Re: Your request for access to information under Part 2 of The Freedom of Information and Protection of Privacy Act: Request Number 18 06 538

On June 7, 2018, the City of Winnipeg City Clerk’s Department received your request for access to the following records:

Background:
On April 27, 2018, the Winnipeg Free Press reported that three transportation projects proposed by the City of Winnipeg, including the “Kenaston/Route 90 Project,” had been “subjected to a detailed cost-benefit analysis review in July–August 2017 to determine which one would be chosen to receive federal funding.”

Information Request:
Please provide a copy of the July-August 2017 detailed cost-benefit analysis by the City of Winnipeg that it used to determine which one of three transportation projects referenced in the April 27, 2018 Winnipeg Free Press article noted above was to be submitted for federal funding.

I am pleased to inform you that your request for access to these records has been granted in full. Please find enclosed the City of Winnipeg’s cost-benefit point analysis from July – August 2017 considered for federal funding submissions. Portions of this document contained information about projects not responsive to this request, as such; these areas of the record were severed as ‘Non-Responsive Information’.
