

Sturgeon Athletic Field Off-Leash Dog Area

A new off-leash dog area is being proposed for the Sturgeon Road Athletic Field located north-west of the intersection of Sturgeon Road and Silver Avenue. The proposed design features fencing around the perimeter, picnic tables, benches, shade trees, a community message board, in-ground self-closing waste container, and expanded on-site parking.

Residents are invited to review the [proposed design](#) and take the [survey](#) until Wednesday, June 1, 2022. Your feedback will help us refine the proposed design and ensure the off-leash area meets the needs of the community.

Recycling Strategy for Apartments and Condos

Final week to take the Recycling Strategy for Apartments and Condos [survey](#)! The [survey](#) closes Sunday, May 8, 2022.

We are looking for input from **residents who live in multi-family dwellings such as apartments and condos** on what programs and services you currently use, what barriers and challenges you currently experience, and what would make recycling easier and more convenient for you.

The City is committed to reducing the amount of waste going into our landfills and doing its part to help fight climate change. One way to do this is by making recycling easier and more convenient for residents who live in apartments and condos. We're developing a Recycling Strategy for Apartments and Condos that will recommend ways to keep more waste out of our landfill.

For more information, visit winnipeg.ca/recyclingstrategy.
