PART E – SPECIFICATIONS

Revise: E2.2 to E2.5 to read:

- E2.2 The Contractor shall provide an SDSL line service at 210 Lyle (Winnipeg Police Services District 2 Station) that will provide network connectivity to 510 Main (The City of Winnipeg's network data center), in accordance with the requirements hereinafter specified.
- E2.4 The service shall include end-to-end network connectivity from the SDSL line at 210 Lyle to a network connection on the 7th floor of 510 Main.
- E2.5 The network traffic shall be segregated from the Contractor's other customer traffic and provide dedicated downstream and upstream network transmission speed of a minimum of 1 Megabits-per-second to 2.3 Megabits-per-second.

Add: E2.6 and E2.7

- E2.6 The Contractor shall manage and maintain this data communication line for the period specified to ensure availability to the City on a 24 hours a day by 7 days a week availability with at least 99.99% uptime and a problem response time of no more than 2 hours.
- E2.7 The contractor shall notify the Contract Administrator of any normal maintenance repairs at least three (3) working days in advance.
