic Service continues to negotiate a new funding formula with the Winnipeg Regional Health Authority.

These costs may not be comparable to other EMS-only services in Canada, as costs for staffing and equipping fire trucks with paramedics are included.

### Service Cost per Call (Emergency Responses)

Wpg. Trend	2007	2008	2009	2010	2011
	\$97.19	\$78.93	\$116.61	\$146.22	\$130.99

The average service cost to the citizens of Winnipeg was \$131 for each emergency medical call responded to in 2011. This includes the costs of paramedic-staffed fire units that provide emergency medical response.

These cost increases can be attributed to salary increases related to the increased number of Advanced Care Paramedics as well as the addition of new ambulance resources in 2010.

# Disaster Preparedness and Response

## Description

To provide a prompt and coordinated response by the City of Winnipeg to major peacetime disasters by:

- Minimizing the impact of an emergency or disaster on the City of Winnipeg.
- Protecting and preserving the health and property of the citizens of Winnipeg.
- Maintaining and restoring essential services during an emergency or disaster.
- Acting as a host community for evacuees from outside the city upon request from the proper authority.

## Key Goals

1. Prepare and test plans and strategies for new and emerging health risks and hazards.
2. Develop new and/or enhance current partnerships with other levels of government, authorities and community agencies.
3. Enhance the City's emergency plan to be more responsive to the needs of at risk populations (e.g. disabled, seniors, and children) and geographic communities and stakeholders within Winnipeg.
4. Provide emergency preparedness education and training to staff, partnering agencies and the general community.

## Service Level Statistics

Description	2009	2010	2011
Presentations/Consultations	65	47	42
Disaster Management Training Sessions	6	5	6

# Disaster Preparedness and Response

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Disaster Planning and Response (flood, tornado, train, airplane)

Citizen satisfaction remains high with about 79% of citizens satisfied with disaster planning and response for emergencies like floods, tornadoes, train or airplane incidents.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	87.0%	89.1%	92.6%	98.6%	78.8%

#### Percentage of City Staff Trained in Emergency Management

In 2011, 12% of all City staff were trained in Emergency Management. The slight decrease in 2011 in personnel trained is due to retirements; a trend seen in other cities.

Training increases the level of awareness and planning for natural or man-made disasters within the city workforce and major partners.

Wpg. Trend	2007	2008	2009	2010	2011
	6.0%	10.0%	12.0%	13.0%	12.0%

#### Number of Mock or Real Emergency Responses Handled Well

Event	2007	2008	2009	2010	2011
Emergency Exercises	7	4	4	2	3
EOC Activation	6	3	4	3	3

The City continues to stage several mock disasters/exercises each year including partner agencies to ensure inter-agency awareness and effective working relationships are in place.

Real emergencies provide a practical application of the working knowledge and relationships developed during these exercises. Yearly numbers vary greatly depending on the emergency situations experienced.

# Disaster Preparedness and Response

## Efficiency Measurements

### EOC Operating Cost per Capita

Wpg. Trend	2007	2008	2009	2010	2011
	\$0.45	\$0.36	\$0.43	\$0.42	\$0.45

In 2007, the Emergency Preparedness Coordinator was co-located within the Fire Paramedic Service.

# Recreation

## Includes:

- Aquatics Programs
- Ice / Skating Programs
- Sport / Fitness / Wellness Programs
- Casual Recreation Facility Use
- Community Centre Grants

## Description

Provide high quality aquatics, recreation and leisure opportunities/programs in order to enhance life skills, community leadership development and overall quality of life for citizens in our neighbourhoods.

## Key Goals

1. Continuously improve services to be more responsive to the recreational, cultural and leisure needs of Winnipeggers.
2. Provide leadership and support the work of other service providers to build the foundation for quality of life and to promote a safe and healthy community.
3. Provide recreation services by collaborating and leveraging resources through partnerships.
4. Provide equitable opportunities to participate in recreation programs and services.
5. Provide meaningful and relevant recreational opportunities to increase the participation of Aboriginal youth in City of Winnipeg services.
6. Provide community development and recreation opportunities for vulnerable youth as an integral component of crime prevention efforts.
7. Provide safe and healthy environments in the delivery of programs conducive to an enjoyable experience and personal well-being.

## Service Level Statistics

Description	2009	2010	2011
Number of Arena Bookings	15,908	15,800	14,616*
Number of Recreation and Leisure Programs****	3,951	3,830	3,663

Attendance at Free Children & Youth Programming Provided Through Provincial Partnerships	n/a	3,746	8,090
Number of Hours of Wading Pool Free Programming	19,996	26,271	31,479
Number of Hours of Spray Pad Free Programming	3,440	3,408	5,244**
Total Value of Registered Programming/Rental Fee Waivers	n/a	n/a	\$338,132
Total Value of Admissions to Free Swims	n/a	n/a	\$287,841
Number of Public Swim Visits to Outdoor Pools***	39,208	82,658	108,238

\* Reduction in spring and non-prime time ice bookings as a result of additional ice surfaces in the market. The number of bookings in 2011 was also impacted by the temporary closure of Maginot Arena.

\*\* 7 spray pads operated for the full season, the 8th opened in July 2011 and operated for the remainder of the season. The increase in the number of sites and extended hours resulted in an increase in the hours of spray pad programming in 2011.

\*\*\* Capital investment in the redevelopment of Kildonan Park Outdoor Pool resulted in substantial increases to attendance for 2010 and 2011.

\*\*\*\* The number of recreation and leisure programs is decreasing due to the emergence of other service providers, especially in the adult fitness and adult leisure markets.

# Recreation

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Recreation Programs (respondents who participated in recreation programs)

In 2012, 79% of citizens who participated in recreation programs were satisfied with the programs offered by the City.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	78.9%	79.7%	88.4%	92.9%	79.0%

#### Citizen Satisfaction with Condition of Recreation Facilities

For those respondents who use recreation facilities, satisfaction with the condition of recreation facilities was about 71% in 2012.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	70.1%	74.2%	80.3%	94.5%	71.2%

#### Number of Registrants per 1,000 Population

Program	2008	2009	2010	2011
Aquatics	51.81	51.80	47.71	47.07
Learn to Skate	8.53	9.15	9.45	9.38
Recreation and Leisure	51.63	51.05	47.16	43.41

This measurement represents the number of registrants for paid programming only and does not include free programming participants.

Recreation and Leisure excludes Aquatics and Learn to Skate.

The total number of registrants for Aquatics and Learn to Skate was consistent from 2010 to 2011.

# Recreation

## Efficiency Measurements

### Cost per Aquatic Attendee - Indoor Pools

Attendance includes public swim visits, drop-in visits, rentals/permitted visits and registered aquatic program visits. In terms of registered programs, an individual is counted as an attendee every time they attend a pool for Department operated aquatics lessons.

Costs include programming, facility maintenance and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

### Cost per Learn to Skate Attendee

An individual is counted as an attendee every time they attend an arena for Department operated skating lessons.

The number of Learn to Skate attendees continues to rise, resulting in a decrease in the total cost per attendee.

Costs include programming, facility maintenance and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

### Cost per Wading Pool Participant Visit

Participant visits are based on hourly head counts of participants in the wading pool basin.

A 25.2% increase in the number of participant visits in 2011 resulted in a decrease in the programming and maintenance costs per participant visit as compared to 2010.

Costs include programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

# Recreation

## Total Operating Cost per Participant Visit Based on Actual Usage

Participant visits are based on attendance for all registered programs and free (drop-in) programs.

Costs include total programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Community Centre expenditures are excluded.

## Sports and Recreation Fees as a Percentage of Operating Cost

Wpg. Trend	2008	2009	2010	2011
	26.0%	28.0%	27.4%	27.2%

User fees include Leisure Guide course registration fees, membership pass sales, facility rental fees, and facility usage admission fees.

In 2011, total operating cost continued to be funded 27% from user fees, with 73% funded by mill rate support.

Costs include total programming, facility maintenance, and allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

Community Centre expenditures are excluded.

# Golf Services (SOA)

## Description

The City of Winnipeg has operated municipal golf courses since 1921. Winnipeg Golf Services was established in 2002 to administer the City's 12 golf course assets. The Agency is responsible for operating and maintaining golf courses, managing contracts and leases for City lands used by privately operated golf courses, managing a contracted cross country ski operation and other services compatible with a golf operation.

## Key Goals

1. Improve golf course playability.
2. Provide high quality customer service.
3. Ensure financial and environmental sustainability.
4. Improve the image of municipal courses.
5. Increase revenues from associated services.

## Service Level Statistics

Description	2009	2010	2011
<b>Kildonan (39.49 hectares)</b>			
Days Open	173	209	192
Total Rounds	27,860	29,515	32,580
<b>Windsor (46.13 hectares)</b>			
Days Open	165	194	142
Total Rounds	24,908	24,046	17,203
<b>Crescent Drive (15.39 hectares)</b>			
Days Open	161	186	117
Total Rounds	20,139	21,955	17,667
<b>Harbour View (12.8 hectares)</b>			
Days Open	184	206	194
Total Rounds	18,735	19,551	17,741

There are four different types of arrangements under which the golf courses are managed.

City Operated and Maintained: Kildonan Park, Windsor Park, Crescent Drive

Leased Properties: Rossmere, St. Boniface, Transcona, Wildwood Club, Assiniboine, Canoe Club, Tuxedo

Managed Contract: John Blumberg

City Maintained/Contractor Operated: Harbour View Golf Course and Recreation Complex

\* Note: Only direct operating costs for each course. No administrative charges included.

# Community Health

## Includes:

- *Community By-law Enforcement*
- *Bicycle Recovery*
- *Citizen Crisis Response*
- *Social Grants*

## Description

Through promotion, prevention, protection and regulatory services, support the development of a healthy community including:

- Community By-law Enforcement Services (CBES) with a focus on neighbourhood liveability including housing and property standards.
- Business Licensing (Doing Business in Winnipeg By-law) and Taxicabs.
- Crisis response coordination - connecting citizens to available services as required in relation to mandated city services.
- Emergency health and social services response to citizens during local emergencies and disasters.
- Administration of social grants to community organizations to provide a service that the City of Winnipeg would otherwise need to provide in support of safe and healthy neighbourhoods.
- Administration of a bicycle recovery program.

## Key Goals

1. Support safe and healthy communities through community education, collaboration, and enforcement of community standard by-laws.
2. Provide effective community crisis response services for citizens identified in need by civic departments.
3. Increase field inspections capacity through the implementation of mobile technologies.
4. Reduce the number of vacant buildings by 16% to 360 by December 31, 2013.
5. Enhance public awareness of CBES and its programs through strong branding and visibility initiatives, community partnerships, customer service, and quality control.

## Service Level Statistics

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Efforts to Ensure Residential Property Standards are Met Through Inspections

In 2012, approximately 52% of citizens indicated that they were satisfied with the efforts to ensure residential property standards are met through inspections.

	2010	2011	2012
<b>Total Satisfied</b>	73.1%	93.2%	52.1%

#### Average Number of Days from Complaint to Inspection (By-law Enforcement Officers)

Wpg. Trend	2010	2011
	5.6	6.9

In 2011, the average number of days from complaint to inspection was 6.9. This remains within the service level agreement standard of 10 days, which was communicated to the public for 311 purposes.

#### Percentage of Compliance to Specified By-Laws

Wpg. Trend	2010	2011
	92.3%	94.5%

Specified by-laws include property standards, yard maintenance and noise.

Compliance means no legal action or prosecution required.

# Community Health

## Number of Specified By-Law Complaints per 100,000 Population

Wpg. Trend	2009	2010	2011
	1,899	1,846	1,831

Specified by-laws include property standards, yard maintenance and noise.

## Efficiency Measurements

### Number of Complaint Files per By-Law Officer

Wpg. Trend	2009	2010	2011
	725	661	565

In 2011, the number of FTEs increased 7.61%, allowing for more proactive and preventative engagement with the community. This resulted in fewer complaints and increased compliance with neighbourhood liveability standards.

---

## By-Law Enforcement Operating Cost per 100,000 Population

Wpg. Trend	2009	2010	2011
	\$360,095	\$330,786	\$341,402

Cost includes allocations from Community Services Department's internal support divisions (Finance and Administration, Human Resources, and Strategic and Information Support Services).

# Libraries

*Includes:*

- *Library Circulation*
- *Library Information*
- *Children's Library*

## Description

To enrich the lives of all Winnipeg citizens and their communities by providing high quality, responsive and innovative library services.

## Key Goals

1. To provide the public with equitable access to library materials in a variety of formats and in a convenient and cost-effective manner.
2. To provide library users with access to new and enhanced services.
3. To provide timely assistance to the public in their search for materials and information.
4. To provide the public with high quality programs in all branches with an emphasis on literacy and life-long learning.
5. To provide the public with library facilities that are safe, convenient and accessible community places.
6. To market and promote the collections, programs and services of the library system to ensure maximum public benefit.
7. To provide qualified, well-trained staff that reflects the diversity of the community.
8. To provide collections, services and programs that are responsive to the needs of Winnipeg's diverse communities.

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Libraries (respondents who used libraries)

Citizen satisfaction remains high for library services. Satisfaction was approximately 88% in 2012.

The goal is to maintain high satisfaction from citizens.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	92.6%	91.6%	96.1%	96.6%	87.6%

#### Material Expenditures per Capita (2011)

The increase in the 2011 result reflects an increase in materials funding from donations and grants.

The average of the comparable cities reported is \$4.69. The goal is to increase the materials expenditure per capita by inflation annually until the comparable city average is achieved.

Wpg. Trend	2009	2010	2011
	\$4.39	\$4.09	\$4.53

Source: Ontario Municipal Benchmarking Initiative (OMBI)

#### Annual Non-Electronic Circulation per Capita (2011)

The average of the comparable cities reported is 8.89.

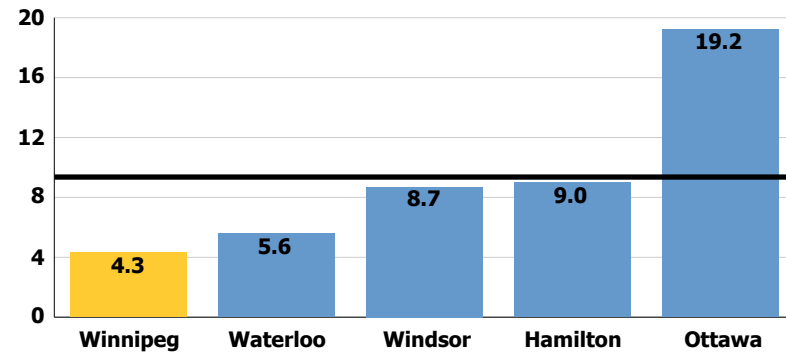

The goal is to maintain annual non-electronic circulation per capita of at least 7.76.

Wpg. Trend	2009	2010	2011
	8.45	7.89	7.76

Source: OMBI

# Libraries

## Electronic Library Uses per Capita (2011)

The average of the comparable cities reported is 9.4.

The goal is to increase electronic uses by 1% over 2011 (an increase of approximately 30,000 uses). This increase will maintain electronic library uses per capita at 4.3 based on the forecasted population.

Wpg. Trend	2009	2010	2011
	4.1	4.1	4.3

Source: OMBI

## Annual Program Attendance per Capita (2011)

The average of the comparable cities reported is 0.22.

The goal is to increase program attendance by 5% over 2011 (an increase of approximately 3,650). This increase will maintain annual program attendance per capita at 0.11 based on the forecasted population.

Wpg. Trend	2009	2010	2011
	0.11	0.09	0.11

Source: OMBI

## Efficiency Measurements

### Operating Cost of Library Services per Capita (2011)

The City of Winnipeg library operating costs per capita decreased from 2010 to 2011.

The average of the comparable cities reported is \$43.04.

The goal is to increase the operating cost by inflation annually, while remaining highly cost efficient.

Wpg. Trend	2009	2010	2011
	n/a	\$38.32	\$37.45

Source: OMBI

# Libraries

## Annual Library Uses per Capita (2011)

Wpg. Trend	2009	2010	2011
	17.3	17.8	18.1

Source: OMBI

One of the primary goals of the library is to maximize the use of library resources and services. Library use includes total use from circulation, program attendance, in library use, workstation use, wireless connections, electronic database use, reference transactions, electronic reference transactions, library visits, and electronic visits (website and estimated catalogue visits).

The average of the comparable cities reported is 25.8.

The goal is to increase the number of annual library uses by 1% over 2011 (an increase of approximately 125,540 uses). This increase will maintain annual library uses per capita at 18.1 based on the forecasted population.

# Arts, Entertainment and Culture

## Includes:

- Arts, Entertainment and Culture Events
- Arts, Entertainment and Culture Grants
- Museums
- Assiniboine Park Conservancy

## Description

To provide citizens and visitors with attractions, entertainment, arts and cultural events that contribute to a dynamic urban image, economic development and a vibrant city lifestyle through:

- Operating and capital grant support to the Assiniboine Park Conservancy Inc., a not-for-profit corporation established to manage, fundraise and redevelop Assiniboine Park and its attractions. Assiniboine Park is a 400 acre manicured English landscape style park featuring a zoo with one of Canada's largest animal collections, a conservatory with ever-changing botanic displays, outdoor gardens, theatre, performance and art displays, annual community events, trails, meadows and athletic fields for year-round leisure activities;
- Grant support to museums, arts, entertainment and cultural communities to provide a wide range of events, shows and displays for Winnipeg residents and visitors to the City;
- Attracting and assisting film-makers and event organizers by providing logistical support, facilitated contact and liaison with civic departments, private sector business and organizations in support of a welcoming community for film activities and a strong and vibrant calendar of cultural and special events.

## Key Goals

1. Work with Assiniboine Park Conservancy to support capital development and improvement to the Park.
2. Support film, culture and special events by working cooperatively with civic departments and other organizations to provide logistical support to the film industry, event organizers, and arts organizations.

<b>Total Satisfied</b>	88.2%	85.6%	92.8%	98.2%	82.1%

# Insect Control

## Description

Provide insect abatement in order to protect persons and properties against the negative effects of insects while minimizing impact on the environment.

## Key Goals

1. Effective and coordinated nuisance mosquito control and West Nile Virus response.
2. Implement the Insect Control Strategy to be completely biological by the end of 2014.
3. Protect the urban forest by reducing the damage caused by defoliating insects such as cankerworms and gypsy moths and controlling Elm Bark beetles, the vector for Dutch Elm disease.
4. Enhance insect abatement initiatives while minimizing the impact on the environment.
5. Enhance public education and communication systems.

# Insect Control

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Insect Control

Over 88% of citizens are either somewhat satisfied or very satisfied with Insect Control Services.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	85.2%	81.0%	81.1%	91.4%	88.2%

#### Percentage of Hectares Treated with Biorational Insecticides

Wpg. Trend	2007	2008	2009	2010	2011
	36.2%	47.4%	48.6%	58.4%	72.4%

The City of Winnipeg was the first municipality to use biorational insecticides (environmentally friendly) for mosquito control. These programs began in 1984. The percentage of hectares treated has increased to 72.4%. This is above our target of 60% due to the drought conditions in 2011. In essence, a greater proportion of chemically treated areas were dry whereby no chemical treatment was required. As a result, the proportion of biorational hectares increased.

#### Number of Days Nuisance Mosquito Fogging Required

Wpg. Trend	2007	2008	2009	2010	2011
	19	12	13	21	0

Fogging instances vary significantly depending on the weather. In 2007, weather conditions were very wet in the spring followed by a hot, dry summer. In 2008, weather conditions were a wet spring followed by a normal summer. In 2009, weather conditions were a cool, wet spring followed by a warm, wet summer. In 2010, a very wet spring was followed by a wetter than normal summer. The 2011 a normal spring was followed by an extremely hot and dry summer.

# Insect Control

## Efficiency Measurements

### Cost per Hectare for Aerial Application of Biorational Larvicides

Wpg. Trend	2007	2008	2009	2010	2011
	\$131	\$191	\$202	\$166	\$170

As programs differ significantly based on weather, areas treated, and number of hours of flight time, comparisons with other jurisdictions are not possible.

---

### Cost per Hectare for Ground Application of Biorational Insecticides

Wpg. Trend	2007	2008	2009	2010	2011
	\$686	\$922	\$466	\$407	\$1,315

The cost per hectare is directly related to weather conditions and includes fixed and variable costs. In 2011, only 25% of the normal hectares were treated because of the drier than normal conditions. Therefore, the cost per hectare in 2011 increased because of fixed costs.

---

### Cost per Hectare for Residential Nuisance Fogging

Wpg. Trend	2007	2008	2009	2010	2011
	\$29.34	\$24.06	\$26.00	\$29.00	\$0.00

The cost per hectare is directly related to weather conditions and includes fixed and variable costs. In 2011, an effective spring and summer larviciding program coupled with drier than normal summer conditions removed any requirements for an adult nuisance mosquito residential fogging program.

# Animal Services (SOA)

## Description

To provide animal control measures under the City of Winnipeg Act and related by-laws. The Agency's service consists of four sub-service areas:

- Licensing: Animal licensing and registration, animal permits.
- Kenneling: Kenneling and care for stray animals and dogs running at large picked up by the Agency, quarantine kennelling for biting dogs.
- Adoption/Community Education: Provides adoption opportunities for unclaimed dogs reducing euthanasia. Provides outreach pet ownership and animal safety education to school groups and various service organizations.
- By-Law Enforcement: Enforcement of all animal related by-laws, neighbourhood dispute resolution, investigation and response, picking up injured animals, after hours emergency response, police and fire assists, investigation of illegal animal complaints.

## Key Goals

1. Reduce reliance on the Agency's mill-rate support.
2. Increase customer service and satisfaction.
3. Improve health and safety of neighbourhoods.
4. Improve the Agency's public image.
5. Increase public awareness and participation.
6. Further develop partnerships.

Animal Services is a Special Operating Agency (SOA) with its own operating charter approved by Council. Grant from City is administered through the Community Services Department. The Animal Services selection report/business plan was adopted by Council on March 20, 2013.

### Explanation of 2013 Change from 2012

#### (in millions of \$)

#### 1 Revenues:

Increase in transfer from mill rate support to fund the agency's accumulated deficit reduction plan	0.100
Miscellaneous adjustment	(0.069)
	0.031

#### 2 Expenses:

Net increase in salaries and benefits	0.024
Miscellaneous adjustments	(0.005)
	0.019

# Animal Services (SOA)

## Performance Measurements

### Effectiveness Measurements

#### Citizen Satisfaction with Animal Control

In 2012, approximately 78% of respondents indicated they were satisfied with animal control.

	2007	2009	2010	2011	2012
<b>Total Satisfied</b>	85.0%	84.1%	85.7%	92.2%	78.3%

#### Active Dog Licenses per 100,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	5,557	5,451	5,188	6,080	8,841

This measure reflects the number of active licenses each year.

The significant increase in the number of active licenses is due to an amnesty campaign in summer 2011 and the introduction of zero tolerance effective September 1, 2011.

#### Percentage of Dogs Returned to Owner

Wpg. Trend	2007	2008	2009	2010	2011
	51.4%	54.6%	55.2%	52.6%	53.7%

This measure reflects the number of dogs returned to owners as compared to the number of dogs impounded.

The number of dogs returned to owners remained constant from 2010 to 2011 and the number of dogs impounded decreased slightly.

# Animal Services (SOA)

## Efficiency Measurements

### Animal Control By-Law Enforcement Operating Cost per 100,000 Population

Wpg. Trend	2007	2008	2009	2010	2011
	\$339,856	\$330,064	\$357,276	\$371,917	\$397,304

The Animal Services Agency strives to keep its reliance on mill rate support low. Even with high fuel costs and other operating costs increasing, the Agency maintains the cost of animal control service below \$4.00 per capita.

The number of active dog licenses increased 47% in 2011. There were incremental costs associated with processing these additional licenses.

This performance metric is based on the Agency's Audited Financial Statements.

### Cost of Sheltered Animal

Wpg. Trend	2007	2008	2009	2010	2011
	\$235	\$225	\$196	\$242	\$247

The cost per sheltered animal increased in 2010, primarily due to an increase in the cost of veterinary services and other operating costs for kenneling.

The cost of kenneling remained constant from 2010 to 2011 and the number of dogs impounded decreased slightly, resulting in a slight increase in the cost per sheltered animal.

### Cost per Dog Adopted

Wpg. Trend	2007	2008	2009	2010	2011
	\$666	\$528	\$358	\$278	\$303

Advertising adoption dogs on Winnipeg.ca and www.petfinder.com, dog sales, media coverage and the use of social media have contributed to a significant increase in the number of dogs adopted. The total number of dogs adopted in 2011 was 505 which is the highest number of annual adoptions in the Agency's history.

### Percent Recovery of Animal Control Costs

Wpg. Trend	2007	2008	2009	2010	2011
	44.6%	45.4%	43.6%	50.0%	57.1%

Revenues increased more than expenditures from 2010 to 2011. More than half of animal control costs are recovered through non-mill rate support revenue.

This performance measure is based on the Agency's Audited Financial Statements.

# Organizational Support Services

## Includes:

- Chief Administrative Offices
- Communications
- Financial Management
- Human Resource Management
- Information Technology Management
- Legal Services
- Production Services

## Description

Organizational Support Services provides leadership and professional services to support the delivery of public services to the citizens of Winnipeg. By providing financial, human resource, and other specialized services, Organizational Support Services ensures that the civic organization has the capability and technical expertise to support the delivery of public services.

## Key Goals

1. To provide organizational leadership in implementing Council's policies and priorities through proactive organizational planning, effective issues management, strategic communications, the provision of professional advice and follow-up through report management.
2. To provide sound financial stewardship towards responsible City government by strengthening financial performance, improving information for decision-making and managing risks and exposures.
3. To provide the organization with efficient and effective human resource management support in order to sustain a diverse, respectful, safe, healthy and productive workforce.
4. To facilitate, guide and assist departments in the determination of information technology solutions that drive business value within departments.
5. To provide a full range of legal services to Council and its committees, the Chief Administrative Officer, and the civic public service.
6. To deliver effective and cost efficient printing, graphic design, translation and mail services to the civic public service and elected officials.

## Service Level Statistics

Description	2009	2010	2011
Tax Supported Operating Budget	\$789 million	\$818 million	\$847 million
Utility Operating Budget (expenditures)	\$421 million	\$446 million	\$451 million

# Assessment, Taxation and Corporate

Includes:

- Assessment and Taxation
- Corporate Accounts

## Description

To provide timely and accurate property and business valuations, tax billing and collection services.

General revenue and corporate expenses/savings that are not attributable directly to any other public or internal service, include:

- Taxation revenue and tax credits.
- Unconditional grants from the Province of Manitoba.
- Provincial payroll tax and offsetting support grant from the Province.
- Revenue from sale of Winnipeg Hydro/utility dividend.
- Pension contribution adjustments.
- Interest income.
- Debt and finance charges not attributable to any other City services.
- Corporate risk management.

## Key Goals

1. Provide valuations that are accessible to the public.
2. Reduce the financial risk of assessment appeals.
3. Provide accurate valuations that are fair and timely.
4. Enhance the understanding of valuations and their underlying principles both internally and externally.
5. Deliver a timely, accurate tax billing and collection service.
6. Improve customer service.

# Contact Centre - 311

## Description

To provide accurate information and enhanced customer service through requests for non-emergency services to the citizens and customers of the City of Winnipeg through a single point of contact.

## Key Goals

1. Improve citizen satisfaction through the ease of use and access to 311.
2. Improve call tracking capabilities to better analyze citizen needs for service.
3. Improve City services through results management.
4. Improve service request routing and tracking to ensure accountability to citizens.

## Service Level Statistics

Description	2009	2010	2011
Total Calls Received	1,930,999	1,783,622	1,712,135
Total Calls Answered	1,584,324	1,501,730	1,405,557
Number of Service Requests	175,125	192,913	161,307
Number of Information Requests	1,079,953	1,308,817	1,244,250
Number of Emails	41,662	41,077	47,388
Average Talk Time (in minutes)	3:07	3:08	3:22
Average Wait Time (in minutes)	1:22	1:21	1:28

Note: The 311 Contact Centre was operational in January 2009.

The difference between Total Calls Received and Total Calls Answered is due to a combination of abandoned calls, as well as the use of an Interactive Voice Response (IVR) system which answers the caller's question without needing to speak to an agent.

## Audit

### Description

The purpose of the Audit Department is to provide independent and objective information, advice and assurance with respect to the performance of civic services in support of open, transparent and accountable government. The Audit Department's primary client is City Council, through the Audit Committee (Executive Policy Committee). The value to Council is the ability to use credible information to make better decisions and to hold the Public Service accountable. Stakeholders are civic managers and citizens who are the recipients of our public reports.

### Key Goals

1. To provide independent and objective assurance on the efficiency and effectiveness of City operations as well as timely, relevant and value-added recommendations for improvement.
2. To influence organizational outcomes and accountability by promoting good governance, effective risk management and controllership, and comprehensive and transparent performance information.
3. To deliver high quality, cost-effective audit services.

## City Clerks

### Description

The City Clerk's Department provides direct policy, procedural and administrative services to City Council, Executive Policy Committee, Standing Policy Committees, the Mayor's Office and Senior Administrators. The Department is the communication and information backbone to the decision-making process. It captures, communicates and maintains a complete / accurate record of all Council decisions since the City's inception.

The Department is the gateway to the City for the public, providing access to information about the City, its services and the decision-making process.

The City Clerk's Department has statutory responsibility for the administration of elections and by-elections as designated by The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act and for supporting Council and its Committees under The City Organization By-law. The City Clerk is also designated as the head of the public body under The Freedom of Information and Protection of Privacy Act (FIPPA). The Department leads the City-wide Records Management program and preserves civic history through the operation of the City Archives. The Department also undertakes all hearings related to appeals through the Board of Revision.

### Key Goals

1. To lead in the provision of customer service to our varied clients including the Mayor's Office, Councillors, the Administration and the public.
2. Enable cost savings and improve delivery of services to Council and the public through the ongoing development of information technology by continuing to enhance e-government and other electronic systems.
3. Review existing systems to ensure they are in keeping with changing environmental conditions and making full usage of technology and processes to reduce costs and maximize efficiency.
4. Ensure democracy at the local government level with ongoing election planning and delivery for by-elections and general elections.

\* Civic Initiatives, Promotional and Protocol (partially allocated to the Economic Development Service) are Mayor's Office programs that may include making grants:

- (a) to assist a charitable or non-profit organization, association or corporation;
- (b) to aid sports and recreation;
- (c) to support economic and cultural development;
- (d) to improve, preserve, repair, maintain, convert or develop any property in the City; or
- (e) for any other purpose that the Mayor considers may be in the interests or to the advantage of the City or its citizens.

## **Explanation of 2013 Change from 2012**

### (in millions of \$)

#### **1 Revenues**

Increase in Board of Revision assessment appeal filing fee revenue	0.264
	0.264

#### **2 Expenses**

Increase in Councillors' Representation Allowance	0.600
New Office of Policy Development and Communication	0.582
Increase in salaries and benefits	0.120
Decrease in Civic Initiatives, Promotion and Protocol grants due to Mayor's Office	(0.200)
funding of expected repairs at the Sherbrook Pool	
Miscellaneous adjustments	0.066
	1.168

### Full-time Equivalent Positions

Increase due to new Office of Policy Development and Communication (4 FTEs) and refinement of service based view (1 FTE).

	>10 years	0.37%	0.51%	0.45%
	Workplace diversity by designated group			
	- Women	28.6%	28.9%	29.5%
	- Aboriginal Persons	7.5%	7.6%	7.9%
- Visible Minorities	6.8%	7.5%	8.2%	
- Persons with Disabilities	6.2%	5.8%	5.4%	
Safe & Healthy Workforce	Sick time usage per annual average headcount (in hours) [H]	63.8	64.89	63.53
	Number of lost time injuries/100 workers/year [I]	7.0	6.7	7.0

[A] This number has been restated with Handi-Transit removed and is consistent with the 2010 number.

[B] Statistical measures relative to the International Association of Assessing Officers (IAAO) Standards are determined at the time of General Assessment. The measures indicate accuracy, uniformity and equity of appraisals relative to market value. The IAAO standards for 2007 and 2008 were actually achieved as part of the 2006 General Assessment and were valid throughout the four-year assessment cycle (2006, 2007, 2008 and 2009). The measures will be reviewed in the 2010 General Assessment.

[C] The ISO quality standard specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide a product or service that meets customer and applicable regulatory requirements, and aims to enhance customer satisfaction through the effective application of the system. By being ISO 9001:2000 certified the Department has positioned itself among the industry leaders in the field of valuation and taxation.

[D] Length of time is measured from job closing date to the date the person starts in the position.

[E] Recruitment and selection in these areas is very specialized and intensive, including multiple steps.

[F] Due to an increased number of retirements in 2011 and previous year's delay in recruiting, an expedited process was utilized in 2011.

[G] "In-house" training refers to that organized, registered and/or delivered by City employees.

Exclusions 1. Police Recruit Training which is 37-weeks long and Police Cadet training which is 14 weeks long; 2. Fire/Paramedic Training; 3. "External Training" – which is measured by number of people, not training hours; and, 4. Transit Driver Training.

[H] Restated for 2009 and 2010 to reflect improved reporting system for Transit and Police.

[I] Figure for 2010 corrected due to error.

# Organizational Performance Measurements

## Benchmarking

### Credit Ratings of Canadian Cities

City	Moody's	Standard & Poor's
Winnipeg	Aa1	AA
Calgary	no rating	AA+
Edmonton	no rating	AA+
Vancouver	Aaa	AA
Ottawa	Aaa	AA+
London	Aaa	no rating
Montreal	Aa2	A+
Toronto	Aa1	AA
Hamilton	no rating	AA

Winnipeg's credit rating is similar to other Canadian cities.

### Direct Debt as a Percent of Operating Revenues - 2009

Winnipeg's direct debt as a percentage of operating revenues is below the average of 64.9% compared to other major Canadian cities.

Wpg. Trend	2006	2007	2008	2009
	42.1%	36.2%	41.7%	41.7%

### Operating Expenditures per Capita - 2010 Actuals

In 2010, Winnipeg had the lowest net operating expenditures per capita from the eight cities selected. Expenditures were adjusted to match a similar basket of services between cities. Operating expenditures do not include social services, housing and public health, ambulance, assessment, cemeteries, transit and electric utility. In addition, all cities include water costs except for Edmonton.

Wpg. Trend	2007	2008	2009	2010

## Notes:

- Starting in the 2013 budget process, Fire Paramedics adopted the transfer to capital methodology. 2012 budget reflects internal financing principal and interest and 2013 submission reflects a transfer to the General Capital Fund.
- Planning, Property and Development's 2012 and 2013 budgets reflect internal financing interest on a portion of the Police Headquarters.
- 2013 transfers to capital are based on 2013 Adopted Capital Budget.
- Cash to capital increased by \$2 million from 2012 to 2013.

## Local Street Renewal Reserve

### Long Term Proposal for Sustainable Funding for the Renewal of Local Streets

Currently 20% of local streets along with 16% of back lanes are in poor condition. Winnipeggers' satisfaction with the condition of local streets is low at 40% (poll June 2012). Only one other City service has a lower satisfaction: condition of regional streets, at 38%. The City is currently spending \$21.7 million per year on the local streets program. This includes the \$5 million TBO program, \$3 million for gravel roads and \$0.9 million for sidewalk and pathways. Net of the three components just listed, only \$12.8 million is spent annually on the renewal of local streets and back lanes.

A sustainable level of funding for local streets and back lanes is in the range of \$80 million per year based on a 25 year view and on a proper asset management approach. Thus currently we are funding only 16% of what is required resulting in a shortfall in funding of \$67 million per year in today's dollars. Cumulatively over the next 25 years and adding in construction inflation, the funding shortfall for local streets and back lanes totals \$3.6 billion.

With the goal of developing a long term plan for local street renewal funding, the City explored several alternative funding models including debt, local improvements, frontage levies with reference to information obtained from the cities of Fargo and Edmonton.

After examining and analysing the various models, the City proposes a combination of dedicated property tax increases for several years followed by future frontage levy increases. The new revenue would be dedicated to a local street renewal reserve and used solely for the renewal of local streets, back lanes and sidewalks. A majority of Winnipeggers, 55%, support an increase in the frontage levy for repair, replacement and maintenance of streets and sidewalks (poll June 2012). Currently the existing \$41 million in frontage levy revenue provides funding in the operating budget for maintenance of City streets, back lanes and sidewalks.

**Long Term Proposal** – In the event the City does not receive significant new growth revenue from other levels of government, the following potential plan is proposed. Dedicated annual 1% property tax increase for 8 or 9 years committed to increasing funding for the renewal of local streets, back lanes and sidewalks. A small portion of this funding would be used to finance \$25 million of borrowing over the first 3 years (\$10 – \$10 – \$5). In the ninth year the new street property tax funding would be exchanged with the current frontage levy from operating budget. The current frontage levy rate is \$3.75 per foot frontage. Thereafter the frontage levy rate would be increased annually by \$1.00 per foot frontage for 13 years or so. The overall plan would achieve a sustainable funding level for the renewal of local streets.

**New Local Street Renewal Reserve** – This budget establishes a new reserve to manage and track the new revenue. The 1% property tax increase revenue will be

dedicated to the renewal of local streets, back lanes and sidewalks. A two thirds vote of Council would be required in order to use the funds other than those stipulated.

The table below outlines the planned spending on local streets if the long term proposal is fully implemented:

<b>Local Street Renewal Reserve</b>														
Year	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	--	2033	2034

Amount used to Finance Borrowing									-\$1.9	-\$1.9	-\$1.9	--	-\$1.9	-\$1.9
Revenue for Cash Funding (\$ million)									\$46.0	\$58.7	\$71.4	--	\$211.1	\$226.2
<b>Total New Reserve Revenues</b>	<b>\$4.5</b>	<b>\$9.1</b>	<b>\$13.9</b>	<b>\$19.0</b>	<b>\$24.3</b>	<b>\$29.8</b>	<b>\$35.6</b>	<b>\$41.7</b>	<b>\$47.8</b>	<b>\$60.5</b>	<b>\$73.3</b>	--	<b>\$212.9</b>	<b>\$228.1</b>
Year	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2023	--	2033	2034
<b>New Investment in Local Streets Renewals</b> \$ millions														
from Borrowing	\$10.0	\$10.0	\$5.0											
on Cash basis	\$4.0	\$7.8	\$12.2	\$17.1	\$22.4	\$27.9	\$33.7	\$39.8	\$46.0	\$58.7	\$71.4	--	\$211.1	\$226.2
<b>Funding for Local Street Renewals</b>	<b>\$14.0</b>	<b>\$17.8</b>	<b>\$17.2</b>	<b>\$17.1</b>	<b>\$22.4</b>	<b>\$27.9</b>	<b>\$33.7</b>	<b>\$39.8</b>	<b>\$46.0</b>	<b>\$58.7</b>	<b>\$71.4</b>	--	<b>\$211.1</b>	<b>\$226.2</b>
<b>Existing Investment in Local Streets Renewals</b> \$ millions														
Local Streets Renewals	\$10.0	\$10.0	\$10.0	\$10.0	\$10.0	\$10.0								
Local Thin Bituminous Overlay(TBO)	\$5.0	\$5.0	\$5.0	\$5.0	\$5.0	\$5.0								
Lane Renewals	\$2.8	\$2.8	\$2.8	\$2.8	\$2.8	\$2.8								
Granular Roadway Improvements	\$3.0	\$3.0	\$3.0	\$3.0	\$3.0	\$3.0								
Sidewalk/Bike Pathway Renewals	\$0.9	\$1.3	\$1.3	\$1.3	\$1.3	\$1.3								
<b>Total Existing</b>	<b>\$21.7</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	<b>\$22.1</b>	--	<b>\$22.1</b>	<b>\$22.1</b>
<b>Total Planned Spending</b>	<b>\$35.7</b>	<b>\$39.9</b>	<b>\$39.2</b>	<b>\$39.2</b>	<b>\$44.5</b>	<b>\$50.0</b>	<b>\$55.8</b>	<b>\$61.9</b>	<b>\$68.0</b>	<b>\$80.7</b>	<b>\$93.5</b>	--	<b>\$233.1</b>	<b>\$248.3</b>

The proposal would result in local street renewal projects being funded with a sustainable funding source and mostly on a cash basis. A significant increase in City spending on road renewal would have a strong positive economic impact.

## Destination Marketing Reserve Fund

### Purpose:

The Destination Marketing Reserve Fund will support Economic Development Winnipeg, the Winnipeg Convention Centre, and special events including other organizations, projects and events that will encourage tourists to visit Winnipeg.

This reserve was established by Council on October 22, 2008. The estimated cash in-flows and out-flows are reported below.

Financial Projections	2010 Actual	2011 Actual	2012 Forecast	2013 Budget	2014 Projected	2015 Projected

### Assumptions/Notes/Comments:

The Destination Marketing Reserve Fund provides funding to support organizations, projects and special events that will encourage tourists to visit Winnipeg, including the following:

1. Grant paid to Economic Development Winnipeg Inc. is equal to the greater of \$2.0 million or 30% of the annual Accommodation Tax revenue.
2. Grant of \$1.5 million annually to the Winnipeg Convention Centre.
3. Up to 40% of the annual Accommodation Tax revenue, to a maximum of the estimated annual payments required to service the amount of future debt that will be allocated to the City's portion of construction costs relating to a planned expansion at the Winnipeg Convention Centre, to be set aside within the Destination Marketing Reserve Fund.
4. The grant to the Winnipeg Convention Centre for historical debt repayment will be funded from this reserve effective 2013.

Finance and administration	80,102	73,646	6,456
Civic corporations	48,649	44,949	3,700
General government	47,179	36,955	10,224
<b>Total Expenses</b>	<b>1,358,328</b>	<b>1,265,658</b>	<b>92,670</b>
<b>(Deficiency)/Excess Revenues Over Expenses Before Other</b>	<b>(37,469)</b>	<b>(41,465)</b>	<b>3,996</b>
<b>Other</b>			
Government transfers related to capital	122,506	116,736	5,770
Developer contributions-in-kind related to capital	58,000	41,032	16,968
	180,506	157,768	22,738
<b>Excess Revenues Over Expenses *</b>	<b>\$ 143,037</b>	<b>\$ 116,303</b>	<b>\$ 26,734</b>

\* The 2012 Budgeted Excess Revenues Over Expenses has been adjusted downwards by \$7.76 million. This is as a result of deferring to 2013 the adoption of the new Public Sector Accounting Board accounting standards for Tax Revenue, consistent with the 2012 Consolidated Financial Statement presentation.
