

# **PUBLIC ENGAGEMENT NEWS**

## **New Opportunities for Engagement with the City of Winnipeg**

### **Community Traffic Study Coming soon to Lord Roberts**

The City recognizes the ongoing traffic issues in the Lord Roberts neighbourhood and is working collaboratively with the community to identify solutions. The purpose of the Lord Roberts Community Traffic Study is to identify community traffic concerns, validate those concerns with real data, and develop and implement solutions to improve transportation in Lord Roberts.

If you are interested in getting involved, [sign up for updates](#) or apply to be on the [Public Advisory Committee](#). Opportunities to provide feedback online and in-person will be available in 2019.

For more information, please visit [winnipeg.ca/lordrobertstraffic](http://winnipeg.ca/lordrobertstraffic).

## **Ongoing Opportunities for Engagement with the City of Winnipeg**

### **Share your thoughts on the Princess Street bike connection design**

We have developed a proposed preliminary design of a protected bike lane on Princess Street, based on previous stakeholder feedback, that will further connect

North Winnipeg and the west Exchange District with the rest of the Downtown network and Assiniboine Avenue bike lanes, closing gaps in the Downtown network.

We are asking for your input regarding the proposed improvements on Princess Street between William Avenue and Higgins avenues. Thank you to those who attended the information session on December 5, 2018. If you were unable to attend, review the [proposed design online](#), and fill out the [comment form](#) to share your feedback. The comment form is open until Wednesday, December 19, 2018.

**For more information, visit:** [winnipeg.ca/walkbikeprojects](http://winnipeg.ca/walkbikeprojects)

## Contribute to the Wolseley to Downtown Walk Bike Project

You are invited to help mold the design of Wolseley's pedestrian and cycling connections. The City of Winnipeg is developing the [Wolseley to Downtown Walk Bike Project](#) in an effort to enhance accessibility, connectedness, and travel options for the neighbourhood. The project is part of a larger vision for Winnipeg's Pedestrian and Cycling Strategies.

Thank you to those who attended the recent pop-up events held in the neighbourhood. Share your thoughts with the City online through an [interactive survey](#). The survey is open until Thursday, December 6, 2018.

Do you attend or have children who attend a school in Wolseley? We are also conducting School Travel Planning for three schools: Wolseley School, Mulvey School, Laura Secord School. If you have a child who attends one of these schools, please consider filling out a [school travel planning survey](#) to support the process.

## Engagement Updates

## Residential Infill Strategy

Thank you to all those who attended our public open house on September 19 or completed our online survey. Feedback has been summarized and is available in [Public Engagement Summary 3](#).

An administrative report is being prepared for the Standing Policy Committee on Property and Development, Heritage, and Downtown Development. The report will include a summary of all the public engagement activities undertaken to date. The report will also make recommendations regarding proceeding with the Infill Strategy Implementation Action Plan.
