Re: Request for access to information under Part 2 of The Freedom of Information and Protection of Privacy Act: Application Number 18 04 405

On April 25, 2018, the City of Winnipeg received your request for access to the following:

Please provide documentation on any communications to or from Mayor Brian Bowman discussing United Fire Fighters of Winnipeg President Alex Forrest since January 1st, 2018.

Your request for access has been granted in part, with severing, under the following exceptions to disclosure in the Act:

**Disclosure harmful to security of property**

26 The head of a public body may refuse to disclose information to an applicant if disclosure could reasonably be expected to harm or threaten the security of any property or system, including a building, a vehicle, an electronic information system or a communications system.

Section 26 is a discretionary exception intended to protect the security of property, including communication systems. In this case, it has been applied to sever a mobile telephone number. As required by section 7(2) of the Act, we have severed information that is excepted from disclosure and have provided you with as much information as possible and, in accordance with section 14(1)(a) of the Act, a copy is enclosed.

Section 59(1) of the Act provides that you may make a complaint about this decision to the Manitoba Ombudsman. You have 60 days from the receipt of this letter to make a complaint on the prescribed form to the Manitoba Ombudsman (Mail: 750-500 Portage Avenue, Winnipeg MB R3C 3X1; Telephone 204-982-9130 or 1-800-665-0531).

If you have any questions, please call me at (204) 986-3141.

Sincerely,

Denise Jones
Access and Privacy Coordinator
Mayor Bowman and Councillors,

In light of a recent media request we received, I wanted to provide you all with a heads-up about the response we plan to send today.

The media request concerns the UFFW, and an Agreement between the City and the UFFW regarding reimbursement of Alex Forrest’s salary and benefit costs.

A simplified history on this is as follows:
- historically, for a significant period of time prior to 2014, the City of Winnipeg paid 100% of Alex’s salary and benefit costs, with no reimbursement by UFFW
- this was the result of an agreement arrived at between then-Chief Brennan and the UFFW, and existed for quite some time
- around 2013, concerns were raised by some Councillors regarding how union officials were being compensated, and in particular, what portions of their salary and benefit costs were being covered by the City
- analysis of the various bargaining units revealed that the arrangement with the UFFW was rather unique; every other City union compensated the City fully for their President’s salary and benefit costs
- at the same time, discussions were occurring with UFFW about this arrangement, and it was agreed clarification would be sought in the following round of bargaining
- through bargaining, the issue of Alex’s salary and benefits was addressed by Letter of Understanding 20 to the Collective Agreement that was ratified by Council in January 2014. Through that LOU, the Public Service was directed to negotiate a new arrangement, with the understood expectation that any revised arrangement would improve upon the 0% compensation provided by UFFW at the time. As a result, the attached Letter of Agreement was finalized, providing that the UFFW would reimburse the City for 40% of salary and benefits paid to Alex while he serves as President. The LOA also clearly articulates that this arrangement only exists as long as he remains President, and when his tenure ceases, the parties agreed to revert to strict application of the terms of the Collective Agreement; that Agreement provides for all UFFW Executive (including the President) to be compensated on union leave to a maximum of 1050 hours (essentially, 1/2 year for one individual).

The attached LOA was not before this Council when you ratified the most recent Collective Agreement, as the LOA contemplates an agreement that binds the City for as long as Alex Forrest remains in the position of President.

I just wanted you all to be aware of its existence, particularly if any of the details therein become the subject of media reports. I am available at any time to discuss any of this, so please don’t hesitate to contact me at 26

Thanks,
Mike
LETTER OF AGREEMENT

Between the City of Winnipeg Fire Paramedic Service and
United Fire Fighters of Winnipeg Local 867 of IAFF

RE: UFFW PRESIDENT LEAVE OF ABSENCE – ALEX FORREST

Pursuant to the Memorandum of Agreement dated January 27, 2014, The City and the Union agree to the following on a without prejudice or precedent basis for the remainder of the time in which the current President, Alex Forrest, remains as President of UFFW Local 867. At the end of his presidential term, the successor president will be bound by the strict interpretation and application of the relevant articles of the Collective Agreement.

1. The parties agree that the current UFFW President will be placed on paid Union Leave for the duration of his term as UFFW President. The UFFW will be responsible for paying forty percent (40%) of his salary and benefit costs.

2. It is agreed and understood that this leave is granted so that the City and UFFW can engage in participative and cooperative problem solving in a respectful manner.

3. The salary and benefits shall include base salary at the Lieutenant classification, and shall include all benefit costs including pension. The UFFW President is not eligible for Night Shift Premium. The City will calculate this cost at the end of the calendar year and provide UFFW with an invoice. The UFFW will remit their forty percent (40%) of this cost to the City of Winnipeg within thirty (30) days of receipt of invoice.

4. In the case of a workplace injury where Workers Compensation is payable, the provisions of the Workers Compensation Article of the Collective Agreement will apply to the UFFW President, and the UFFW will reimburse the City of Winnipeg forty percent (40%) of the full costs borne by the City of Winnipeg, including but not limited to salary and benefits, medical costs etc. for the period that the UFFW President is covered by Workers Compensation.

5. It is agreed by the parties that it is assumed/deemed that the UFFW President uses all of vacation time, stat time, and lieu time annually.

6. It is agreed that the UFFW President will receive Dental, Vision, Pension and Group Life Insurance benefits as if the UFFW President was an operational Firefighter, subject to the provisions of the Winnipeg Civic Employees Benefits Program and any other governing plan provisions.

7. For purposes of sick leave accumulation the UFFW President will accumulate sick leave credits on the same basis as he would if he was working in Fire Suppression.

For purposes of sick leave utilization and cash out, his balance as at December 31, 2010 shall not be amended (unless there was an error).
For purposes of sick leave utilization and cash out from January 1, 2011 until the end of his leave of absence, it will be assumed that the UFFW President uses sick time equal to the average of the UFFW bargaining unit on an annual basis.

8. If the UFFW President leaves his President’s position, he will return to Suppression at his confirmed rank and all terms and conditions of this Letter of Agreement will terminate. Thirty (30) days’ notice is required if the UFFW President wishes to return to active duty. He will be required to undergo a medical fitness evaluation as per Article 9.17. He would then be required to undergo and successfully complete a reasonable training program as prescribed by the Department. He would not be permitted to perform the duties of his confirmed rank until the medical assessment and training program are completed. Once the training program has concluded, he will be subject to a twelve month probationary period in his confirmed rank as per Article 9.18. The UFFW will pay the City for forty percent (40%) of his salary and benefits cost to the date of termination of this leave.

9. While on Union Leave, the President will be eligible for promotion to Captain. The provisions of Clause 8 above apply in their entirety.

10. If the UFFW President retires as Union President at the same time that he retires from the City of Winnipeg, he is entitled to his pension and sick leave cash out as provided for in the Collective Agreement and adjusted as per Item 7 above.

11. At the conclusion of this leave, the Union agrees that it will be bound to the strict interpretation of the Union Leave Articles of the Collective Agreement.

SIGNED at the City of Winnipeg, in the Province of Manitoba this

4TH day of MARCH, A.D., 2014
