Why Choose City of Winnipeg Summer Camps?

Available for ages 3–15, our summer camps encourage children to be creative and explore new activities in a fun and welcoming environment. With a number of different camps to choose from, there really is something for everyone!

All City of Winnipeg recreation program leaders have been screened through the Police Information Check process and are certified in First Aid and CPR. In addition, ongoing training opportunities help to better equip our employees with the knowledge and skills needed to perform their jobs safely and effectively! Specialized training provided to our leaders includes:

Canadian Centre for Child Protection (C3P)

The City of Winnipeg Community Services Department works with the Canadian Centre for Child Protection in order to ensure best practices and awareness in the area of child protection.

HIGH FIVE®—Principles of Healthy Child Development

The City of Winnipeg is a registered municipality with HIGH FIVE®. HIGH FIVE® training provides organizations with nationally-recognized certification that assists in providing sport and recreation programs for children. The goal is to ensure that every child has access to positive sport and recreation.

Physical Literacy

Physical literacy gives children the confidence, physical competence, knowledge, and understanding to engage in physical activity for life. This training provides an enhanced understanding of physical literacy and motivates employees to incorporate the elements of physical literacy into their program plans.

Children's Rights Education

The City of Winnipeg works in collaboration with Equitas—International Centre for Human Rights Education to bring awareness of children's rights through an educational approach.

Momenta — Preventing and Responding to Behaviors of Concern

This training gives employees tools to understand and respond to behaviours of concern using strength-based and trauma-informed approaches. Setting clear expectations and using practical prevention and response strategies support participants to have fun, be respectful, and participate in a meaningful way.
