### New Opportunities

#### Transit Master Plan

Phase Three of public engagement for the Winnipeg Transit Master Plan has begun. In the fall of 2019, we asked for public input on a proposed new transit system. We have included the public's feedback into the [draft Winnipeg Transit Master Plan](#) and are now asking Winnipeggers to share their thoughts on rapid transit and accessibility.

#### Urban Forest Strategy

Winnipeggers enjoy and value the city's trees. Now is the time to plan to ensure we continue to enjoy our urban forest for years to come.

There are a few different options for getting involved in phase 1. Choose what works best for you. Visit [winnipeg.ca/urbanforest](http://winnipeg.ca/urbanforest) for more information.

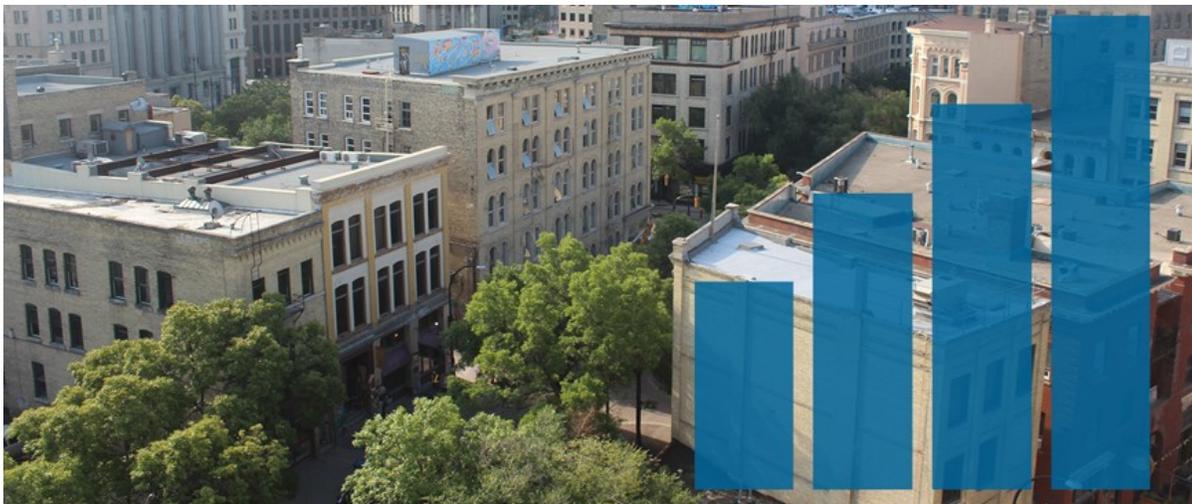

## Transportation Master Plan: 2050

Phase 1 engagement will begin in November. But, before we start, we're reaching out to stakeholders and neighborhoods to form advisory groups that will give us critical insight into transportation from specific perspectives.

That's where you come in - [Apply to join one of our five neighborhood advisory groups!](#)
