

New Opportunity

Transportation Master Plan: 2050

How do you get where you're going?

We want you to help us shape the future of Winnipeg's transportation network!

Public engagement on Transportation Master Plan 2050 (TMP2050) is now underway.

Participate online, host your own discussion, attend a panel discussion, or post on social media.

Submit feedback until December 11. Learn more about the Transportation Master Plan and all the ways to get involved: winnipeg.ca/tmp2050.

Update

Open Streets (Enhanced Sunday/Holiday Bike Routes)

Thank you to all those who participated in the Open Streets survey earlier this year. A public engagement summary is now available and provides an overview of the feedback collected.

Please visit the [Document Library](#) to view the [public engagement summary](#) and [appendices](#). Findings of this report were presented at a meeting of the [Standing Policy Committee on November 10, 2020](#). Public Works will consider the findings of this report when making recommendations to SPC-IRPW on the future of the Open Streets.

We strive to promote events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
