Ongoing Opportunities

Transportation Master Plan: 2050 - How do you get where you're going?

We want you to help us shape the future of Winnipeg's transportation network!

We heard from a fantastic set of panelists on Tuesday, November 24 and had further discussion at a virtual event on December 2.

Get your feedback in before Phase 1 **ends on December 11:**

- Host your own discussion with your household or virtually - [Download the discussion kit](#)
- Submit your discussion kit or complete the [survey](#) or [mapping tool](#).

Learn more about the Transportation Master Plan: winnipeg.ca/tmp2050.

Lord Roberts Community Traffic Study

Thank you those who attended the community event on December 1.

If you live, work, visit, or travel through Lord Roberts, learn more about traffic solution plans and provide feedback on options to tell us what you prefer

Take a [survey](#) until December 13. Visit winnipeg.ca/lordrobertstraffic to learn more.

Updates

Transit Priority Seating Review

Thank you to all those who provided their feedback as part of the Transit Priority Seating Review. The [public engagement summary](#) is now available in the Documents section of the webpage.

Learn more at winnipeg.ca/priorityseating.

Osborne to Downtown Walk Bike Bridge and Connections

Following the public engagement and design process for the Osborne to Downtown Walk Bike Bridge and Connections project, the preliminary design of the bridge and parks and functional design of pedestrian and cycling connections are now complete.

The public engagement [summary](#) and [report](#) are now available and provide an overview of the feedback collected for the project.

Information on next steps and the recommended options for the bridge, parks, and cycling connections are available on the [project webpage](#).

Residential Food Waste Collection Pilot Project

Phase 1 of public engagement for the Residential Food Waste Collection Pilot Project is now complete. Phase 1 provided baseline information for the pilot project and was collected prior to the start of the pilot project. This included a city-wide scientific survey and pilot resident survey.

A [public engagement summary](#) is now available the [Document Library](#) and provides an overview of the feedback collected for the project.

For more information, please visit winnipeg.ca/foodwastecollection.

We strive to promote public events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
