

APPENDIX D - WORKER VISIBILITY

Under the Manitoba Workpalce and Health Regulations Part 6.7 and 20.6(2)(ii) and the City of Winnipeg's Worker Visibility Directive:

- Every worker engaged in work within the “public right of way” or exposed to the hazards of vehicular traffic/powerd mobile equipment shall:
 - Wear a blaze orange or yellow-green CSA Class II vest/garment during daylight hours.
 - Wear blaze orange fluorescent or yellow-green outer safety apparel that meets CSA Class III requirements during periods of low visibility and darkness (see figures below).

CLASS III – MINIMUM VISIBILITY STANDARD

Example of minimum retroreflective layout standard
