### Notes:

- Permits for new single-family and two-family dwellings, detached secondary suites and additions, the number of inspections included in a project would be 7 (3 for building, 2 for plumbing, and 2 for electrical if applicable to the construction project). Since most of the required inspection points can be combined to include more than one permit, the inspections can be 'transferred' between permits on these projects. However, for many interior renovation projects or accessory structure (external to the house) projects which might include more than one permit (e.g. a garage with building and electrical permits), the inspections would not be transferable because each electrical or plumbing contractor will typically call for inspections independently.

## Refunds, Discounts and Fees for Non-Compliance

**Example:**

For Housing permits, the non-compliance fee is calculated and applied on a project basis and not for each related permit. For example, if a basement is developed or renovated without a permit and:

- If the total fees for the post-construction building, electrical and plumbing permits exceed \$443 (i.e.: the min. non-compliance fee), the non-compliance fee charged will be equal to the total permit fees.
- If the total permit fees are less than \$443, the non-compliance fee charged will be \$443.

Sum of project permit fees	Non-compliance fee charged
less than or equal to \$443	\$443
greater than \$443	equal to the sum of the project permit fees

Penalties for Non-compliance with the Residential Fire Safety By-law	Continued non-compliance fees as of 2024
Monetary penalty per building	\$800 per suite
Minimum monetary penalty	\$4000
Maximum monetary penalty	\$40,000

## 11. General Administration

### **Fees payable at the time of application/service request:**

Most fee payments will be collected at the time of application. In cases where construction-related permit fees are collected at the time of application, a maximum of \$100,000 will be collected. In cases of applications for which permit fees exceed \$100,000, the balance of the fees will be due upon issuance of the permit.

### **Fees payable after submission of an application:**

Any fee that cannot be calculated at the time of application, or fees that are incurred subsequent to the time of application, must be paid within 15 days following the date of invoice or prior to the issuance of a permit, whichever occurs earlier. These fees include, but are not limited to:

- Inspections calculated on the basis of time spent attending to the inspection;
- Fees that are only calculated after the application has been reviewed or the permit has been issued such as additional inspection fees, fees for non-compliance, certain deposits etc.;
- Any fee that is calculated on the basis of time engaged in the provision of a service;
- Fees that fall within policies and programs approved by the Director;
- Fees waived by Council; and
- Newspaper Advertisement Fees.

### **Fees Paid by Credit Card**

The maximum fee that may be paid by a credit card transaction is \$10,000.

Fees on a single permit that exceed \$10,000 may not be paid by credit card. Multiple permits each with a fee of less than \$10,000 may be paid by credit card individually and separately.

### **Subdivision Registration and Agreements for subdivision, servicing, development and zoning**

Mylar signing fees are payable prior to the release of mylars for registration at the Winnipeg Land Titles Office. Fees for a subdivision agreement, a servicing agreement, or a development agreement are payable prior to referral of the application to the relevant Committee of Council. Zoning agreement fees are payable prior to execution of the agreement.

### **Payment of encroachment licence fees**

An annual encroachment licence fee is payable in respect of each calendar year, or part of a calendar year, during which the encroachment has been maintained. There is no refund of any portion of an encroachment licence fee upon cancellation of the encroachment licence.

### **Powers of the Director**

The Director and his or her delegate and all designated employees may conduct inspections and take steps to administer The Planning, Development, Building and Vacant Building Fees and Charges Schedule and, for those purposes, have the powers of a “designated employee” under The City of Winnipeg Charter.

### **Fees determined by the Director**

The Director is authorized to charge fees and charge for services provided, documents produced, permits issued or other actions taken that are not referred to in the Schedule. In deciding whether to charge a fee and in determining the amount of fee to be charged, the Director must be fair and equitable while attempting to recoup the costs incurred by the City.

### **Fees waived by the Director**

The Director is authorized to waive all or part of an additional fee or monetary penalty for non-compliance for work without a building permit, work without a development permit, or failure to obtain permit or approval where the Director is satisfied that the applicant acted reasonably in the circumstances; and any fee where the Director is satisfied that the imposition of the fee would be unfair in the circumstances.

### **Increased fees refunded by the Director**

The Director is authorized to refund an amount equal to the increase in the fee to the applicant where:

- a) a new fee is imposed, a permit fee higher than the regular fee is imposed, or an amendment to the fee schedule results in an increased permit fee; and

- b) the Director is satisfied that, prior to notice being provided to the construction industry of the date that the increased permit fees would come into effect, an applicant was bound to a contract predicated on payment of the lower fee for the permit.

**Refunds or waiver of fees by Standing Policy Committee**

Where the applicant is a corporation whose main purpose is not the earning of a profit or is a charity registered with Canada Revenue Agency, the Standing Policy Committee on Property and Development is hereby authorized to waive or direct the refund of all or part of a fee imposed for Development Applications and Agreements, Development Permits, Encroachments and Variances and Conditional Uses, excluding an advertising fee, where:

- a) the proposed development will have the effect of providing a public service or will otherwise benefit the community of Winnipeg; and
- b) the waiver or refund has been endorsed by the community committee in which the proposed development will take place.
