

# WINNIPEG POLICE SERVICE 2022 STATISTICAL REPORT

## A Message from the Chief of Police

Danny G. Smyth  
Chief of Police

The Winnipeg Police Service 2022 Statistical Report is by its nature a collection of crimes reported to police that occurred in Winnipeg. While the statistics are accurate, what's missing is the context and stories behind the crime reports.

As we came out of the pandemic in 2022, we returned to some sense of normalcy as we returned to work, schools reopened, mask mandates were scaled back, organized sports returned and businesses started to thrive again. However, crime rates, which had dropped during the pandemic, also returned to higher levels. In the years to come, the challenge will be to determine, and make sense of, how this environment impacted people, crime trends, and police-related calls for service.

There were several dynamics observed in 2022; most were of great concern. In no particular order, here's some of what we experienced:

- Calls to our Communications Centre increased over 2021 (+6.1%) and the five-year average (+13.6%), with an average of nearly 2000 calls being received every day.
- The total number of dispatched events remained relatively unchanged from 2021, however emergency dispatched events increased over 2021 (+11.9%) and the five-year average (+17.9%).
- Total crime increased over 2021 (+25.6%) and the five-year average (+17.0%), returning to the upward trend observed pre-pandemic.
- Violent crime severity reached its highest level since 2009, including a record number of Homicides (53). Crimes committed with a knife increased 11.7% over 2021 and the use of bear spray in violent crimes doubled since 2019. One in five violent crimes cleared by charge involved an accused person violating their bail, probation, or other similar court order.
- Property crime increased over 2021 (+32.0%) and the five-year average (+20.3%), returning to the upward trend observed pre-pandemic. The large year-over-year percent change is influenced by a recent historic low in 2021.
- Youth crime increased over 2021 (+43.4%), but fell below the five-year average (-13.7%). Youth crime in Winnipeg had been declining steadily for a number of years, reaching a recent historic low in 2021.

I would like to acknowledge all members of the Winnipeg Police Service for their care and commitment to those who live, work, and play in Winnipeg. Thank you for watching out for our community, and watching out for each other.

Danny G. Smyth  
Chief of Police

## WE VALUE

### INTEGRITY

We act in an open, honest and trustworthy way in all of our interactions with each other and the public.

### RESPECT

We honour the diversity of individuals, showing understanding and acceptance for all people.

### CITIZENS AND COMMUNITIES

We conduct ourselves in a professional manner at all times, are above reproach and demonstrate pride and commitment to the people and communities we serve.

### ACCOUNTABILITY

We make quality, ethical decisions that guide our individual and collective efforts and are responsible for our actions, use of resources and effectiveness.

### COURAGE

Whether serving on the streets or providing leadership and support, we will make tough decisions and take decisive actions to valiantly protect people and communities.

## OUR MISSION

*Build safe and healthy communities across Winnipeg through excellence in law enforcement, protection and crime prevention.*

## OUR VISION

*A Culture of Safety for All*

# VIOLENT CRIMES

## JUST THE FACTS

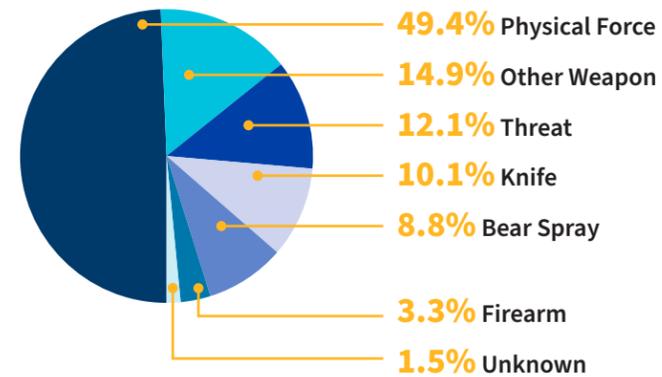

The use of bear spray in violent crimes has doubled since 2019.

1 in 5 violent crimes cleared by charge involved an accused person violating their bail, probation, or other similar court order.

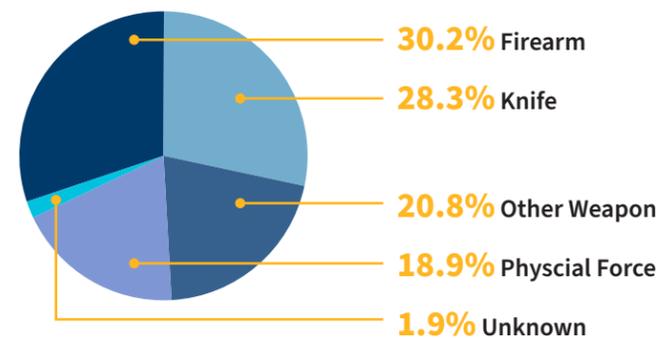

### Violent Crimes by Relationship

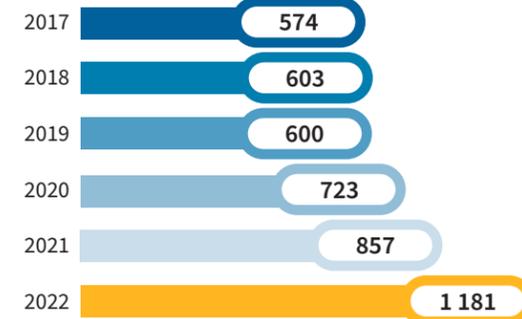

### Violent Crimes by Weapon

### Homicides by Weapon

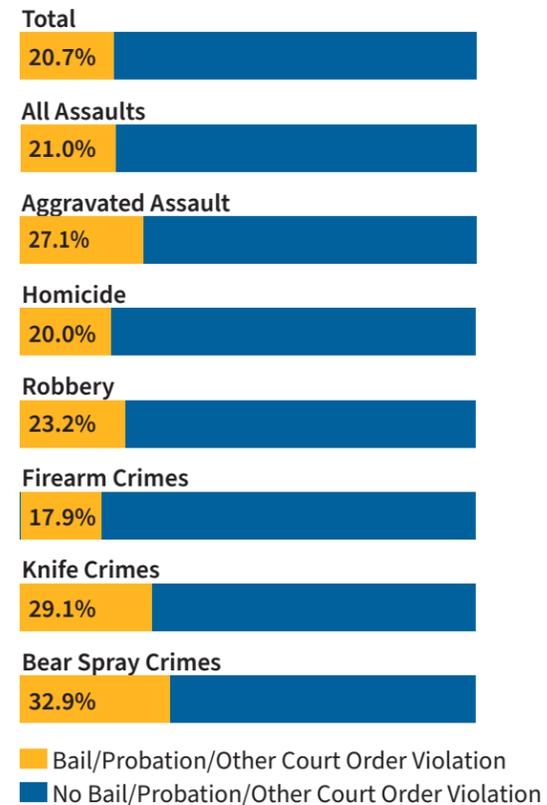

### Violent Crimes Involving Bear Spray\*

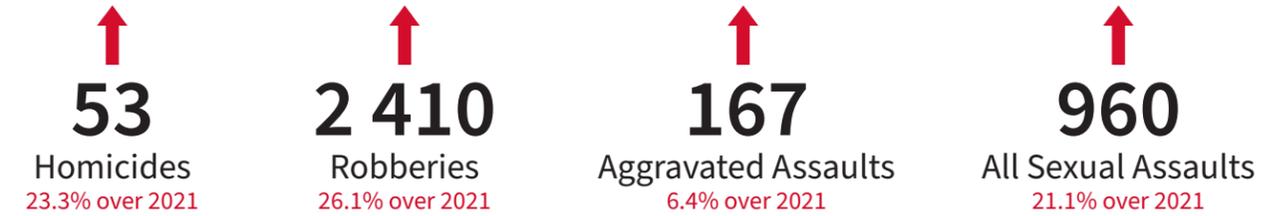

\*Defined as 'burning liquid/caustic agent' in the Uniform Crime Reporting Survey. Includes substances such as acid, hot oil, pepper spray and mace.

### Violent Crimes by Accused Status\*

\*Violent crimes cleared by charge where a violation under UCR 3410 (Breach of Recognizance), 3520 (Breach of Probation), or 6450 (Youth Criminal Justice Act) is present.

# YOUTH CRIME

## JUST THE FACTS

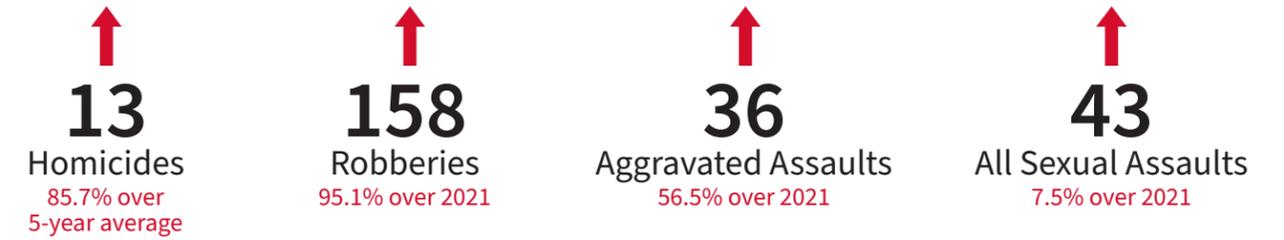

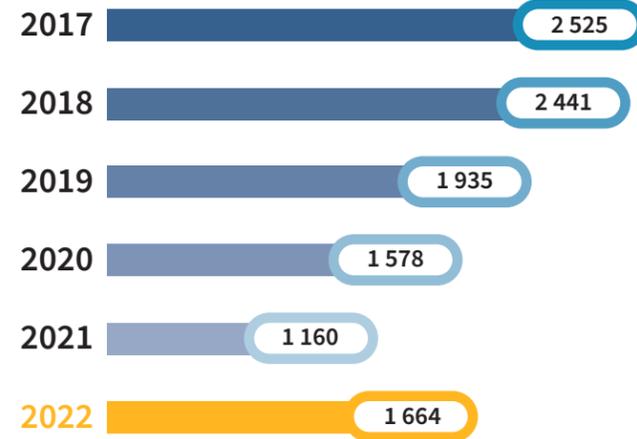

Nearly half of youths accused of a crime were processed via other means (warning, caution, community program, diversionary program).

1 in 6 people charged with a violent crime are under 18 years of age.

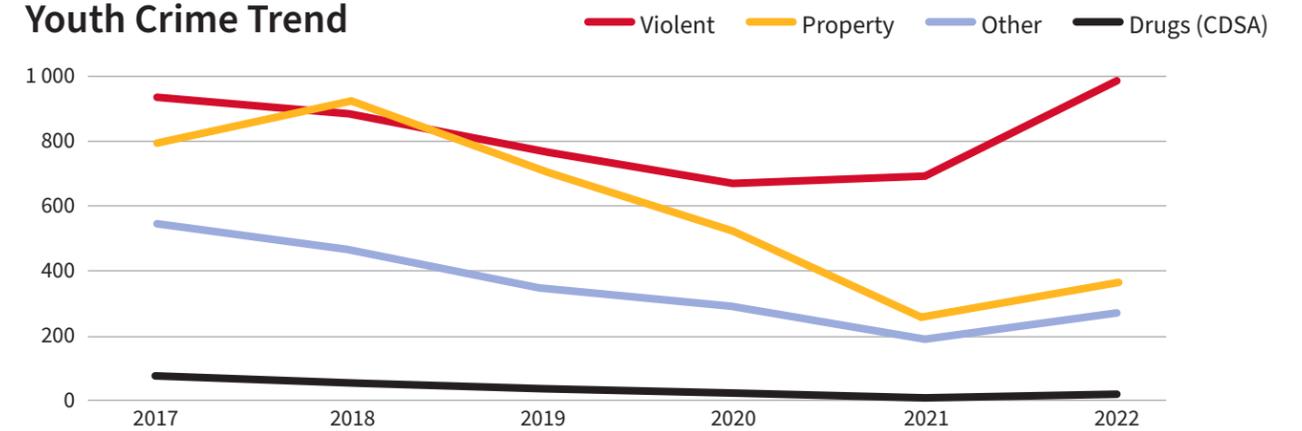

### Youth Crime Frequency

### Youth Crime Totals

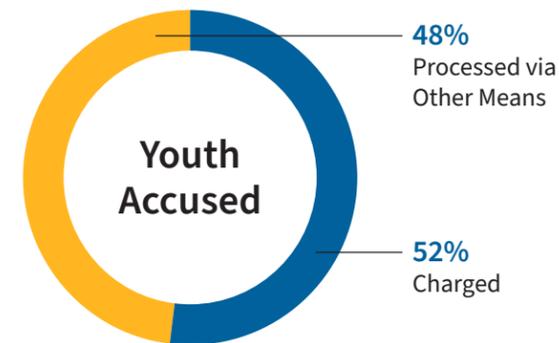

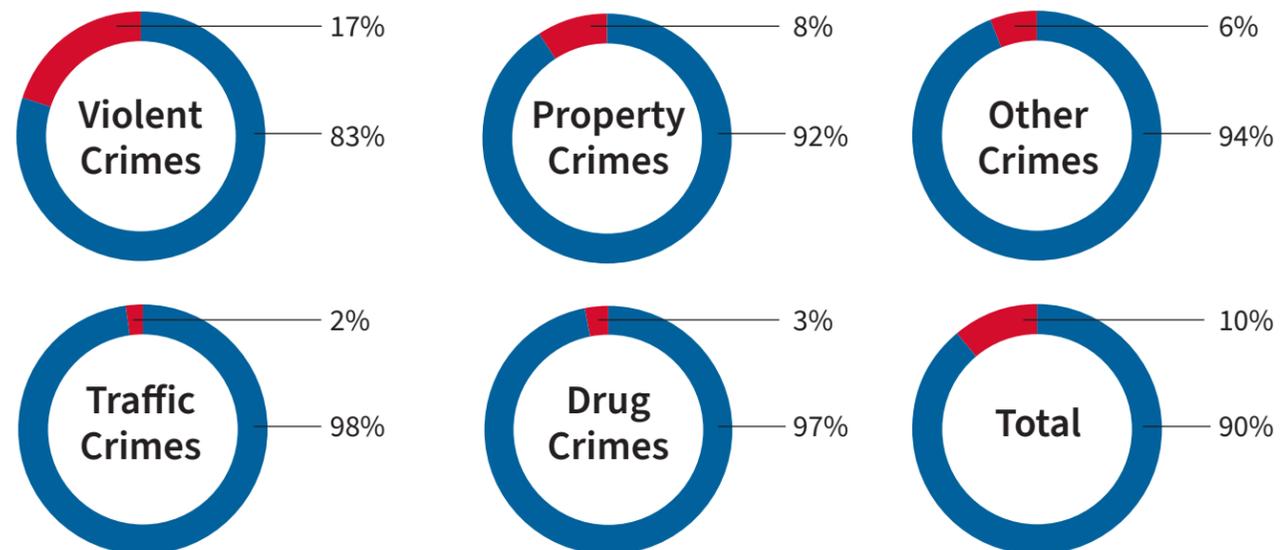

### Youth Crime Trend

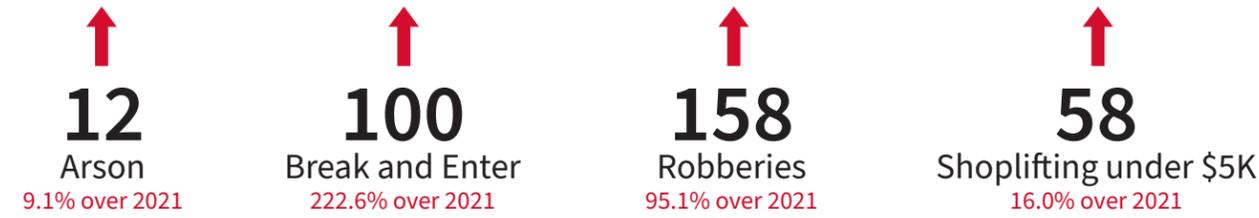

Youth crime increased over 2021, but fell below the five-year average. Youth crime in Winnipeg had been declining steadily for a number of years, reaching a recent historic low in 2021. The large year-over-year percent change is influenced by the recent low in 2021.

<b>Total Hate Crimes</b>	<b>28</b>	<b>-26.3%</b>	<b>-6.7%</b>

The WPS uses the definition provided by Statistics Canada to determine hate crimes. The actual number of hate-related incidents may be higher than what is reported here inasmuch as the incidents would not be cited as an actual "hate crime" if those incidents do not meet all the criteria.

# WEAPONS

## JUST THE FACTS

On average the WPS receives 6 gun-related calls per day, a 14% decrease over 2021.

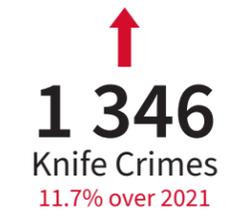

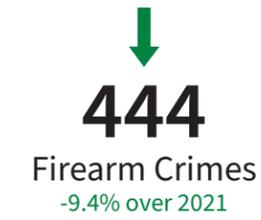

### Gun-Related Call

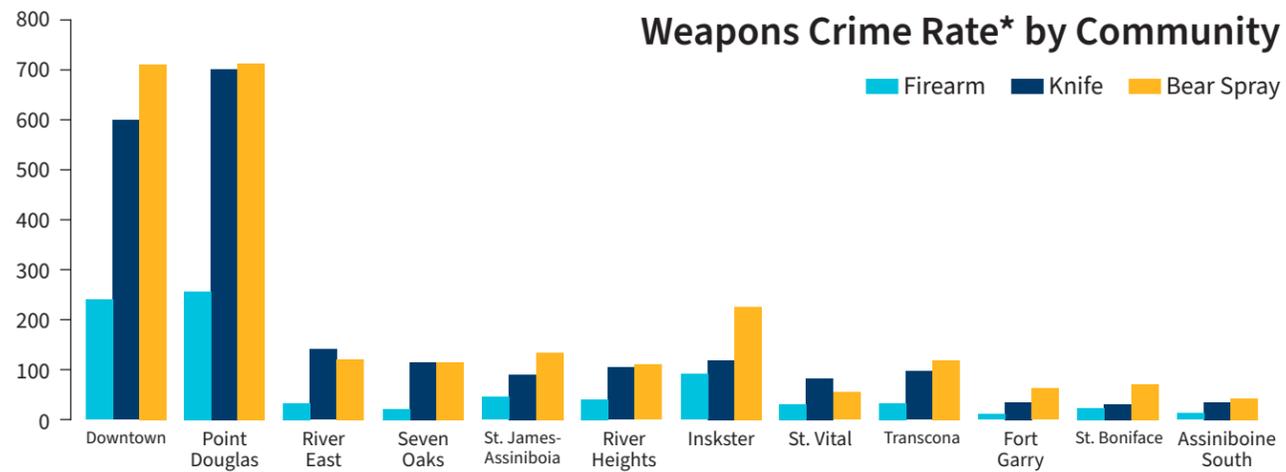

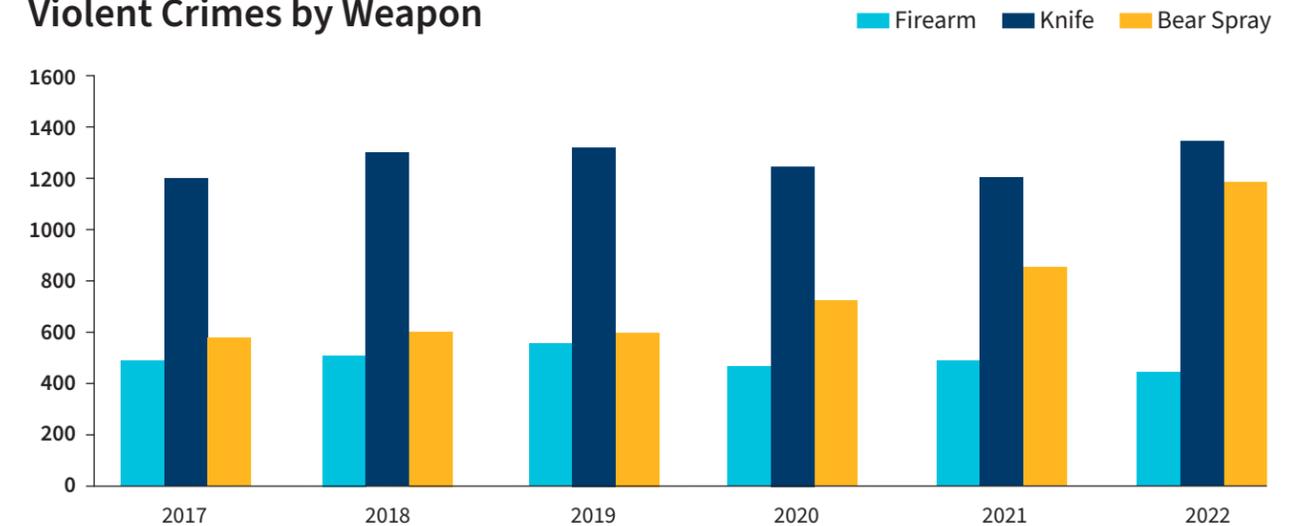

### Knife Crime

### Bear Spray Crime

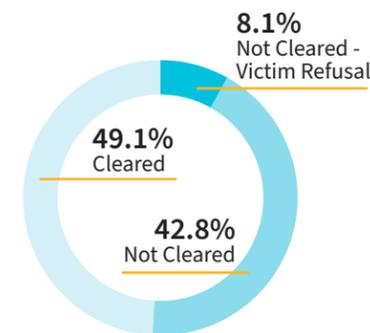

### Violent Crimes by Weapon

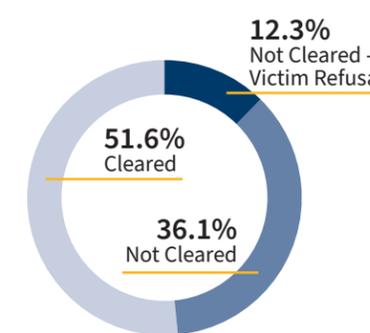

\*2022 crime rate / 100 000 population

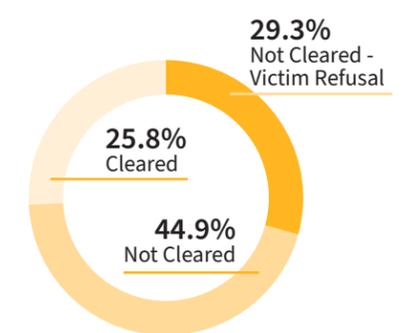

### Firearm Crimes

### Knife Crimes

### Bear Spray\* Crimes

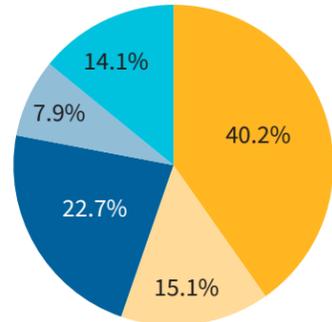

\*Defined as 'burning liquid/caustic agent' in the Uniform Crime Reporting Survey. Includes substances such as acid, hot oil, pepper spray and mace.

# CLEARANCE RATES

## JUST THE FACTS

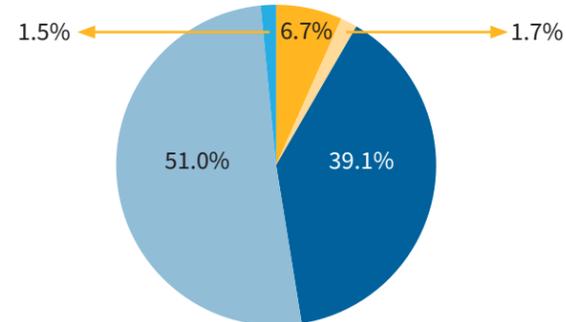

In 2022, 83% of homicides were solved. Homicide clearance rates in Winnipeg have remained above 80% since 2011. In 2021, the national homicide clearance rate\* was 67%.

### Violent Crimes

**14.1%**  
Not Cleared-Victim Refusal\*

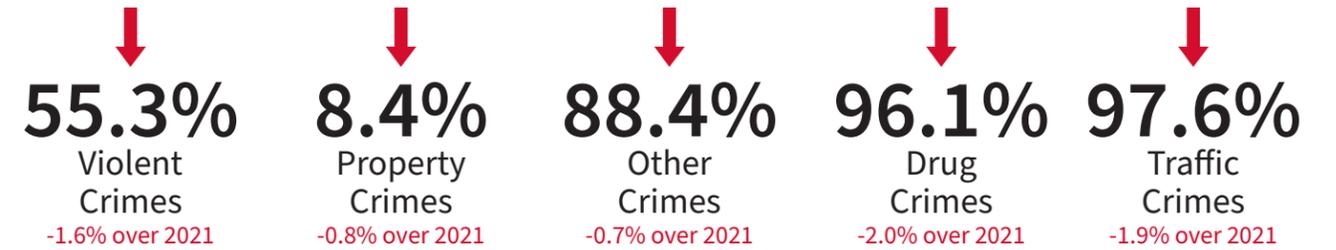

### Property Crimes

**51.0%**  
Not Cleared-Insufficient Evidence

■ Not Cleared - Still Open ■ Not Cleared - Insufficient Evidence ■ Not Cleared - Victim Refusal  
■ Cleared by Charge ■ Cleared - Other

\*A suspect cannot be identified either because the victim/complainant/witness does not want to identify the suspect or does not want to participate in the investigation.

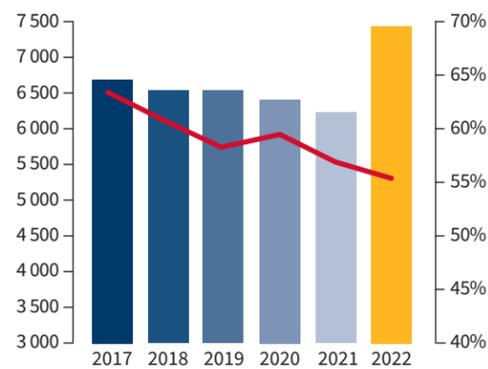

## JUST THE FACTS

The total number of crimes cleared increased, while the proportion of crimes cleared decreased.

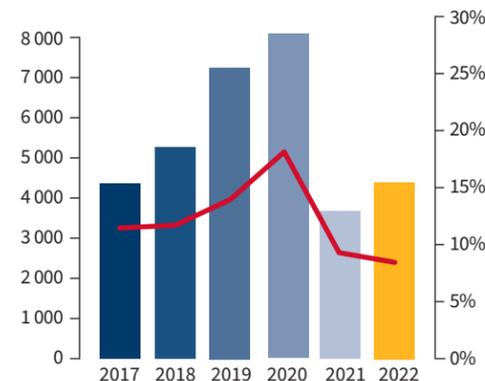

14% of violent crimes cannot be solved because the victim refused to participate in the investigation.

# ENDNOTES

N/C = Not Calculable

Criminal Code Offence data are based on Uniform Crime Reporting data submitted to The Canadian Centre for Justice and Community Safety Statistics (CCJCSS). Data were compiled in accordance with violent crimes (i.e. most serious violation against the victim), property crimes, and other crimes (i.e. first violation) scoring rules.

“Dispatched Events” refer to calls where a police unit was assigned. These events include both criminal and non-criminal events.

“Non-District” include events that occurred over more than one district, events that occurred outside Winnipeg, and events where the location of occurrence is unknown.

“Downtown” lies within the Central District and the Portage Avenue Zones lie within Downtown. The Portage Avenue Zones include the University Zone, the Retail Zone, the Sports, Hospitality and Entertainment Zone, and the Commercial Zone. Note that this definition of “Downtown” differs from the City of Winnipeg By-Law definition, which is referred to specifically in the “Activity by Community” section of this report.

Youth crime counts include youths aged 12-17 who were charged, arrested and not charged, or warned. The *Youth Criminal Justice Act* has an available option that diverts youths away from the court process through extrajudicial measures (such as formal diversionary programs). Youths subsequently breaching those conditions are charged under the YCJA. These charges appear under “Other Federal Statutes”.

Crime counts for Sexual Assault – Level 1, Other Sexual Offences, Assault – Level 1, Assaults against a Peace Officer, All Other Assaults, All Robberies, Kidnapping/ Forcible Confinement, All Abductions, Extortion, Other Violent Crimes, Arson, Break & Enter, Motor Vehicle Thefts, Theft Over \$5000, Shoplifting Over \$5000, Theft Under \$5000, Shoplifting Under \$5000, Fraud, Identity Fraud/Theft, Mischief, Counterfeiting, Child Pornography, Administration of Justice Violations, “Other Criminal Code Violations”, and Trafficking / Production / Distribution include attempted and actual.

“All Sexual Assaults” includes “Sexual Assault” Levels 1, 2 and 3.

“All Assaults” includes “Assault” Levels 1, 2 and 3, as well as ‘All Other Assaults’ and “Assaults against Peace Officer”

“Attempted Murder” includes “Conspire to Commit Murder.”

“Arson” does not include “Arson - Disregard for Human Life,” which is categorized as a violent crime.

“Cannabis-related Criminal Charges” only includes events post-legalization of Crime Code Cannabis offences.

“Other Sexual Offences” includes “Sexual Offences against Children.”

“Kidnapping/Forcible Confinement” includes “Trafficking in Persons.”

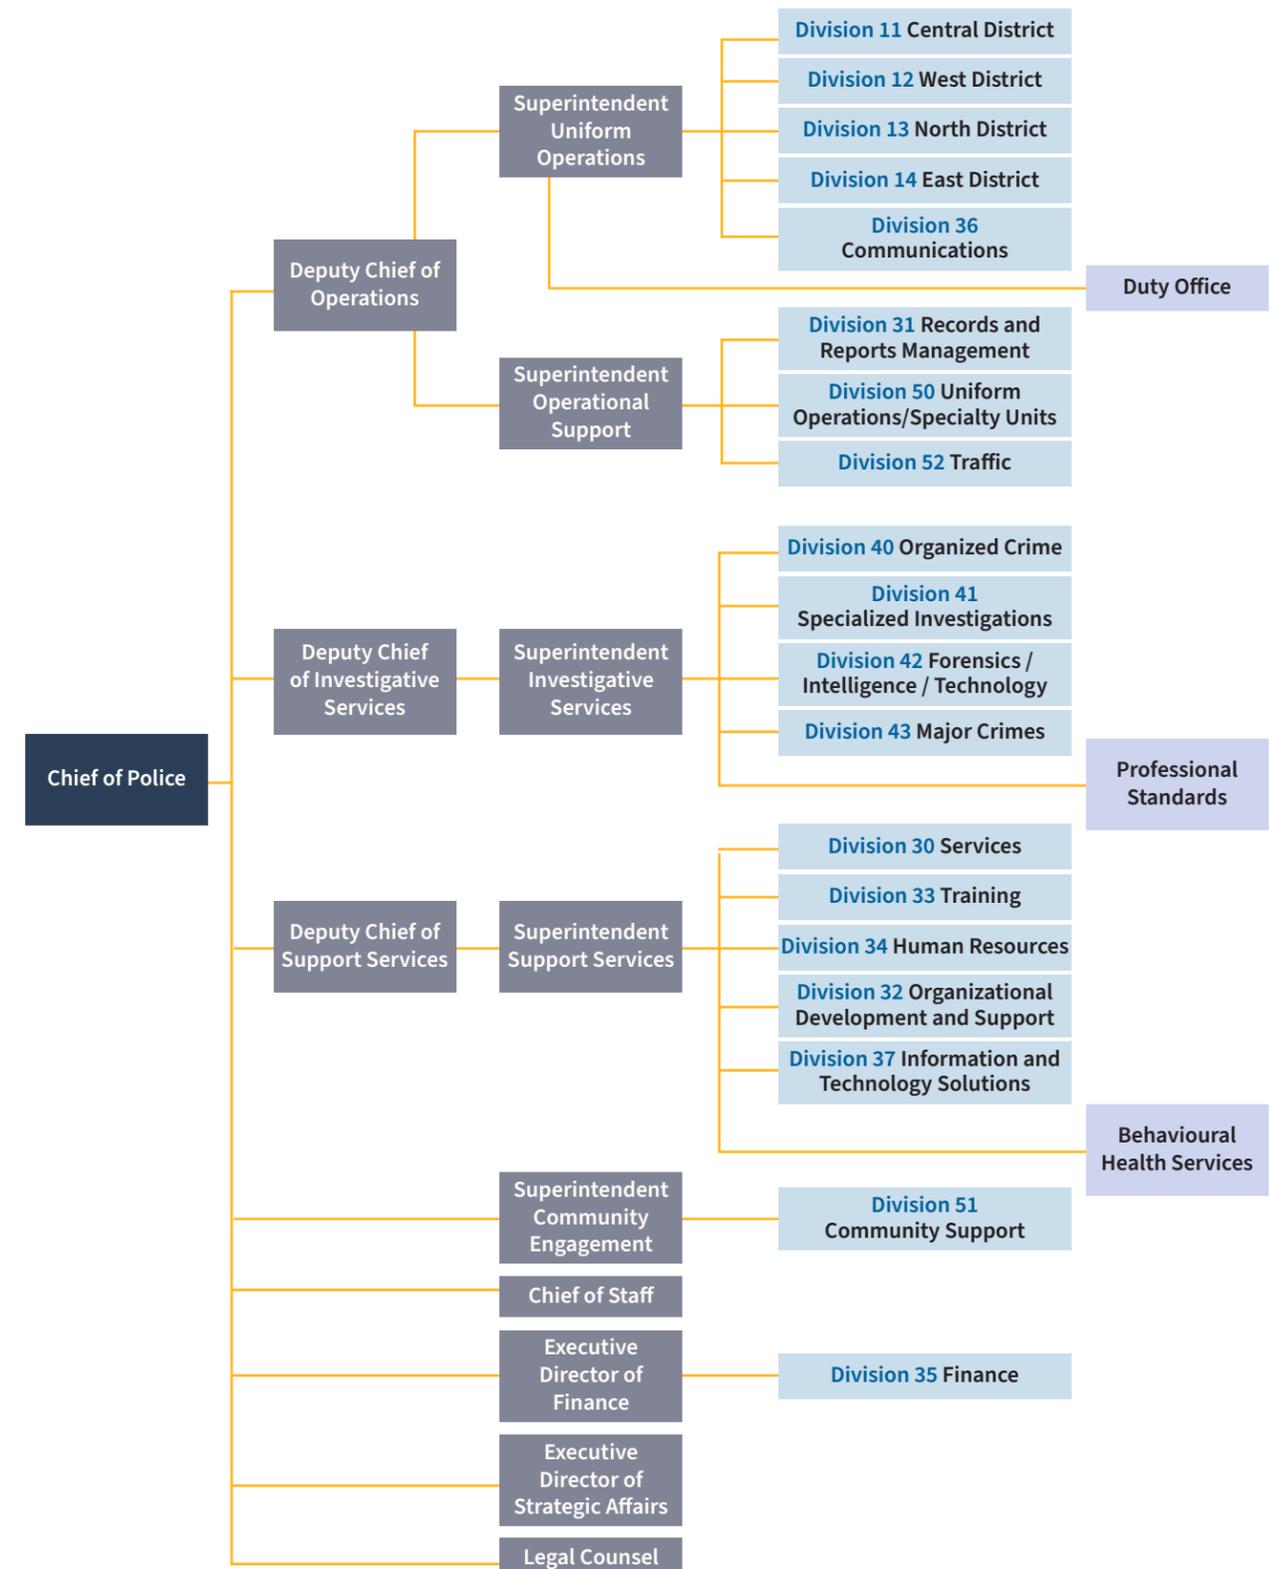

“Possess Stolen Property” includes Alter/Destroy/Remove VIN and “Trafficking Stolen Goods.”

Caution should be used when interpreting low numbers, as small numerical changes can result in large percent changes.

The actual counts, rates, percent changes, and clearance rates data for City of Winnipeg crime totals include calculations submitted to the Canadian Centre for Justice and Community Safety Statistics (CCJCSS). Due to CCJCSS updates, previously reported numbers are subject to change. Because the data printed in previous Winnipeg Police Service Annual Statistical Reports do not contain the updates, actual crime figures may vary slightly with CCJCSS historical data.

2017 – 2021 data referenced in this report have been restated for those years. With the 2022 Annual Statistical Report being released earlier (May) than previous years (July/August), this was a necessary step to ensure comparability between 2022 and previous years. Statistical data are accurate as at date of publication. Unless otherwise specified, all data contained within this report were compiled and produced by the WPS Business Intelligence Unit.
