Plan of Survey (DAPS) Application Form

Use this application if you want to register a plan of survey to confirm the legal boundaries of a property. This process is often needed when land is being divided, consolidated, or adjusted. It helps make sure property lines are accurate and recorded.

"DAPS" definition:

"**DAPS**" means a development application for the approval of a plan of survey (i.e. parcel plan). Parcel plans are generally prepared for descriptive purposes and when registered at Land Titles do not in themselves divide the title. Conveying the parcels onto their own titles requires a separate Consent application (found at winnipeg.ca/DevelopmentApplications).

"Parcels" as opposed to "lots" characterize plans of survey. Letters (A, B, C, etc.) identify parcels. The City of Winnipeg must approve the application before Land Titles will accept the registration.

Key documents

Type of document	Explanations & notes
Current status of title	A Status of Title is a document that identifies property ownership and is available from The Winnipeg Land Titles Office. It must be dated within three months of the application to verify current ownership, etc. For more information, visit <u>Teranet Manitoba</u>
Letter of intent (including project vision, use(s), project statistics, number of employees, hours of operation, etc.)	This letter should provide a description of the proposal, planning rationale such as how the proposal addresses Council policy, how it is compatible with its surrounding context, and a description of proposed measures to mitigate expected on- and off-site impacts. Where applicable, this letter should also provide a development summary, such as total gross land area, proposed area (in acres) of each land use category and zoning district, anticipated number of lots and units per land use category, proposed use of land and structures, etc.
Letter of authorization	Written authorization by all registered owner(s) of the land whose name(s) appear on the Status of Title. If the owner on the title is a company name or number, the person signing the letter must state the company name or number as shown on the title and that they are authorized to sign for that company. Please see template at the end of this document.
Plan of subdivision	Plan outlining the dimensions and labels of the parcels or lots that are being created or amalgamated. Includes any leasehold parcels associated with a Consent to Lease application.
City of Winnipeg caveats	Listed on the status of title as active instruments. Available from the Winnipeg Land Titles Office. For more information, visit <u>Teranet Manitoba</u>
Building location certificate	A Building Location Certificate (or surveyor's certificate) is a document prepared by a Manitoba Land Surveyor illustrating the location of buildings or structures on the land with dimensions. An application may be accepted without a Building Location Certificate for use of vacant land if the applicant can show that the proposed use meets the Zoning By-law. Visit the <u>Association of Manitoba Land Surveyors website</u> for more information.
	In some cases, a detailed, well-drawn, fully dimensioned site plan may be substituted at the City's discretion.
Title plot	When there is more than one title affecting the property, the title numbers are plotted on a map to ensure that all lands described on the titles have been received.
