Responsible Pet Ownership By-law Review

The City is reaching out to stakeholder organizations to get feedback on the proposed updates to the by-law. The objectives are to:

- Inform stakeholders about current pet ownership issues
- Explain the need to update the by-law
- Share proposed ideas
- Gather feedback from stakeholders

Stakeholder feedback will be used to refine the proposed ideas, which will be presented to Council in winter 2021/22.

Anyone else who has feedback can submit comments through email before September 7 RPObylaw@winnipeg.ca.

Transportation Master Plan: 2050

Thank you to everyone who took time to share feedback during Phase 1 of the Transportation Master Plan: 2050.

You helped the project team understand how Winnipeggers view the city's transportation network, as well as how they use it, where they are challenged, and in what broad areas they would like to see improvements. A [public engagement summary](#) and [report](#) are now available.

The team has also been working on a [Current State report](#) and [summary](#).

Phase 2 public engagement is planned to launch in fall 2021.

Community Safety Strategic Action Planning Project

In 2019 and 2020, the City reached out to community-based program and service providers to identify barriers and discuss opportunities to improve the delivery of community safety and wellbeing programs, services, and related initiatives. Stakeholder engagement included an online survey, workshops, and the creation of a stakeholder planning group.

A [stakeholder engagement summary](#) is now available for the Community Safety Strategic Action Planning Project.

A strategic action planning document will be presented to the Executive Policy Committee and Council in fall 2021.
