

Conditional Use (DCU "C" or "D") Other Residential & Commercial Uses/Buildings Application Form

Use this application if a project includes a residential, commercial, or industrial use. This is listed as conditional under the Zoning By-law. A conditional use is a land use that may have unique impacts and needs extra review. An explanation must be given on how the project meets the criteria in The City of Winnipeg Charter.

What is a conditional use?

A conditional use means a building or land use that may be unique in its characteristics or operation, which could have an impact on adjoining properties. A conditional use is a use of land listed as "conditional" under the use tables in the Zoning By-law.

How long does the conditional use process take?

The length of time to process depends on the complexity of the application proposal and the completeness of the required documentation and information (refer to the checklist under "Application Submission Requirements"). In general, the process takes approximately six to eight weeks from the date of the application submission to complete. Complicated applications may take longer.

What happens during the conditional use process?

Once the application is submitted to a Zoning Development Officer and the applicable fees have been paid, the file is circulated to the Area Planner. The Planner will review the application and prepare a report outlining their recommendation to support the conditional use with conditions, request for changes in order to approve the conditional use or reject the conditional use altogether.

The criteria to approve a conditional use application are based on Subsection 247(3) of *The City of Winnipeg Charter*, which includes the following:

- (a) Is consistent with Plan Winnipeg and any applicable secondary plan
- (b) Does not create a substantial adverse effect on the amenities, use, safety and convenience of the adjoining property and adjacent area, including an area separated from the property by a street or waterway
- (c) Is the minimum modification of a zoning by-law required to relieve the injurious effect of the zoning by-law on the applicant's property
- (d) Is compatible with the area in which the property to be affected is situated

In the letter of intent, please explain how each criterion is met. This is an opportunity to address all issues and reduce the possibility of an important factor being overlooked.

Once the Area Planner approves the conditional use for posting, the variance clerk will create the public notices and contact the applicant to pick up the notices from the Zoning and Permits office. The applicant must post the notices on the subject property for a period of 14 days in a visible location facing the street(s) and/or lane(s). The applicant is responsible for maintaining the notices during the required 14-day posting period (as per Subsection 118 of *The City of Winnipeg Charter*). Should the notices be removed or damaged during the posting period, the applicant must contact the Zoning and Permits office for replacement notices.

The public notices inform the neighbourhood of the purpose of the conditional use and the date, time and location of the public hearing. On the day of the hearing, the decision maker (i.e. Community Committee [CC]) will decide whether to support the conditional use with conditions, request for changes in order to approve the conditional use or reject the conditional use altogether.

After the hearing, the City Clerk's Department generates a conditional use order which outlines the decision made by the CC, any conditions that the conditional use must abide by, and instructions on how to appeal the decision. If no appeals are received by the deadline specified on the order, the decision made on the conditional use order is deemed to be in effect.

What happens if the Community Committee supports the conditional use, but the application is appealed by neighbours?

- Any neighbouring property owner(s) who oppose the conditional use granted by the order may appeal the
 decision by submitting a written notice to the City Clerk's Department prior to the end of the 14-day appeal
 period as specified on the conditional use order
- The applicant shall be notified by registered mail of any appeals
- If there are appeals, the property is posted for a second 14-day period informing the neighbourhood of the appeal hearing date. The matter is heard before the Appeal Committee at City Hall, 510 Main Street.
- The Appeal Committee may dismiss the appeal (allow the original conditional use order to be confirmed), grant the appeal (dismiss the original order), or allow the appeal in part placing conditions on an Appeal Order
- If the original order is **dismissed** (the conditional use is **rejected**), the applicant cannot re-apply for the same conditional use within one year from the date of the Appeal Order and a building or development permit cannot be issued for the proposed work

What happens if the Community Committee rejects the conditional use, but the application is appealed by the applicant?

- The applicant may appeal the rejected order by submitting a written notice to the City Clerk's Department prior to the end of the 14-day appeal period as specified on the conditional use order
- The subject property is posted for a second 14-day period informing the neighbourhood of the appeal hearing date. The matter is heard before the Appeal Committee at City Hall, 510 Main Street.
- The Appeal Committee may **dismiss the appeal** (allow the rejected order to be confirmed) or **grant the appeal** (dismiss the rejected order)
- If the **appeal is dismissed** (the conditional use is **rejected**), the applicant cannot re-apply for the same conditional use or conditional use within one year from the date of the Appeal Order and a building or development permit cannot be issued for the proposed work

Key documents

| Type of document | Explanations & notes |
|--|--|
| Current status of title | A Status of Title is a document that identifies property ownership and is available from the Winnipeg Land Titles Office. The copy provided must be dated within three months of the application date to verify current ownership, etc. For more information, visit Teranet Manitoba |
| Letter of intent (including project vision, use(s), project statistics, number of employees, hours of operation, etc.) | This letter should provide a description of the proposal, planning rationale such as how the proposal addresses Council policy, how it is compatible with its surrounding context, and a description of proposed measures to mitigate expected on- and off-site impacts. This letter should also provide a development summary, such as total gross land area, proposed area (in acres) of each land use category and zoning district, anticipated number of lots and units per land use category, proposed use of land and structures, etc. |
| Letter of authorization | Written authorization by all registered owner(s) of the land whose name(s) appear on the Status of Title. If the owner on the title is a company name or number, the person signing the letter must state the company name or number as shown on the title and that they are authorized to sign for that company. Please see template at the end of this document. |
| City of Winnipeg caveats | Listed on the status of title as active instruments. Available from the Winnipeg Land Titles Office. For more information, visit <u>Teranet Manitoba</u> |
| Building location certificate | A Building Location Certificate (also known as a surveyor's certificate) is a document prepared by a Manitoba Land Surveyor illustrating the location of buildings or structures on the land with dimensions. An application may be accepted without a Building Location Certificate for use of vacant land if the applicant can demonstrate that the proposed use is in accordance with the Zoning By-law. Visit the <u>Association of Manitoba Land Surveyors website</u> for more information. |
| | Under certain circumstances, a detailed, well-drawn, fully dimensioned site plan may be substituted at the City's discretion. |
| Title plot | When there is more than one title affecting the property, the title numbers are plotted on a map to ensure that all lands described on the titles have been received. |
