The Contractor is responsible for removing left over material at each Site at the end of each year's Chip In program.
- E4.2.1 All remaining finished product from the Sites in E2.2.1 above shall be delivered to the closest park on the list. For example, chips from St. James Civic Centre shall be delivered to Assiniboine Park; Pan Am Pool shall be delivered to St. Vital Park.
- E4.3 The Contractor is responsible for the removal and disposal of all garbage and contaminated material including plastic bags, tinsel and tree stands. This material shall be removed at the same time as chipping at each Site so as to minimize illegal dumping.
- E4.4 The Contractor should take all necessary precautions to minimize his exposure to acts of theft and vandalism. The City accepts no responsibility for damage, vandalism or theft to any equipment stored at any Site by the Contractor.

E5. SERVICES SUPPLIED BY THE CITY

E5.1 The City of Winnipeg will provide the space required for the operation of the Chip-In Program.

E6. FINISHED PRODUCT

E6.1 The expected end-use of the chipped material may include mulch around trees or used on walking trails within various parks around the City. Because of this, there is an **absolute** requirement that all non-organic material be removed either before or after the product is chipped. This includes plastic tinsel and garland, plastic tree bags, wire forms, nails (from tree bases) and any other material that could cause harm to animals or humans.

E6.2 Typically, the amount of non-organic material is small with the largest component being tree bags.

E7. LITTER CONTROL

E7.1 The chipping process shall not produce litter that is allowed to blow away from the chipping areas. On those days, when in the opinion of the Contract Administrator, the wind will blow plastic outside the designated work area; the Contractor shall be required to alter his operation in order to prevent the litter from scattering. If this is not practical or effective, the Contract Administrator may order the chipping operation to be discontinued until conditions permit a litter-free operation to resume.
