Engagement Updates

Winnipeg Transit Master Plan

Phase 3, the final phase of public engagement for the Winnipeg Transit Master Plan, was completed in fall 2020. A [summary](#) of the feedback collected during this phase is now available.

The [final plan](#) was [laid over for consideration](#) and will be considered by the Standing Policy Committee on Infrastructure Renewal and Public Works on Friday, April 16.

For more information, visit: winnipeg.ca/transitmasterplan

Residential Food Waste Collection Pilot

Phase 2 of public engagement for the Residential Food Waste Collection Pilot Project is complete. Phase 2 of public engagement occurred approximately one month after food waste collection began, which allowed pilot participants to provide feedback early on in the project. The feedback will help the City identify initial barriers and learning curves, understand if residents value the food waste collection service, and design a city-wide program if one is pursued in the future. The [Phase 2 Public Engagement Summary](#) and [appendices](#) are now available and provide an overview of feedback.

For more information, visit: winnipeg.ca/foodwastecollection.

We strive to promote public events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
