Ongoing Opportunities for Engagement with the City of Winnipeg

Eastern Corridor Digital Workshop

The Eastern Corridor Study digital workshop is intended to identify important places in your community and the criteria you feel should be considered when determining the best way to connect Downtown to Eastern Winnipeg. We are excited to hear from you and include your input in the planning and design process.

[Idea Wall](#)

The Idea Wall is the best place to share your big, bold ideas for the study. It will be open throughout the project.

[Mapping](#)

The Eastern Corridor should connect places that are important to everyone. Nobody knows the community better than the people who spend time in it every day. Use the map to provide information on places that are important to you, features you like and dislike, and any information you feel would help us know more about your community. You can also vote and comment on other people's submissions.

Criteria

The criteria that will be used to develop options, and ultimately to select the recommended route alignment, will be developed with your input. We want to know about all the criteria that you think should be considered when it comes time to evaluate different locations and routes for the corridor.

Additional Study Components

Learn more about the Louise Bridge, Stadacona Street Extension, Marconi Walkway, Nairn Avenue Pedestrian Crossing and the Eastern Transit Garage, and provide your input.

To learn more, please visit: winnipeg.ca/easterncorridor.

Engagement Updates

Transit Garage Expansion Round 1 Public Engagement Summary Report now available

A report summarizing the public engagement from round 1 of the Winnipeg Transit Bus Maintenance Garage Expansion project is now available online. A second information session will be held in the second phase of the project to provide more detailed information about the garage expansion and a presentation of how the input from round 1 was used in the design.

For more information or to read the [summary report](#), please visit: winnipeg.ca/transitgarageexpansion.
