

St. Boniface to Downtown Walk Bike Project

The City is exploring options to improve travel choices, accessibility, and connectivity between the Esplanade Riel Footbridge / Provencher Bridge and the multi-use path on Archibald Street south of Nairn Avenue. The study will also include connections to the Southeast Corridor, Taché Promenade, and Notre Dame Street pedestrian bridge over the Seine River.

Phase 2 engagement is here! We are asking for feedback on three possible routing options west of the Seine River and one recommended route east of the Seine River to connect to Archibald Street.

Sturgeon Athletic Field Off-Leash Dog Area

A new off-leash dog area is being proposed for the Sturgeon Road Athletic Field located north-west of the intersection of Sturgeon Road and Silver Avenue. The proposed design includes fencing around the perimeter, picnic tables, benches, shade trees, a community message board, an in-ground self-closing waste container, and expanded on-site parking.

Residents are invited to review the [proposed design](#) and take the [survey](#) until Wednesday, June 1, 2022. Your feedback will help us refine the proposed design and ensure the off-leash area meets the needs of the community.
