#### **PART B - BIDDING PROCEDURES**

#### **B1.** CONTRACT TITLE

B1.1 POLSON FLOOD PUMPING STATION – 2020 UPGRADES

#### **B2. SUBMISSION DEADLINE**

- B2.1 The Submission Deadline is 12:00 noon Winnipeg time, September 17, 2020.
- B2.2 The Contract Administrator or the Manager of Materials may extend the Submission Deadline by issuing an addendum at any time prior to the time and date specified in B2.1.

#### **B3. SITE INVESTIGATION**

- B3.1 Further to C3.1, the Contract Administrator or an authorized representative will be available at the Site at 9:00 am on September 2, 2020 to provide Bidders access to the Site.
- B3.2 The Bidder is advised that they will be required to provide their own personal protective equipment including CSA approved safety footwear, hard hat, safety glasses, and gloves. Access into the wetwell will only be permitted if the Contractor provides their own fall arrest equipment, portable gas monitor, and respirator or self-contained breathing apparatus.
- B3.3 The Bidder shall not be entitled to rely on any information or interpretation received at the Site investigation unless that information or interpretation is the Bidder's direct observation, or is provided by the Contract Administrator in writing.

#### **B4. ENQUIRIES**

- B4.1 All enquiries shall be directed to the Contract Administrator identified in D4.1.
- B4.2 If the Bidder finds errors, discrepancies or omissions in the Tender, or is unsure of the meaning or intent of any provision therein, the Bidder shall notify the Contract Administrator of the error, discrepancy or omission, or request a clarification as to the meaning or intent of the provision at least five (5) Business Days prior to the Submission Deadline.
- B4.3 Responses to enquiries which, in the sole judgment of the Contract Administrator, require a correction to or a clarification of the Tender will be provided by the Contract Administrator to all Bidders by issuing an addendum.
- B4.4 Responses to enquiries which, in the sole judgment of the Contract Administrator, do not require a correction to or a clarification of the Tender will be provided by the Contract Administrator only to the Bidder who made the enquiry.
- B4.5 The Bidder shall not be entitled to rely on any response or interpretation received pursuant to B4 unless that response or interpretation is provided by the Contract Administrator in writing.
- B4.6 Any enquiries concerning submitting through MERX should be addressed to:

MERX Customer Support Phone: 1-800-964-6379 Email: merx@merx.com

#### **B5.** CONFIDENTIALITY

- B5.1 Information provided to a Bidder by the City or acquired by a Bidder by way of further enquiries or through investigation is confidential. Such information shall not be used or disclosed in any way without the prior written authorization of the Contract Administrator. The use and disclosure of the confidential information shall not apply to information which:
  - (a) was known to the Bidder before receipt hereof; or

- Template Version: eC020200131 Main C
  - (b) becomes publicly known other than through the Bidder; or
  - (c) is disclosed pursuant to the requirements of a governmental authority or judicial order.
- B5.2 The Bidder shall not make any statement of fact or opinion regarding any aspect of the Tender to the media or any member of the public without the prior written authorization of the Contract Administrator.
- B5.3 Notwithstanding B5.1, all quotations, invoices and other pricing related information associated with the Standardized Goods and acquired by a Bidder or its Subcontractors through enquiries, investigation or any other means is confidential. Such information shall not be used or disclosed in any way, other than meeting the requirements of this Bid Opportunity.

#### B6. ADDENDA

- B6.1 The Contract Administrator may, at any time prior to the Submission Deadline, issue addenda correcting errors, discrepancies or omissions in the Tender, or clarifying the meaning or intent of any provision therein.
- B6.2 The Contract Administrator will issue each addendum at least two (2) Business Days prior to the Submission Deadline, or provide at least two (2) Business Days by extending the Submission Deadline.
- B6.3 Addenda will be available on the MERX website at <u>www.merx.com</u>.
- B6.4 The Bidder is responsible for ensuring that he/she has received all addenda and is advised to check the MERX website for addenda regularly and shortly before the Submission Deadline, as may be amended by addendum.
- B6.5 The Bidder shall acknowledge receipt of each addendum in Paragraph 10 of Form A: Bid/Proposal. Failure to acknowledge receipt of an addendum may render a Bid non-responsive.
- B6.6 Notwithstanding B4, enquiries related to an Addendum may be directed to the Contract Administrator indicated in D4.

#### **B7.** SUBSTITUTES

- B7.1 The Work is based on the Plant, Materials and methods specified in the Tender.
- B7.2 Substitutions shall not be allowed unless application has been made to and prior approval has been granted by the Contract Administrator in writing.
- B7.3 Substitutes to the City's Standardized Goods, as identified in E2, will not be accepted.
- B7.4 Requests for approval of a substitute will not be considered unless received in writing by the Contract Administrator at least five (5) Business Days prior to the Submission Deadline.
- B7.5 The Bidder shall ensure that any and all requests for approval of a substitute:
  - (a) provide sufficient information and details to enable the Contract Administrator to determine the acceptability of the Plant, Material or method as either an approved equal or alternative:
  - (b) identify any and all changes required in the applicable Work, and all changes to any other Work, which would become necessary to accommodate the substitute;
  - (c) identify any anticipated cost or time savings that may be associated with the substitute;
  - (d) certify that, in the case of a request for approval as an approved equal, the substitute will fully perform the functions called for by the general design, be of equal or superior substance to that specified, is suited to the same use and capable of performing the same function as that specified and can be incorporated into the Work, strictly in accordance with

- the proposed work schedule and the dates specified in the Supplemental Conditions for Substantial Performance and Total Performance:
- (e) certify that, in the case of a request for approval as an approved alternative, the substitute will adequately perform the functions called for by the general design, be similar in substance to that specified, is suited to the same use and capable of performing the same function as that specified and can be incorporated into the Work, strictly in accordance with the proposed work schedule and the dates specified in the Supplemental Conditions for Substantial Performance and Total Performance.
- B7.6 The Contract Administrator, after assessing the request for approval of a substitute, may in his/her sole discretion grant approval for the use of a substitute as an "approved equal" or as an "approved alternative", or may refuse to grant approval of the substitute.
- B7.7 The Contract Administrator will provide a response in writing, at least two (2) Business Days prior to the Submission Deadline, to the Bidder who requested approval of the substitute.
- B7.7.1 The Contract Administrator will issue an Addendum, disclosing the approved materials, equipment, methods and products to all potential Bidders. The Bidder requesting and obtaining the approval of a substitute shall be responsible for disseminating information regarding the approval to any person or persons he/she wishes to inform.
- B7.8 If the Contract Administrator approves a substitute as an "approved equal", any Bidder may use the approved equal in place of the specified item.
- B7.9 If the Contract Administrator approves a substitute as an "approved alternative", any Bidder bidding that approved alternative may base his/her Total Bid Price upon the specified item but may also indicate an alternative price based upon the approved alternative. Such alternatives will be evaluated in accordance with B18.
- B7.10 No later claim by the Contractor for an addition to the Total Bid Price because of any other changes in the Work necessitated by the use of an approved equal or an approved alternative will be considered.

#### **B8. BID COMPONENTS**

- B8.1 The Bid shall consist of the following components:
  - (a) Form A: Bid/Proposal;
  - (b) Form B: Prices;
  - (c) Form G1: Bid Bond and Agreement to Bond.
- B8.2 Further to B8.1, the Bidder should include the written correspondence from the Contract Administrator approving a substitute in accordance with B7.
- B8.3 All components of the Bid shall be fully completed or provided, and submitted by the Bidder no later than the Submission Deadline, with all required entries made clearly and completely.
- B8.4 The Bid shall be submitted electronically through MERX at www.merx.com.
- B8.4.1 Bids will **only** be accepted electronically through MERX.
- B8.5 Bidders are advised that inclusion of terms and conditions inconsistent with the Tender document, including the General Conditions, will be evaluated in accordance with B18.1(a).

#### B9. BID

- B9.1 The Bidder shall complete Form A: Bid/Proposal, making all required entries.
- B9.2 Paragraph 2 of Form A: Bid/Proposal shall be completed in accordance with the following requirements:

- Template Version: eC020200131 Main C
  - (a) if the Bidder is a sole proprietor carrying on business in his/her own name, his/her name shall be inserted:
  - (b) if the Bidder is a partnership, the full name of the partnership shall be inserted;
  - (c) if the Bidder is a corporation, the full name of the corporation shall be inserted;
  - (d) if the Bidder is carrying on business under a name other than his/her own, the business name and the name of every partner or corporation who is the owner of such business name shall be inserted.
- B9.2.1 If a Bid is submitted jointly by two or more persons, each and all such persons shall identify themselves in accordance with B9.2.
- B9.3 In Paragraph 3 of Form A: Bid/Proposal, the Bidder shall identify a contact person who is authorized to represent the Bidder for purposes of the Bid.
- B9.4 Paragraph 13 of Form A: Bid/Proposal shall be signed in accordance with the following requirements:
  - (a) if the Bidder is a sole proprietor carrying on business in his/her own name, it shall be signed by the Bidder;
  - (b) if the Bidder is a partnership, it shall be signed by the partner or partners who have authority to sign for the partnership;
  - (c) if the Bidder is a corporation, it shall be signed by its duly authorized officer or officers;
  - (d) if the Bidder is carrying on business under a name other than his/her own, it shall be signed by the registered owner of the business name, or by the registered owner's authorized officials if the owner is a partnership or a corporation.
- B9.4.1 The name and official capacity of all individuals signing Form A: Bid/Proposal should be entered below such signatures.
- B9.5 If a Bid is submitted jointly by two or more persons, the word "Bidder" shall mean each and all such persons, and the undertakings, covenants and obligations of such joint Bidders in the Bid and the Contract, when awarded, shall be both joint and several.

#### B10. PRICES

- B10.1 The Bidder shall state a price in Canadian funds for each item of the Work identified on Form B: Prices.
- B10.1.1 Notwithstanding C12.2.3(c), prices on Form B: Prices shall not include the Manitoba Retail Sales Tax (MRST, also known as PST), which shall be extra where applicable.
- B10.1.2 Prices stated on Form B: Prices shall not include any costs which may be incurred by the Contractor with respect to any applicable funding agreement obligations as outlined in D28. Any such costs shall be determined in accordance with D28.
- B10.2 Form B, Item 7: The Bidder shall enter the cost of the Standardized Goods to be supplied from Schneider Electric Canada Ltd. (Schneider) as part of the Standardized Control System and Motor Control Equipment agreement identified in E3. The cost shall be the base cost received from Schneider, without any mark-up or taxes applied.
- B10.2.1 Any mark-up to the supply of the Standardized Goods shall be deemed to be included in other applicable Form B lines.
- B10.3 Form B, Item 8: The Bidder shall enter the cost of the Standardized Goods to be supplied from Trans-West Supply Company Inc. (Trans-West) as part of the Standardized Instrumentation agreement identified in E4. The cost shall be the base cost received from Trans-West, without any mark-up or taxes applied.
- B10.3.1 Any mark-up to the supply of the Standardized Goods shall be deemed to be included in other applicable Form B lines.

- Template Version: eC020200131 Main C
- B10.4 The quantities listed on Form B: Prices are to be considered approximate only. The City will use said quantities for the purpose of comparing Bids.
- B10.5 The quantities for which payment will be made to the Contractor are to be determined by the Work actually performed and completed by the Contractor, to be measured as specified in the applicable Specifications.
- B10.6 Payments to Non-Resident Contractors are subject to Non-Resident Withholding Tax pursuant to the Income Tax Act (Canada).
- B10.7 The Bidder shall enter the Total Bid Price from Form B: Prices into the Total Bid Price field in MERX.
- B10.7.1 Bidders are advised that the calculation indicated in B18.4 will prevail over the Total Bid Price entered in MERX.

#### **B11. DISCLOSURE**

- B11.1 Various Persons provided information or services with respect to this Work. In the City's opinion, this relationship or association does not create a conflict of interest because of this full disclosure. Where applicable, additional material available as a result of contact with these Persons is listed below.
- B11.2 The Persons are:
  - (a) N/A

#### B12. CONFLICT OF INTEREST AND GOOD FAITH

- B12.1 Further to C3.2, Bidders, by responding to this Tender, declare that no Conflict of Interest currently exists, or is reasonably expected to exist in the future.
- B12.2 Conflict of Interest means any situation or circumstance where a Bidder or employee of the Bidder proposed for the Work has:
  - (a) other commitments;
  - (b) relationships;
  - (c) financial interests; or
  - (d) involvement in ongoing litigation;

that could or would be seen to:

- exercise an improper influence over the objective, unbiased and impartial exercise of the independent judgment of the City with respect to the evaluation of Bids or award of the Contract; or
- (ii) compromise, impair or be incompatible with the effective performance of a Bidder's obligations under the Contract;
- (e) has contractual or other obligations to the City that could or would be seen to have been compromised or impaired as a result of its participation in the Tender process or the Work; or
- (f) has knowledge of confidential information (other than confidential information disclosed by the City in the normal course of the Tender process) of strategic and/or material relevance to the Tender process or to the Work that is not available to other bidders and that could or would be seen to give that Bidder an unfair competitive advantage.
- B12.3 In connection with its Bid, each entity identified in B12.2 shall:
  - (a) avoid any perceived, potential or actual Conflict of Interest in relation to the procurement process and the Work;

- Template Version: eC020200131 Main C
  - (b) upon discovering any perceived, potential or actual Conflict of Interest at any time during the Tender process, promptly disclose a detailed description of the Conflict of Interest to the City in a written statement to the Contract Administrator; and
  - (c) provide the City with the proposed means to avoid or mitigate, to the greatest extent practicable, any perceived, potential or actual Conflict of Interest and shall submit any additional information to the City that the City considers necessary to properly assess the perceived, potential or actual Conflict of Interest.
- B12.4 Without limiting B12.3, the City may, in its sole discretion, waive any and all perceived, potential or actual Conflicts of Interest. The City's waiver may be based upon such terms and conditions as the City, in its sole discretion, requires to satisfy itself that the Conflict of Interest has been appropriately avoided or mitigated, including requiring the Bidder to put into place such policies, procedures, measures and other safeguards as may be required by and be acceptable to the City, in its sole discretion, to avoid or mitigate the impact of such Conflict of Interest.
- B12.5 Without limiting B12.3, and in addition to all contractual or other rights or rights at law or in equity or legislation that may be available to the City, the City may, in its sole discretion:
  - (a) disqualify a Bidder that fails to disclose a perceived, potential or actual Conflict of Interest of the Bidder or any of its employees proposed for the Work;
  - (b) require the removal or replacement of any employees proposed for the Work that has a perceived, actual or potential Conflict of Interest that the City, in its sole discretion, determines cannot be avoided or mitigated;
  - (c) disqualify a Bidder or employees proposed for the Work that fails to comply with any requirements prescribed by the City pursuant to B12.4 to avoid or mitigate a Conflict of Interest; and
  - (d) disqualify a Bidder if the Bidder, or one of its employees proposed for the Work, has a perceived, potential or actual Conflict of Interest that, in the City's sole discretion, cannot be avoided or mitigated, or otherwise resolved.
- B12.6 The final determination of whether a perceived, potential or actual Conflict of Interest exists shall be made by the City, in its sole discretion.

#### **B13. QUALIFICATION**

- B13.1 The Bidder shall:
  - (a) undertake to be in good standing under The Corporations Act (Manitoba), or properly registered under The Business Names Registration Act (Manitoba), or otherwise properly registered, licensed or permitted by law to carry on business in Manitoba; and
  - (b) be financially capable of carrying out the terms of the Contract; and
  - (c) have all the necessary experience, capital, organization, and equipment to perform the Work in strict accordance with the terms and provisions of the Contract.
- B13.2 The Bidder and any proposed Subcontractor (for the portion of the Work proposed to be subcontracted to them) shall:
  - (a) be responsible and not be suspended, debarred or in default of any obligations to the City. A list of suspended or debarred individuals and companies is available on the Information Connection page at The City of Winnipeg, Corporate Finance, Materials Management Division website <a href="https://www.winnipeg.ca/matmgt/Templates/files/debar.pdf">https://www.winnipeg.ca/matmgt/Templates/files/debar.pdf</a>
- B13.3 The Bidder and/or any proposed Subcontractor (for the portion of the Work proposed to be subcontracted to them) shall:
  - (a) have successfully carried out work similar in nature, scope and value to the Work; and
  - (b) be fully capable of performing the Work required to be in strict accordance with the terms and provisions of the Contract; and

- Template Version: eC020200131 Main C
  - (c) have a written workplace safety and health program if required pursuant to The Workplace Safety and Health Act (Manitoba):
- B13.4 Further to B13.3(c), the Bidder shall, within five (5) Business Days of a request by the Contract Administrator, provide proof satisfactory to the Contract Administrator that the Bidder/Subcontractor has a workplace safety and health program meeting the requirements of The Workplace Safety and Health Act (Manitoba), by providing:
  - (a) Written confirmation of a safety and health certification meeting SAFE Work Manitoba's SAFE Work Certified Standard (e.g., COR™ and SECOR™) in the form of:
    - (i) a copy of their valid Manitoba COR certificate and Letter of Good Standing (or Manitoba equivalency) as issued under the Certificate of Recognition (COR) Program administered by the Construction Safety Association of Manitoba or by the Manitoba Heavy Construction Association's WORKSAFELY™ COR™ Program; or
    - (ii) a copy of their valid Manitoba SECOR™ certificate and Letter of Good Standing (or Manitoba equivalency) as issued under the Small Employer Certificate of Recognition Program (SECOR™) administered by the Construction Safety Association of Manitoba or by the Manitoba Heavy Construction Association's WORKSAFELY™ COR™ Program; or
  - (b) a report or letter to that effect from an independent reviewer acceptable to the City. (A list of acceptable reviewers and the review template are available on the Information Connection page at The City of Winnipeg, Corporate Finance, Materials Management Division website at <a href="http://www.winnipeg.ca/matmgt/">http://www.winnipeg.ca/matmgt/</a>.
- B13.5 The Bidder shall submit, within three (3) Business Days of a request by the Contract Administrator, proof satisfactory to the Contract Administrator of the qualifications of the Bidder and of any proposed Subcontractor.
- B13.6 The Bidder shall provide, on the request of the Contract Administrator, full access to any of the Bidder's equipment and facilities to confirm, to the Contract Administrator's satisfaction, that the Bidder's equipment and facilities are adequate to perform the Work.

#### B14. BID SECURITY

- B14.1 The Bidder shall include in its Bid Submission bid security in the form of a digital bid bond, in the amount of at least ten percent (10%) of the Total Bid Price, and agreement to bond of a company registered to conduct the business of a surety in Manitoba, in Form G1: Bid Bond and Agreement to Bond, available on The City of Winnipeg, Corporate Finance, Materials Management Division website at <a href="https://www.winnipeg.ca/MatMqt/templates/files/eBidsecurity.pdf">https://www.winnipeg.ca/MatMqt/templates/files/eBidsecurity.pdf</a>.
- B14.2 Bid security shall be submitted in a digital format meeting the following criteria:
  - (a) The version submitted by the Bidder must have valid digital signatures and seals;
  - (b) The version submitted by the Bidder must be verifiable by the City with respect to the totality and wholeness of the bond form, including: the content; all digital signatures and digital seals; with the surety company, or an approved verification service provider of the surety company.
  - (c) The version submitted must be viewable, printable and storable in standard electronic file formats compatible with the City, and in a single file. Allowable formats include pdf.
  - (d) The verification may be conducted by the City immediately or at any time during the life of the bond and at the discretion of the City with no requirement for passwords or fees.
  - (e) The results of the verification must provide a clear, immediate and printable indication of pass or fail regarding B14.2(b).
- B14.3 Bonds failing the verification process will not be considered to be valid and the bid shall be determined to be non-responsive in accordance with B18.1(a).

- Template Version: eC020200131 Main C
- B14.4 Bonds passing the verification process will be treated as original and authentic.
- B14.4.1 If the Bidder submits alternative bids, the bid security shall be in the amount of the specified percentage of the highest Total Bid Price submitted.
- B14.5 The bid security of the successful Bidder and the next two lowest evaluated responsive and responsible Bidders will be released by the City when a Contract for the Work has been duly formed with the successful Bidder and the contract securities are furnished as provided herein. The bid securities of all other Bidders will be released when a Contract is awarded.
- B14.6 The bid securities of all Bidders will be released by the City as soon as practicable following notification by the Contract Administrator to the Bidders that no award of Contract will be made pursuant to the Tender.

#### B15. OPENING OF BIDS AND RELEASE OF INFORMATION

- B15.1 Bids will not be opened publicly.
- B15.2 Following the Submission Deadline, the names of the Bidders and their Total Bid Prices (unevaluated and pending review and verification of conformance with requirements) will be available on the MERX website at <a href="https://www.merx.com">www.merx.com</a>.
- B15.3 After award of Contract, the name(s) of the successful Bidder(s) and their Contract amount(s) will be available on the MERX website at www.merx.com.
- B15.4 The Bidder is advised that any information contained in any Bid may be released if required by The Freedom of Information and Protection of Privacy Act (Manitoba), by other authorities having jurisdiction, or by law or by City policy or procedures (which may include access by members of City Council).
- B15.4.1 To the extent permitted, the City shall treat as confidential information, those aspects of a Bid Submission identified by the Bidder as such in accordance with and by reference to Part 2, Section 17 or Section 18 or Section 26 of The Freedom of Information and Protection of Privacy Act (Manitoba), as amended.

#### **B16.** IRREVOCABLE BID

- B16.1 The Bid(s) submitted by the Bidder shall be irrevocable for the time period specified in Paragraph 11 of Form A: Bid/Proposal.
- B16.2 The acceptance by the City of any Bid shall not release the Bids of the next two lowest evaluated responsive Bidders and these Bidders shall be bound by their Bids on such Work until a Contract for the Work has been duly formed and the contract securities have been furnished as herein provided, but any Bid shall be deemed to have lapsed unless accepted within the time period specified in Paragraph 11 of Form A: Bid/Proposal.

#### B17. WITHDRAWAL OF BIDS

B17.1 A Bidder may withdraw his/her Bid without penalty at any time prior to the Submission Deadline.

#### **B18.** EVALUATION OF BIDS

- B18.1 Award of the Contract shall be based on the following bid evaluation criteria:
  - (a) compliance by the Bidder with the requirements of the Tender, or acceptable deviation there from (pass/fail);
  - (b) qualifications of the Bidder and the Subcontractors, if any, pursuant to B13 (pass/fail);
  - (c) Total Bid Price;
  - (d) economic analysis of any approved alternative pursuant to B7.

- Template Version: eC020200131 Main C
- B18.2 Further to B18.1(a), the Award Authority may reject a Bid as being non-responsive if the Bid is incomplete, obscure or conditional, or contains additions, deletions, alterations or other irregularities. The Award Authority may reject all or any part of any Bid, or waive technical requirements or minor informalities or irregularities, if the interests of the City so require.
- B18.3 Further to B18.1(b), the Award Authority shall reject any Bid submitted by a Bidder who does not demonstrate, in his/her Bid or in other information required to be submitted, that he/she is qualified.
- B18.4 Further to B18.1(c), the Total Bid Price shall be the sum of the quantities multiplied by the unit prices for each item shown on Form B: Prices.
- B18.4.1 Further to B18.1(a), in the event that a unit price is not provided on Form B: Prices, the City may determine the unit price by dividing the Amount (extended price) by the approximate quantity, for the purposes of evaluation and payment.
- B18.4.2 Bidders are advised that the calculation indicated in B18.4 will prevail over the Total Bid Price entered in MERX.

#### B19. AWARD OF CONTRACT

- B19.1 The City will give notice of the award of the Contract or will give notice that no award will be made.
- B19.2 The City will have no obligation to award a Contract to a Bidder, even though one or all of the Bidders are determined to be qualified, and the Bids are determined to be responsive.
- B19.2.1 Without limiting the generality of B19.2, the City will have no obligation to award a Contract where:
  - (a) the prices exceed the available City funds for the Work;
  - (b) the prices are materially in excess of the prices received for similar work in the past;
  - (c) the prices are materially in excess of the City's cost to perform the Work, or a significant portion thereof, with its own forces;
  - (d) only one Bid is received; or
  - (e) in the judgment of the Award Authority, the interests of the City would best be served by not awarding a Contract.
- B19.3 If funding for the Work is provided to the City of Winnipeg by the Government of Manitoba and/or the Government of Canada, Bidders are advised that the terms of D28 shall immediately take effect upon confirmation of such funding, regardless of when funding is confirmed.
- B19.4 Where an award of Contract is made by the City, the award shall be made to the qualified Bidder submitting the lowest evaluated responsive Bid, in accordance with B18.
- B19.4.1 Following the award of contract, a Bidder will be provided with information related to the evaluation of his/her Bid upon written request to the Contract Administrator.

#### **PART C - GENERAL CONDITIONS**

#### CO. GENERAL CONDITIONS

- C0.1 The *General Conditions for Construction* (Revision 2020 01 31) are applicable to the Work of the Contract.
- C0.1.1 The General Conditions for Construction are available on the Information Connection page at The City of Winnipeg, Corporate Finance, Materials Management Division website at <a href="http://www.winnipeg.ca/matmgt/gen\_cond.stm">http://www.winnipeg.ca/matmgt/gen\_cond.stm</a>
- C0.2 A reference in the Tender to a section, clause or subclause with the prefix "C" designates a section, clause or subclause in the *General Conditions for Construction*.

#### **PART D - SUPPLEMENTAL CONDITIONS**

#### **GENERAL**

#### D1. GENERAL CONDITIONS

D1.1 In addition to the *General Conditions for Construction*, these Supplemental Conditions are applicable to the Work of the Contract.

#### D2. SCOPE OF WORK

D2.1 The Work to be done under the Contract shall consist of building renovations including but not limited to demolition of the existing interior wall finishing, domestic water piping including water meter and backflow preventers, electrical equipment, heating/ventilation equipment, automation equipment, and instrumentation. Installation of new wall and attic insulation, vapour barrier, wall and ceiling finishes, hatch covers, handrails, domestic water piping, water meter, backflow preventers, pump seal water piping, lighting, receptacles, switches, motor control centres, ductwork, fans, duct heater, unit heaters, actuated dampers, grilles, automation control panel, instrumentation, pump seal water flow control solenoids and flow switches. The work also includes closing off the existing stairwell access between the flood pumping station and the existing comminutor chamber, and providing access to the existing comminutor chamber via a new hatch and stairwell from outside.

#### D3. DEFINITIONS

- D3.1 When used in this Tender:
  - (a) "CSO" means Combined Sewer Overflow;
  - (b) "HMI" means Human-Machine Interface;
  - (c) "HVAC" means Heating, Ventilation, and Air Conditioning"
  - (d) "IO" or "I/O" means Input/Output.
  - (e) "MCC" means Motor Control Centre;
  - (f) "PLC" means Programmable Logic Controller;
  - (g) "SCADA" means Supervisory Control and Data Acquisition System.
  - (h) "Standardized Goods" means the respective goods identified in D23 that have been standardized by the City.
  - (i) "Standardization Vendor" means a contractor or supplier of Standardized Goods, as identified in D23.

#### D4. CONTRACT ADMINISTRATOR

D4.1 The Contract Administrator is SNC-Lavalin Inc., represented by:

Brian Cleven, P.Eng.

Project Manager, Electrical and Automation Engineer

Telephone No. 204 786-8080

Email Address brian.cleven@snclavalin.com

- D4.1.1 Due to COVID-19 the Contract Administrator may be unreachable at the office telephone number provided above. As such, questions should be sent via email, and the Contract Administrator will respond to the request.
- D4.2 At the pre-construction meeting, Brian Cleven will identify additional personnel representing the Contract Administrator and their respective roles and responsibilities for the Work.

#### D5. CONTRACTOR'S SUPERVISOR

D5.1 At the pre-construction meeting, the Contractor shall identify his/her designated supervisor and any additional personnel representing the Contractor and their respective roles and responsibilities for the Work.

#### D6. NOTICES

- D6.1 Except as provided for in C22.4, all notices, requests, nominations, proposals, consents, approvals, statements, authorizations, documents or other communications to the Contractor shall be sent to the address or facsimile number identified by the Contractor in Paragraph 2 of Form A: Bid/Proposal.
- D6.2 All notices, requests, nominations, proposals, consents, approvals, statements, authorizations, documents or other communications to the City, except as expressly otherwise required in D6.3 or elsewhere in the Contract, shall be sent to the attention of the Contract Administrator identified in D4.
- D6.3 All notices, requests, nominations, proposals, consents, approvals, statements, authorizations, documents or other communications required to be submitted or returned to the City Solicitor shall be sent to the following facsimile number:

The City of Winnipeg Legal Services Department Attn: Director of Legal Services Facsimile No.: 204 947-9155

#### D7. FURNISHING OF DOCUMENTS

D7.1 Upon award of the Contract, the Contractor will be provided with 'issued for construction' Contract Documents electronically, including Drawings in PDF formal only.

#### **SUBMISSIONS**

#### D8. AUTHORITY TO CARRY ON BUSINESS

D8.1 The Contractor shall be in good standing under The Corporations Act (Manitoba), or properly registered under The Business Names Registration Act (Manitoba), or otherwise properly registered, licensed or permitted by law to carry on business in Manitoba, or if the Contractor does not carry on business in Manitoba, in the jurisdiction where the Contractor does carry on business, throughout the term of the Contract, and shall provide the Contract Administrator with evidence thereof upon request.

#### D9. SAFE WORK PLAN

- D9.1 The Contractor shall provide the Contract Administrator with a Safe Work Plan at least five (5) Business Days prior to the commencement of any Work on the Site but in no event later than the date specified in C4.1 for the return of the executed Contract Documents, if applicable.
- D9.2 The Safe Work Plan should be prepared and submitted in the format shown in the City's template which is available on the Information Connection page at The City of Winnipeg, Corporate Finance, Materials Management Division website at <a href="http://www.winnipeg.ca/matmgt/Safety/default.stm">http://www.winnipeg.ca/matmgt/Safety/default.stm</a>
- D9.3 Notwithstanding B13.4 at any time during the term of the Contract, the City may, at its sole discretion and acting reasonably, require an updated COR Certificate or Annual Letter of good Standing. A Contractor, who fails to provide a satisfactory COR Certificate or Annual Letter of good Standing, will not be permitted to continue to perform any Work.

#### D10. INSURANCE

- D10.1 The Contractor shall provide and maintain the following insurance coverage:
  - (a) commercial general liability insurance, in the amount of at least two million dollars (\$2,000,000.00) inclusive, with The City of Winnipeg added as an additional insured, with a cross-liability clause, such liability policy to also contain contractual liability, unlicensed motor vehicle liability, non-owned automobile liability and products and completed operations, to remain in place at all times during the performance of the Work and throughout the warranty period;
  - (b) if applicable, Automobile Liability Insurance covering all motor vehicles, owned and operated and used or to be used by the Contractor directly or indirectly in the performance of the Work. The Limit of Liability shall not be less than \$2,000,000 inclusive for loss or damage including personal injuries and death resulting from any one accident or occurrence.
  - (c) all risks course of construction insurance in the amount of one hundred percent (100%) of the total Contract Price, written in the name of the Contractor and The City of Winnipeg, at all times during the performance of the Work and until the date of Total Performance.
- D10.2 Deductibles shall be borne by the Contractor.
- D10.3 The Contractor shall provide the City Solicitor with a certificate(s) of insurance, in a form satisfactory to the City Solicitor, at least two (2) Business Days prior to the commencement of any Work but in no event later than the date specified in C4.1 for the return of the executed Contract Documents, as applicable.
- D10.4 The Contractor shall not cancel, materially alter, or cause each policy to lapse without providing at least thirty (30) Calendar Days prior written notice to the Contract Administrator.

#### D11. CONTRACT SECURITY

- D11.1 The Contractor shall provide and maintain the performance bond and the labour and material payment bond until the expiration of the warranty period in the form of:
  - (a) a performance bond of a company registered to conduct the business of a surety in Manitoba, in the form attached to these Supplemental Conditions (Form H1: Performance Bond), in the amount of fifty percent (50%) of the Contract Price; and
  - (b) a labour and material payment bond of a company registered to conduct the business of a surety in Manitoba, in the form attached to these Supplemental Conditions (Form H2: Labour and Material Payment Bond), in an amount equal to fifty percent (50%) of the Contract Price.
- D11.1.1 Where the contract security is a performance bond, it may be submitted in hard copy or digital format. If submitted in digital format the contract security must meet the following criteria:
  - (a) the version submitted by the Contractor must have valid digital signatures and seals;
  - (b) the version submitted by the Contractor must be verifiable by the City with respect to the totality and wholeness of the bond form, including: the content; all digital signatures and digital seals; with the surety company, or an approved verification service provider of the surety company.
  - (c) the version submitted must be viewable, printable and storable in standard electronic file formats compatible with the City, and in a single file. Allowable formats include pdf.
  - (d) the verification may be conducted by the City immediately or at any time during the life of the bond and at the discretion of the City with no requirement for passwords or fees.
  - (e) the results of the verification must provide a clear, immediate and printable indication of pass or fail regarding D11.1(b).

- Template Version: eC020200131 Main C
- D11.1.2 Digital bonds failing the verification process will not be considered to be valid and may be determined to be an event of default in accordance with C18.1. If a digital bond fails the verification process, the Contractor may provide a replacement bond (in hard copy or digital format) within seven (7) Calendar Days of the City's request or within such greater period of time as the City in its discretion, exercised reasonably, allows.
- D11.1.3 Digital bonds passing the verification process will be treated as original and authentic.
- D11.2 The Contractor shall provide the City Solicitor with the required performance and labour and material payment bonds within seven (7) Calendar Days of notification of the award of the Contract by way of an award letter and prior to the commencement of any Work on the Site but in no event later than the date specified in C4.1 for the return of the executed Contract Documents, if applicable.
- D11.3 The Contractor shall, as soon as practicable after entering into a contract with a Subcontractor:
  - (a) give the Subcontractor written notice of the existence of the labour and material payment bond in D11.1(b); and
  - (b) post a notice of the bond and/or a copy of that bond in a conspicuous location at the Site of the Work.

#### D12. SUBCONTRACTOR LIST

D12.1 The Contractor shall provide the Contract Administrator with a complete list of the Subcontractors whom the Contractor proposes to engage (Form J: Subcontractor List) at least two (2) Business Days prior to the commencement of any Work on the Site but in no event later than the date specified in C4.1 for the return of the executed Contract Documents, if applicable.

#### D13. DETAILED WORK SCHEDULE

- D13.1 The Contractor shall provide the Contract Administrator with a detailed work schedule at least two (2) Business Days prior to the commencement of any Work on the Site but in no event later than the date specified in C4.1 for the return of the executed Contract Documents if applicable.
- D13.2 The detailed work schedule shall consist of the following:
  - (a) a critical path method (C.P.M.) schedule for the Work;
  - (b) a Gantt chart for the Work based on the C.P.M. schedule;
  - (c) a daily manpower schedule for the Work;
  - all acceptable to the Contract Administrator.
- D13.3 Further to D13.2(a), the C.P.M. schedule shall clearly identify the start and completion dates of all of the following activities/tasks making up the Work as well as showing those activities/tasks on the critical path.
  - (a) The commencement date;
  - (b) The date for completion of each critical stage;
  - (c) The date of Substantial Performance;
  - (d) The date of Total Performance;
- D13.4 Further to D13.2(b), the Gantt chart shall show the time on a weekly basis, required to carry out the Work of each trade, or specification division. The time shall be on the horizontal axis, and the type of trade shall be on the vertical axis.
- D13.5 Further to D13.2(c), the daily manpower schedule shall list the daily number of individuals on the Site for each trade.

**SCHEDULE OF WORK** 

#### D14. COMMENCEMENT

- D14.1 The Contractor shall not commence any Work until he/she is in receipt of an award letter from the Award Authority authorizing the commencement of the Work.
- D14.2 The Contractor shall not commence any Work on the Site until:
  - (a) the Contract Administrator has confirmed receipt and approval of:
    - (i) evidence of authority to carry on business specified in D8;
    - (ii) evidence of the workers compensation coverage specified in C6.15;
    - (iii) the Safe Work Plan specified in D9;
    - (iv) evidence of the insurance specified in D10;
    - (v) the contract security specified in D11;
    - (vi) the Subcontractor list specified in D12; and
    - (vii) the detailed work schedule specified in D13.
  - (b) the Contractor has attended a pre-construction meeting with the Contract Administrator, or the Contract Administrator has waived the requirement for a pre-construction meeting.
- D14.3 The Contractor shall not commence the Work on the Site that would affect operation of the flood pumps before November 15, 2020 or otherwise dictated by the City, based on weather conditions and river level.
- D14.4 The City intends to award this Contract by October 14, 2020.
- D14.4.1 If the actual date of award is later than the intended date, the dates specified for Commencement, Critical Stages, Substantial Performance, and Total Performance will be adjusted by the difference between the aforementioned intended and actual dates.

#### D15. CRITICAL STAGES

- D15.1 The Contractor shall achieve critical stages of the Work in accordance with the following requirements:
  - (a) The flood pumps shall be put into service, operating in automatic mode from the new motor control centres, controls, and instrumentation by February 28, 2021.

#### D16. SUBSTANTIAL PERFORMANCE

- D16.1 The Contractor shall achieve Substantial Performance by April 30, 2021.
- D16.2 When the Contractor considers the Work to be substantially performed, the Contractor shall arrange, attend and assist in the inspection of the Work with the Contract Administrator for purposes of verifying Substantial Performance. Any defects or deficiencies in the Work noted during that inspection shall be remedied by the Contractor at the earliest possible instance and the Contract Administrator notified so that the Work can be reinspected.
- D16.3 The date on which the Work has been certified by the Contract Administrator as being substantially performed to the requirements of the Contract through the issue of a certificate of Substantial Performance is the date on which Substantial Performance has been achieved.

#### D17. TOTAL PERFORMANCE

- D17.1 The Contractor shall achieve Total Performance by May 31, 2021.
- D17.2 When the Contractor or the Contract Administrator considers the Work to be totally performed, the Contractor shall arrange, attend and assist in the inspection of the Work with the Contract Administrator for purposes of verifying Total Performance. Any defects or deficiencies in the

Work noted during that inspection shall be remedied by the Contractor at the earliest possible instance and the Contract Administrator notified so that the Work can be reinspected.

D17.3 The date on which the Work has been certified by the Contract Administrator as being totally performed to the requirements of the Contract through the issue of a certificate of Total Performance is the date on which Total Performance has been achieved.

#### D18. LIQUIDATED DAMAGES

- D18.1 If the Contractor fails to achieve Critical Stages, Substantial Performance or Total Performance in accordance with the Contract by the days fixed herein for same, the Contractor shall pay the City the following amounts per Calendar Day for each and every Calendar Day following the days fixed herein for same during which such failure continues:
  - (a) February 28, 20201 Critical Stage One thousand, five hundred dollars (\$1,500);
  - (b) Substantial Performance One thousand dollars (\$1000);
  - (c) Total Performance Five hundred dollars (\$500).
- D18.2 The amounts specified for liquidated damages in D18.1 are based on a genuine pre-estimate of the City's losses in the event that the Contractor does not achieve critical stages, Substantial Performance or Total Performance by the days fixed herein for same.
- D18.3 The City may reduce any payment to the Contractor by the amount of any liquidated damages assessed.

#### D19. COVID-19 SCHEDULE DELAYS

- D19.1 The City acknowledges that the schedule for this Contract may be impacted by the COVID-19 pandemic. Commencement and progress of the Work shall be performed by the Contractor with due consideration to the health and safety of workers and the public, directives from health authorities and various levels of government and in close consultation with the Contract Administrator.
- D19.2 If the Contractor is delayed in the performance of the Work by reason of the COVID-19 pandemic, the Work schedule may be adjusted by a period of time equal to the time lost due to such delay and costs related to such delay will be determined as identified herein.
- D19.3 A minimum of seven (7) Calendar Days prior to the commencement of Work, the Contractor shall declare whether COVID-19 will affect the start date. The Contractor shall provide sufficient evidence that the delay is directly related to COVID-19, including but not limited to evidence related to availability of staff, availability of Material or work by others.
- D19.4 For any delay related to COVID-19 and identified after Work has commenced, the Contractor shall within seven (7) Calendar Days of becoming aware of the anticipated delay declare the additional delay and shall provide sufficient evidence as indicated in D19.3. Failure to provide this notice will result in no additional time delays being considered by the City.
- D19.5 The Work schedule, including the durations identified in D15 to D17 where applicable, will be adjusted to reflect delays accepted by the Contract Administrator. No additional payment will be made for adjustment of schedules except where seasonal work, not previously identified in the Contract, is carried over to the following construction season.
- D19.6 Where Work not previously identified is being carried over solely as a result of delays related to COVID-19, as confirmed by the Contract Administrator, the cost of temporary works to maintain the Work in a safe manner until Work recommences, will be considered by the Contract Administrator. Where the Work is carried over only partially due to COVID-19, a partial consideration of the cost of temporary works will be considered by the Contract Administrator.
- D19.7 Any time or cost implications as a result of COVID-19 and in accordance with the above, as confirmed by the Contract Administrator, shall be documented in accordance with C7.

#### **CONTROL OF WORK**

#### D20. JOB MEETINGS

- D20.1 Regular weekly job meetings will be held at the Site. These meetings shall be attended by a minimum of one representative of the Contract Administrator, one representative of the City and one representative of the Contractor. Each representative shall be a responsible person capable of expressing the position of the Contract Administrator, the City and the Contractor respectively on any matter discussed at the meeting including the Work schedule and the need to make any revisions to the Work schedule. The progress of the Work will be reviewed at each of these meetings.
- D20.2 The Contract Administrator reserves the right to cancel any job meeting or call additional job meetings whenever he/she deems it necessary.

#### D21. PRIME CONTRACTOR – THE WORKPLACE SAFETY AND HEALTH ACT (MANITOBA)

D21.1 Further to C6.26, the Contractor shall be the Prime Contractor and shall serve as, and have the duties of the Prime Contractor in accordance with The Workplace Safety and Health Act (Manitoba).

#### D22. THE WORKPLACE SAFETY AND HEALTH ACT (MANITOBA) – QUALIFICATIONS

Purther to B13.4, the Contractor/Subcontractor must, throughout the term of the Contract, have a Workplace Safety and Health Program meeting the requirements of The Workplace Safety and Health Act (Manitoba). At any time during the term of the Contract, the City may, at its sole discretion and acting reasonably, require updated proof of compliance, as set out in B13.4.

#### **STANDARDIZATION**

#### D23. STANDARDIZED GOODS

- D23.1 The following goods have been standardized by the City and will be supplied by the Contractor:
  - (a) Standardized Control System and Motor Control Equipment as per E3,
  - (b) Standardized Instrumentation as per E4.

#### D24. CONTRACTUAL ARRANGEMENT

- D24.1 Each Standardization Vendor shall be a Subcontractor of the Contractor.
- D24.2 The City's contract with each of the Standardization Vendors defines the prices and general terms of supply to the Contractor. Each Standardization Vendor is obligated to enter into a contract with the Contractor, based upon such prices and general terms of supply.
  - D24.2.1 The City is not a party to any contract between a Standardization Vendor and the Contractor, or any Subcontractor.
- D24.3 In the event that a potential dispute arises between the Contractor and a Standardization Vendor, the Contract Administrator shall be notified.

#### D25. PAYMENT OF STANDARDIZATION VENDORS

- D25.1 The Contractor is obligated to pay the Standardization Vendors in accordance with general terms of supply applicable to such Standardization Vendor.
- D25.2 The Contractor's payment terms to the Standardization Vendor, in respect of Standardized Control System and Motor Control Equipment identified in E3, include the following:

- D25.2.1 Except as indicated in D25.2.2, payment shall be in Canadian funds net thirty (30) Calendar Days after shipment.
- D25.2.2 Payment for motor control centres shall be in Canadian funds net thirty (30) Calendar Days and initiated based upon the following schedule:
  - (a) Upon approval of the shop drawings or forty (40) Calendar days after the last comprehensive submittal, in the event that a response is not made to the submittal: 25% of the total value.
  - (b) Upon delivery of the complete MCC along with all associated as-manufactured documentation: 60% of the total value; or
  - (c) In the event that the delivery is intentionally delayed, upon request by the Contractor, the following payment schedule would replace the 60% payment:
    - (i) Upon completion of the FAT and delivery of all as-manufactured documentation to the Contractor 30% of the total value.
    - (ii) Forty (40) Calendar days after delivery of the as-manufactured documentation to the Contractor, or upon delivery, whichever comes sooner – 30% of the total value.
  - (d) Upon successful commissioning and delivery of documentation or six (6) months after delivery, whichever comes first: 15% of the total value.
- D25.3 The Contractor's payment terms to the Standardization Vendor, in respect of Standardized Instrumentation identified in E4, include the following:
- D25.3.1 Payment shall be in Canadian funds net thirty (30) Calendar Days after receipt and approval of the Standardization Vendor's invoice.

#### **MEASUREMENT AND PAYMENT**

#### D26. PAYMENT

- D26.1 Further to C12, the City may at its option pay the Contractor by direct deposit to the Contractor's banking institution.
- D26.2 The City's payment to the Contractor, associated with Standardized Goods, will be in accordance with C12.

#### WARRANTY

#### D27. WARRANTY

D27.1 Warranty is as stated in C13.

#### THIRD PARTY AGREEMENTS

#### D28. FUNDING AND/OR CONTRIBUTION AGREEMENT OBLIGATIONS

- D28.1 In the event that funding for the Work of the Contract is provided to the City of Winnipeg by the Government of Manitoba and/or the Government of Canada, the following terms and conditions shall apply, as required by the applicable funding agreements.
- D28.2 Further to D28.1, in the event that the obligations in **D28** apply, actual costs legitimately incurred by the Contractor as a direct result of these obligations ("Funding Costs") shall be determined by the actual cost to the Contractor and not by the valuation method(s) outlined in C7.4. In all other respects Funding Costs will be processed in accordance with Changes in Work under C7.
- D28.3 For the purposes of **D28**:

- (a) "Government of Canada" includes the authorized officials, auditors, and representatives of the Government of Canada: and
- (b) "Government of Manitoba" includes the authorized officials, auditors, and representatives of the Government of Manitoba.

#### D28.4 Modified Insurance Requirements

- D28.4.1 If not already required under the insurance requirements identified in D10, the Contractor will be required to provide wrap-up liability insurance in an amount of no less than two million dollars (\$2,000,000) inclusive per occurrence. Such policy will be written in the joint names of the City, Contractor, Consultants and all sub-contractors and sub-consultants and include twelve (12) months completed operations. The Government of Manitoba and its Ministers, officers, employees, and agents shall be added as additional insureds.
- D28.4.2 If not already required under the insurance requirements identified in D10, the Contractor will be required to provide builders' risk insurance (including boiler and machinery insurance, as applicable) providing all risks coverage at full replacement cost, or such lower level of insurance that the City may identify on a case-by-case basis, such as an installation floater.
- D28.4.3 The Contractor shall obtain and maintain third party liability insurance with minimum coverage of two million dollars (\$2,000,000.00) per occurrence on all licensed vehicles operated at the Site. In the event that this requirement conflicts with another licensed vehicle insurance requirement in this Contract, then the requirement that provides the higher level of insurance shall apply.
- D28.4.4 Further to D10.3, insurers shall provide satisfactory Certificates of Insurance to the Government of Manitoba prior to commencement of Work as written evidence of the insurance required. The Certificates of Insurance must provide for a minimum of thirty (30) days' prior written notice to the Government of Manitoba in case of insurance cancellation.
- D28.4.5 All policies must be taken out with insurers licensed to carry on business in the Province of Manitoba.

#### D28.5 Indemnification By Contractor

D28.5.1 In addition to the indemnity obligations outlined in C17 of the General Conditions for Construction, the Contractor agrees to indemnify and save harmless the Government of Canada and the Government of Manitoba and each of their respective Ministers, officers, servants, employees, and agents from and against all claims and demands, losses, costs, damages, actions, suit or other proceedings brought or pursued in any manner in respect of any matter caused by the Contractor or arising from this Contract or the Work, or from the goods or services provided or required to be provided by the Contractor, except those resulting from the negligence of any of the Government of Canada's or the Government of Manitoba's Ministers, officers, servants, employees, or agents, as the case may be.

#### D28.6 Records Retention and Audits

- D28.6.1 The Contractor shall maintain and preserve accurate and complete records in respect of this Contract and the Work, including all accounting records, financial documents, copies of contracts with other parties and other records relating to this Contract and the Work during the term of the Contract and for at least six (6) years after Total Performance. Those records bearing original signatures or professional seals or stamps must be preserved in paper form; other records may be retained in electronic form.
- D28.6.2 In addition to the record keeping and inspection obligations outlined in C6 of the General Conditions for Construction, the Contractor shall keep available for inspection and audit at all reasonable times while this Contract is in effect and until at least six (6) years after Total Performance, all records, documents, and contracts referred to in D28.6.1 for inspection, copying and audit by the City of Winnipeg, the Government of Manitoba and/or the Government of Canada and their respective representatives and auditors, and to produce them on demand; to provide reasonable facilities for such inspections, copying and audits,

to provide copies of and extracts from such records, documents, or contracts upon request by the City of Winnipeg, the Government of Manitoba, and/or the Government of Canada and their respective representatives and auditors, and to promptly provide such other information and explanations as may be reasonably requested by the City of Winnipeg, the Government of Manitoba, and/or the Government of Canada from time-to-time.

#### D28.7 Other Obligations

- D28.7.1 The Contractor consents to the City providing a copy of the Contract Documents to the Government of Manitoba and/or the Government of Canada upon request from either entity.
- D28.7.2 If the Lobbyists Registration Act (Manitoba) applies to the Contractor, the Contractor represents and warrants that it has filed a return and is registered and in full compliance with the obligations of that Act, and covenants that it will continue to comply for the duration of this Contract.
- D28.7.3 The Contractor shall comply with all applicable legislation and standards, whether federal, provincial, or municipal, including (without limitation) labour, environmental, and human rights laws, in the course of providing the Work.
- D28.7.4 The Contractor shall properly account for the Work provided under this Contract and payment received in this respect, prepared in accordance with generally accepted accounting principles in effect in Canada, including those principles and standards approved or recommended from time-to-time by the Chartered Professional Accountants of Canada or the Public Sector Accounting Board, as applicable, applied on a consistent basis.

his/its heirs, executors, administrators, successors or assig	ns (hereinafter called the "Principal"), and
his/its heirs, executors, administrators, successors or assig firmly bound unto <b>THE CITY OF WINNIPEG</b> (hereinafter claimants as herein below defined, in the amount of	
	dollars (\$

of lawful money of Canada, for the payment whereof we, the Principal and the Surety jointly and severally bind ourselves firmly by these presents.

WHEREAS the Principal has entered into a written contract with the Obligee for

TENDER NO. 567-2020

POLSON FLOOD PUMPING STATION - 2020 UPGRADES

which is by reference made part hereof and is hereinafter referred to as the "Contract".

NOW THEREFORE the condition of the above obligation is such that if the Principal shall promptly make payment to all claimants as hereinafter defined, for all labour, service and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void, otherwise it shall remain in full force and effect subject, however, to the following conditions:

- (a) A claimant is defined as one having a direct contract with the Principal for labour, service and material, or any of them, used or reasonably required for use in the performance of the contract, labour, service and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment (but excluding rent of equipment where the rent pursuant to an agreement is to be applied towards the purchase price thereof) directly applicable to the Contract;
- (b) The above-named Principal and Surety hereby jointly and severally agree with the Obligee that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work, labour or service was done or performed, or materials were furnished by such claimant, may sue on this bond, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon;
- (c) No suit or action shall be commenced hereunder by any claimant
  - (i) unless claimant shall have given written notice to the Principal and the Surety above-named, within one hundred and twenty (120) days after such claimant did or performed the last of the work, labour or service, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work, labour or service was done or performed. Such notice shall be served by mailing the same by registered mail to the Principal, and Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the Province of Manitoba;

- (ii) after the expiration of one (1) year following the date on which Principal ceased work on said Contract; including work performed under the guarantees provided in the Contract;
- (iii) other than in a court of competent jurisdiction in the Province of Manitoba.
- (d) The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of mechanics liens which may be filed of record against said improvement, whether or not claim for the amount of such lien be presented under and against this bond.
- (e) The Surety shall not be liable for a greater sum than the specified penalty of this bond.

The Principal and Surety hereby agree that The Guarantors' Liability Act (Manitoba) shall apply to this Bond.

#### **PART E - SPECIFICATIONS**

#### **GENERAL**

E1.	APPLICABLE	<b>SPECIFICATIONS</b>	AND DRAWINGS
-----	------------	-----------------------	--------------

- E1.1 These Specifications shall apply to the Work.
- E1.2 The City of Winnipeg Standard Construction Specifications in its entirety, whether or not specifically listed on Form B: Prices, shall apply to the Work.
- E1.2.1 The City of Winnipeg Standard Construction Specifications is available on the Information Connection page at The City of Winnipeg, Corporate Finance, Materials Management Division website at <a href="http://www.winnipeg.ca/matmgt/Spec/Default.stm">http://www.winnipeg.ca/matmgt/Spec/Default.stm</a>.
- E1.2.2 The version in effect three (3) Business Days before the Submission Deadline shall apply.
- E1.2.3 Further to C2.4(d), Specifications included in the Tender shall govern over *The City of Winnipeg Standard Construction Specifications*.
- E1.3 Bidders are reminded that requests for approval of substitutes as an approved equal or an approved alternative shall be made in accordance with B7. In every instance where a brand name or design specification is used, the City will also consider approved equals and/or approved alternatives in accordance with B7.
- E1.4 The following are applicable to the Work:

Specification No.		Specification Title
Division 01	-	General Conditions

The City of Winnipeg

#### **CONTRACTOR SUPPLIED STANDARDIZED GOODS**

#### **E2. GENERAL REQUIREMENTS**

- E2.1 Comply with the general requirements of E2 for all Standardized Goods supplied by the Contractor.
- E2.2 Comply with the following Standardization Goods requirements:
  - E2.2.1 Control System and Motor Control Equipment in accordance with E3.
  - E2.2.2 Instrumentation in accordance with E4.
- E2.3 Contact the Contract Administrator regarding any potential uncertainty as to whether a good is covered under a standardization agreement.
- E2.4 The Contractor may utilize a Standardization Vendor to provide other goods required under the Contract, in addition to Standardized Goods.
- E2.5 The Contractor shall separately track all goods supplied under each standardization agreement.

The City of Winnipeg Specifications
Tender No. 567-2020 Page 5 of 18

Template Version: eC020200131 - Main C

E2.5.1 In the event that one or more Standardization Vendors are utilized to procure goods not covered under a standardization agreement, the Contractor shall ensure such goods are quoted, ordered, tracked and accounted in a separate manner.

#### E2.6 Pricing:

- E2.6.1 The City has obtained discounted pricing for Standardized Goods. Each Standardization Vendor is obligated to sell Standardized Goods to all prospective Contractors at the discounted price, provided the goods are for the City of Winnipeg.
- E2.6.2 The Standardization Vendors may at their option provide lump sum pricing for goods packages. The Standardization Vendor is not required to provide breakout pricing details to the Contractor.
- E2.6.3 The Contractor and Subcontractors shall not utilize the City's agreements with the Standardization Vendors for any purpose other than City work.
- E2.6.4 The City may audit the goods purchased from the Standardization Vendors under the standardization agreements and may identify to the Standardization Vendors any goods procured that are not associated with the Contract.
- E2.7 The Contractor is responsible for ensuring that the Material supplied by the Standardization Vendors meets the requirement of the Contract. The Contractor shall review and confirm quotations supplied by the Standardization Vendors to ensure that all required Material is supplied.
- E2.8 Without limiting or otherwise affecting any other term or condition of the Contract, including (non-exhaustive) D24.2.1:
- E2.8.1 The supply of goods through a Standardization Vendor shall not relieve the Contractor of their obligations.
- E2.8.2 Errors or omissions by a Standardization Vendor shall not be a cause for a Change in Work.
- E2.8.3 Delays by a Standardization Vendor shall not be a cause for a Change in Work where the delay could have been avoided through reasonable planning, contingency allocation, or communication by the Contractor.
- E2.8.4 The Contractor shall engage directly with the persons listed as the Standardized Vendor contact in sections E3.6 and E4.6 unless otherwise directed by the Contract Administrator.

#### E2.9 Submittals

E2.9.1 Submittals shall be provided for Standardized Goods in accordance with the Specifications and typical industry practice. Submittals shall not be bypassed for Standardized Goods.

#### E3. STANDARDIZED CONTROL SYSTEM AND MOTOR CONTROL EQUIPMENT

- E3.1 The City has standardized on a specific vendor for the supply and delivery of control system and motor control equipment. The Standardization Vendor was selected via RFP 756-2013 and was awarded to Schneider Electric Canada Inc. (Schneider).
  - (a) Refer to E3.6 for contact information.
  - (b) Copies of the tender documents are available from City of Winnipeg Material Management's website.
- E3.2 Goods to be procured via this standardization agreement and applicable to this Tender includes but is not limited to:
  - (a) Programmable Controllers (PLCs) including all associated components, hardware and software.
  - (b) Touchscreen HMI systems such as Magellis HMIs.
  - (c) Motor Control Centers including all components.

- E3.3 For clarity, this standardization agreement does not include:
  - (a) Computer workstation hardware including operating systems;
  - (b) Computer server hardware, including operating systems and general terminal server / client software;
  - (c) Thin client terminals;
  - (d) Fused and un-fused disconnect switches not incorporated into a MCC or other motor starter;
  - (e) Control stations and pendants not incorporated into a MCC or other motor starter;
  - (f) Electrical Transformers not in a MCC or motor starter;
  - (g) Panelboards not integrated in a MCC;
  - (h) Switchboards / Switchgear not integrated in a MCC;
  - (i) System Integration Services (including programming and configuration);
  - (j) Control Panels to house PLCs;
  - (k) Instrumentation;
  - (I) Power supplies not integrated with the PLC / HMI systems; and
  - (m) Terminal blocks not integrated with the PLC / HMI systems
- E3.4 The following model series shall be utilized unless otherwise indicated in the Specifications, Drawings or otherwise approved by the Contract Administrator:
  - (a) M580 PLC;
  - (b) X80 PLC I/O;
  - (c) Unity Pro programming software;
  - (d) Local HMI Magellis HMIGTO or HMIGTU series;
  - (e) Model 6 MCC NEMA rated starters.
- E3.5 Commissioning and start-up:
- E3.5.1 Except as identified in E3.5.2, commissioning and start-up of all goods purchased under this standardization agreement shall be performed by the Contractor.
- E3.5.2 Schneider shall provide MCC start-up services, but not commissioning services.

  Coordinate with Schneider as required to understand the limitations of Schneider's MCC start-up services and provide all remaining testing, commissioning and start-up services to provide a complete commissioning and start-up.
- E3.6 The contact information for all quotations and purchases from Schneider is:

Garth Eastman

21 Omands Creek Blvd

Winnipeg, MB, R2R 2V2

Telephone: 204-631-0670

E-mail: garth.eastman@schneider-electric.com

- E3.6.1 Goods to be procured via Eecol Electric (Eecol), as Schneider's High Tech Automation Distributor (HTAD):
  - (a) Further to E3.2, goods to be procured via Eecol includes but is not limited to:
    - Programmable Controllers (PLCs) including all associated components hardware and software;
    - (ii) Programmable Controller Programming Software;
    - (iii) HMI System software;
    - (iv) Touchscreen HMI systems such as Magellis HMIs;
    - (v) Touchscreen HMI Programming Software;
    - (vi) Motor Control Centers including all components;

- (vii) Loose VFDs, motor starters, soft starters, and associated components; and
- (viii) Industrial Ethernet Switches as per design. Note that some Ethernet switches may be specified to be from other vendors due to application requirements. Refer to drawings and specifications.
- (b) The Eecol contact:

Trevor Hambleton 1760 Welllington Avenue Winnipeg, MB, R3H 0E9 Telephone: 204-774-2800 E-mail: hambletont@eecol.com

- (c) All correspondence related to requests-for-quotations to Eecol for goods listed under E3.6.1(a) shall be copied to the Schneider contact listed under E3.6.
- (d) For whatever reason, if Eecol is unable to receive or respond to request-for-quotations for goods listed under E3.6.1(a), request-for-quotations may be issued directly to the Schneider contact listed under E3.6.
- E3.7 Quotations and orders:
- E3.7.1 Reference the following in all quotation requests and purchase orders:
  - (a) This Bid Opportunity number; and
  - (b) A statement indicating:

"This request / purchase order is subject to the Terms and Conditions of City of Winnipeg Request for Proposal RFP 756-2013."

#### E4. STANDARDIZED INSTRUMENTATION

- E4.1 The City has standardized on a specific vendor for the supply and delivery of specific instrumentation. The Standardization Vendor was selected via RFP 449-2014 and was awarded to Trans-West Supply Company Inc. (Trans-West).
  - (a) Copies of the tender documents are available from City of Winnipeg Material Management's website.
- E4.2 Goods to be procured via this standardization agreement and applicable to this Tender include but are not limited to:
  - (a) Temperature Transmitters including temperature elements and thermowells;
  - (b) Ultrasonic Level Transmitters; and
  - (c) Associated accessories.
- E4.3 For clarity, this standardization agreement does not include:
  - (a) Flowmeters Coriolis;
  - (b) Flowmeters Thermal Dispersion;
  - (c) Flowmeters Ultrasonic;
  - (d) Flow switches (i.e. mechanical);
  - (e) Pressure switches;
  - (f) Temperature switches;
  - (g) Radar Level Transmitters; and
  - (h) Level Switches (non-ultrasonic based).
- E4.4 The following model series shall be utilized unless otherwise indicated in the Specifications, Drawings or otherwise approved by the Contract Administrator:
  - (a) Temperature Transmitters
    - (i) SITRANS TF (Process Applications)

- (ii) SITRANS TH400 (HVAC applications)
- (b) Ultrasonic Level Transmitters
  - (i) Integrated applications: SITRANS Probe LU
  - (ii) Separate controller applications: Multiranger 100/200 with EchoMax transducers.
- E4.5 Field setup and commissioning:
- E4.5.1 Field setup and commissioning of the instrumentation may be performed by Trans-West under the Standardization Agreement. Coordinate with Trans-West as required to understand the capabilities and limitations of Trans-West's field setup and commissioning services and provide all remaining services to provide a complete commissioning and start-up.
- E4.5.2 Field setup and commissioning of the standardized instrumentation shall be performed by Trans-West under the standardization agreement for the following:
  - (a) The first instrument of each type installed on site; and
  - (b) A minimum of five additional instruments of each type, or 10% of the actuators of that type, whichever is greater.
- E4.5.3 The Contractor may provide field setup and commissioning services for the remaining instrumentation via alternate means, provided that this does not result in a reduction of the services or quality of work.
- E4.5.4 The services provided are to include at all standard manufacturer recommended start-up and commissioning procedures, as well as the following:
  - (a) Visual Inspection
    - (i) Inspect instrument for signs of damage,
    - (ii) Verify mechanical and piping installation per drawings and manufacturer requirements.
    - (iii) Verify wiring installation per drawings and manufacturer requirements, and
    - (iv) Inspect electrical terminal compartment for foreign objects.
  - (b) Mechanical Inspection
    - (i) Check all connections and bolts for tightness and to the correct torque,
    - (ii) Check for alignment, and
    - (iii) Ensure appropriate clearances for all connecting bushings and connecting faces.
  - (c) Electrical Inspection
    - (i) Check all power wiring connections for tightness,
    - (ii) Check all fuses in the instrument for continuity,
    - (iii) Confirm input voltage is correct, and
    - (iv) Confirm that the signal / fieldbus connections are correct.
  - (d) Start-up Services
    - (i) Coordinate turning on power to the instrument,
    - (ii) Configure all applicable settings and parameters that could not be configured prior to installation,
    - (iii) Perform functional tests,
    - (iv) Coordinate with City personnel and designated representatives to confirm and finalize the application requirements,
    - (v) Configure and document all settings, as appropriate for the application,
    - (vi) Coordinate to perform test demonstrations to verify instrument performance,
    - (vii) Verify that all configuration values are in the correct state, and
    - (viii) Transfer the configuration settings to on-site personnel.

- (e) Documentation
  - (i) Provide a signed documented commissioning form for each instrument, in a format acceptable to the Contract Administrator.
- (f) Travel
  - (i) Provide all travel and accommodations at no additional cost.
- (g) Personnel:
  - (i) Personnel shall be factory trained in the maintenance, configuration, and service of the proposed instrumentation.
- E4.5.5 Responsibility of the Contractor:
  - (a) It is the responsibility of the Contractor to ensure that the installation of the instrumentation is complete and that the instrument is ready to commission prior to engaging Trans-West to commission any instrumentation.
- E4.6 The contact for all quotations and purchases:

Amurthan (Amu) Abimanan Branch Manager 126 Bannister Road
Winnipeg, MB, R3R 0S3
Telephone: 204-783-0100
Mobile: 204-782-1864

E-mail: amu@transwest-mb.com

- E4.7 Quotations and orders:
- E4.7.1 Reference the following in all quotation requests, quotations \ proposals, purchase orders, and invoices:
  - (a) This Bid Opportunity number; and
  - (b) A statement indicating:

"This request / purchase order is subject to the Terms and Conditions of City of Winnipeg Request for Proposal RFP 449-2014."

#### **GENERAL REQUIREMENTS**

#### E5. MISCELLANEOUS

- E5.1 The Contractor shall provide all materials, fabrications, finishes, temporary installation, documentation, shop drawings, means and methods necessary to fully install all of the new works identified on the contract drawings in a safe manner, fit-for-purpose intended. The description of work provided herein is intended to be a general description of work activities, and is not intended to be an exhaustive listing of all tasks necessary to complete the scope of installations given on the drawings or specifications.
- E5.2 Exercise care where cutting holes in existing concrete elements so as not to damage existing reinforcing unless otherwise approved by the Contract Administrator.
  - (a) For reinforced concrete floors, walls, and ceilings, locate existing reinforcing utilizing a reinforcing bar locator and mark out on the surface of the concrete prior to cutting.
    - (i) Mark the location of the proposed hole and all adjacent rebar.
    - (ii) Obtain approval from the Contract Administrator prior to cutting.
- E5.3 The Contractor shall exercise care where installing anchors into existing concrete elements so as not to damage existing reinforcing. All anchors shall be installed utilizing carbide tip drill bits. The existing reinforcing shall be located utilizing a reinforcing bar locator and marked out on the surface of the concrete. The drill holes shall be advanced to the required depth for installation of anchors. Should reinforcement be encountered while drilling, terminate the hole and reposition to clear the reinforcement. Do not use core bits that can easily intercept and damage/cut the reinforcing during drilling.

The City of Winnipeg Specifications
Tender No. 567-2020 Page 10 of 18

Template Version: eC020200131 - Main C

E5.4 The Contractor shall abide by the Arc Flash PPE requirements of CSA-Z462, Workplace Electrical Safety, and the arc flash labels on existing facility equipment.

#### E5.5 Wire nuts

- (a) Wire nuts are not permitted in conduit bodies; and
- (b) Wire nuts are permitted in junction boxes for lighting and receptacle wiring only. Wire nuts are not permitted for automation wiring.
- E5.6 All conduit routes shall be approved by the Contract Administrator prior to installation of new conduit.

#### E6. HAZARDOUS MATERIALS

E6.1 If asbestos or other hazardous materials are encountered during the Work of the Contract, the Contractor shall stop all work and notify the Contract Administrator immediately. Removal of hazardous materials shall be dealt with by the City and the Contractor shall await further instruction by the Contract Administrator.

#### E7. EQUIPMENT SUPPLIED BY OTHERS

- E7.1 The City will supply the following equipment:
  - (a) Cellular Modem within control panel CP-F81.

#### E8. EQUIPMENT AND MATERIALS

- E8.1 The Contractor shall supply all equipment and materials necessary to execute the work, except for the equipment and material indicated as "Existing" and to be re-used on the Drawings. Also note equipment to be supplied by others in E7.
- E8.2 Existing equipment and materials may be re-used only as specifically indicated in these specifications, as shown on the Drawings or as approved by the Contract Administrator.

#### E9. SECURITY

- E9.1 The Contractor is responsible for all material and equipment stored on the site.
- E9.2 A chain-link fence may be provided around the construction site but is not a mandatory requirement. If a fence is provided, lock after working hours and supply five (5) copies of the key to the City.
- E9.3 The Contractor is responsible for ensuring the security of the pumping station.
- E9.4 Provide and pay for responsible security personnel to guard the site and contents of site after working hours whenever the pumping station or any associated piece of equipment is not locked and fully secure.

#### E10. SALVAGE

- E10.1 All salvaged equipment and materials as determined by the Contract Administrator shall remain property of the City unless specifically noted otherwise. The Contractor shall deliver salvaged equipment and materials to the City of Winnipeg's "Y Yard" outdoor storage compound located at the North East corner of the intersection of Dugald Road and Van Bellegham Avenue, Winnipeg, Manitoba.
- E10.2 The Contractor shall notify the Contract Administrator at least 48 hours prior to delivery of salvaged equipment to allow for arrangements to be made to receive the salvaged equipment. All deliveries shall be made between 8:00 am and 3:30 pm on Business days.
- E10.3 The Contactor shall remove and haul all rejected salvage from the site and legally dispose of it.

The City of Winnipeg Specifications
Tender No. 567-2020 Page 11 of 18

Template Version: eC020200131 - Main C

E10.4 Removal and delivery of salvageable and non-salvageable equipment and material shall be considered incidental to the Contract Work and no additional payment will be made for such Work.

#### E11. DANGEROUS WORK CONDITIONS

- Further to clause C 6.26 of the General Conditions, the Contractor shall be aware that underground chambers, manholes, and sewers are considered a confined space and shall follow the "Guidelines for confined Entry Work" as published by the Manitoba Workplace Safety and Health Division.
- E11.2 The Contractor shall be aware of the potential hazards that can be encountered in underground chambers, manholes and sewers such as explosive gases, toxic gases and oxygen deficiency. The Contractor's Safe Work Plan should address these issues.
- E11.3 The air in a confined space must be tested before entry and continuously during the time that personnel are inside the space. Equipment for continuous monitoring of gases must be explosion-proof and equipped with a visible and audible alarm. The principal tests are for oxygen deficiency, explosion range and toxic gases. Testing equipment must be calibrated in accordance with manufacturer's specifications.
  - (a) The Contractor is responsible for all testing requirements.
- E11.4 The Contractor shall ventilate all confined spaces including underground chambers, tunnels, pipes and shafts as required and approved by the Manitoba Workplace Safety and Health Act (the "Act"). If no ventilation is supplied, a worker must wear a respirator or supplied air to enter the confined space.
- E11.5 Workers must wear a respirator or supplied air at all times when entering an underground chamber, manhole or sewer where live sewage is present.
- E11.6 The Contractor shall provide a photo-ionization detector (PID) and toxic gas detector on site at all times to monitor potential hydrocarbon vapours and hydrogen sulphide in the confined spaces. The gas detector and safety equipment conforming to the Act shall be made available to the Contract Administrator for his use during inspections.
- E11.7 The Contract Administrator may issue a stop work order to the Contractor if the above guidelines are not being followed. The Contractor shall not resume operations until the Contract Administrator is satisfied the Contractor is following the appropriate procedures. The Contractor shall have no claim for extra time or costs due to the stop work order for not following these safety guidelines.

#### E12. WATERWAY BY-LAW

- E12.1 The Contractor shall note that all Works within 107 metres (350 feet) of a riverbank are within the jurisdiction of the Waterway By-Law. The City of Winnipeg, Water and Waste Department, will apply and pay for any Waterway Permits for the project, as required. The Contractor shall adhere to restrictions imposed on the permit.
- E12.2 Under no circumstances will stockpiling of any material be permitted within 107 metres of a riverbank or dike.
  - (a) The Contractor is responsible for removing excavated materials from the Site immediately.
  - (b) The Contractor is responsible for utilizing and placing any backfill brought to the Site immediately.

#### E13. PROTECTION OF EXISTING TREES

E13.1 Do not remove existing trees and take the following precautionary steps to avoid damage from construction activities to existing boulevard trees within the limits of the construction area.

The City of Winnipeg Specifications
Tender No. 567-2020 Page 12 of 18

Template Version: eC020200131 - Main C

E13.1.1 Do not stockpile materials and soil or park vehicles and equipment on boulevards within 2 metres of trees.

- E13.1.2 Strap mature tree trunks with 25 x 150 x 2400 wood planks. Smaller trees shall be similarly protected using appropriately sized wood planks.
- E13.1.3 Excavations shall be carried out in a manner to minimize damage to existing root systems. Where roots must be cut to facilitate an excavation they shall be neatly pruned at the face of the excavation.
- Work on site shall be carried out in a manner to minimize damage to existing tree branches. Where damage to tree branches does occur, the Contractor shall neatly prune the damaged branch.
- E13.1.5 American elm trees shall not be pruned between April 1<sup>st</sup> and August 1<sup>st</sup> and Siberian elm trees between April 1<sup>st</sup> and July 1<sup>st</sup> of any year under provisions of The Dutch Elm Disease Act.
- E13.2 All damage to existing trees due to construction activities shall be repaired to the requirements and satisfaction of the City of Winnipeg, Parks and Recreation Department, Forestry Branch at the Contractor's expense.
- E13.3 Costs for protection of trees shall be considered incidental to the Contract Work and shall be done at the Contractor's expense.

#### E14. TEMPORARY USE OF CITY EQUIPMENT

E14.1 City facilities, systems and equipment shall not be used during construction without the Contract Administrator's written permission. The Contract Administrator reserves the right to withdraw said permission if, in his opinion, proper care and maintenance are not provided.

#### E15. EXISTING PUMPING STATION OPERATION DURING CONSTRUCTION

- E15.1 The facility related to the Work discharges wastewater to the river in the event of a high level condition in the sewer system. It is therefore critical to the residents of the surrounding area, as well as the City of Winnipeg. Under no condition shall any equipment associated with the station pumping be shut down without prior permission of the Contract Administrator.
- E15.2 The flood pumping equipment shall be put back into service on or prior to the critical stage date indicated in D15.1. Under no circumstance shall the flood pumping station be allowed to remain out of service after this date as the spring snow melt presents a risk of flooding basements in the area. The Contractor may not use payment of liquidated damages, as per D18.1, as a means to justify the failure of placing the flood pumping equipment in service by the date of the critical stage. If the new electrical and controls equipment will not be ready by the critical stage date then the Contractor will be required to provide temporary equipment at their own cost to place the flood pumps into operation. If automatic controls are not provided by the critical stage date then the Contractor will be required to man the station 24 hours per day and operate the pumps in manual as required, based on wetwell level, until automatic operation is provided.
- E15.3 The existing Combined Sewer Overflow (CSO) equipment at the station shall remain in service to the greatest extent possible to allow the City to monitor wastewater overflows. Relocation of the CSO panel is within the scope of the Work, and shall be scheduled and coordinated with the Contract Administrator to ensure minimum interruption to the CSO monitoring equipment.
- E15.4 The Contractor shall cooperate with and provide full access at all times for City personnel to carry out maintenance and operational duties.
  - (a) No additional payments will be made for providing access to City forces on the site or any potential affect City crews might have on the Contractor's work.

#### E16. WORK PLAN

- E16.1 The Contractor is required to develop and submit a detailed work plan to the City for review. The work plan is to include:
  - (a) The proposed construction sequence to be followed including all methods to be employed.
  - (b) A description of all proposed methods of construction to be implemented.
  - (c) Specialized equipment that may be used.
  - (d) Any design revisions proposed to accommodate the Contractor's proposed method of construction.
  - (e) The Contractor shall respond to any concerns that may be raised by the Contract Administrator's review of the Contractor's construction methods submission.

#### E17. MOBILIZATION AND DEMOBILIZATION

- E17.1 Description:
- E17.1.1 Mobilization and demobilization will include but not be limited to start-up costs, equipment set-up and removal, storage facilities set-up and removal and site cleanup.
- E17.2 Measurement and Payment:
- E17.2.1 A maximum of 50% of Form B, Item 1 or 5% of the Total Bid Price, whichever is less, may be submitted for progress payment upon mobilization. The remaining amount will be paid out upon demobilization.
- E17.2.2 The Contractor is eligible for payment of mobilization services when the Contract Administrator is satisfied that:
  - (a) The Contractor has met all the Commencement requirements specified in D14.
  - (b) The contractor has mobilized equipment and initiated work on Site.
- E17.2.3 The Contractor is eligible for payment of demobilization services when the Contract Administrator is satisfied that:
  - (a) The Contractor has achieved Substantial Performance;
  - (b) the Contractor has demobilized; and
  - (c) the Contractor has restored and cleaned up the site.

#### E18. CIVIL AND LANDSCAPING WORK

- E18.1 Scope of Work:
  - (a) Excavate the area around the comminutor chamber exhaust duct to facilitate removal of the existing duct and installation of a new, larger duct.
  - (b) Backfill all excavations.
  - (c) Install new sod over excavated areas that were previously sodded.
  - (d) Site restoration:
    - (i) This specification covers surface restoration and associated items of Work for existing surfaces disturbed by construction activities.
    - (ii) Restoration of all existing surface areas disturbed by construction activities including but not limited to excavations, operation of construction equipment, placement of field office or equipment trailer, snow clearing and where construction materials were stockpiled, shall be restored as follows:
      - (i) Grassed areas: sodding using imported topsoil in accordance with CW 3510.
      - (ii) Gravel surfaces: in accordance with CW 3150.

- Template Version: eC020200131 Main C
- (iii) Asphalt surfaces: match existing base course and asphalt thickness or provide a minimum of 150 millimetres of base course and 75 millimetres of Type 1A Asphaltic concrete whichever is greater, in accordance with CW 3410.
- (iv) Pavement slabs in accordance with CW 3310.
- (v) Interlocking pavement stones: CW 3330.

#### E18.2 Measurement and Payment:

E18.2.1 Payment will be based on Form B, Item 2, as accepted and measured by the Contract Administrator.

#### E19. STRUCTURAL AND ARCHITECTURAL WORK

#### E19.1 Scope of Work:

- (a) Repair brickwork on front of building.
- (b) Repair parging on building exterior.
- (c) Repair / replace siding on south side of building to facilitate new larger HVAC louver and to repair existing damage.
- (d) Remove two wooden sheds inside the station over the access to the dry well and comminutor chamber.
- (e) Remove existing foamboard insulation.
- (f) Perform ladder modifications.
- (g) Replace floor hatch covers and handrails.
- (h) Supply and install new studs, insulation, vapour barrier, and plywood on interior walls.
- (i) Supply and install new vapour barrier and plywood on interior ceilings.
- Supply and install new segmented, insulated, removable lifting well ceiling closures as indicated on drawings.
- (k) Supply and install new attic insulation.
- (I) Open all gable vents, ridge vents, and static vents in the attic.
- (m) Prime and paint interior walls and ceilings.
- (n) Clean drywell walls and floors to remove all dirt, film, paint, coatings, and/or other foreign material.
- (o) Supply and install concrete waterproofing to repair all cracks and leaks in drywell.
- (p) Repair concrete pump bases.
- (q) Re-slope drywell floor to sump pit to improve drainage.
- (r) Core new hole in comminutor chamber below grade for new enlarged duct opening.
- (s) Perform rebar scanning prior to cutting concrete. Arrange for inspection by Contract Administrator prior to cutting.
- (t) Replacement of all metal trashracks in wetwell with new stainless steel trashracks to match existing.
- (u) Replace all existing supports and fasteners associated with the trashracks.
- (v) Replace all stop log guides in the wetwell with new stainless steel guides to match existing.
- (w) Remove and replace damaged concrete castings associated with the stop log guides. Replace all supports and fasteners associated with the stop log guides -- all new metal components are to be 306 stainless steel.
- (x) Install structural members on ceiling of existing comminutor chamber building to facilitate new opening from grade.
- (y) Saw cut new opening into existing comminutor chamber ceiling.
- (z) Supply and install new metal stairs in comminutor chamber.

The City of Winnipeg Specifications
Tender No. 567-2020 Page 15 of 18

Template Version: eC020200131 - Main C

(aa) Supply materials and construct new electrical equipment housekeeping pads, complete with embedded hooks into existing slab.

#### E19.2 Measurement and Payment:

- E19.2.1 Payment will be based on Form B, Item 3, as accepted and measured by the Contract Administrator.
  - (a) A maximum of 95% may be submitted for progress payments prior to the total completion of the associated services, including the provision of as-built drawing mark-ups and O&M manuals.

#### **E20. MECHANICAL WORK**

#### E20.1 Scope of Work:

- (a) Demolish the existing supply fans and associated ductwork.
- (b) Supply and install new supply and exhaust fans.
- (c) Supply and install new filter section and spare filter.
- (d) Supply and install new mixing section with dampers and controls.
- (e) Supply and install new insulated ductwork.
- (f) Supply and install new duct heater.
- (g) Supply and install new electric unit heaters.
- (h) Supply and install new outdoor air and exhaust openings complete with new ducts and louvers as indicated on the drawings.
- (i) Supply and install fire extinguishers as shown on the drawings.
- (j) Supply and install new domestic water meter, backflow preventers, piping, fittings, supports, fasteners, and all appurtenances for the flood pump seal water system.
- (k) Supply and install a new sump pump with new dual discharge check valves, with new discharge piping to the wet well.

#### E20.2 Measurement and Payment:

- E20.2.1 Payment will be based on Form B, Item 4, as accepted and measured by the Contract Administrator.
  - (a) A maximum of 95% may be submitted for progress payments prior to the total completion of the associated services, including the provision of as-built drawing mark-ups and O&M manuals.

#### E21. ELECTRICAL WORK

- E21.1 Supply and install temporary electrical provisions as required to complete the work as specified.
- E21.2 Remove the following existing equipment:
  - (a) 600V splitter,
  - (b) Flood pump and fan motor starters, and associated disconnect switches.
  - (c) 600:120/240V transformer and 120/240V panelboard.
  - (d) Lighting,
  - (e) Switches,
  - (f) Receptacles,
  - (g) Pull boxes,
  - (h) Telephone cabling,

The City of Winnipeg Specifications
Tender No. 567-2020 Page 16 of 18

Template Version: eC020200131 - Main C

 Cabling, connectors, conduit, conduit fittings, junction boxes, pull boxes, and any other component of the existing electrical distribution within the station.

#### E21.3 Supply and install:

- (a) Light fixtures,
- (b) Switches,
- (c) Receptacles,
- (d) Pull boxes,
- (e) Junction boxes,
- (f) Cabling,
- (g) Cable connectors,
- (h) Conduit,
- (i) Fittings,
- (j) Supports,
- (k) Fasteners,
- (I) 600V motor control centres, MCC-F71 and MCC-F72.
- (m) 600-120/240V transformer, XFMR-F73.
- (n) 120/240V panelboard, PNL-F73,
- (o) Emergency lighting system,
- (p) Grounding and bonding conductors, compression connectors, and fasteners
- E21.4 Connect new motor control centre to existing exhaust fan, EF-F65.
- E21.5 Perform complete operational testing of all electrical equipment and associated controls. Demonstrate operation to the Contract Administrator.
- E21.6 Do not use cable tray. Support armoured cables from wall and ceiling mounted strut and cable clamps.
- E21.7 Perform comprehensive testing of the three (3) existing flood pump motors (MTR-F01, MTR-F02, and MTR-F03) in situ. Testing to be in accordance with specification 26 08 05.
  - (a) City personnel will disconnect the output driveshafts from the motors if required for testing.
  - (b) Motor testing shall be performed by company specializing in equipment testing, and with 10 or more years of experience in testing 600 Vac induction motors.
- E21.8 Note to bidders: some of the work in the hazardous locations (sewer or wetwells) will typically require the use of a self-contained breathing apparatus and fall-arrest equipment.
- E21.9 Commission all electrical equipment.
- E21.10 Install arc flash labels supplied by the Contract Administrator.
- E21.11 Measurement and Payment:
- E21.11.1 Payment will be based on Form B, Item 5, as accepted and measured by the Contract Administrator.
  - (a) A maximum of 95% may be submitted for progress payments prior to the total completion of the associated services, including the provision of as-built drawing mark-ups and O&M manuals.

#### E22. INSTRUMENTATION AND CONTROLS WORK

- E22.1 Supply, install, test, and commission the complete control system and all instrumentation as indicated on the drawings, Instrument List, I/O List, and specifications.
- E22.2 Remove the existing automation control panel and turn over to the City.
- E22.3 Remove existing instrumentation including but not limited to level sensors and transmitters, float switches, temperature switches, damper actuators, and all other components as indicated on the drawings and in the specifications.
- E22.4 Supply, install, calibrate, configure, and test the following process instrumentation, including connection to the station PLC and the City's Wastewater Collections SCADA system:
  - (a) Control Panel, CP-F81,
  - (b) Intrinsically safe barrier panel, JBA-F82,
  - (c) Wet well level transmitter and level sensors, LIT-F500 and LE-F500,
  - (d) Wet Well level switch, LSH-F500,
  - (e) Dry Well level switch, LSH-F501,
  - (f) Comminutor Chamber level switch, LSH-F502,
  - (g) Weir Overflow Switch, LSH-S529,
  - (h) Seal water supply low pressure switch, PSL-F526
  - (i) Flood pump seal water flow switches, FSL-F011, FSL-F021, and FSL-F031,
  - (j) Flood pump seal water solenoids, XV-F011, XV-F021, and XV-F031,
  - (k) Flood pump emergency stop pushbutton stations.
- E22.5 Supply, install, calibrate, configure, and test all components associated with the ventilation system including, and their interface to the PLC and SCADA system:
  - (a) Ventilation Panel, JBA-F86,
  - (b) HVAC controller, TIC-F600,
  - (c) Duct temperature sensor, TE-F631,
  - (d) Operation of duct heater, HCE-F63,
  - (e) Damper actuators, FV-F601, FV-F602, FV-F603,
  - (f) Room temperature transmitter, TT-F691,
  - (g) Unit heater controls, TS-F641 and TS-F681,
  - (h) Air filter plugged switch, PDSH-F610,
  - Operation in occupied and unoccupied modes, based on light switch HS-F600,
  - (j) Operation of comminutor chamber fans based on light switch HS-F660.
- E22.6 Perform complete system demonstrations to the Contract Administrator.
- E22.7 Install miscellaneous junction boxes as indicated on the drawings.
- E22.8 Program and commission the PLC and HMI in control panel CP-F81 based on the included Functional Requirements Specification.
- E22.9 Relocate the existing Combined Sewer Overflow (CSO) panel. Test all CSO instrument signals to the PLC and to the City's Wastewater Collections SCADA system.
- E22.10 Note to bidders: some of the work in the hazardous locations (sewer or wetwells) will typically require the use of a self-contained breathing apparatus and fall-arrest equipment.

The City of Winnipeg Tender No. 567-2020 Template Version: eC020200131 - Main C

### E22.11 Measurement and Payment:

- E22.11.1 Payment will be based on Form B, Item 6, as accepted and measured by the Contract Administrator.
  - (a) A maximum of 95% may be submitted for progress payments prior to the total completion of the associated services, including the provision of as-built drawing mark-ups and O&M manuals.
