

PUBLIC ENGAGEMENT NEWS

New Opportunity to get involved

Transit Master Plan Phase Two

Phase Two of the Winnipeg Transit Master Plan public engagement has begun. We want to hear Winnipeggers' feedback and input into the proposed network design, including the proposed routes. Your input will inform the draft Winnipeg Transit Master Plan, which we will share with you in early 2020.

[What we heard in Phase One](#) of the Winnipeg Transit Master Plan shows that Winnipeg's transit network needs to change to move the most people where they want to go, quickly and reliably. In this phase of engagement, we are asking for your feedback on the proposed changes, including the proposed routes. To learn more about these proposals, check out the [proposed network design](#).

Online

Take the online survey here: [Phase Two Proposed Network Design](#)

In person

We will be holding workshops, community conversations and drop-in events to gather public input throughout the city. Learn more [here](#).

Engagement Update

Low Income Transit Pass

A [summary of feedback](#) received through our stakeholder survey is now available online. The survey was promoted through various agencies and community organizations from June 20 to July 10, 2019.

Feedback collected through this survey was included in a report to the Standing Policy Committee on Infrastructure Renewal and Public Works on October 1, 2019 and in a report to Council on October 24, 2019. Council supported the recommendations, approving the program and recommending the budget to the 2020 budget process.

To learn more about the low income transit pass, visit

winnipeg.ca/lowincometransitpass.

This newsletter is sent out every other week. We strive to promote events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
