NOTE TO USERS:

Some definitions for the 2006 Census have changed (for example, "economic families" now include foster children). For more information refer to the definitions posted on the Statistics Canada 2006 Census Dictionary site at:

<http://www12.statcan.gc.ca/english/census06/reference/dictionary/index.cfm>

The following data is based on the non-institutional population, which excludes people living in hospitals, nursing homes, prisons, etc.

A 20% sample was used to compile statistics. One in five households were surveyed and the results were then multiplied to obtain representative data for the whole community.

Statistics Canada rounds numbers over ten to the nearest five, which may cause some totals to be off by five, ten, or more. Numbers less than ten are rounded to zero or ten.
