**THIS ADDENDUM SHALL BE INCORPORATED
INTO THE BID/PROPOSAL AND SHALL FORM
A PART OF THE CONTRACT DOCUMENTS**

Template Version: Add 2021-03-05

Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Bid/Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 10 of Form A: Bid/Proposal may render your Bid/Proposal non-responsive.

PART D – SUPPLEMENTAL CONDITIONS

Revise: D4.7.1 to read: Query the Hazardous Materials Inventory System (HMIS) provided by Pinchin Ltd. for a list of locations that contain known or suspected ACM's, or where no previous inspection has been made, to develop an inspection plan for the following facilities. HMIS will be used for the 2022 inspection but will be replaced by a City provided database, called Asbestos Inventory System (AIS), beginning in 2023. The data to be collected and entered will remain the same regardless of the database used. A detailed list of the locations inspected in 2021 can be found in Appendix C. **Locations in appendix C that have a blank "Last Re-Assessment" date and blank "Notes" field are not included in the scope of work of this project.**
