Ongoing Opportunities for Engagement with the City of Winnipeg

OurWinnipeg Residential Growth Study Survey

Winnipeg's population is expected to grow by 200,000 over the next 20 years. How can it grow in the best way possible? The City is prioritizing areas for growth as part of the OurWinnipeg Review and the first step in this process is to develop a set of criteria that will be used to analyze all potential growth areas. Please complete this [survey](#) to help us weight the various potential criteria. The survey will be available until June 5.

The Speak Up Winnipeg team will also be popping up across the city to discuss the Residential Growth Study. Drop by to learn more about this work and fill out a survey. For more information, please visit speakupwinnipeg.com.

Apply to be part of the Vehicles for Hire Advisory Committee

We are now accepting applications to be a member of the committee that will discuss vehicles for hire and provide their input directly to the Winnipeg Parking Authority. The terms of reference and application form for the Vehicles for Hire Advisory Committee can be found on winnipeg.ca/vehiclesforhire. Completed application forms can be submitted to WPA-VFH@winnipeg.ca and will be accepted until June 1.

Recreation and Parks Strategies Survey

Share your input through an online survey on recreation and parks services and infrastructure, and tell us where your priorities lie in order to help inform the Recreation and Parks Strategies. The Strategies will provide a 25-year framework to help guide recreation and parks programs, services, policies, standards and procedures, and future investment in existing and new infrastructure.

The [survey](#) will be accepting feedback until June 30 and is available online at: winnipeg.ca/RecandParks

Adjustable bike lane curbs pilot

The City installed adjustable bike lane curbs in two locations to test installation methods, monitor maintenance, and assess the comfort level of users. For more information, to fill out a survey or to view a map of the changes online, please visit winnipeg.ca/walkbikeprojects and select an adjustable bike lane curbs project. The survey will be open for the duration of the pilot project.
