PART D – SUPPLEMENTAL CONDITIONS

Revise: D6.1(f)(i):

D6.1(f)(i) This must be custom web application, which shall be developed using technologies (such as routing/mapping API's, GIS servers, database servers etc.—as applicable) that are all vendor supplied. Use of Cloud based services (such as Google Maps or Open Street Map) is acceptable as long as their acquisition and access is coordinated by the vendor. The City's obligations will only be to provide a hosting environment (such as IIS and .NET) for the web application.

Revise: D6.1(f)(v):

D6.1(f)(v) The consultant must provide support (e.g. bug fixes) for the duration of the project. The tool will be removed from the website following the submission of the Final Report (D15.1 (d)). The City does not require to retain ownership of the travel time estimator tool following the completion of the contract.

Revise: D6.1(f)(vi):

D6.1(f)(vi) The City of Winnipeg Web Server Environment is as follows:

- Windows Server 2012R2, IIS (8.5 (NET Framework 4.5, .NET CLR 4.0).

Add: D14.2(c) – The direct deposit application specified in D18

Add: D18 PAYMENTS

D18.1 Further to C11.14, the City shall make payments to the Consultant by direct deposit to the Consultant's banking institution, and by no other means. Payments will not be made until the Consultant has made satisfactory direct deposit arrangements with the City. Direct deposit application forms are at https://winnipeg.ca/finance/files/Direct_Deposit_Form.pdf.
