## **ARTICLE 9 – PROMOTIONS**

### **Definitions**

- 9.1** In this Article the following words shall have the following meanings:

- 9.2** "Panel" means the Assessment and Selection Panel established by this Article; "Member" means a member of the Union within the scope of this Agreement; "Seniority" means seniority as defined in Article 10 of this Agreement.

### **Progression to First Class Fire Fighter**

- 9.3** Fire Fighters will qualify for the rank by satisfactorily completing four (4) written progressive tests and serving at least five (5) years in the Department.
- 9.4** One (1) of the said progressive tests shall be conducted in each of four (4) successive calendar years until the four (4) tests have been successfully completed with a passing grade of seventy percent (70%).
- 9.5** The subject material of the four (4) progressive tests shall be taken from the manual in use for the Fire Fighter Certification. Employees shall be given four (4) months advance notice of the date of the progressive test and shall be provided a study guide outlining major topics of that test, appropriate reference material and an opportunity to review the subjects with an Academy Instructor.
- 9.6** The Union shall have the right to review, and discuss effectiveness in performance of the test system, and review and discuss modifications to the test system.
- 9.7** The progressive tests shall be conducted in a manner that will not interfere with an employee's earned annual vacation or public holiday leave provided for under this Agreement.
- 9.8** The progressive tests shall be held when an employee is on duty. If this is not possible, then an employee who is off duty and is required to write such a test, shall be paid as provided for in Article 14 of this Agreement.
- 9.9** Should the employee not successfully complete a test the Department shall ensure that the employee has an opportunity to rewrite the test within sixty (60) days with no penalty.
- 9.10** Upon successfully completing the test, or retest, the employee shall be eligible to receive their annual increment.
- 9.11** Failure to successfully complete the rewrite shall cause the annual increment to be withheld until successful completion of the next test in a period of approximately one (1) year.
- 9.12** The employee shall have the option to write the regular test and the makeup test in the next test period to achieve parity with their classmates.
- 9.13** Should the Department suspend the delivery of a progressive test for any reason the employee's progression to the next increment shall not be extended because of that interruption.
- 9.14** Articles 9.3 and 9.9 through 9.13 shall only apply to employees hired after December 24, 1995.

### **Promotion to Officer Rank in the Operations Branch**

- 9.15** Promotion to the rank of:
- a) District Chief will be made in accordance with Appendix 2;

- b) Platoon Safety Officer and Director of Safety and Health will be made in accordance with the Memorandum of Agreement Re: Platoon Safety Officer/Director of Safety and Health;
  - c) Lieutenant and Captain will be made by seniority from a list of eligible candidates after assessment and review of the candidate's career record and after a candidate has successfully completed the Company Officer's Development Program to the rank for which the promotion is being sought,
- and;
- d) after the candidate has been approved by the **City's Occupational Health Nurse** as being of a degree of medical fitness appropriate to the rank for which the promotion is being sought. If an employee is not approved by the **Occupational Health Nurse**, they shall be entitled to appeal the decision to the Chief and the Chief may obtain an independent medical opinion as to the employee's medical fitness appropriate to the rank for which the promotion is sought.

- 9.16 After the satisfactory completion of a one (1) year probationary period, the employee shall be confirmed in the rank.
- 9.17 If an employee's performance during their probationary period is found to be unsatisfactory at any time during that period, they shall be advised at the time in detail as to the unsatisfactory aspects of their performance.

#### **Company Officer Development Program – Operations Branch**

- 9.18 A Company Officer Development Program hereinafter called "the Program" will be established.
- 9.19 Employees will be offered the opportunity to participate in the Program by seniority and must successfully complete the Program to the rank for which the promotion is being sought, before being eligible for promotion. Employees must also successfully complete the Program to the rank for which promotion is being sought prior to being placed in the position of Acting Officer status for that rank.

If an employee returns from a leave that was for reasons of illness or other incapacity, and if not for the leave the employee would have otherwise had the opportunity to participate in a particular step in the Program, the Chief will give consideration to allowing the employee to enter into that step upon return from leave. If allowed to enter the step, the employee will be allowed or scheduled to participate in the components of that step when those components are normally available.

- 9.20 The Department will make efforts to make Company Officer Training available early in the employee's career. A member will not be allowed to act as Lieutenant until they have successfully completed the Fire Officer I Program. A member will not be allowed to Act as Captain until they have successfully completed the Fire Officer II Program.

The parties recognize that from time to time, there will be circumstances wherein an overtime call-in may be required to cover the need to fill a staffing requirement for Lieutenant or Captain.

If it can be demonstrated that the City has not taken reasonable steps to ensure that Fire Fighters have had the opportunity to complete the Program to the rank for which the member could have reasonably expected to be trained to be allowed to act, and through no fault of the member in question, the Chief will arrange for remuneration to the member for lost acting opportunities. Each case will be dealt with on its own merits.

- 9.21** An employee who fails to successfully complete any component of the Program under Article 9.19 and wishes to re-attend that component, must do so on their own time and expense.

The Department will take reasonable steps to allow the member to take a retest as soon as reasonably practical. If the member fails the test again, the member must re-attend that component at their own time and expense.

- 9.22** An employee who successfully completes the Program to the rank for which the promotion is being sought but who chooses not to act within that higher rank will be dealt with in a manner consistent with Article 9.45 of the Collective Agreement.

- 9.23** If a member, entitled to participate in a course in the Program, is incapacitated to a degree that the member is temporarily unable to perform normal firefighting duties, and is therefore on sick leave or Workers' Compensation Benefits, but is sufficiently fit that they are able to participate in the course, they shall not be prevented from doing so.

- 9.24** If an in-class portion of the Program falls during the employee's earned annual vacation period or their public holiday leave, an employee may indicate, in writing to the Chief or designate, their desire to attend the in-class portion of the Program and request that their vacation period be changed to another date or dates, subject to the approval of the Chief or designate.

- 9.25** The requirement as to the depth of learning in each topic and the procedures used in the assessment and method of evaluation of the Program, will be subject to input from, and agreement by, the Union.

The exception to the clause requiring input and agreement by the Union is any component of training that falls within the accredited Fire Officer Level I, Level II and Level III Programs, including which institution delivers these Programs and how the Programs will be delivered.

- 9.26** Academy attendance for the in-class component of the Program will be held Monday to Friday inclusive, subject to the provisions of Article 13 – Hours of Work.

**Assignment and Promotion to the Fire Prevention Branch, Public Education Branch and the Academy of Fire and Emergency Services.**

- 9.27** It is understood and agreed by the parties that it will not be mandatory for present incumbents only, at the date of signing of the Agreement (meaning Agreement signed June 3, 1998), in these Branches to take Level I, II or III courses, however, these courses will be made available to these members on a seniority basis.

- 9.28** It is understood and agreed by the parties that salary increments will not be withheld if training courses are not available in the Winnipeg Fire Department to the members.

- 9.29** Assignment to fill vacancies in the Fire Prevention Branch, Public Education Branch and the Academy of Fire and Emergency Services shall be made by seniority from a list of applicants,

created in January of each year, or additionally if exhausted, provided they have attained a minimum of First Class Fire Fighter.

- 9.30 Employees selected for assignment to the Fire Prevention Branch and the Public Education Branch as a Fire Inspector or a Public Fire Educator and employees selected for assignment to the Academy of Fire and Emergency Services as an Instructor, shall, within six (6) months, complete and formally meet Level I requirements of the pertinent NFPA 1031, 1035 or 1041 Standard.
- 9.31 After completing six (6) months and meeting the Level I requirements the employee shall be promoted to the respective Branch.
- 9.32 Employees in these Branches shall, within eighteen (18) months of date of assignment, complete and formally meet Level II requirements of the pertinent NFPA 1031 and 1035 or 1041 Standard.
- 9.33 Attendance and participation in the Level I, II and III instruction shall be on Department time and shall not interfere with the employee's earned annual vacation or public holidays.
- 9.34 Methods for delivery and assessment for Level I, II and III instruction shall be subject to discussion by the Department and the Union.
- 9.35 Delivery and assessment for Level I, II and III instruction may be assigned to a third party mutually agreed to by the parties.
- 9.36 Effective eighteen (18) months after signing January 1, 1999, and providing those employees of the respective Branches have been given an opportunity to attend the training, acting in a higher rank in the respective Branch will require the employee to be enrolled in, or complete and formally meet the requirements of, Level III of the pertinent NFPA 1031 and 1035 or 1041 Standard.
- 9.37 Rates of pay for all service worked in the Branch will be at the salary, for the position appointed to, as stated in Appendix 1 of the current working Agreement.
- 9.38 Upon promotion, as stated in Article 9.31, an employee will serve a one (1) year probationary period in the Branch.
- 9.39 The Deputy Chief of Support Services, in the case of the Fire Prevention Branch, the Public Education Branch and Academy of Fire and Emergency Services, has the authority to remove an employee from any Branch during the in-service training period and the probationary period for just cause, or to reduce an employee in rank for just cause.
- 9.40 **Should an employee of any branch wish to return to Operations, the following conditions will apply:**
  - a) **The employee must be medically fit to fulfill the duties as per the job description of the position to which they are returning, as determined by the City of Winnipeg EOSH return to work process.**
  - b) **If the employee has been assigned and/or promoted to the Fire Prevention Branch, Public Education Branch, or Academy of Fire and Emergency Services, upon return they will be placed on the seniority list for promotion in the same relative position**

held prior to leaving the Branch. Promotion and/or acting in a higher rank shall be subject to the employee meeting the requirements of Articles 9.15 through 9.17.

- c) The return of members to Operations who have been out/off for a period exceeding one (1) year will benefit from a dedicated and defined process of returning to work. This process should be structured to ensure the member's success and applied consistently.

This mechanism is in addition to the Standard Return to Work process and applies to all members who are returning and experience greater than one year out of Operations. If less than one (1) year out of Operations, the Standard Return to Work process (maze, radios, PPE, policy/procedure updates, PCP refresh, officer/command refresher as applicable) continue to apply.

#### Parameters

- i) The time out of Operations is determined by the start date the member begins their new role in the branch (not the last date worked in Operations) or removal from Operations due to injury or maternity/parental leave.
- ii) The date of return to Operations is the date the member requests the return to occur, not the date of the first returning shift. It is agreed that all reasonable effort will be made to accommodate the member's request, however due to payroll or other circumstances the date of return may not be as requested. This adjusted date will not be held against the member and activate an additional year of mentoring.
- iii) For example: If the first date of return to Operations (not member requested date) is after an additional anniversary date, this does not activate an additional eight (8) tours of mentoring
- iv) The member will be paid at their rank upon re-entry into Operations, not the position they are being mentored at. i.e. District Chief being mentored in the role of Lieutenant will be paid at their District Chief rate of pay.
- v) All members will be allowed to take Officer Training Courses required for promotion even if working outside of Operations, on WCB, or other types of leave if any applicable restrictions allow, with priority given to operational needs.
- vi) Officer Training courses will be offered by seniority including to those outside of Operations with priority given to operational needs if an employee has no confirmed proximal return date.
- vii) Members will not "lose" seniority by having their number adjusted for time outside of Operations. If a member has all required training courses for an officer rank the member will be promoted to such rank at the first applicable opening on return to Operations and complete the appropriate mentoring.
- viii) Members can stay out of Operations for an unlimited period and return following this mechanism.

- ix) If upon return to Operations a member did not take required Officer Training courses, courses will be offered by seniority and will need to be completed for promotion. If the courses are taken during the Return to Work process the remaining mentoring time will need to be completed upon completion of the course.
- x) If a member does not complete the entire process of mentoring and returns to duties outside of Operations, the accumulation of "time outside of Operations" does not reset and will continue accumulation. This time spent mentoring does not count towards re-entry to Operations as it was not completed. This does not include Operations training and Officer training courses, however the member will be required to complete the entire process at the promoted rank. Time in Operations training does not count towards mentoring. Members who obtain Officer training courses during mentoring will be required to wait for promotion to rank trained for as operational requirements, as training occurred while in Operations.
- xi) Secondments/special assignments are recognized as time outside of Operations.
- xii) Once entire mentoring is completed and a member returns to duties outside of Operations, their time outside of Operations resets to zero.

#### Process

Each member will receive eight (8) tours of mentoring per year broken down upon their returning to Operations rank:

- 1. Fire Fighter
  - a) Mentoring for eight (8) tours/year out of Operations in various roles as determined by Platoon Chief and the Assistant Chief of Fire Rescue Operations.
- 2. Lieutenant
  - a) Four (4) tours Squad
  - b) Two (2) tours Ladder
  - c) Two (2) tours Rescue
- 3. Captain
  - a) Four (4) tours Squad
  - b) Two (2) tours Ladder
  - c) Two (2) tours Rescue
- 4. District Chief and above
  - a) One (1) tour Ladder
  - b) One (1) tour Rescue

- c) **Three (3) tours Captain**
- d) **Three (3) tours mentoring as DC**
- d) The employee shall submit a written request to the Chief or designate to return to Operations. The date requested to be returned to Operations will be considered the effective date that the employee returned to Operations.
- e) An employee that requests to leave the Branch will be transferred no sooner than two (2) weeks and no later than three (3) months from the date of that request, inclusive of any banked time owing.
- f) If an employee returns to Operations and if not for being in one of the above named Branches, the employee would have otherwise had the opportunity to participate in a particular step in the Program, the Chief will give consideration to allowing the employee to enter that step upon return to Operations. If allowed to enter into the Program, the employee will be allowed or scheduled to participate in the components of that step when those components are normally available.

#### **Promotions to Administrative Positions**

- 9.41** Promotions to the ranks of Director of Fire Prevention, Director of Training, Director of Emergency Mechanical Services, Platoon Chief, Assistant Director of Training, Supervisor of Emergency Mechanical Services, Director of Safety and Health, shall be by appointment at the sole discretion of the Chief, which discretion shall be reasonably exercised "subject to the following conditions":

#### **See Appendix 2 Re: Platoon Chief.**

- a) Vacancies in the above positions will be bulletined.
- b) The Bulletin will identify the required and preferred qualifications for a successful candidate. It will also indicate what type of testing will be involved, and what topics may be tested, if that is the City's intent.
- c) Interviews of applicants for any of the above ranks will be conducted by a Selection Panel composed of the Chief, Deputy Chief of Operations, Deputy Chief of Support Services and Manager of Human Resources or designates and one (1) Observer designated by Local 867 of IAFF. That Observer serves as a witness only, and is not part of the Selection Board and is not part of the decision making process.
- d) Time spent by an employee acting in any of the above ranks on an acting basis shall not be considered as a guarantee of subsequent promotion or appointment to any vacancy in such ranks but will only form part of the career record of the employee so acting.
- e) After an evaluation of the employee's service record, training record and resume, related to the stated qualifications, those employees selected by the Panel will be interviewed by seniority.
- f) Senior selected candidates from each Branch will be given first consideration, however applications for the positions of Director of Fire Prevention, Director of EMSB, Director of Training, and Director of Safety and Health may be received from any Branch.

- g) Any candidate who has made application for promotion to any of the above ranks and is not chosen or appointed to fill such vacancy shall have the right to make application to fill any vacancies in such ranks as they occur in the future.
- h) Upon completion of the Selection Process and prior to the notification of the general membership, the successful candidate will be advised. Thereafter the unsuccessful candidate(s) will be notified, in writing, of the Selection Process outcome and reasons, and offered an opportunity for feedback as to the reasons of their unsuitability. If requested, this feedback review will be scheduled with the Candidate and the Manager of Human Resources, or designated as per Article 9.41 (c).
- i) The Department shall make reasonable efforts to ensure that the eight (8) most senior ranking District Chiefs (Article 9.45 applicable) shall be provided a minimum of three (3) tours mentoring with a Platoon Chief annually. District Chiefs shall be mentored when resources permit in a conditionally available status. There shall be no back filling required for District Chiefs. During any designated mentoring time, the District Chief's start/end times shall mirror the Platoon Chief's start/end times to maximize the mentoring experience during shift changes. For clarity, the District Chief will not be paid acting pay as Platoon Chief when mentoring with a Platoon Chief.

#### **Removal from Eligibility List or Reduction in Rank in Operations Branch**

- 9.42 Recommendation to the Chief for removal of a member from the Eligibility List for promotion and/or the reduction of a member from the rank the employee then holds for just cause will be reviewed by the Assessment and Selection Panel prior to a decision being rendered by the Chief.
- 9.43 In such cases, the Chair of the Panel shall be the Deputy Chief of Support Services. The Deputy Chief of **Fire** Operations shall present the case of the Department to the Panel. The Panel shall allow the member concerned, with the assistance of the Union if they so desire, to attend the meeting of the Panel and make such submission to the Panel as they wish. After the hearing, as aforesaid, the Panel shall advise the Chief of the recommendations it is making.
- 9.44 Prior to the Chief making their decision, they shall review the entire case and shall call the member concerned to appear before them for that purpose. The member shall be entitled to appear with legal counsel. The Chief shall render their decision in the matter to the member concerned and the Union as soon as possible following such review.

#### **Refusal to Seek Promotion**

- 9.45 Employees may at any time submit a letter stating that they do not wish to act in a higher rank. Such letters may be withdrawn at any time; however, in the event of such withdrawal, said employee shall not become eligible to resume acting in a higher rank for a period of twelve (12) continuous months immediately following the withdrawal of the letter.

#### **Disability**

- 9.46 A member of the Department, who has turned down or been passed over for promotion because of disability or injury and who returns to the service of the Department, shall be considered for the next promotion to the rank for which they are qualified by seniority provided they have served in an acting capacity in that rank for a minimum of twelve (12) months. If they have not completed this acting period they will be required to serve in an acting capacity for the twelve (12) months or

the remaining portion that would total twelve (12) months before being eligible for promotion to the rank at which they have been acting. Such returning member shall also be allowed to act in such higher rank as their seniority warrants until such time as they have been given the opportunity to qualify for and successfully complete the Officers' Training course and, upon successful completion, shall receive the first promotion for which they are eligible provided that they have completed their minimum twelve (12) months in an acting capacity.

### **Collective Agreement, Grievance and Arbitration Procedures**

The positions will be for periods of four (4) years maximum with rotation and reposting expected at that time.

These Trainers shall receive a two percent (2%) pay increment applicable to the entire year, subject to a maximum of one hundred and twenty-five percent (125%).

- 9.51** Vacancies, subject to specialty programs established under Section 9.48 shall be posted and the senior qualified applicant on the shift in question in respect of the particular skill being trained shall be awarded the position. In filling these vacancies it is agreed that preference will be given to the existing alternate On-Shift Trainer recognizing that this creates a variance to senior qualified.
- 9.52** Additional On-Shift Trainers for any program may be selected by the City as per Section 9.51 above.
- a) knowledge of the skill area to be taught; and
  - b) aptitude to teach (which does not require a pre-appointment teaching certification).

When training or preparing for training as authorized by the City, these additional Trainers shall receive an additional two percent (2%) pay for time worked in the said training and authorized preparation time, to a maximum of one hundred and twenty-five percent (125%).

- 9.53** The purpose of the use of additional On-Shift Trainers is not to undermine or erode the role of the Academy, to erode the number for Fire Fighters on active duty on suppression on a particular shift or to avoid the application of Sections 9.48 and 9.49 in positions of essentially the same training activity and responsibility.

- 9.54** When a specialty program has a Coordinator/Chair, which shall be selected from among the program's On-Shift Trainers, they shall receive a four percent (4%) premium to a maximum of one hundred and twenty-five percent (125%). Qualified applicants from EMSB shall be granted the position, on a permanent basis, on the basis of seniority and shall receive the greater of the rate for this position or their former rate at EMSB. That rate will be frozen until the junior level Fire Inspector rate catches up to that rate. However, if the EMSB has taken the Fire Inspector position due to the elimination of their EMSB position, they shall receive fifty percent (50%) of the general wage adjustments for the bargaining unit, until the junior Fire Inspector rate catches up to that adjusted rate. If there are insufficient such qualified applicants, the City may hire from outside on a two (2) year term basis.
- 9.57** The Level I Fire Inspector position shall be within the bargaining unit of UFFW, and subject to the benefits under the Collective Agreement. When the term expires, the City shall post to see whether a qualified Fire Fighter applies for the position, failing which the term may be renewed.

During this six (6) month period they may return to their former position at their own request, or as a decision of management, without loss of seniority or other accumulated rights, except for promotions which may have taken place during their absence. It is agreed that during this period the employee will not participate in collective bargaining negotiations.

### **ARTICLE 10 - SENIORITY**

- 10.1** In determining an employee's length of service for seniority purposes, computation of such service shall begin from the date on which the employee began work in the Department except as provided in Article 10.3 below.

- 10.3** Former employees reentering the service of the Department after their continuity of service has been broken for any reason (emergency service in His Majesty's Armed Forces and lay off being excepted) shall be considered as new employees, and their length of service for seniority purposes shall commence as of the date they last reentered the service of the Department. In

- 10.4** Rights seniority within the Academy of Fire and Emergency Services, Fire Prevention Branch, **Fire Investigation Branch** and Public Education Branch relating to such aspects as promotion, will be determined by the employee's commencement date within the Branch. In the case of broken service with the Branch, the most recent commencement date will be the basis for the calculation of seniority.

#### **Transfers between the Operations Branch and the Emergency Mechanical Services Branch**

- 10.5** In the event that an employee transfers or is promoted from the Operations Branch to the Emergency Mechanical Services Branch or vice versa, seniority will apply as follows:
- a) Benefits Seniority (relating to such conditions of employment as vacation accrual amount of sick leave and other such employee benefits) will continue to be based upon Departmental seniority.

- 10.6** Employees transferring between the Emergency Mechanical Services Branch and Air Room Technician positions shall retain seniority rights in the position which they held prior to such transfer for a period of six (6) months. During this six (6) month period they may return to their former position at their own request or at the request of Management, if found unsuitable, without loss of seniority or other accumulated rights, except for promotions which may have taken place during their absence and were dealt with in accordance with the provisions of this Collective Agreement.

- 11.4** When a permanent appointment to a rank follows a period of temporary appointment to that rank, the employee shall be paid a salary based upon the authorized annual increments for that rank, taking into account the service accumulated during their temporary appointment.

- 11.5** Employees may be assigned to the position of Temporary Training Officer, but at no time shall there be more than three (3) such positions.

The Department may establish more than three (3) Temporary Training Officers at a time after discussion and agreement with the Union.

#### **Stand By Duty**

- 11.6** Upon assignment, by the Chief, an employee will be granted two (2) hours of pay for each eight (8) hour period of standby duty, or portion thereof, and in the event of call out, will be paid at the rate of time and one-half (1.5x) for the first four (4) hours, and double time (2x) after the first four (4) hours plus one (1) hour of traveling time at the said overtime rate commencing from the time of call out and ending with the completion of the duty which required the call out. - 11.10** The provisions of the immediately preceding paragraph are the result of the adoption of Plan "C" by the Council of the City, and the declared position of the Manitoba Professional Fire Fighters' Association, dated May 18<sup>th</sup>, 1972 to the "In Depth Study Committee on the Feasibility of Amalgamating the Fire Departments within the City of Winnipeg."

Moreover, even if the employer does not specifically request medical documentation with respect to a particular absence, the employee must submit such documentation whenever one (1) or more of the following exists:

#### **Integration of Manitoba Public Insurance Corporation P.I.P.P. Benefits with Sick Leave Benefits**

**16.12** The City of Winnipeg and the United Fire Fighters of Winnipeg agree that as a result of the introduction of the Personal Injury Protection Plan (hereinafter referred to as "P.I.P.P.") by the Manitoba Public Insurance Corporation, any employee covered by this Agreement who is in receipt of benefits under the P.I.P.P. Program and who chooses to concurrently claim sick leave benefits under the provisions of Article 16 – Sick Pay and Cash Out Provisions must integrate and coordinate those benefits to ensure that the total benefits provided under both Programs do not exceed one hundred percent (100%) of net take home pay. This integration and coordination of benefits shall occur in the following manner:

- a) The total value of income top up provided under Article 16 shall be charged against the employee's accumulated sick leave. Should the employee not have sick credits to their standing at the time of application for the integration and coordination of benefits, they shall be entitled to utilize other available credits to provide top up in accordance with Article 16-9. An employee who has exhausted all accumulated annual leave, statutory holidays or lieu tour credits shall be entitled to only those benefits provided under P.I.P.P.

- b) For the integration and coordination of benefits to occur, an employee must be injured in an automobile accident and as a result of their injury be unable to perform the duties of their normal classification and are therefore eligible to receive sick pay benefits.
- c) Employees will be required to release all necessary information regarding the benefits received under the P.I.P.P. Program, prior to the coordination of benefits, to ensure that benefits are calculated and provided in accordance with the above. Employees who fail to provide the information necessary to coordinate these benefits shall not be entitled to receive any sick pay top up. Should an employee collect benefits under the P.I.P.P. Program and simultaneously claim for and receive full sick pay benefits, where the value of P.I.P.P. benefits and sick leave benefits exceeds one hundred percent (100%) of net take home pay, the City will be entitled to recover the full value of all sick pay benefits that when coordinated with P.I.P.P. benefits exceeded one hundred percent (100%) of net take home pay. The Union shall be consulted prior to the commencement of the recovery of excessive benefits.
- d) Employees who choose to integrate P.I.P.P. benefits with paid sick leave shall be entitled to receive all other benefits set out under this Agreement during the period that one hundred percent (100%) of net take home pay is provided under this Agreement, for a maximum period of six (6) months or until approved for disability benefits through the Winnipeg Civic Employee Benefits Program, whichever occurs first.
- e) Employees receiving such benefits shall be advised by the City within thirty (30) days of having their P.I.P.P. and sick pay benefits integrated and coordinated, that they may apply for disability benefits through the Employee Benefits Board.
- f) Further, the City and UFFW agree to establish a joint work group consisting of no more than two (2) representatives appointed by the City and no more than two (2) representatives appointed by UFFW, responsible for developing processes and calculations that will ensure the proper and accurate calculation and payment of sick pay top up to one hundred percent (100%) of net take home pay.

### **Sick Pay**

- 16.13** An employee who retires from the civic service, or dies prior to retirement, shall be entitled, or their estate shall be entitled as the case may be, to receive any unused accumulated sick leave time standing to their credit at that time in the form of retirement leave with pay or a lump sum payment on the following basis:

**16.15** Any sick leave credits used by a member shall be debited against the sick leave credits first earned by the member and standing to their credit over their entire service career.

**16.16** It is intended that Articles 16.13(a) and 16.13(b) shall not be considered effective upon the implementation of any new Sick Leave Cashout Plan or alternative as may be agreed upon or arbitrated, between parties.

#### **Sick Leave Cashout**

**16.17** This issue to be resolved separate from this round of bargaining.

#### **Medical Appointments for Support Branches**

**16.18** Where possible, employees will schedule medical appointments in order to minimize time loss from work. This recognition will not be extended to bereavement leave entitlements of less than three (3) consecutive calendar days.

**17.5** If a death occurs on a working day, an employee will be granted that day or part of that day in addition to the three (3) following consecutive calendar days. If the funeral service is delayed due to unforeseen circumstances, then the day of the funeral service will be granted as well.

- 17.6** Any additional leave will be considered on **sympathetic** grounds by the Chief after presentation of the facts to their office. Additional leave will not result in additional time off with pay but may be deducted from other compensating credits provided in the Collective Agreement.
- 17.7** In the event of the death of an employee's brother-in-law or sister-in-law, the employee shall be granted two (2) days leave of absence with no loss of pay and with no time to be repaid to the Department.

- 17.13** The United Fire Fighters of Winnipeg and the City of Winnipeg encourage a Fire Fighter to advise the aforementioned authorities of their pregnancy so that efforts can be made to find and arrange alternate work prior to the employee going on a leave of absence. When, in the opinion of the Fire Fighter's attending physician, or when it is reasonably determined the Fire Fighter is no longer capable of performing all of their normal Fire Department duties, the Fire Fighter will be assigned to perform appropriate duties in accordance with the following:
- a) The Department will make all reasonable efforts to place the Fire Fighter in an available position within the bargaining unit ("the accommodated position), the duties of which position they are physically capable of performing and the Department will pay the Fire Fighter at an hourly rate which, based on the actual number of hours worked for a full

week in the accommodated position will result in no reduction to their regular biweekly earnings, exclusive of benefits. Further, this pay arrangement will apply regardless of whether the accommodated position has the same rate of pay or a higher or lower rate of pay. The Fire Fighter shall not be entitled to "bump" other employees of the bargaining unit if no appropriate duties are available and, in this regard, placement will be subject to:

- b) The understanding that employees of the Winnipeg Fire Department, placed in accordance with the City of Winnipeg Rehabilitation Program will have priority to any and all positions falling within appropriate duties as defined herein.

In the event their rate of pay is less than that of a Fire Fighter they will be allowed to use accumulated unused holiday credits, lieu tour and statutory holidays to increase their pay to one hundred percent (100%) of their regular rate of pay until the start of their maternity leave.

**17.14** The Department is under no obligation to create a job for the Fire Fighter if appropriate duties are not available. Depending on the appropriate duties available, the Fire Fighter may be required to work shifts and hours other than their normal work pattern.

**17.15** If no appropriate duties are available, the Fire Fighter shall go on immediate leave of absence without pay until such time as appropriate duties become available or they commence their maternity leave, whichever is earlier.

- f) For the purpose of calculating pension and other benefits of a Fire Fighter to whom leave of absence is granted, in accordance with this Section, employment after the termination of that leave shall be deemed to be continuous with employment before the commencement of that leave.
- g) The City may, notwithstanding any of the above, vary the length of maternity leave upon proper certification by the attending physician.
- h) Nothing in this Section is intended to prevent the Chief from requiring the Fire Fighter to provide a medical certificate at any time from their physician that they are able to perform normal Fire Fighter duties.

**LETTER OF UNDERSTANDING NO. 2**

**Between the City of Winnipeg and  
The United Fire Fighters of Winnipeg, Local 867 of IAFF**

**RE: RETIREMENT SUPPLEMENT**

It is understood and agreed that the City will retain Mr. Don Smith (Western Compensation and Benefits Consultants) to design a Retirement Supplement Plan to replace the existing Sick Leave Cash Out benefit. The terms of reference will include the requirement that the Plan shall be implemented effective January 1, 1999 and will incorporate the following principles.

**FOR NEW FIRE FIGHTERS HIRED AFTER EFFECTIVE DATE OF CHANGE**

The City will contribute one percent (1%) of salary to either Pension Plan or RRSP, payable biweekly throughout service as a Fire Fighter with the City.

**FOR EXISTING FIRE FIGHTERS**

Combination of:

- a) The City will contribute one percent (1%) of salary to either Pension Plan or RRSP, payable biweekly through service as a Fire Fighter with the City.
- b) Lump sum retirement benefit equal to the lesser of:
  - i. Maximum tax sheltered rollover of "retiring allowance" to RRSP under the Income Tax Act (basically two thousand dollars [\$2,000] per year, or part year, of service with the City up to and including 1995);
  - ii.
    - 1) Projected Sick Leave Cash Out benefit (based on assumption of future Sick Leave utilization equal to average experienced by Winnipeg Fire Fighters); less
    - 2) Estimated income tax at forty-five percent (45%) on the excess of projected Sick Leave Cash Out benefit ([a] above) over the maximum tax sheltered rollover ([i] above); less
    - 3) Projected value at retirement of one percent (1%) pension/ RRSP contribution; and
- c) Additional contribution to either Pension Plan or RRSP in biweekly installments over the next five (5) years equal in value to the present value of excess, if any, of (b)(ii) over (b)(i).

**SICK LEAVE UTILIZATION**

It is further understood and agreed that the proposed Retirement Supplement benefit valuation is calculated on the assumption that Sick Leave utilization remains constant at 1997 levels. Should the level of Sick Leave utilization in the City of Winnipeg UFFW bargaining unit average more than one hundred and fifty percent (150%) of the 1997 levels in any calendar year after 1997, the parties agree to meet, without delay, and in any event within ten (10) calendar days of learning of this result, to assess the causes of the increased Sick Leave utilization and to make every reasonable effort to reduce Sick

Leave utilization to the said 1997 levels, or lower. Such efforts may include health and safety counseling or improvements, or any other mutually acceptable effective solution.

Further, it is understood and agreed that the proposed retirement supplement applies solely to employees in those job classifications represented by the United Fire Fighters of Winnipeg, Local 867 as at December 31, 1997.

It is also understood and agreed that, should the proposed Retirement Supplement Plan prove to be inappropriate to either party, the Arbitrator remains seized of the responsibility to rule on the positions brought forth by the parties in making a determination of the continued utilization of the Plan.

RE: FIRE INVESTIGATIONS BRANCH

The parties hereby agree as follows:

1. For the purposes of filling Fire Investigator vacancies (other than casual vacancies as set out in this LOU) "seniority" shall be understood to refer to Branch seniority as opposed to Departmental seniority.
2. Branch seniority relating to such aspects as promotion, will be determined by the employee's commencement date within the Branch and when the employee meets qualifications. **RE: OPERATIONAL TRAINING COMPONENTS**

The parties agree that The City of Winnipeg may create and designate Training Stations to facilitate education initiatives being delivered to operational staff.

The Service shall develop a job description for the position of Captain specific to staff the Training Stations which will outline required experience in training and appropriate educational qualifications and certifications. **RE: OVERTIME CALL-IN**

The parties agree to merge the Fire Fighters and Fire Fighters/PCP's lists referenced in Article 14-13 into one (1) list, sorted by seniority, for the purposes of creating one (1) rotational list for overtime call-in (excluding Officers). The Officer's list will remain a stand-alone list.

The City maintains the right as per Article 14-13:

When the City determines that it is necessary to call-in Fire Fighters on overtime, call-in will be determined: first by skill level in the categories noted below based on the operational need of the City; then by seniority rotation.

1. Fire Fighters
2. Fire Fighters/PCP's
3. Officers.

An employee may not work a shift immediately before or after a scheduled shift.

Therefore, where the City determines that it is necessary to call in a Fire Fighter/PCP, the City may go out of seniority rotation of the merged list to call-in the next senior Fire Fighter/PCP available.

In accordance with Article 14-13, the parties will continue to review and evaluate the impact of changes, and the fairness of the process, in overtime call-in over the term of the Collective Agreement.

  - b) ***“Paid leave” as referenced in Article 16.1 includes:***
    - i) employees who are absent from work and utilizing available sick leave credits;
    - ii) employees absent from work on Maternity Leave Plan B (of seventeen [17] weeks duration or less);
    - iii) employees absent from work on a Workers’ Compensation claim; and
    - iv) employees absent from work on annual leave, statutory holidays or lieu tour.
  - c) Employees absent from work and in receipt of Winnipeg Civic Employees’ Long Term Disability Plan benefits (EBP) are considered to be on unpaid leave and do not accumulate sick leave credits during the employee’s absence. However, where employees use accumulated sick leave credits to top up EBP benefits, employees will continue to accrue sick leave credits in direct proportion to the amount of sick leave credits utilized to top up their EBP credits.
2. In accordance with Article 16.6, following any instance of absence from work for a period exceeding one (1) year, accrual of sick leave credits will cease. Upon the employee’s return to work, accrual of sick leave credits shall be calculated in accordance with the actual time worked. For purposes of this Paragraph and Article 16.6, “actual time worked” includes “paid leave” as defined above.

3. Notwithstanding the requirement for an employee to work three (3) weeks or two (2) tours of duty in any calendar year in order to accrue sick leave credits, accrual of sick leave credits will not cease under any circumstances until an employee has been absent from work for a period exceeding one (1) year (provided the employee is absent on "paid leave" as defined above.)

#### **ARTICLE 19 – Accrual of Annual Vacations and Public Holidays**

4. All permanent employees are entitled to receive annual vacation with full pay each year based on the employee's years of service as set out in Articles 19.2 to 19.6 of the Collective Agreement.
5. In any calendar year, in order for an employee to be entitled to receive their full annual vacation with pay, the employee must work for three (3) weeks or two (2) tours of duty, whichever is less.
6. Notwithstanding Paragraph 5, an employee's entitlement to full annual vacation with pay will not be prorated until after the employee has been absent from the workplace for a period exceeding one (1) year. For clarity, an employee's entitlement to full annual vacation with pay will not cease or be negatively impacted during the employee's first year of absence, even where the employee is in receipt of EBP benefits, unless the employee is absent on voluntary leave, military leave, or other leave attracting specific vacation treatment under the Collective Agreement or this Agreement.
7. Following any instance of absence from work for a period exceeding one (1) year, an employee's entitlement to annual vacation with pay will cease. Upon return to work, an employee's entitlement to annual vacation with pay will be prorated in accordance with actual time worked and paid leave (as defined above). In this respect, an employee returning from an absence from the workplace that exceeds one (1) year will be advanced annual vacation entitlements which will be prorated based upon the expectation that the employee will work the remainder of the calendar year. If the employee fails to work the remainder of the calendar year then the employee will be obligated to repay any portion of annual vacation pay that was advanced by the City but not earned by the employee on the basis of the employee's actual time worked and paid leave.
8. Article 19.9 only applies to employees who are not permanent or who have not yet worked a full year prior to January 31<sup>st</sup>.

#### **Article 19.22**

9. In each calendar year, employees in the Fire Fighting Branch will be credited with one hundred and twenty (120) hours (equivalent to ten [10] public holidays) relief from duty and shall be granted time off with pay for that period.
10. Time off is to be taken in accordance with Article 19.22.
11. Following any instance of absence from work for a period exceeding one (1) year, crediting of public holidays will cease. Upon return to work, the employee will be advanced public holidays (relief duty) which will be prorated in accordance with actual time worked and paid leave (as defined above). In this respect, an employee returning from an absence from the workplace that exceeds one (1) year will be advanced public holidays (relief duty) based upon the expectation that the employee will work the remainder of the calendar year. If the employee fails to work the remainder of the calendar year then the employee will be obligated to repay any portion of public

holidays that was advanced by the City but not earned by the employee on the basis of the employee's actual time worked and paid leave.

12. Except for employees on voluntary leave, military leave or other leave attracting public holiday treatment specifically expressed under the Collective Agreement or this Agreement, an employee can be absent from work for one (1) year or less for any reason including absence while in receipt of EBP benefits and this absence will not impact the employee's entitlement to be credited with one hundred and twenty (120) hours (ten [10] public holidays) relief from duty.

#### **ARTICLE 39 – Relief (Lieu) Tour**

13. Relief from one (1) tour of duty per Collective Agreement year will be granted in accordance with Articles 39.1, 39.2 and 39.3 of the Collective Agreement.
14. If an employee is absent from work on paid leave (as defined above) the employee's annual relief (lieu) tour will not be prorated to reflect that absence. Employees absent on unpaid leave (including absence while in receipt of EBP benefits) or who are on voluntary leave or military leave will not be credited with relief (lieu) tour for the period of such absence and the employee's entitlements will be prorated accordingly.

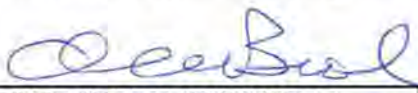

#### **General**

15. Unless expressly provided, the remaining provisions relating to Articles 16, 19 and 39 are not otherwise affected by this Letter of Understanding.

#### **Agreement without Prejudice**

16. The above Agreement is without prejudice to any position the Union may take on its own behalf or on behalf of an employee that the City's classification of parental leave benefits as leave without pay is discriminatory in light of maternity leave benefits under Plan B being deemed as leave with pay.

## Between the City of Winnipeg and The United Fire Fighters of Winnipeg, Local 867 of IAFF

### RE: LETTER OF UNDERSTANDING #2 – RETIREMENT SUPPLEMENT

The City of Winnipeg (the City) and the United Fire Fighters of Winnipeg, Local 867 of IAFF (the Union) have a lengthy history related to the issue of sick leave cashout as set out in Articles 16.13 to 16.15 and Letter of Understanding No. 2 of the current Collective Agreement. In an attempt to move this issue forward, the parties agree to the following:

1. The City and the Union agree to meet with Don Smith no later than February 28, 2022 in order to arrange for the completion of all outstanding work related to the creation and design of a Retirement Supplement Plan as set out on Pages 35 and 36 of a Memorandum of Settlement between the parties dated May 25, 1998 and Letter of Understanding No. 2 and/or a pension contribution plan as referred to in correspondence to and from counsel for the Union and the City, dated November 29, 2006 and December 4, 2006, herein referred to as the Contract;
2. Mr. Smith will be afforded thirty (30) days to advise the parties as to whether or not he will accept the Contract;
3. If Mr. Smith accepts the Contract, Mr. Smith, the Union and the City shall create a work schedule including deadlines, not to exceed nine (9) months (or such longer period of time that the parties may mutually agree upon). Further, the parties shall each cooperate in providing Mr. Smith with any and all updated information that he will require, in a timely manner, in order to develop a proposal;
4. In the event that Mr. Smith produces a proposal for consideration by the parties within the deadline set out above, the parties shall consider and discuss the proposal and determine whether or not an agreement can be reached based on the proposal, within the following three (3) months;
5. If Mr. Smith declines to meet with the parties, declines the Contract, or fails to meet the agreed upon deadlines, or in the event that the parties cannot reach agreement on the proposal produced by Mr. Smith within the timelines set forth above, then the Union and the City agree to refer the final resolution of the sick leave cashout issue to arbitration. In that regard, the parties agree to jointly request the appointment of a replacement arbitrator for William Hamilton, who was, in 1998, appointed as Arbitrator pursuant to the Fire Fighters and Paramedics Interest Arbitration Act and remained seized until their death.
6. At such arbitration, both the City and the Union shall be entitled to make submissions as to what the terms of a new Retirement Supplement Plan should be, including taking the position that no change should be made to the existing Collective Agreement provisions contained in Articles 16.13 to 16.15. Further, either party can recommend to the Arbitrator all or part of the proposal prepared by Mr. Smith.
7. The Arbitrator, having regard to generally accepted interest arbitration principles, shall rule on the positions brought forth by the parties in making a determination of the continued utilization of the plan, and shall be empowered to do any of the following:

- a) Determine that no changes should be made to the existing Collective Agreement provisions contained in Articles 16.13 to 16.15;
- b) Accept and implement the proposal of either party regarding the terms of a new Retirement Supplement Plan;
- c) Make such changes to the existing plan as the Arbitrator sees fit, in order to incorporate a new Retirement Supplement Plan, to replace existing Articles 16.13 to 16.15; and
- d) Notwithstanding the above, the parties agree that the Arbitrator shall not enhance the existing Collective Agreement provisions and further, the Union acknowledges that the City continues to seek cost savings related to sick leave cashout, and the City acknowledges that the Union seeks to minimize negative effects on benefits for its members.

## RE: UFFW PRESIDENT'S LEAVE

WHEREAS The City and Local 867 jointly affirm that providing a mechanism for leave of absence for the elected President of Local 867 is of mutual interest, and may contribute to improved labour relations between the parties.

The Parties therefore agree as follows:

1. The City shall grant a leave of absence, with pay, for any period of up to twelve (12) months when requested by a duly authorized officer of the Union in the case of an employee who is elected President of the Union. The initial leave may be renewed for subsequent twelve (12) month periods at the request of the Union, made not less than thirty (30) days prior to the expiry of the current leave. Such requests shall be made in writing to the Senior Manager of Labour Relations and Negotiation Services and the Chief of the Winnipeg Fire Paramedic Service.
2. The President shall receive their rate of pay and benefits as provided in the Collective Agreement and the Union shall reimburse the City for all wages and cost of said benefits, including the City's share of pension contributions paid by the City during the period of absence. 4. During the period a President is on leave of absence, as provided above, they shall remain eligible for promotion, and if they meet the eligibility criteria, then they shall be promoted without delay upon the occurrence of a vacancy.
5. Sick leave shall accrue in accordance with the Collective Agreement. If the President takes sick leave, they shall advise the WFPS accordingly so that their bank can be reduced.
6. Annual vacation and statutory holidays shall accrue as provided for in the Collective Agreement. The President shall take off annual leave and statutory holidays in accordance with Article 19.14 of the Collective Agreement, and advise the WFPS accordingly so that their banks can be reduced.
7. At the end of such leave, or at such time as the President is removed from office by way of election or otherwise, they shall have the ability to return to active duty with the Winnipeg Fire Paramedic Service as soon as reasonably practicable. Prior to their first shift, the returning member will complete the return to work process that is administered to all employees returning from leaves of absence greater than six (6) months in duration to ensure awareness of new policies, procedures and safety protocols.

RE: FIRE FIGHTER LATERAL TRANSFERS

---

1. The Parties have agreed that no further lateral transfers will be made internally with WFPS. The August 17, 2007 practice will be discontinued and the Employer will be reverting to the strict wording of the Collective Agreement.
2. The parties agree that all employees who had a lateral transfer completed under the August 17, 2007 Agreement will remain in effect with no changes being made to their current salaries.
3. For recruitment purposes, after the candidates have met the qualifications, preference will be given to employment equity members followed by UFFW members before external candidates are considered.
4. Accelerated placement on the salary schedule will be considered for Fire Fighters who are being recruited from career Departments, who have held classifications of Fire Fighter and Fire Fighter PCP, and who have demonstrated sufficient experience to warrant this consideration. For example, if a Fire Fighter has had four (4) years employment with a career Department having similar frequency and nature of duties as found in WFPS, they will be slotted for pay purposes to Step 5 (after three and one-half [3.5] years) in the UFFW pay scale. If the Fire Fighter does not have similar frequency and nature of duties as found in WFPS, accelerated placement on the salary schedule may be partial or not at all at the discretion of the Service.
