East of the Red RecPlex

The City of Winnipeg (City) is updating the 2018 Feasibility Study for the proposed East of the Red RecPlex, an approximately 90,000 square foot multi-use recreation centre. The proposed recreation centre is planned for the north-west corner of Transcona Boulevard and Plessis Road, next to the Transcona Library.

Take the [survey](#) and join us at a virtual open house to learn more about the proposed East of the Red RecPlex and provide feedback on the need, design, and potential amenities. Feedback will support the 2018 Feasibility Study update by ensuring the proposed facility and amenities continues to align with residents' needs.

Date: Monday, November 8, 2021

Time: 6 p.m. to 7:30p.m.

Registration: [Register now!](#)

Instructions for participation will be sent following registration. Those without internet access are asked to call 204-956-0396 to register.

The [survey](#) closes Monday, November 15, 2021.

For more information, visit winnipeg.ca/eastofthered.

Archives Strategy

A [summary of feedback](#) from the Archives Strategy engagement and the [appendices](#) are now available.

In addition to information gathered through public engagement, the City also conducted a cost-benefit analysis of the options and considered this information, along with the consultant's reports, in the development of recommendations.

An [administrative report](#) with recommendations for the Archives programming and facility will be presented to the [Standing Policy Committee on Property and Development, Heritage, and Downtown Development \(SPC-PD\) on November 10, 2021](#). If you would like to [appear as a delegation](#), please [contact the City Clerk's Department](#) by 4:30 p.m. on November 9, 2021.

For more information, visit: winnipeg.ca/archivesstrategy.

Henderson Highway North Improvements Study

[Last week to add your input to the interactive map!](#)

We are asking Winnipeggers to identify current issues and experiences on the [interactive map](#) to hear about existing conditions and issues in the area. **The [interactive map](#) will be available until November 6, 2021** on the [project webpage](#).

The Henderson Highway North Improvements Study is looking to improve safety, traffic flow, and livability along Henderson Highway from Gilmore Avenue to the north city limit at Glenway Avenue. The input collected during Phase 1 of public engagement will help the project team create a functional design. A functional design is used to support some early decision making and to support the next level of design but not construction.

For more information, visit winnipeg.ca/henderson.

We strive to promote public events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
