# PART B - BIDDING PROCEDURES

Revise: B2.1 The Submission Deadline is 4:00 p.m. Winnipeg time, October 18, 2016. to read:

## PART E - SPECIFICATIONS

E4

Add:

Add: E4.1 The Contractor shall be responsible for the clean out of the Wetl Well. Clean out shall be done by mechanical or manual methods and shall remove grit, tallow and other build-ups to the satisfaction of the Contract Administrator.

Add: E4.2 The current level of accumulation in the Wet Well is not known. Higher levels of accumulation, above that anticipated by the Contractor will not be eligible for additional

payments.

Wet Well Clean Out

Add: E4.3 The Contractor shall also ensure that all construction material and debris are removed

from the well and chamber after completing the works and prior to start-up and

commissioning of the new pumps.

Provide evidence of the Wet Well clean out in the form of photographs, or other suitable E4.4 Add:

means, acceptable to the Contract Administrator. Under no circumstances will the City pay for more than one clean out of the Wet Well. In the event that the areas are not clean at the end of the associated mechanical work, the Contractor is responsible for bearing

the cost of re-cleaning.
