

Public Engagement News

Update

The City of Winnipeg remains committed to maintaining essential services for our residents, while balancing the health, safety, and well-being of our employees and residents.

In recognizing that communities are focused on their health right now, we are suspending public engagement activities.

We are evaluating options for public engagement and how we can continue to stay connected to Winnipeggers and their feedback and input at this time.

Updates on specific projects and revised timelines will be provided once information is available.

For regular updates on the City's response to COVID-19 and impacts to City services, please refer to: winnipeg.ca/COVID-19

This newsletter is sent out every other Thursday. We strive to promote events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
