

869-2015 ADDENDUM 1

REQUEST FOR PROPOSAL FOR PROFESSIONAL CONSULTING SERVICES FOR PRELIMINARY ENGINEERING STUDY FOR LYNDAL DRIVE RETAINING WALL

URGENT

PLEASE FORWARD THIS DOCUMENT TO WHOEVER IS IN POSSESSION OF THE REQUEST FOR PROPOSAL

ISSUED: October 26, 2015
BY: Coleen Groening
TELEPHONE NO. 204 - 986-2491

THIS ADDENDUM SHALL BE INCORPORATED INTO THE REQUEST FOR PROPOSAL AND SHALL FORM A PART OF THE CONTRACT DOCUMENTS

Template Version: Ar20150806

Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 9 of Form A: Proposal may render your Proposal non-responsive.

PART B – BIDDING PROCEDURES

Revise: B8.5 to read: Notwithstanding C1.1(b), the Fee Proposal shall not include the disbursement costs for geotechnical and environmental drilling, sampling and materials testing, nor shall they include the cost for sewer televising, nor shall they include the costs for direct on site supervision of these activities. The Fee Proposal shall include the associated engineering activities associated with these investigations including but not limited to overall project investigation management and planning, analysis and interpretation of results, and preparation of reports. For Contract Award, an allowance will be added to the evaluated Fee Proposal to cover these costs. An allowance of up to 5% may be made for handling charges

PART D – SUPPLEMENTARY CONDITIONS

Revise: D5.3(c) to read: Determine the extent of sewer CCTV inspections required and undertake the inspections in accordance with E1 Sewer Televising Guidelines. Fees associated with undertaking the televising shall not be included in the Proposal Submission, nor shall they include the costs for direct on site supervision of these activities. However the Proposal Submission shall include an estimate of the costs associated with the work.

Revise: D5.4(c) to read: Conduct a geotechnical investigation as required to supplement existing geotechnical information. The Proposal shall include the methodology and justification for the proposed geotechnical investigation program. The proposed geotechnical investigation shall be sufficient to conduct detailed design of any feasible alternative. Fees associated with geotechnical drilling, sampling, materials testing and ongoing monitoring of existing instrumentation shall not be included in the Fee Proposal, nor shall they include the costs for direct on site supervision of these activities. However a geotechnical investigation program shall be proposed and an estimated budget provided separately from the Fee Proposal.

Revise: D5.5(b) to read: It is expected that 1.0 m deep hand excavated test pits on the downslope ground surface would be required to assess the timber piles. The test pits may also be used to observe soil and groundwater conditions in the vicinity of the wall. Fees associated with test pitting, sampling and materials testing shall not be included in the Fee Proposal, nor shall they include the costs for direct on site supervision of these activities. However a test

pitting and sampling program be proposed and an estimated budget provided separately from the Fee Proposal.

Revise: D5.7(a) to read: Conduct an environmental investigation to identify any site contamination issues that will need to be addressed during construction. Fees associated with environmental drilling, sampling and materials testing shall not be included in the Fee Proposal, nor shall they include the costs for direct on site supervision of these activities. However a drilling and testing program shall be proposed and an estimated budget provided separately from the Fee Proposal.

APPENDICES

Replace: 869-2015_Appendix_B with 869-2015_Addendum_1-Appendix_B-R1
