Ongoing Opportunities for Engagement

Welcoming Winnipeg Phase 2

Your feedback has identified that the community feels strongly about all the options to create new, to add to, and to remove various historical markers and place names. The results and what we heard from the community in phase 1 are available in a [What We Heard](#) report.

Phase 2 of this initiative includes gathering input on a proposed nomination process and criteria for evaluation to guide how we move forward in reconciling our City's history. Take part in this next phase of engagement and have your say in the future of creating a Welcoming Winnipeg through the [survey](#), available until August 2, 2019.

For more information, please visit winnipeg.ca/welcomingwinnipeg.

St. James Community Parks and Recreation Improvements

Thank you to over 1,000 St. James residents who have already completed the survey. The [online survey](#) is available until August 5 and will help determine gaps in parks and recreation needs in the area.

\$1.4 million in proposed funding is identified for parks and recreation amenities in the 2019 Capital Budget forecast for 2020. The City is looking at improving parks and recreation in the area of 255 Hamilton Ave. (former

Vimy Arena). We are asking for input from those in the Lakewood, Crestview, Heritage Park, Buchanan, and Sturgeon Creek neighbourhoods.

Engagement Update

Southwest Transitway route planning

Winnipeg Transit is proposing improved bus routes in southwest Winnipeg to coincide with the opening of the Southwest Transitway (Stage 2) in April 2020, subject to Council approval. Thank you to those who provided feedback in April 2019. Winnipeg Transit will continue to refine the routes over the summer and will present the routes to Council in fall 2019.

Learn more about the proposed BLUE Line on the [Routes tab](#) and visit the [Engage tab](#) to view a summary of what was heard during the public engagement.
