New Opportunities for Engagement with the City of Winnipeg

French Language Services Review Survey

Help shape the future of French language services in Winnipeg. Get involved and tell us which City services you access in French, which services you would like to access, and how we can better meet the needs of French-speaking Winnipeggers.

The feedback gathered as part of the review will help inform recommendations for Council's consideration.

Participate online

Share your experiences on using the City's French language services and let us know how we can make improvements by filling out an [online survey](#), available from May 15 to June 12, 2019.
