#### **QUESTIONS AND ANSWERS**

Q1: When is the deadline for submitting clarification questions?

A1: Clarification questions should be submitted in the timeframe outlined in Section B6.2.

Q2: Would the City be willing to provide the Design Build Agreement and/or any appendices relevant to the role of the Independent Certifier?

A2: The Design Build Agreement and its appendices are currently confidential and in draft form. Independent Certifier Certification Services may still change pending negotiations with the Headworks Project's preferred proponent. Once the preferred proponent for the RFP 659-2018B is known, and negotiated changes are implemented, a new Appendix 1 will be issued via addenda to capture the final Scope of Services for the Independent Certifier. Depending on a mutual agreement between the Headworks Project's preferred proponent and the City, additional relevant finalized information from the Design Build Agreement regarding the Independent Certifier's Certification Services may be released at that time.

Q3: Can the City provide an estimated number of milestones?

A3: RFP 659-2018B allows proponents to choose their preferred number of milestones. The range the proponents can choose from is 20 to 137. Once a preferred proponent for the Headworks Project is named, this number will be known, and this information will be shared via addendum.
