

Development/Servicing Agreement Amendment Application Form

Use this application if a project needs changes to an existing development or servicing agreement. These agreements are often required when land is subdivided or rezoned. They include conditions for installing or upgrading municipal services.

Development agreement and servicing agreement definition:

A **Development Agreement** is required as a condition of approval for a subdivision and rezoning application for the installation of municipal services and plan considerations and which can be registered by way of caveat on the title of the property it affects. A public hearing is not required for an amendment to a Development Agreement; however, the amending application is subject to review by all committees of Council with final approval required by Council.

A **Servicing Agreement** is required as a condition of approval for a subdivision and/or rezoning application to facilitate the extension and installation or upgrade of existing municipal services and plan considerations and which can be registered by way of caveat on the title of the property it affects. A public hearing is not required for an amendment to a Servicing Agreement; however, the amending application is subject to review by all committees of Council with final approval required by Council.

Document and digital submission requirements: To submit your application via email, provide a separate PDF file, named as indicated, for each of the documents that are applicable to your application.

 Required	Documents must be submitted with the initial application package, unless they are not applicable to the context of the proposed development application.
 May be required	Documents do not need to be submitted with the initial application package. Once your application is received, you will be notified if any of the “may be required” documents need to be submitted for the application to be deemed complete for processing.

Key documents

Type of document	Explanations & notes
 Status of title	A Status of Title is a document that identifies property ownership and is available from The Winnipeg Land Titles Office. It must be dated within six months of the application to verify current ownership, etc. For more information, visit Teranet Manitoba
 Letter of intent (including project vision, use(s), reason for amendment with supporting evidence, etc.)	This letter should provide rationale, such as how the proposed amendment addresses Council policy, how it is compatible with its surrounding context, and a description of proposed measures to mitigate expected on- and off-site impacts. This letter should also provide evidence that supports the proposed amendment.
 Letter of authorization	Written authorization by all registered owner(s) of the land whose name(s) appear on the Status of Title. If the owner on the title is a company name or number, the person signing the letter must state the company name or number as shown on the title and that they are authorized to sign for that company. Please see template at the end of this document.
 Plan of subdivision	Plan outlining the dimensions and labels of the parcels or lots that are being created or amalgamated.
 City of Winnipeg caveats	Listed on the status of title as active instruments. Available from the Winnipeg Land Titles Office. For more information, visit Teranet Manitoba
 Letter of support	Written support or signatures of support from adjoining property owners who may be adversely affected by the proposed development.
 Building location certificate	A Building Location Certificate (or surveyor’s certificate) is a document prepared by a Manitoba Land Surveyor illustrating the location of buildings or structures on the land with dimensions. An application may be accepted without a Building Location Certificate for use of vacant land if the applicant can show that the proposed use meets the Zoning By-law. Visit the Association of Manitoba Land Surveyors website for more information. In some cases, a detailed, well-drawn, fully dimensioned site plan may be substituted at the City’s discretion.
 Title plot	When there is more than one title affecting the property, the title numbers are plotted on a map to ensure that all lands described on the titles have been received.
