Enhanced Summer Bike Route Program

The 2021 Enhanced Summer Bike Route Program routes have now been added to the Pedestrian and Cycling Strategies' study prioritization list as potential locations for future permanent cycling infrastructure. Locations on this list are studied when time, budget, and resources allow.

We are now conducting a [survey](#) that will help us better understand how community members, residents, and cyclists experienced the pilot as well as whether there is desire to continue any or all of the routes in an interim fashion beyond 2021. Your feedback will be presented alongside information on costs, usage, and operational considerations in a report to Council in 2022. The [survey](#) will remain open until December 17, 2021.

For more information, visit winnipeg.ca/summerbikes.

Transportation Master Plan: 2050

Thank you to all who attended the Transportation Master Plan: 2050 telephone town hall and public workshops over the past two weeks. The final public workshop is happening tonight.

The Active City: *Updating the Pedestrian & Cycling Strategies*

Date: Thursday, December 2, 2021

Time: 6:30 p.m.–8:30 p.m.

Location: Online Zoom event

Registration: [Register now](#)

A [survey](#) will also be available until December 17, 2021.

Your feedback and input will help us ensure the draft TMP2050 document reflects your values and priorities, and address key concerns that Winnipeggers have with the current transportation network.

For more information, visit winnipeg.ca/TMP2050.

We strive to promote public events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
