Overflow Date and Volume in m³

LEGEND:

red italics indicate the volume is estimated based on flow models not instrumentation

Volume and event estimation based on spatial rainfall and the average associated instrumented volumes

(1) Indicates a reported overflow with an unknown volume of CSO

estimated from historical flap gate flow data.

Instrumentation is not returning valid data either due to required maintenance or malfunction

LEGEND:

red italics indicate the volume is estimated based on flow models not instrumentation

Volume and event estimation based on spatial rainfall and the average associated instrumented volumes

(1) Indicates a reported overflow with an unknown volume of CSO

estimated from historical flap gate flow data.

Instrumentation is not returning valid data either due to required maintenance or malfunction
