Available for ages 3–15, our summer camps encourage children to be creative and explore new activities in a fun and welcoming environment. With a number of different camps to choose from, there really is something for everyone!

Why Choose City of Winnipeg Summer Camps?

All City of Winnipeg recreation program leaders have been screened through the Police Information Check process and are certified in First Aid and CPR. In addition, ongoing training opportunities help to better equip our employees with the knowledge and skills needed to perform their jobs safely and effectively! Specialized training provided to our leaders includes:

**Canadian Centre for Child Protection (C3P)**
The City of Winnipeg Community Services Department works with the Canadian Centre for Child Protection in order to ensure best practices and awareness in the area of child protection.

**HIGH FIVE®—Principles of Healthy Child Development**
The City of Winnipeg is a registered municipality with HIGH FIVE®. HIGH FIVE® training provides organizations with nationally-recognized certification that assists in providing sport and recreation programs for children. The goal is to ensure that every child has access to positive sport and recreation.

**Physical Literacy**
Physical literacy gives children the confidence, physical competence, knowledge and understanding to engage in physical activity for life. This training provides an enhanced understanding of physical literacy and motivates employees to incorporate the elements of physical literacy into their program plans.

**Equitas**
The City of Winnipeg works in collaboration with Equitas—International Centre for Human Rights Education, to bring awareness of children’s rights through an educational approach, amongst employees and participants who attend our programs.

HIGH FIVE® is Canada’s only comprehensive quality standard for children’s programs and holds true to the following five principles of healthy child development that their research indicates are essential for providing a positive experience for kids:

1. A Caring Adult—fosters positive relationships and acts as an anchor and role model
2. Friends—helps introduce children to the world beyond their families
3. Play—supports the enthusiasm of children for exploring ideas on their own
4. Mastery—discovering success and the feeling of being good at a skill
5. Participation—creating environments that maximize learning, growth and physical activity

Our program leaders are HIGH FIVE® trained.
Learn to Fish • 7 years+

Fishing can be pretty complicated if you are just learning. What kind of rod and reel do you use? Do you use minnows or worms, a pickerel rig or a jig? How do you tie a good knot, so you don’t let the big one get away? Where do you catch them? You’ll find the answers to these questions at our learn to fish program designed to introduce Winnipeg families to exciting recreational angling action right here in Winnipeg. 

Note: Angling licenses are not required for this program. Basic fishing equipment is provided; children are required to wear life jackets. Children are to be registered with at least one guardian, price per person. All participants (children & guardians) must be registered.
