

Plan of Survey (DAPS) Application Form

Use this application if you want to register a plan of survey to confirm the legal boundaries of a property. This process is often needed when land is being divided, consolidated, or adjusted. It helps make sure property lines are accurate and recorded.

“DAPS” definition:

“DAPS” means a development application for the approval of a plan of survey (i.e. parcel plan). Parcel plans are generally prepared for descriptive purposes and when registered at Land Titles do not in themselves divide the title. Conveying the parcels onto their own titles requires a separate Consent application (found at winnipeg.ca/DevelopmentApplications).

"Parcels" as opposed to "lots" characterize plans of survey. Letters (A, B, C, etc.) identify parcels. The City of Winnipeg must approve the application before Land Titles will accept the registration.
