

PUBLIC ENGAGEMENT NEWS

New Opportunities for Engagement with the City of Winnipeg

You're invited to view community-driven design plans for new Arlington Bridge

We invite you to join us at our public information session to learn more about the project, meet project team members, and see how input was considered by the project team as part of designing a new bridge.

Date: Thursday, February 8, 2018

Time: 5 p.m. – 8 p.m.

Location: North Centennial Recreation and Leisure Centre, [90 Sinclair St.](#)

Format: Drop in with presentation at 6 p.m.

Watch our [project videos](#) to learn more about what we heard and how your input was used in the proposed bridge design. Complete a [short survey](#) to provide feedback on your experience with the Better Bridge for Arlington project.

Workshop on the redevelopment of Sister MacNamara Park

You're invited to attend a public workshop on February 5 to provide feedback on redeveloping the site of a decommissioned wading pool in Sister MacNamara Park.

Date: Monday, February 5, 2018

Time: 6 p.m. - 8 p.m.

Location: Pinkham School, [765 Pacific Ave.](#)

Format: Brief presentation at 6 p.m., followed by table discussions

Those interested in attending are asked to [RSVP](#). For more information, please visit winnipeg.ca/SisterMacNamaraPark.

Ongoing Opportunities for Engagement with the City of Winnipeg

Osborne to Downtown Walk Bike Bridge and Connections warming hut

Thank you to those who attended the workshop on January 25, submitted a postcard through a coffee shop box, or completed a survey. We are currently considering the input provided in the first phase of engagement.

Visit the Pontagon warming hut, designed by University of Manitoba Faculty of Architecture students and placed on the Assiniboine River at the approximate location of the proposed Pedestrian/Cycling Bridge. The structure will provide an opportunity to think about the project and provide feedback for how you see this connection and others in the City bringing people together.

For more information, please visit winnipeg.ca/walkbikeprojects.

Adjustable bike lane curbs pilot

The City installed adjustable bike lane curbs in two locations to test installation methods, monitor maintenance, and assess the comfort level of users. For more information, to fill out a survey or to view a map of the changes online, please visit winnipeg.ca/walkbikeprojects and select an adjustable bike lane curbs project. The survey will be open for the duration of the pilot project.

Engagement Updates

Pembina Highway speed limit review

Thank you to those who attended the information session on November 30, 2017 and completed an online survey. There were approximately 35 community members in attendance at the event and approximately 600 surveys were completed in total (online and in-person). The survey was open from November 16, 2017 to December 7, 2017.

The public engagement summary is now available online. The public engagement summary was submitted as an administrative report for Standing Policy Committee on Infrastructure Renewal and Public Works (SPC-IRPW) consideration. SPC-IRPW approved the Public Service's recommendation; the City will now apply to the Provincial Highway Traffic Board to change the speed limit.

For more information, please visit winnipeg.ca/Pembinaspeedlimit

This newsletter is sent out every other Thursday. We strive to promote events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
