

FREQUENTLY ASKED QUESTIONS – WRITTEN / PRACTICAL TESTS:

Question: *If I am chosen to go in for testing, how long should I expect to be at the test site?*

It will take between three to four hours to complete the test session. You are expected to be on-site and prepared to write at your scheduled time. Once the test begins, no late arrivals will be allowed. There will be a ten minute rest period during the test; you may wish to bring a snack, beverage etc. for this break period.

Question: *What should I bring with me to the test?*

All the material you require for the test will be provided. The only item you need to bring is photo identification; preferably your driver's license.
