CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Resident/Business owner on Des Meurons Street and/or Goulet Street

RE: 2023 Goulet Street Rehabilitation and Des Meurons Street Reconstruction

Construction start: May 2023

Estimated completion: October 2023

Construction limits: Goulet Street from Traverse Avenue to Youville Street
Des Meurons Street from Goulet Street to Marion Street

Work on the 2023 Goulet Street Rehabilitation and Des Meurons Street Reconstruction will begin in May 2023. As part of this project, we will:

- Renew the watermain for Des Meurons Street
- Rehabilitate and renew the road
- Fix the sidewalk
- Add protected bike lanes on the north side of the street
- Add bump-outs to improve pedestrian safety
- Add a new pedestrian crosswalk at Enfield Crescent and Goulet Street
- Improve access to Transit stops
- Landscape the general area

Though the project will not significantly change the way vehicles move through the area, traffic will be affected in several ways throughout construction:

- There will be no on-street parking on Goulet Street from Traverse Avenue to Youville Street and Des Meurons Street from Goulet Street to Marion Street
- Des Meurons traffic will be restricted to one lane in each direction and Goulet traffic will be restricted to one lane westbound
- Rolling sidewalk closures will be required throughout the project due to sidewalk repairs/renewals
- Pedestrian and vehicle access to properties will be maintained as much as possible with short-term, temporary closures as required
 - Any disruption to access will be communicated to the affected properties in advance
- Transit service will be maintained throughout construction, although temporary stop relocations or closures may be required

Short-term shut-offs to the water supply will be required during final connections of the new watermain along Des Meurons Street. Temporary water services will be provided as necessary.

Garbage and recycling collection will continue as usual.

Public Works Travaux publics

May 18, 2023

We recognize this project may cause you some inconvenience and thank you in advance for your patience. If you have any accessibility concerns, special access requirements, planned special events or any other questions concerning this construction, please contact Aaron Fleming of Dillon Consulting by phone at (431) 688-2849 or by email at afleming@dillon.ca.

Note: Pavement resurfacing **only** on Youville Street.

Sincerely,

David Wiebe, P. Eng.
