

Responsible Pet Ownership By-law Review

LAST CHANCE to take the Responsible Pet Ownership By-law Review [survey](#) to share your thoughts on criteria and approaches to regulating exotic animals in Winnipeg, as well as urban chicken keeping and breed-specific legislation. The survey is available until February 13, 2022.

The Responsible Pet Ownership By-Law regulates the presence of wild and domesticated animals within Winnipeg, their activities, and the activities of their owners. Since the by-law came into force in 2013, opportunities have been identified to strengthen it to improve the safety of both pets and the community. Best practices in animal control and welfare have also evolved since the last review.

Parking Signs Pilot

Tell us what you think of the new pilot parking signs and revised parking guides in the Exchange District. The [survey](#) is available until March 21, 2022.

Easier to read parking signs is better for drivers and businesses, and helps to reduce congestion. That's why we are trying out a few different approaches to improve parking signs to make it easier to understand where and when you can park.

The intent of the pilot is to improve parking signs on the following street segments in the Exchange District:

1. Bannatyne Avenue between Main Street and Waterfront Drive
2. King Street between Notre Dame Avenue and William Avenue
3. Arthur Street Between Bannatyne Avenue and Notre Dame Avenue

For more information, visit winnipeg.ca/parkingsignspilot.

We strive to promote public events at least two weeks ahead through other means such as newspaper ads, social media, and direct mail.
