10(1) If information requested is in an electronic form in the custody or under the control of a public body, the head of the public body shall produce a record for the applicant if:
   (a) it can be produced using the normal computer hardware and software and technical expertise of the public body; and
   (b) producing it would not interfere unreasonably with the operations of the public body.

14(1) Subject to subsection 7(2), the right of access is met under this Part, (a) if the applicant has asked for a copy and the record can reasonably be reproduced, by giving the applicant a copy of the record; or
