Background

Deloitte LLP has been engaged to provide review and oversight of the implementation of the recommendations contained in the *City of Winnipeg Real Estate Management Review* dated June 19, 2014 (“REMR”). As background to this project, a brief summary of the key events that led to our involvement have been included below.

- On September 27, 2012, Winnipeg’s City Council passed a motion that an external and objective Real Estate Management Audit (the “Audit”) be conducted, going back a minimum of five years, which would review the processes and policies used for all major land acquisition, sales, transfers and external leasing activities, including all transactions where commissions or management fees were paid with City funds.
- On December 7, 2012 a contract to conduct the Audit was awarded to Ernst & Young LLP (“EY”).
- On July 2, 2014 EY reported to the City’s Audit Committee and EPC. The resulting *Real Estate Management Review* report contained 17 recommendations.
- On July 9, 2014 Council had a special meeting to address the *Real Estate Management Review* and adopted 21 recommendations. Council further directed that the City Auditor be delegated authority to acquire an external agency, other than EY, to oversee the implementation of all recommendations from EY’s report by the City in a timely and efficient manner, and to report back to Council on the implementation of the recommendations via the City Auditor’s Report to Council.
- The City Auditor has prepared quarterly updates on the implementation of all recommendations for the 2014 Qtr 4 to 2015 Qtr 3 periods.
- On October 6, 2015, a contract to complete the Review and Oversight of the Implementation of all Recommendations from the *Real Estate Management Review* was awarded to Deloitte. As per the contract, Deloitte will provide these services until the implementation of all recommendations is complete, which is estimated to occur in 2016 Qtr 2.
- This document is the status report on the implementation of the 17 recommendations from the *Real Estate Management Review*. Where applicable, documentation supporting the implementation was reviewed by Deloitte to confirm implementation has occurred.

Summary of Audit Recommendations

Production of the Status of Audit Recommendations Report

Deloitte was provided with a template by the City's Audit Department which included a description of each of the 17 recommendations from the REMR, with the initial implementation plan for each recommendation and status updates for each of the previous four quarters. Deloitte provided this template to the City's Real Estate Division, which populated the template with status updates for the 2015 Qtr 4 period and returned to Deloitte for review and compilation.

The status report consisted of the Real Estate Division's representations as to the status of recommendations implemented, in progress or not to be implemented at the end of 2015 Qtr 4. Deloitte summarized the status of implementation and prepared a brief overview for the City's Audit Department. Documentation supporting the implementation of recommendations was reviewed by Deloitte to confirm the status update and whether or not implementation has occurred.

Status of Recommendations				Target Date for Completion		
Total	Complete	Percent Complete	Not to be Implemented ¹	Q1 2016	Q2 2016	Q3 2016 or later
17	2	12%	2	-	13	-

¹ The City determined that these recommendations do not need to be implemented as the programs leading to their existence are no longer in place. No updates have occurred on the status of these recommendations since the 2014 Qtr 4 meeting at which it was decided that these recommendations would not be implemented.

Recommendations in Progress – 2015 Qtr 4 Updates

No.	Recommendation	Update – 2015 Qtr 4
1	<p>Develop a real estate transaction management framework</p> <p>A framework (or similar) would serve a number of purposes and meet the needs of various internal City and external stakeholders. The framework would:</p> <ul style="list-style-type: none"> ▶ Provide guidance and direction to personnel involved in real estate transactions ▶ Demonstrate to City Council, senior management and the general public that appropriate policies, directives, guidelines, standards, instructions, etc. are approved and implemented <p>Based on EY’s review of other Canadian municipalities, the following are elements for consideration in establishing a public sector real estate transaction framework:</p> <ol style="list-style-type: none"> 1. Governance structure 2. Policy, directives, and guidelines 3. Transactions 4. Performance management 5. Reporting, monitoring, and audit 	<p>EY conducted a consultation with the Public Works Department in November 2015 to gain a better understanding of the needs of the client departments for the PPD Department.</p> <p>PPD and EY completed a second workshop in December 2015 to discuss and review the current deliverables. The workshop was attended by the steering committee, together with the Manager of the City’s Real Estate Division.</p> <p>EY has now provided to PPD all guidelines, directives, policies and tools related to the RETMF, and has also provided the final draft copy of the RETMF (dated December 23, 2015). All recommendations within the REMR have now been addressed by EY through the draft RETMF.</p> <p>PPD continues to review all draft deliverables in conjunction with Legal Services and intends to provide comments to EY by January 15, 2016. EY has proposed finalizing the draft RETMF by the end of January 2016 and also providing an implementation plan at that time. The City has indicated that completion of the RETMF is still on track for 2016 Q2.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>

No.	Recommendation	Update – 2015 Qtr 4
2	<p>Establish PPD directive for more complete reporting and provide checklist to assist with disclosures</p> <p>a) Establish a PPD directive to outline alternatives, evaluations, and supporting analyses for decision making that will facilitate more complete reporting. The checklist noted in Recommendation 1, outlining key elements, will assist in improved disclosures.</p> <p>b) A review should continue to be undertaken of the submission prior to it being put forward to assess that the information is complete and accurate. This may involve a review of the transaction file to verify that key information is included in the Administrative Report. If input from other departments (i.e. Finance, Legal Services, etc.) is included, a review by that department of the final submission should be undertaken to ensure accuracy of information submitted.</p> <p>c) When it may not be advisable to share information publicly to respect privacy and the City's bargaining position, consideration should be given to establishing protocol for discussing such matters in a Council seminar or through other means, with the results of the discussions documented in summary notes or the transaction file.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix B (Directive for Complete Reporting)</i> and <i>Appendix C (Complete Reporting Checklists)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
3	<p>Establish appraisal guidelines</p> <p>a) Establish guidelines regarding the requirement for appraisals</p> <p>b) Timing of appraisals and updates</p> <p>c) Consistency between assumptions</p> <p>d) Explanation for significant differences</p> <p>e) Documentation</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix D (Appraisal Guidelines)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
4	<p>Engage Materials Management more consistently to ensure openness, fairness and transparency of procurement processes.</p> <p>Guidelines should be established outlining when to engage the Materials Management. Consideration can be given to size, complexity, and other characteristics of a transaction (leases, acquisitions, etc.) or retention of broker or advisory services.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix E (Comprehensive Procurement Process and Engagement of Materials Management Guidelines for the City of Winnipeg)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>

No.	Recommendation	Update – 2015 Qtr 4
	<p>By utilizing the services of Materials Management more consistently, the Real Estate division would benefit from additional support and expertise and potentially improve the oversight and accountability of real estate procurement processes.</p> <ul style="list-style-type: none"> ▶ Ensuring information is shared fairly (at the same time and in the same level of detail) to all proponents in procurement processes ▶ Allocation of work to prequalified proponents (managing that process for PPD to ensure fair allocation) ▶ Assistance with RFP/EOI/RFQ documents – determining which is most appropriate process to undertake, considerations of what base services to include / what would need to go to a separate new procurement process – or what would require a further competition between prequalified proponents 	
7	<p>Establish guidelines when negotiating and establishing commission rates with external real estate brokers</p> <p>a) Establish guidelines on commission rates to be paid on real estate transactions, ensuring they are reflective of industry standards, and comparable to the conventions of other municipalities for transactions of a similar nature. The level of transparency and rationale should increase relative to the magnitude of the transaction.</p> <p>b) Commission rates for large transactions should be negotiated rather than applying the commission rate that was set for a much lower transaction value. This may result in lower fees.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix G (Commission Guidelines)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
8	<p>Retain documentation of internal communication in the transaction file</p> <p>a) The Real Estate division is in the process of developing a formal checklist for transactions, including verification of Councillor consultation. EY agrees with the Real Estate division's initiative to implement a formal checklist to ensure that consultation with the Ward Councillor occurs and results are retained in the file.</p> <p>b) Copy of Circular letters should be retained in the transaction file. If a Circular Letter was not issued, a valid justification for not doing so should be included in the file. When a circular letter is not retained in the file, there is no means to confirm that the appropriate parties have been notified.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix I (Internal Communications Documentation and Retention Policy)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>

No.	Recommendation	Update – 2015 Qtr 4
9	<p>All significant agreements and contracts should be reviewed by Legal Services. Standard templates for all Real Estate transactions should be developed.</p> <p>All significant agreements and contracts should be reviewed by Legal Services. Consideration should always be given to adherence to standard City terms and conditions for the provision of services. Standard City templates which do not already exist, such as leasing transactions where the City is the lessee, real estate consultant agreements, should be developed and approved by Legal Services. Significant changes to the standard terms should be approved by Legal Services. This will limit contact risk to the City.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix K (Legal Review Guidelines)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
10	<p>Develop standardized index and checklist for transaction files and standardized approach for document retention</p> <p>a) A standardized index and checklist should be developed to facilitate more consistent document retention and file organization. A checklist will help ensure procedures are not inadvertently missed.</p> <p>The City should consider a centralized option for document sharing across all related departments. All relevant documents to a real estate transaction should be accessible by PPD and their file documentation should contain support for all critical documents. A system of this nature could consist of a central database of documents, with access granted to certain aspects of the system as necessary for given departments (for example all final legal documents from real estate transactions would be accessible by Legal Services and PPD).</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix B (Directive for Complete Reporting)</i> and <i>Appendix C (Complete Reporting Checklists)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
11	<p>Guidelines should be established for a comprehensive procurement process for significant lease or acquisition transactions over a certain size</p> <p>Guidelines should be established for undertaking a comprehensive procurement process (including an open market process) for leases or acquisitions of a significant dollar size or complexity in order to determine the best options and rates for the City.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix E (Comprehensive Procurement Process and Engagement of Materials Management Guidelines)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
13	<p>Perform market analysis for establishing lease rates</p> <p>When entering into a lease agreement, an analysis should be performed of various comparable properties in the area to determine market rates. External data should be obtained to corroborate estimates and validate the lease is consistent with market rates (incorporating all aspects of occupancy costs). The Public Sector Comparator tool or other comprehensive model should be used in order to determine whether a proposed arrangement is cost effective for the City.</p>	<p>Addressed in December 23, 2015 draft version of <i>Real Estate Transaction Management Framework Appendix D (Appraisal Guidelines)</i>.</p> <p>Targeted Implementation Date: 2016 Qtr 2</p>
