Re: Request for access to information under Part 2 of The Freedom of Information and Protection of Privacy Act: Application Number 18 04 366

On April 16, 2018, the City of Winnipeg received your request for access and on April 17, 2018, you clarified that you wanted access to the following:

2017 emails from the Mayor’s Office containing the terms “soy” or “soya” (Mayor + office staff)

Your request for access has been granted in part, with severing, under the following exceptions to disclosure in the Act to the 16 pages of responsive records found in our search of the Mayor and office staff records:

**Disclosure harmful to a third party’s business interests**

18(1) The head of a public body shall refuse to disclose to an applicant information that would reveal:
   (c) commercial, financial, labour relations, scientific or technical information the disclosure of which could reasonably be expected to
   (i) harm the competitive position of a third party,
   (iv) result in similar information no longer being supplied to the public body when it is in the public interest that similar information continue to be supplied

Section 18 is a general, mandatory exception that protects the business interests of third parties. In this case, it is combined with sections (c)(i)(iv) which more specifically protect the financial information severed from the responsive record. As required by section 7(2) of the Act, we have severed information that is excepted from disclosure and have provided you with as much information as possible and, in accordance with section 14(1)(a) of the Act, a copy is attached.

Section 59(1) of the Act provides that you may make a complaint about this decision to the Manitoba Ombudsman. You have 60 days from the receipt of this letter to make a complaint on the prescribed form to the Manitoba Ombudsman (Mail: 750-500 Portage Avenue, Winnipeg MB R3C 3X1; Telephone 204-982-9130 or 1-800-665-0531).

If you have any questions, please call me at (204) 986-3141.

Sincerely,

Denise Jones
Access and Privacy Coordinator
Bonjour,

Thank you for your interest in Cirque Du Soleil!

Cirque du Soleil wants you to be part of the magical and exclusive experience of KURIOS VIP Reception by offering you our VIP Package at an exclusive price!

For $100.00 per adult

Subject: Make it a Manitoban Mother’s Day!

---

Make it a Manitoban Mother’s Day

Manitoba’s Capital Region growing and so are our local businesses! A perfect pairing with Mother’s Day coming up to show your support for Manitoba companies while celebrating the wonderful women in your life.

There are many local companies in Manitoba that create amazing products that will be sure to brighten your mom’s day. Here are some great ideas for mom and where to buy gifts that support Manitoba businesses:

1. Constance Popp chocolates – sells high quality chocolates and chocolate products, located at 180 Provencher Blvd in Winnipeg.
2. Frescolio Fine Oil and Vinegar Tasting Bar – sells over 60 types of oil and vinegar, located at two Winnipeg locations: 2–929
Corydon Ave and 5–1604 St. Mary’s Rd.

3. Joyful House – a business based out of Niverville that sells a variety of unique and creative accent pillows sold via Etsy.

4. Shut Ur PieHole! – sells hand made pies that are packaged in Mason jars, located at 1079B Autumnwood Drive.

5. Coal and Canary – a business based in Winnipeg that sells soy and vegetable waxed based candles that clean burn and are smoke free. Visit their website to purchase products.

From all of us at the PMCR, we hope all Manitoba Mom's have a wonderful Sunday!

---

**PMCR Mayors & Reeves Help Launch Winnipeg’s Neighbour Day**

Capital Region Mayors and Reeves were invited by City of Winnipeg Mayor Brian Bowman on May 10, 2017 to help kick-off the launch of Winnipeg’s first Neighbour Day taking place on May 27, 2017. Neighbour Day was designed to help build relationships between residents in Winnipeg communities and those in the Manitoba Capital Region. Communities can get involved by hosting a block party, organizing a community clean-up or by having a picnic in the park.
In the spirit of the Manitoba Capital Region and all 18 municipalities, including the City of Winnipeg, working together to build a strong and prosperous region, the day included a fun game of ball hockey where local leaders showed off their stick-handling skills. The launch demonstrated the importance of collaborating with neighbours in order to achieve goals set out by the regional growth strategy created by Manitoba Capital Region Mayors and Reeves titled *Securing Our Future: An Action Plan for Manitoba’s Capital Region.*

This action plan was designed to meet the needs of a growing region over the next 25 years. We know Winnipeg and Manitoba’s Capital Region are growing and will reach one million people by 2040. Addressing gaps in communities not only through infrastructure and services, but through relationships equally, will help to ensure we build a strong, connected and sustainable Manitoba Capital Region now and for our future.

**Collaborate to Compete: Few Tickets Remaining**

Heading to FCM 2017? Don’t miss Winnipeg’s Mayor Bowman as he joins other Big City Mayors to talk about regional collaboration. Hope you can join us!
Thank you to our loyal partners for your continued support:

Contact Form

Name of the event = Run at The Ridge 2km and 5 km Family Fun Run

Name of organization = Run at The Ridge

Contact person = Cheryl Zealand

Contact phone number(s) = 204-955-8417

Contact email address = cherylzealand@gmail.com

Date and Time of the event = Saturday May 6th 8:30 am

Time of Mayor’s speaking = 8:30 am race start 2km and 9:15 am race start 5 km

Expected number of attendees = 1400

Location and address of the event = 400 scurfield - whyteridge school

Specific role being requested of the Mayor = Special guest to start our races and welcome everyone to the event

Internet site address if available = www.runattheridge.com

Names and titles of other speakers = sue zając and cheryl zealand as chair and co chair of the race

If the Mayor is not available, would you like a City Councillor to attend on his behalf? = 0

Comments = Our event is geared towards family and community with ALL money raised going towards the local schools, the Tough Track program and the SDV Foundation ( provides scholarship for university to a high school student that has come out of prescription drug abuse as one of our community members lost a son 2 years ago to it)
SPROUTED
The plant ingredient opportunity taking root on the prairies

Around the world, a growing middle class with more money to spend on food has an appetite for more and better options. Consumers in North America and Europe want green and sustainable food choices. Demand for protein, particularly plant-based protein, and other plant-based ingredients, is sky-rocketing. In addition to food and drinks, plant-based ingredients are sought after for use in nutraceuticals, pharmaceuticals, cosmetics, pet food, animal feed and bio-based plastics. They're also incredibly high in value. The demand for plant-based protein alone is already valued at more than US$8 billion.
Today, the Canada West Foundation released *Sprouted: The plant ingredient opportunity taking root on the Prairies*.

Plant ingredient processing presents the type of opportunity that only comes once in a generation. Manitoba, Saskatchewan and Alberta already grow large volumes of relevant crops (like lentils, peas and beans), house plant-science and ingredient research and development, have good transportation and logistics infrastructure and enjoy the benefits of preferential access to the U.S. market. But without industry and government making this a priority, the potential of the plant-based ingredient opportunity will be lost. The report recommends concrete steps that Ottawa, the provinces and industry can take to realize this opportunity so the Prairies can dominate the non-soy plant ingredient industry.

We encourage you to read the report, circulate it with your networks, and share it on social media (@CanadaWestFdn)

Hi Jason,

It was nice to have the chance to talk with you the other day and with thanks to Travis for making the connection.

Attached are the media points that we can share and also include some of the trade flow back to Canada which highlight the importance for both countries.

If there is anything else that we could help with, please don't hesitate to ask.

Regards,
Jim

Jim, Heather,

Thank you for your time on Thursday, it was much appreciated. I look forward to the additional information regarding Cargill that we discussed. My contact information is below, feel free to contact me anytime. For your reference we will be having a meeting of the Big City Mayor’s Caucus before the end of the calendar year so these conversations are timely.

Regards,

Jason

NAFTA Canada Media Briefing: Stats

Canada: Trade Stats

- Since the enactment of NAFTA, total U.S. agricultural exports to Mexico and Canada have quadrupled—from $8.9 billion in 1993 to $38.6 billion in 2016—supporting 15 million jobs in the United States alone.

- Canada is the largest agricultural export market for the United States with $20.5 billion in annual agricultural exports.

- The U.S. and Canada have a balanced partnership with agriculture and agri-food trade between the two countries totaling $47.2 billion annually. (source: Agriculture and Agri-food Canada – Government of Canada)

- In 2016, NAFTA rules saved Cargill Canada approximately $9.1 billion which through competition allows for much of those saving flow to other stakeholders in the value chain.

- Nearly nine million jobs (1 in 17) in the U.S. rely on trade and investment with Canada. (source: Agriculture and Agri-food Canada – Government of Canada)

- Most of the food that Canada imports (64%) originates from the U.S. and is made by American manufacturers. (source: Agriculture and Agri-food Canada – Government of Canada)

- The U.S. is Canada’s most important export destination accounting for 50.8% of total Canadian exports. (source: Agriculture and Agri-food Canada – Government of Canada)

- 1 in 10 acres on American farms is planted to support exports to Canada and Mexico. Canada is the largest agricultural export market for the United States with $20.5 billion in agricultural exports.

- Percent of acres going to Can & Mex by commodity:
  - Barley 1%
  - Corn 4%
  - Oats 1%
  - Soy 3%
  - Sorg 5%
  - Wheat 4%
Cargill in Canada: Business Stats

- Cargill employs over 8,000 people across 11 businesses, with locations from British Colombia to Quebec.

- In the last five years, Cargill has invested nearly $1B in Canada. As a leading agribusiness, we recognize the importance of Canada in global agriculture and food production, which has resulted in Canada being one of Cargill’s top five countries for investment.

- Cargill’s primary businesses in Canada include: origination, storage, handling and processing of grain and oilseeds; production of beef, poultry; animal nutrition products and services; food ingredients, including starches, sweeteners, malt, oils, and chocolate products; as well as salt and deicing technologies.

Beef

- Cargill’s High River, Alberta and Guelph, Ontario facilities process 1.5 million cattle each year.

- Canada exports 28% of processed cattle to the U.S. (Source: Canada Beef Producers)

- Feeder cattle born in Mexico and Canada and fed and processed in the U.S. serve as a critical link in the value chain for the nearly 800 million pounds or $1.5 billion worth of beef products produced for the domestic market and exported globally each year.

- In 2016, Cargill exported over 250 million pounds of beef and turkey products to Mexico and Canada, valued at over $550 million.

Canola oil

- At our vegetable oil refining facilities across the U.S., Cargill processes more than 500 million pounds of Canadian crude canola oil, imported from canola processing facilities like Cargill’s state of the art facilities in Camrose, Alberta and Clavet, Saskatchewan, into various refined oil blends.

- It’s estimated that Canadian-grown canola generates $26.7 billion in economic activity in Canada (Source: Canola Council of Canada) and an average of $6.4 billion in annual economic activity in the U.S., including approximately 16,000 jobs each year as Canadian canola and its products are processed, transported, used in food manufacturing and fed to livestock and dairy.
Corn, soybean

- Cargill's facilities in Iowa, Illinois, Indiana, Kansas, North Dakota, Nebraska and Ohio processed nearly **20 million metric tons** of U.S. corn and soybeans in 2016.

- Under NAFTA, the tariffs for these products went to zero, and today Canada consistently serves as a top export market for U.S. corn and soy products, valued at **$2.4 billion**.
China

$21.4 billion U.S. Agricultural Exports, 2016

Top 5 U.S. Exports
1. Soybeans ($14.2 billion)
2. Cows and Goats ($10 billion)
3. Poultry ($8.5 billion)
4. Pork ($7.8 billion)
5. Cotton ($5.5 billion)

*Excluding Cans

Export Growth
2006-2016
$6.7 billion
21.9% Increase
$21.4 billion
