

## 167-2009 ADDENDUM 2

### PROVISION OF TREE MAINTENANCE SERVICES - DOWNTOWN

#### URGENT

**PLEASE FORWARD THIS DOCUMENT TO  
WHOEVER IS IN POSSESSION OF THE BID  
OPPORTUNITY**

ISSUED: March 23, 2009  
BY: Debbie Shkolny  
TELEPHONE NO. (204) 986-2249

**THIS ADDENDUM SHALL BE INCORPORATED  
INTO THE BID OPPORTUNITY AND SHALL  
FORM A PART OF THE CONTRACT  
DOCUMENTS**

Template Version: A20070419

---

Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Bid Opportunity, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 8 of Form A: Bid may render your Bid non-responsive.

---

#### PART A – BID SUBMISSION

Form B(R2): Revised Descriptions for Items 1a, 1b and 1c (approximate number of trees).

#### PART B – BIDDING PROCEDURES

Revise B3.2 to read:

- B3.2 The Bidder is advised to view the Sites so as to become aware of the sizes of the trees to be maintained.
- (a) Tree size may directly affect how much water will be required during maintenance, **but in general the diameters of the trees to be maintained are between 5 and 10cm.**

Revise B3.4 to read:

- B3.4 For the Bidder's convenience, a map displaying **the approximate locations of the trees to be maintained is attached in E8. Please be advised that one dot may represent multiple trees at that particular location.**

#### PART E – SPECIFICATIONS

Revise E2.2 to read:

E2.2 A watering cycle shall be based on all of the **four hundred (400)** trees, and in accordance with the applicable specifications:

- (a) The watering cycle shall be repeated per E2.4, E2.5, and E2.6.
- (i) hard surface boulevards with having approximately **three hundred (300)** trees;
  - (ii) turf covered boulevards with having approximately **ninety (90)** trees;
  - (iii) red shale boulevards with having approximately **ten (10)** trees.
- (b) The recognized watering and maintenance standard for the work required is approximately eight (8) to ten (10) times during the growing season (May to October).

- (c) The rule of thumb is forty (40) litres of water per twenty-five (25) mm calliper and all trees will be under twenty-five (25) cm diameter measured at one hundred and forty centimetres (140cm) above ground level.
