

Attached Secondary Suite (DCU “B”) Conditional Use Application Form

Use this application if a project includes an attached secondary suite that does not meet all zoning rules. An attached secondary suite is a separate living space added to or created in a single-family home. It must meet specific standards under the Zoning By-law. If the suite does not meet those standards, conditional use approval is required.

What is an attached secondary suite?

A “secondary suite, attached” use is an accessory dwelling unit that is added to or created within a single-family dwelling residence that provides basic requirements for living, sleeping, cooking and sanitation. Only one (1) secondary suite, either attached or detached, shall be allowed per zoning lot.

What is a conditional use?

A “conditional use” means a building or land use that may be unique in its characteristics or operation, which could have an impact on adjoining properties. While the attached secondary suite use is permitted as an accessory use to the principal single-family dwelling use, a conditional use application is required when an attached secondary suite use does not meet the applicable Use Specific Standards of Zoning By-law No. 200/2006.

How long does the conditional use process take?

The length of time to process depends on the complexity of the application proposal and the completeness of the required documentation and information (refer to the checklist under “Application Submission Requirements”). In general, the process takes approximately six to eight weeks from the date of the application submission to complete. Complicated applications may take longer.

What happens during the conditional use process?

Once the application is submitted to a Zoning Development Officer and the applicable fees have been paid, the file is circulated to the Area Planner. The Planner will review the application and prepare a report outlining their recommendation to support the conditional use with conditions, request for changes in order to approve the conditional use or reject the conditional use altogether.

The criteria to approve a conditional use application are based on Subsection 247(3) of *The City of Winnipeg Charter*, which includes the following:

- Is consistent with Plan Winnipeg and any applicable secondary plan
- Does not create a substantial adverse effect on the amenities, use, safety and convenience of the adjoining property and adjacent area, including an area separated from the property by a street or waterway
- Is the minimum modification of a zoning by-law required to relieve the injurious effect of the zoning by-law on the applicant’s property
- Is compatible with the area in which the property to be affected is situated

In the letter of intent, please explain how each criterion is met. This is an opportunity to address all issues and reduce the possibility of an important factor being overlooked.

Once the Area Planner approves the conditional use for posting, the variance clerk will create the public notices and contact the applicant to pick up the notices from the Zoning and Permits office. The applicant must post the notices on the subject property for a period of 14 days in a visible location facing the street(s) and/or lane(s). The applicant is responsible for maintaining the notices during the required 14-day posting period (as per Subsection 118 of *The City of Winnipeg Charter*). Should the notices be removed or damaged during the posting period, the applicant must contact the Zoning and Permits office for replacement notices.

The public notices inform the neighbourhood of the purpose of the conditional use and the date, time and location of the public hearing. On the day of the hearing, the decision maker (i.e. Community Committee [CC]) will decide

whether to support the conditional use with conditions, request for changes in order to approve the conditional use or reject the conditional use altogether.

After the hearing, the City Clerk's Department generates a conditional use order which outlines the decision made by the CC, any conditions that the conditional use must abide by, and instructions on how to appeal the decision. If no appeals are received by the deadline specified on the order, the decision made on the conditional use order is deemed to be in effect.

What happens if the development planning officer supports the conditional use but the application is appealed by neighbours?

- Any neighbouring property owner(s) who oppose the conditional use granted by the order may appeal the decision by submitting a written notice to the City Clerks Department prior to the end of the 14-day posting period as specified on the public notice
- The applicant shall be notified by registered mail of any appeals
- If there are appeals, the property is posted for a second 14-day period informing the neighbourhood of the appeal hearing date. The matter is heard before the Appeal Committee at City Hall, 510 Main Street.
- The Appeal Committee may **dismiss the appeal** (i.e. allow the original conditional use order to be confirmed), **grant the appeal** (i.e. dismiss the original order), or **allow the appeal in part** placing conditions on an Appeal Order
- If the original order is **dismissed** (i.e. the conditional use is **rejected**), the applicant cannot re-apply for the same conditional use within one (1) year from the date of the Appeal Order and a building or development permit cannot be issued for the proposed work

What happens if the development planning officer rejects the conditional use but the application is appealed by the applicant?

Please note: The Development Planning Officer will contact the applicant prior to formally rejecting a conditional use application. The applicant may appeal a reject order as per the procedure below:

- If the Director of Planning Property and Development (or designate) **rejects** the conditional use application, the applicant shall be notified of the decision by registered mail
- The applicant may appeal the rejected order by submitting a written notice to the City Clerks Department prior to the conclusion of the appeal period as specified on the conditional use order
- The subject property is posted for a 14-day period informing the neighbourhood of the appeal and hearing date. The matter is heard before the Appeal Committee at City Hall, 510 Main Street
- The Appeal Committee may **dismiss the appeal** (i.e. allow the rejected order to be confirmed) or **grant the appeal** (i.e. dismiss the rejected order)
- If the **appeal is dismissed** (i.e. the conditional use is **rejected**), the applicant cannot re-apply for the same conditional use within one (1) year from the date of the Appeal Order and a building or development permit cannot be issued for the proposed work
