Niimaamaa, by KC Adams, Val Vint and Jaimie Isaac, means "my mother" in Cree, Ojibway and Michif. It represents motherhood, that water is life, and the need to protect Mother Earth.

Land & Water Acknowledgement

Winnipeg is located in Treaty One Territory, the home and traditional lands of the Anishinaabe (Ojibwe), Ininew (Cree), and Dakota peoples, and in the National Homeland of the Red River Métis. Our drinking water comes from Shoal Lake 40 First Nation, in Treaty Three Territory.

The City of Winnipeg recognizes the importance of First Nations, Inuit, and Métis Peoples (also referenced in this Report as Indigenous Peoples and governments) connected to Winnipeg's history, and the vibrant, diverse people who make up Indigenous communities today.

The City acknowledges the harms and mistakes of the past, and is dedicated to upholding Indigenous rights, and to moving forward in partnership with Indigenous communities in a spirit of truth, reconciliation and collaboration.

Vision, Mission & Values

VISION

A vibrant, healthy, and inclusive city for all Winnipeg residents and visitors.

MISSION

Achieve effective and efficient service delivery through a

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

City of Winnipeg Manitoba

For the Fiscal Year Beginning

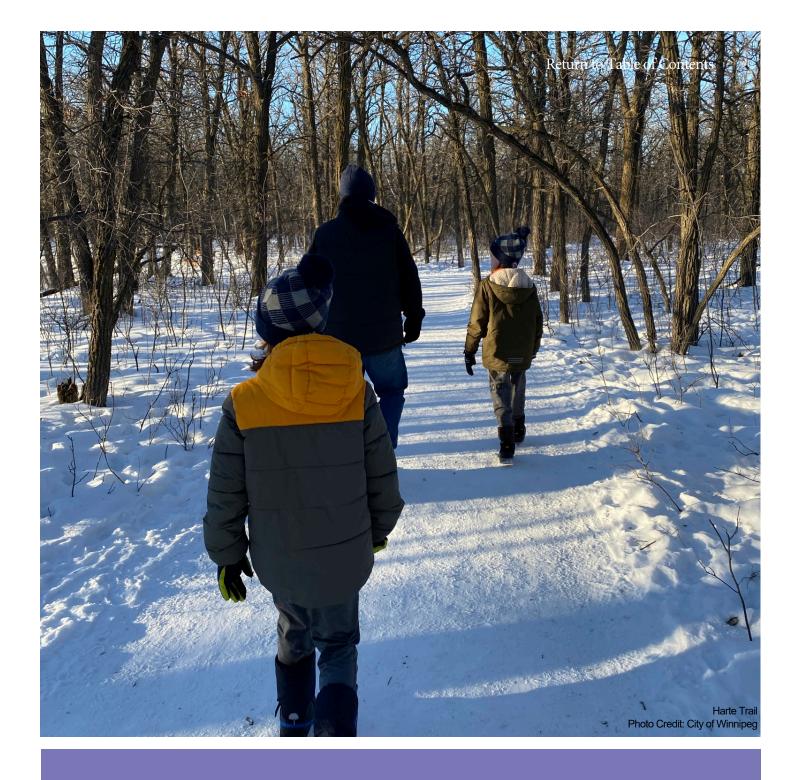

January 01, 2025

Christopher P. Movill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Winnipeg, Manitoba, for its Annual Budget for the Fiscal Year beginning January 1, 2025 as well as a Special Performance Measures Recognition and outstanding category winner for department/fund relationship, departmental/program goals and objectives, and overall as operations guide.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device. This award is valid for a period of January 1, 2025 to December 31, 2025. We believe our current budget continues to conform to the program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Reader's Guide

Reader's Guide - Understanding the 2026 Preliminary Budget

This Reader's Guide helps readers understand the 2026 Preliminary Budget and the Supplement to the Budget. It explains what each document includes, how it is organized, and how it supports City services and financial priorities.

Purpose of the Budget Documents

The budget documents serve several key functions:

1. Policy Document

Outline the financial policies, priorities, and key issues that guide how the budget is developed.

2. Financial Plan

Present the City's financial plans for the next several years, expressed in dollars.

3. Operating Guide

Help City departments manage day-to-day operations by showing available resources, staffing, and policy directions.

4. Communication Tool

Provide residents and stakeholders with a clear view of City services and their related costs.

What's in the 2026 Preliminary Budget

The 2026 Preliminary Budget includes both summary and detailed information on:

- The City's operating, reserve and capital budgets;
- Updates to the multi-year budget; and
- Capital project plans and how they will be financed.

Sections of the Budget Document

1. Overview

Provides key information about the City's operating, reserve, and capital budgets. Includes the following:

- Reader's Guide;
- Letter from the Mayor and Chairperson of the Standing Policy Committee on Finance and Economic Development;
- Budget Recommendations for Council approval;
- City and Budget at a Glance a summary of the City's demographic and economic data, major funds and overall financial picture
- Organizational Structure;

- Budget Highlights priorities and key initiatives;
- Top Ten Budget Questions common questions and answers; and
- Budget Context and Overview information on the budget process, economic and demographic data, performance measures, and how operating and capital dollars are spent.

2. Service-Based Budget

The Service-Based Budget presents financial information by service area.

a. Financial Summary

This section includes:

- Operating Budget Lists all City services, the Committee or Board responsible for each, and summaries of revenues and expenses.
- Full-Time Equivalent (FTE) Positions Shows staffing levels by service.
- Capital Budget and Reserves Details the six-year capital program and reserves, aligned with each Committee or Board's responsibilities.

Page references connect these summaries to the detailed information in the next section.

b. Detailed Service-Based Budget

Organized by Committee or Board, this section provides detailed information for each service:

- Service descriptions and goals
- Alignment with OurWinnipeg and other strategic priorities
- Multi-year operating budgets and actuals by major account category
- Explanations of changes in revenues, expenses, and staffing
- Sub-service breakdowns
- Summaries of related capital and reserve investments

3. Appendices

Provide additional background and supporting information for the rest of the budget document.

Supplement to the 2026 Budget

The Supplement provides further detail on capital and other financial information, including:

- Capital Project Summary Projects planned for 2026 through 2031
- Capital Project Details by Department
- Appendices Additional reference material
- https://winnipeg.ca/finance/documents page.stm#Budgets

LETTER FROM THE MAYOR AND CHAIRPERSON OF THE STANDING POLICY COMMITTEE ON FINANCE AND ECONOMIC DEVELOPMENT

MAINTAINING FOCUS IN UNCERTAIN TIMES

It is our privilege to present the Proposed 2026 Budget Update to the 2024–2027 Multi-Year Budget.

Winnipeg is home to more than 850,000 residents, and our city continues to grow. As our population rises, City Hall must combine strong management, new expertise, and a renewed commitment to efficiency to ensure our workforce can deliver the services Winnipeggers rely on every day.

This update builds on the City's multi-year budget framework, now in its seventh consecutive cycle – providing annual balanced budgets, stability and long-term focus in an era of rapid change.

It reflects City Council's Strategic Priorities Action Plan, with new investments in infrastructure that drives economic growth, and in public safety, which remains one of Council's top priorities.

To prepare this update, the Budget Savings Team worked continuously with senior Public Service leaders throughout the spring and summer, allowing Councillors Jeff Browaty (North Kildonan), Evan Duncan (Charleswood-Tuxedo-Westwood) and Matt Allard (St. Boniface) to collaborate closely with Chief Financial Officer Tracy Graham and her team. Their work delivered millions of dollars in both one-time and annual savings, and we thank everyone involved for their dedication and many long hours in developing this plan.

INVESTING IN INFRASTRUCTURE TO GROW OUR ECONOMY

Winnipeg's growing population is driving new demand for housing, roads, transit, and water/wastewater infrastructure. At the same time, evolving trade conditions – including new U.S. tariffs – make it critical that we invest in infrastructure that supports exports and economic opportunity.

No single project is more essential to Winnipeg's long-term future than the new North End Water Pollution Control Centre (NEWPCC). Projects 1 and 2 are underway with support from the federal and provincial governments. Completing Project 3 is now urgent – both to meet environmental standards and to ensure Winnipeg can continue approving new homes and new business permits into the 2030s.

Rather than relying solely on cash financing, this budget funds one-third of NEWPCC-3 through long-term debt to keep water and sewer rates affordable for residents. This prudent approach protects affordability while maintaining progress on one of the most important infrastructure projects in our city's history.

Updates to our debt policy will be needed later in 2026 to separate this rate-backed, long-term debt from other routine capital financing liabilities – an option that has already been raised informally with credit rating agencies.

It is also important to note that the utility transfer ("the dividend") to general revenue built into City budgets is being reduced from 11% to 10% of revenues for 2026–27, to prioritize funding for this critical project.

Beyond NEWPCC, the six-year, \$3.8-billion capital plan includes early design funding for the replacement of the Route 90 bridge and land acquisition for the Chief Peguis Trail extension. These trade-corridor investments are vital to Winnipeg's continued economic growth and competitiveness.

BUILDING SAFER, STRONGER COMMUNITIES

Winnipeg's growing population also means new challenges – and opportunities – for public safety and frontline services.

The 2025 Budget Update funded new police officers, firefighters, paramedics, and community safety personnel. The 2026 Update builds on that progress with:

- 18 additional police officer FTEs,
- 40 additional firefighter FTEs to strengthen scheduling flexibility, and
- 11 new paramedic FTEs supported by the Province for community health initiatives.

This budget also invests in services that support clean, safe neighbourhoods, like expanding the Neighbourhood Action Team by 17 FTEs. And extending late-night Transit service on 11 routes and in 10 on-request service areas will make it easier for Winnipeggers to get home safely late at night.

RESPONSIBLE MANAGEMENT AND AFFORDABILITY

The proposed 3.5% property tax increase returns to the rate approved in the original 2024 Multi-Year Budget. Even with this adjustment, Winnipeg continues to maintain the lowest municipal property taxes and collect the lowest per capita revenue of any major Canadian city.

Winnipeg's Financial Stabilization Reserve, like those of many cities, was significantly drawn down during the COVID-19 pandemic to maintain essential services without major tax

increases. Unlike most other major Canadian cities, Winnipeg did not receive large one-time transfers or transit funding top-ups from other governments to offset those impacts.

Despite those challenges, the City has maintained responsible financial management and will continue to rebuild its reserve gradually. Transparent reporting and proactive risk management remain central to that effort.

To strengthen our financial performance, the City is launching a new Continuous Improvement Unit, bringing together employees trained in Lean Six Sigma to lead efficiency projects across departments. Their work will focus on reducing waste, streamlining processes, and improving customer service – all while ensuring the best possible value for taxpayers.

With new Chief Administrative Officer Joseph Dunford and Chief Financial Officer Tracy Graham guiding the organization, and with ongoing collaboration across governments, Winnipeg is moving forward with confidence – investing in what matters most, while protecting affordability for residents.

Yours sincerely,

Scott Gillingham

Mayor

City of Winnipeg

Jeff Browaty

Councillor, North Kildonan

Chair, Standing Policy Committee on

Finance and Economic Development

Operating Budget Recommendations

- 1. That the following recommendations with respect to the 2026 Preliminary Operating Budget be approved by Council:
 - A. That the 2026 Preliminary Operating Budget, including the budget for reserves, be reviewed and approved by Council;
 - B. That the City's mill rate be increased from 12.920 to 13.372 for 2026, for the purpose of raising revenue as required for the annual operating budget and that Council enact a Real and Personal Property Municipal Tax Rate By-law for 2026 for this purpose in accordance with subsection 334(1) of The City of Winnipeg Charter.

Notes:

i. This mill rate of 13.372 in 2026 includes a 3.50% property tax increase, which is approximately \$26.6 million each year beginning in 2026. The income generated by this 2026 increase will be allocated as follows:

a. \$7.6 million of the 2026 property tax increase (approximately 1%) will be dedicated to the renewal of local and regional streets, lanes, sidewalks and bridges as well as road safety improvement program, pedestrian and cycling program and tree replacement and preservation on road renewal projects in 2026 and 2027. Difference of previously forecasted \$7.6 million property tax allocation for roads capital budget will be funded by external debt in 2026 and 2027 only.

b. \$19.0 million of the 2026 property tax increase (approximately 2.5%) will be dedicated to the tax-supported operating budget in 2026 and 2027, which includes 0.33% previously dedicated to Transit Infrastructure Reserve (that will now fund Transit operations).

- c. Total property tax revenue (a+b) in each of 2026 and 2027 is \$26.6 million.
- d. Starting in 2028, the property tax revenue generated from 2026 will be allocated as follows: \$15.2 million (approximately 2%) to the renewal of local and regional streets, lanes, sidewalks and bridges as well as road safety improvement program, pedestrian and cycling program and tree replacement and preservation on road renewal projects and \$11.4 million (approximately 1.5%) to tax supported operating budget for a total per year of \$26.6 million.

Refer to Attachment 1 Property Tax Increase Allocation for details.

ii. 2027 balanced operating budget assumes the entire 3.50% property tax increase for 2027 is dedicated to tax supported operations and roads capital budget funded with Provincial Strategic Infrastructure basket funding.

- C. i. That the City's business tax rate remains at 4.84% in 2026 and that Council enact a Business Tax Rate By-law for 2026 for this purpose in accordance with subsection 334(1) of The City of Winnipeg Charter;
 - ii. That Council enact a Small Business Tax Credit By-law for 2026 under subsection 219(2) of The City of Winnipeg Charter, which will provide a tax credit in the amount of all municipal business taxes owed for taxable businesses occupying property with an annual rental value of \$47,500 or less in 2026.
- D. That, in order to balance the 2026 to 2027 Operating Budget, Council approve the following transfers between the Financial Stabilization Reserve Fund and the General Revenue Fund:

	2025	2026	2027	3-year Total
Transfer (to)/ from Financial Stabilization Reserve (FSR)	`	\$12.7 million	(\$12.3 million)	\$0.00

- E. That the terms of the Financial Stabilization Reserve be amended as follows:
 - i. amend funding sources to remove the excess of actual total taxes billed compared to budget, which shall remain in the General Revenue Fund;
 - ii. amend fund uses to remove use for any shortfall of actual total taxes billed compared to budget.
- F. That Council approve transfers between funds, including reserve funds, outlined in the 2026 Operating Budget (Appendix 4 Transfers from/to the General Revenue Fund) to take place in 2026, subject to the following conditions on transfers from reserve funds:
 - i. The Chief Financial Officer must first certify that the amount remaining in each reserve fund after the transfer is greater than the amount required for the purpose for which the fund was established; and
 - ii. The fund must not enter into a deficit position as a result of the transfer.
- G. That Council require that prior to the payment of grants exceeding \$25,000 approved in the 2026 budget, the City enter into, execute and deliver a grant agreement with each grant recipient, and the Chief Financial Officer be authorized

to negotiate and approve the terms and conditions of each grant agreement in accordance with the budgetary approval and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

- H. That the 2026 grants and grant delegations as set out in the Listing of Grants/Payments in Appendix 2 Listing of Grants/Payments be approved.
- I. That a one-time grant of up to \$75,000 to the Maples Recreation Association Inc. from the 2024 Recreational Facility Safety, Security and Accessibility Improvement Capital Program (previously funded from capital program; will now be reallocated as a grant) for the purpose of conducting a feasibility study on a proposed expansion of the Maples Community Centre, be approved.
- J. That Council ratify all fees and charges as set out in the most recent certified version of the Fees and Charges Schedule included as Attachment 2 to this report.
- K. That an increase to the Planning and Land Development fee for Zoning Agreements Amendments to \$4,690.00 (\$2,290.00 in 2025) be approved.
- L. That Section 3 of the Utility Dividend Policy be amended as follows:
 - i. Delete subsection 3.1 and replace with the following:
 - "3.1 The dividend payment to the City will be equal to the annual amount budgeted in the 2024 to 2027 multi-year budget approved by Council on March 20, 2024, which will be transferred to the City each year."
 - ii. Subsection 3.2 is added immediately after subsection 3.1:
 - "3.2 Effective January 1, 2028, the dividend payment to the City will be \$18.2 million for the water utility and \$30.0 million for the sewer utility, which will be transferred to the City each year."

Note: The multi-year budget outlines 2026 budgeted amounts as \$17,347,914 from Waterworks and \$27,838,598 from Sewage Disposal and 2027 budgeted amounts as \$18,172,068 from Waterworks and \$30,011,920 from Sewage Disposal.

- M. That Council enact amendments to the Tax Certificate Fees By-law No. 53/2015 to:
 - i. Increase the fee for the making and mailing of a paper tax certificate to \$70.00 (\$68.00 in 2025); and
 - ii. Increase the fee for the electronic making out and mailing of a tax certificate requested electronically to \$54.00 (\$53.00 in 2025).

- Note: the above noted fees are exclusive of fees charged and collected on behalf of the Legal Data Resources (Manitoba) Corporation (LDRC).
- N. That Council enact amendments to the Advertising Signs Business Tax By-law No. 6298/96 to maintain the fee for a licence in lieu of business tax at
 - i. \$33.00 (\$32.00 in 2025) per square foot of the face of each digital sign; and
 - ii. \$3.80 (\$3.70 in 2025) per square foot of the face of each advertising sign that is not a digital sign.
- O. That Council enact amendments to the Mobile Home Licence By-law No. 821/74 to increase the monthly License Fees for Mobile Homes listed in Schedule A: First 400 square feet or portion thereof to \$20.50 (\$19.80 in 2025); and each additional 100 square feet or portion thereof to \$5.10 (\$4.90 in 2025).
- P. That prior years' tax supported cash to capital in the amount of \$3,066,087 and prior years' frontage levy in the amount of \$1,084,218, generated due to capital projects being completed for less than the budget amount (identified in Appendix 5A), be used to reduce the transfer to the General Revenue Fund in the 2026 tax supported budget.

Notes:

- i. Prior years' frontage levy will be used to offset the operating costs in the local and regional streets, lanes, sidewalks and bridges as well as road safety improvement program and pedestrian and cycling program.
- ii. Cash to capital unspent funds currently budgeted at \$3.1 million and frontage levy at \$1.1 million; and the rounding adjustment (\$3.1 million less \$3,066,087 = \$33,813; \$1.1 million less \$1,084,218 = \$15,782) will be corrected in the adopted budget.
- Q. That to reduce deficit risks, some of which are noted in Attachment 3 Cost Pressures (Operating Risks), that any additional, unbudgeted and unallocated revenue received from inter-governmental transfers or other similar sources in 2026, that is not earmarked for any specific incremental purpose, shall be dedicated to meet 2026 Corporate efficiency targets.
- R. That the Public Service report back to the appropriate committee of Council within 180 days with recommendations on restructuring the Animal Services Special Operating Agency as a division of the Community Services department, consistent with the City's Continuous Improvement Initiative.

- S. That the following additions to the WFPS operating budget be approved and included in the final 2026 Preliminary Budget Operating Reserves and Capital document and included or updated in subsequent year budgets, where required:
 - i. Six (6) Full-Time Equivalents for the Enhanced Low Acuity Triage (ELAT) and Emergency Paramedic in Community (EPIC) Programs (\$715,871);
 - ii. Five and one-half (5.5) Full-Time Equivalents for the Community Paramedic Initiative (New Protective Care / Sobering Centre) (\$680,172);
 - iii. Funding from Shared Health for FTEs described in (i) and (ii) in the amount of \$1,396,043.

Winnipeg Fire Paramedic Service (WFPS)

- That the Public Service report back to the appropriate committee of Council within 365 days with recommendations on a replenishment or long-term plan for the Financial Stabilization Reserve.
- U. That Council direct the City Solicitor/Director of Legal Services to submit the necessary by-laws and policy amendments to implement the above recommendations directly to Council by way of a communication through the Office of the City Clerk.

Capital Budget Recommendations

- 2. That the following recommendations with respect to the 2026 Preliminary Capital Budget and 2027 to 2031 Five-Year Capital Forecast be approved by Council:
 - A. That the following be reviewed and approved by Council:
 - i. 2026 Preliminary Capital Budget; and
 - ii. 2027 to 2031 Five Year Capital Forecast.
 - B. That Council approve new capital borrowing authority of and enact a borrowing bylaw in accordance with section 294 of The City of Winnipeg Charter for:
 - i. \$96.814 million as per 2026 Capital Budget, excluding borrowing for Winnipeg Fleet Management Agency;
 - ii. \$468.00 million for North End Treatment Plant (NEWPCC) Nutrient Removal Facilities Project.
 - C. That the Public Service report back to the appropriate committee of Council within 180 days with recommendations on proposed changes to the City's Debt Strategy policy to address borrowing requirements for the NEWPCC Nutrient Removal Facilities Project.
 - D. That Council approve annual long-term borrowing authority of \$11.626 million in 2026 in accordance with subsection 215(4) of the City of Winnipeg Charter with respect to Special Service Units, and an authorization be given to Winnipeg Fleet Management Agency to finance a portion of its operations through external sources, for the purpose of acquiring fleet assets, including from the City's bank, or from any other persons or corporations, including The City of Winnipeg Sinking Fund Trustees.
 - E. That Council approve the increase to Winnipeg Fleet Management Agency projected debt limit to \$79.204 million (from \$76.554 million in 2025).
 - F. That Council approve the following cash to capital contributions:

<u>Year</u>	<u>\$ Millions</u>
2026	3.993 (budget)
2027	3.730 (forecast)
2028	28.128 (forecast)
2029	26.236 (forecast)
2030	26.175 (forecast)
2031	31.359 (forecast)

- G. That Council approve all other transfers from prior years' surplus or authorizations, to and from reserves and other funds outlined in the 2026 Capital Budget (rebudgeted projects or projects with surpluses or unspent balances identified in Appendix D of the Supplement to the 2026 Budget), subject to the following conditions on transfers from reserve funds:
 - i. That the Chief Financial Officer must first certify that the amount remaining in each reserve fund after the transfer is greater than the amount required for the purpose for which the fund was established; and
 - ii. The fund must not enter into a deficit position as a result of the transfer.
- H. That Council rescind unused borrowing authorities in the following amounts:
 - i. Borrowing By-law 144/2011 in the amount of \$18.967 million;
 - ii. Borrowing By-law 100/2012 in the amount of \$10 million;
 - iii. Borrowing By-law 133/2017 in the amount of \$17,643,392; and
 - iv. Borrowing By-law 133/2017 in the amount of \$3.5 million for the Waverley Underpass Project.

Note: Items i, ii, and iii are related to the borrowing authority for the Equity in Capital Assets Fund totaling \$46,610,392.

- I. Whereas the following expenditures do not exceed 30% of the expenditures estimated in the capital budget for 2027, that Council authorize expenditures on the following projects in 2026 or prior to the adoption of the 2027 capital budget as a first charge against the General Capital Fund, in accordance with subsection 288(2) of The City of Winnipeg Charter to facilitate timely work on the projects:
 - i. Up to \$80.656 million for various road infrastructure projects (Attachment 4);
 - ii. Up to \$571,000 for Public Safety Answering Point Equipment Program;
 - iii. Up to \$23.042 million for Transit Buses;
 - iv. Up to \$1.835 million for Digital Operations Platform Program for the Enterprise Resource Planning Upgrade project;
 - v. Up to \$2.817 million for the Millennium Library Parkade High Priority Repairs project.

- J. That to support informed Council decisions, the Public Service report to the appropriate committee of Council with a cost benefit analysis for the Millennium Library High Priority Repairs project within 120 days and, in any event, prior to issuing any associated Request for Proposal.
- K. That Recommendation 1.Q.ii. of the Council decision dated March 20, 2024, with respect to the 2024-2027 Multi-Year Budget, be rescinded and the following be approved:

Ward-specific capital projects that would normally fall under the City Capital Budget may also be designated for Communities Fund capital expenditures, especially where these expenditures would secure funding from additional partners, provided any expenditures or awards are made in compliance with criteria and rules of the Community Incentive Grant Program (CIGP) or Parks and Recreation Enhancement Program (PREP) criteria, as applicable.

- L. That Council direct the City Solicitor/Director of Legal Services to submit the necessary by-laws and policy amendments to implement the above recommendations directly to Council by way of communication through the Office of the City Clerk.
- 3. That the proper officers of the City be authorized to do all things necessary to implement the foregoing.

Property Tax Increase Allocation 2026 Preliminary Budget and 2027 to 2031 Five Year Forecast 6-year Financial Projections (\$000's) 2026 2027 2028 2029 2030 2031 Total Reserves: 2026 - 0.50% tax increases for Local Street Renewal 3,800 3,800 7,600 2026 - 0.50% tax increases for Regional Street Renewal 7,600 3,800 3,800 2026 - 1.00% tax increases for Local Street Renewal 7,600 7,600 7,600 7,600 30,400 30,400 2026 - 1.00% tax increases for Regional Street Renewal 7,600 7,600 7,600 7,600 Total tax increase dedicated to roads (A) 7.600 7.600 15,200 15.200 15.200 15.200 76,000 Operating Budget: 15,200 2026 1.00% tax increases for 2026 and 2027 only. Attachment 3: Cost Pressures (Operating Risks)

Like many Canadian municipalities, Winnipeg is facing persistent cost pressures requiring strategic direction on managing expenditures, setting service levels and/or new or growth-related revenue sources. This is primarily due to record high inflationary increases during the pandemic years as well as 14 years of property tax reductions or freezes (1998-2011) and 10 years of modest tax increases (2.33% from 2013-2022), mainly used for capital projects. Recent tax increases of 3.5%, since 2023, have mainly focused on capital improvements and some specific operating programs. Winnipeg's property taxes are among the lowest of major Canadian cities. In 2012, a 3.5% increase was the only one that was dedicated entirely to the operating budget.

Methods used to balance the budget, such as one-time transfers from reserves and asset sales, are nearly exhausted. The city also faces a significant infrastructure deficit and needs to prioritize spending. There is a focus on improving efficiency in service delivery.

The city is committed to collaborating with other governments and service providers and is mindful of social priorities such as affordability and equity. Since the Financial Stabilization Reserve is projected to remain below the minimum threshold balance of \$85 million in 2025, it's important to consider potential unbudgeted risks that could affect actual in-year expenditures in 2026. Below is a list of the highest risks. Note this is not an exhaustive list and there is potential for other unbudgeted risks to arise in-year depending on economic and other factors.

Outstanding Risk Items not included in the budget	2026	2027
(in millions of \$)	2020	2021
Unidentified Efficiencies (including Utilities and SOAs)	\$ 15.300	\$ 15.600
Financial Stabilization Reserve (shortfall against minimum	74.400	76.000
threshold)		
Annual snow and ice control and spring cleanup costs in excess of	6.306	2.906
annual budgets		
Fire Paramedic Service overtime and workers compensation costs	4.801	0.899
Police Service expenditure management	7.000	7.000
Transit Fare revenue shortfall	11.061	13.022
Community Services revenue shortfall	1.323	1.356
Parking Authority revenue shortfall	2.605	2.267
Planning, Property and Development revenue shortfall in Land	5.698	5.840
Development fees		
Net Taxes Added revenue shortfall	4.000	4.000
Assessment and Taxation Appeal Allowance shortfall	2.800	-
Police Service and Transit workers compensation costs	3.361	3.545
Total	\$ 135.294	\$ 128.890

First Charges for Road Infrastructure Projects In 2026 or Prior to the Adoption of the 2027 Capital Budget

ROAD INFRASTRUCTURE PROJECTS: LOCATIONS Authorization (\$000's)	2027

2026 Preliminary Budget* at a Glance

The Downtown

- New heritage lighting \$1 million
- CentrePlan2050 Infrastructure investment \$200,000
- Downtown Parks Improvement Program \$4.3 million
- Annual funding for Downtown Community Safety Partnership (\$250,000),
 24/7 Safe Space and mobile outreach \$1.6 million
- Funding for major redevelopments:
 - Portage Place \$9.1 million in previous budgets + \$7 million in 2026 & 2027
 - Wehwehneh Bahgahkinahgohn Development grant up to \$1.9 million in 2026 plus \$1.5 million in 2027 (roads capital)
- Rapid Transit Preliminary Design for Downtown Corridors \$5.8 million

A Strong Economy

\$500 million+

debt/financing charges

Project funding for NEWPCC: Nutrient Removal

- Route 90 Design Work \$13 million
- Route 90 and Chief Peguis Trail property acquisition funds – \$5.2 million
- Increase of 10 permanent FTEs in 2026 (up to 38 FTEs from 2024 to 2027) to improve permitting department performance
- Business tax frozen to 2020 levels
- · Continued staffing support for Naawi-Oodena
- CentrePort South lands development for water and sewer servicing

A Livable, Safe, Healthy, Happy City

40 FTEs over 4 years

Firefighters

- \$17 million over 5 years for new spray pads
- General Council of Winnipeg Community Centres funding increase for on-going support
- Addition of 18 more police officers for enhanced public safety
- 9 more Community Safety Officers over the next 2 years (30 FTEs in 2025 to 39 in 2027)
- Windsor Park Pool to remain open
- \$35.4 million over 6 years invested in regional and local parks
- Additional investment of \$37.4 million in Assiniboine Park Conservancy over 6 years
- Youth programming in high needs neighbourhoods \$1 million

* Subject to Council approval

2026 Preliminary Budget* at a Glance

A Green and Growing City with Sustainable Renewal of Infrastructure

- Road Safety Improvement Program \$45.3 million over 6 years (up from \$36.6 million in 2025)
- Over \$60 million for Pedestrian and Cycling Program over 6 years (total Active Transportation over 6 years \$112.8 million)
- Building Emission Reduction Strategy to lower greenhouse gas emissions in city-owned buildings which will deliver real-time data and optimize building performance
- Transit Investments expanded night route hours of operation and Primary Transit Network infrastructure such as bus stops, loops, etc. – over \$18 million
- Over \$60 million over 6 years for Urban Forest Renewal
- Water meter renewals to enable operational efficiencies to transmit water consumption data through remote meter reading

=

Neighbourhood Action Teams

• Establishment of a Continuous Improvement Office

- Increased budget for snow and ice control
- Addition of 3 FTEs for Water and Waste Utility Billing Centre to address wait times and performance
- Digital Customer Experience Program to improve citizen engagement by enhancing access to information and services including the Citizen Portal over \$18 million
- Emergency Vehicle Pre-emption to provide intelligent traffic signalization for emergency vehicles
- Dedicated staff position to complete the By-law Enforcement Consolidation

2026 Preliminary Budget* at a Glance

Property tax \$836.7 M

Property tax increase:

Dedicated to roads and essential operations, which adds \$38.6 million in 2026

Frontage levy \$83.8 M

\$6.95 / foot

Frontage levy maintained at \$6.95/foot which generates \$83.8 million

City of Winnipeg Organization

^{*} CFO, City Auditor and City Clerk have statutory reporting relationships to City Council

Winnipeg Public Service

Notes:

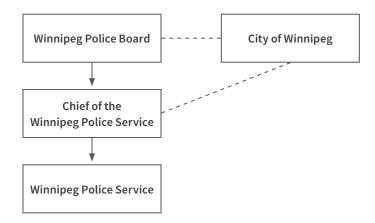

- 1. Museums are overseen by City Clerks.
- 2. Street Lighting is included in Public Works.
- 3. Office of Policy and Strategic Initiatives supports the Executive Policy Committee.
- 4. Mayor's Office and Council are reflected in the organizational chart consistent with By-law 7100/97.
- 5. Chief Construction Officer (an Officer of Council) is not reflected above as the amendment to the organizational by-law has not been approved at the time of printing.
- 6. Police Service is noted on the next page.
- 7. Departments in coloured font are separate Utility (blue) and Special Operating Agency (SOA) (green) funds. Assets and Project Management includes both Tax-Supported and Utility funds.

* CFO, City Auditor and City Clerk have statutory reporting relationships to City Council

S

Winnipeg Police Service

Notes:

- 1. The purpose of a police board is to provide:
 - (a) civilian governance respecting the enforcement of law, the maintenance of the public peace and the prevention of crime in the municipality; and
 - (b) the administrative direction and organization required to provide an adequate and effective police service in the municipality. It receives its authority from the *Police Services Act Manitoba* and a City of Winnipeg by-law (148/2012).
- 2. Both the Winnipeg Police Board (Board) and the Chief of Police have working relationships with the City of Winnipeg in respect of administrative matters such as financial, human resource and asset management.
- 3. The Board provides an annual report as information to the Standing Policy Committee on Community Services; and quarterly financial reports to the Standing Policy Committee on Finance and Economic Development.

Standing Policy Committee on Public Works

A CITY THAT WORKS FOR RESIDENTS

 Neighbourhood Action Teams - \$1.7 million, 17 FTEs increase in 2026 (45 total FTEs by 2027)

A GREEN AND GROWING CITY

- Transit subsidy from \$102.1 million in 2023 to \$122.3 million in 2026, increase of \$20.2 million or 20% over three years
- Increase of 36 FTEs for Public Transit (28 for night route extension, 6 for new expanded service, and 2 capital related positions)

THE DOWNTOWN

- Lighting Improvements in downtown \$1 million in 2026
- Business Improvement Zones Cleanliness: Downtown BIZ \$209,500, Exchange District BIZ \$46,000, West End BIZ \$24,250

THE OTHER PRIORITIES

• Snow Removal and Ice Control - year over year increase \$4.1 million or 9%

Standing Policy Committee on Public Works 6-year Total

Regional and	d Local Street Renewal
--------------	------------------------

- Historic \$1.1 billion investment over six years
- Regional Streets \$517.4 million, 2.4% increase
- Local Streets \$566.6 million, 3.9% increase
- Includes additional \$4 million of mill and fill work in 2026

Route 90 Improvements - design
work

• \$13.0 million

Land Acquisition for Trade Route Corridors (Route 90 and Chief Peguis)

• \$5.2 million

Louise Bridge Rehabilitation

• \$41.9 million

Lagimodiere Twin Overpasses Rehabilitation

• \$36.8 million

Road Safety Improvements

• \$45.3 million

Active Transportation (AT)

• \$112.8 million (see Appendix H of the Supplement)

Standing Policy Committee on Public Works 6-year Total

Transit Buses*

- \$239.1 million
- Total buses for six years: 143

Primary Transit Network Infrastructure*

- Major and minor stops, bus loops, traffic signals, operator comfort stations, active transportation pathways
- \$13.5 million

Rapid Transit Downtown
Corridors*

- Preliminary design
- \$5.8 million on top of the \$1.2 million in 2025

Fleet Acquisitions

- Medium, Heavy and Specialty \$63.7 million
- Light \$15.0 million

^{*}Part of ICIP - Investing in Canada Infrastructure Program (up to 2026)

Standing Policy Committee on Water, Waste and the Environment

Utility Billing Centre – increase of 3 FTEs aiming to reduce wait times

Increase of 8 FTEs to support Council approved Rapid Response for Water and Wastewater servicing capacity

Solid Waste utility is now fully self-supporting utility with new fees in 2025 to appropriately fund their operations

Typical residential customer water and sewer quarterly bill - \$406 in 2026 (\$395 in 2025)

Customer options:

- 1. Payment arrangements
- Water Leak Credit Policy
- 3. H2O Help to Others program
- 4. Pre-authorized payments
- 5. "MyUtility"

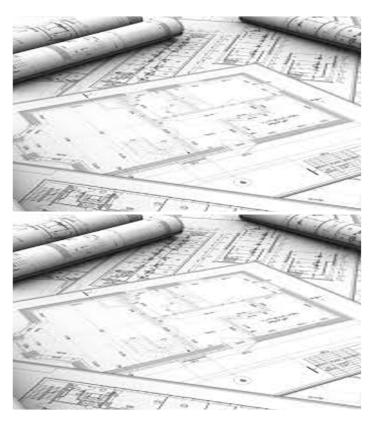

Standing Policy Committee on Water, Waste and the Environment

Capital Budget (in millions of \$)	6-year Total
NEWPCC Nutrient Removal	\$547.0
Water and sewer main renewals	\$304.3
Combined sewer overflow	\$219.5
Southwest Interceptor	\$81.1
Water Meter Renewal	\$66.5
Lift Stations Renewal	\$53.5
Asset Refurbishment and Replacement Program	\$52.5
Brady Road Resource Management Facility: Cell Construction	\$26.8
Brady Road Resource Management Facility: Landfill Gas Capture Expansion	\$7.5

Standing Policy Committee on Property and Development

THE DOWNTOWN

 CentrePlan 2050 Infrastructure investment \$200,000 in 2026 (\$250,000 in 2025)

A STRONG ECONOMY

 Improvements to the Permit Process – 10 temporary to permanent FTEs (up to 38 FTEs from 2024 to 2027)

A GREEN AND GROWING CITY

 Building Emission Reduction Strategy -\$163,000 in 2026; to yield operational savings

OTHER OPERATIONAL PRIORITIES

Canoe Club Golf Course –management and operation

Standing Policy Committee on Community Services

A LIVABLE, SAFE, HEALTHY, HAPPY CITY

- Opening of new Northwest Library, St. James Civic Centre (Phase 2) expansion) - fall 2026
- Community Centre grants \$7.4 million in 2026, \$7.6 million in 2027
- General Council of Winnipeg Community Centre additional grant of ~\$300,000 in 2026
- Continuation of operation of the Windsor Park Pool

A GREEN AND GROWING CITY

- Comprehensive Urban Forest Strategy (\$5 million) includes 9 FTEs in 2026, 13 FTEs in 2027
- Urban Forest Renewal Program (capital) 6-year total \$60.4 million

OTHER OPERATIONAL PRIORITIES

- Phased in at 10 firefighter Resource Pool FTEs per year (up to 40 FTEs by 2029) to fill absences, reduce overtime, support training, and enhance capacity
- Wellness Clinic to support a healthy workforce in Winnipeg Fire Paramedic Service (WFPS)
- 11.50 FTEs will be added to WFPS staffing for new community paramedic supports - funded by Shared Health

Standing Policy Committee on Community Services

Capital Budget (in millions of \$)			
Regional and Local Parks (includes Assiniboine Park Conservancy \$37.4 million)	\$72.8		
Recreation and Community Centres	\$35.3		
Spray Pad Investment Program			
Community Centre Renovation Grant Program			
Downtown Parks Improvement Program	\$4.3		
St. Boniface Outdoor Aquatic Facility (all ward funded) – \$4.8 million including 2025 budget (partially funded)	\$2.5		
Millennium Library Safety Improvements	\$2.5		
Emergency Vehicle Pre-emption	\$1.8		

Winnipeg Police Board

Standing Policy Committee on Finance and Economic Development

THE DOWNTOWN

- Portage Place Redevelopment
 Capital Grant up to \$16.1 million to True North Real Estate Development Limited
 - □ \$9.1 million in previous budgets + \$7.0 million in 2026 & 2027
- Wehwehneh Bahgahkinahgohn Development
 ogrant of up to \$1.9 million in 2026
 o\$1.5 million in 2027 (roads capital)
- Municipal Tax Increment Financing grants total ~\$26.2 million, 15 projects situated downtown from 2022 to present

OTHER OPERATIONAL CHANGES

- Continuous Improvement Office created by redeploying existing staff with expertise
- Dividend from Water and Waste \$45.2 million in 2026 (capped based on 2024 to 2027 rate report approved in March 2025)
- Dividends in 2026 from Special Operating Agencies:
 - o Winnipeg Parking Authority \$7.4 million
 - o Golf Services \$1.5 million

Executive Policy Committee

Programming for Downtown Youth with YMCA \$150,000

Community Safety Team for Transit - 25 FTEs in 2024 increased in 39 in 2027

24/7 Safe Space program \$1.050 million per year

Downtown Community Safety Partnership \$250,000

Youth Programming focused on areas of high poverty \$1.0 million per year

24-hour Mobile Outreach Services \$550,000 annually

Digital Customer Experience Program \$18.4 million for six years: Citizen Portal, MyUtility, Lawyer Gateway, Transit, 311

CentreVenture operating grant \$600,000 per year

By-law Enforcement Consolidation (2-year term FTE)

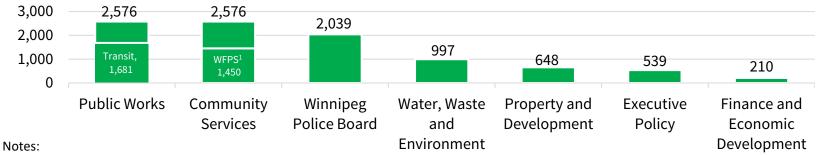

2026 Service Based Budget Overview

Service Based Budget by Committee / Board (in millions of \$)	Operating Budget	Capital Budget	Reserves, Net Changes
Finance and Economic Development	\$ 1,103.4	\$ 2.9	\$ (0.6)
Property and Development	8.3	4.2	(1.2)
Water, Waste and Environment	89.8	746.5	(24.2)
Public Works	(366.5)	365.4	(0.8)
Community Services	(345.3)	56.1	(0.3)
Winnipeg Police Board	(309.0)	10.9	
Executive Policy Committee	(92.2)	8.5	0.3
Total City	\$ 88.5	\$ 1,194.5	\$ (26.8)

Note: Bracketed amounts represent mill rate support / deficit.

Full Time Equivalents (FTEs) by Committee/Board = 9,593²

- 1. WFPS Winnipeg Fire Paramedic Service
- 2. Increase of 135 FTEs over 2025 see FTE explanation on the next slide

2026 Service Based Budget Overview

Full Time Equivalents (FTEs)

FTE Variance Explanations:

2a. Transit - extended night routes (33.5 FTEs pro-rated to 28 in 2026), increase due to new service routes (6) and capital related FTEs (2).	36.00
2b. Public Works - Neighbourhood Action Teams (17), Urban Forestry (8.5) and Line Painting (4)	29.50
2c. Police Service - increase in general patrol officers (18) plus 1 administrative support FTE.	19.00
2d. Fire Paramedic Service - establish a wellness clinic (9 FTEs prorated to 5.5 in 2026) and additional fire fighters (10 Resource Pool FTEs prorated to 7.5 in 2026). Note that a total of up to 40 fire fighter Resource Pool FTEs will be added by 2029.*	13.00
2e. Waterworks - Rapid Response Process for Water and Wastewater Servicing report (Council May 2, 2025) for 8 FTEs and 3 additional positions for the Utility Billing Centre.	11.00
2f. PPD - temporary to permanent permit FTEs in response to timelines pursuant to Provincial regulations.	10.00
2g. City Clerks - increase in temporary election staff.	7.00
2h. CAO - Community Safety Team (3) and 1 temporary for the By-law Enforcement Strategy.	4.00
2i. Golf SOA - additional FTEs for the Canoe Club Golf Course (Council February 27, 2025).	4.00
2j. Community Services - 3 temporary FTEs funded by "Short-term Rental Enforcement Fund" (Council May 22, 2025)	3.00
2k. Miscellaneous changes.	(1.50)
TOTAL FTE Increase	135.00

^{* 11.5} FTEs will be added in 2026 to the Fire Paramedic Service - fully funded by Shared Health.

2026 Budget Update Process Timeline

Top Ten Budget Questions

Where does the City's money come from?

The total City revenue is estimated at \$2.5 billion in 2026. The majority comes from residential and commercial property taxes (36%). Other sources include user fees and licenses for goods and services (36%), provincial and federal grants (10%) and other sources (18%).

For more details, see Budget Context and Overview.

2. How did Winnipeg balance the budget?

The City balanced the budget using the following key measures: property tax increases; new and above inflation fees; Provincial and Federal funding; cost reduction measures, including efficiencies; and transfers from reserves.

For more details, see Budget Highlights and Appendix 4A Transfer from Other Funds.

3. How much is the City's budgeted spending in 2026?

Total City spending is estimated at approximately \$2.4 billion broken out as follows: tax supported fund (general revenue fund) of \$1.5 billion, utilities of \$862.6 million and special operating agencies of \$93.1 million.

For more details, see Budget Context and Overview.

4. How has the Strategic Priorities Action Plan (SPAP) been incorporated into the multi-year budget?

Budget priorities for 2026 budget are consistent with SPAP and are detailed in the Budget Highlights. The alignment to the SPAP themes are recognized in the service goals as well as capital detail sheets.

For more details, see Budget Highlights.

5. How do changes in property tax rates or in my home's assessed value affect my overall tax bill?

Property taxes are increasing by 3.5% in 2026, which for a sample home will equate to approximately \$75 for the year, or \$0.21 per day. Winnipeg has the lowest property taxes and the rate increase is similar to the average of the reported cities.

For more details, see Budget Highlights.

A change in the market value of your property does not necessarily result in a similar proportionate change to your property taxes.

For more information see Assessment and Taxation's Frequently Asked Questions: https://assessment.winnipeg.ca/Asmttax/English/SelfService/answerguide.stm#19

6. What is vacancy management?

Vacancy management is an estimated savings derived from delaying the filling of vacant positions. This requires departments to be prudent and mindful when they fill positions. \$20.9 million of vacancy management is budgeted in 2026.

7. How do I know when my street will be renewed?

Street renewals are listed by location in the City's Capital Budget. For more details, see the Supplement to the 2026 Budget.

8. What is the City of Winnipeg doing to reduce poverty in Winnipeg?

The City is reducing poverty through various strategies, some of which include:

- providing grants to various organizations to support 24/7 safe spaces, mobile outreach, public washrooms, youth programming focused on areas of high poverty and Indigenous Youth Services;
- fostering partnerships and providing grants to local businesses and non-profit organizations to provide resources and support for low-income residents;
- increasing access to education and safe spaces by providing adult literacy program, and mobile van outreach services;
- implementing affordable housing initiatives by providing housing rehabilitation grants and programs, and housing initiatives; and
- enhancing public transportation by providing fare options for low income
 Transit passes, collaboration with community partners improving access to safe and secure transportation.

9. Do I have a say in the City's budget process?

The planned budget consultation will launch in November 2025, with results published on the city's website in December 2025. In addition, if you would like to provide feedback on the preliminary budget or future budgets in person or virtually, register to appear as a delegation at the appropriate committee. If you would like to submit a written submission for the public record, please submit a copy to City Clerk's.

10. What are Council priorities and key budget goals?

City priorities and key budget goals are summarized in the Letter from Mayor and Chairperson of Standing Policy Committee on Finance and Economic Development, Budget Highlights, Budget at a Glance and service-based budget for goals by specific services.

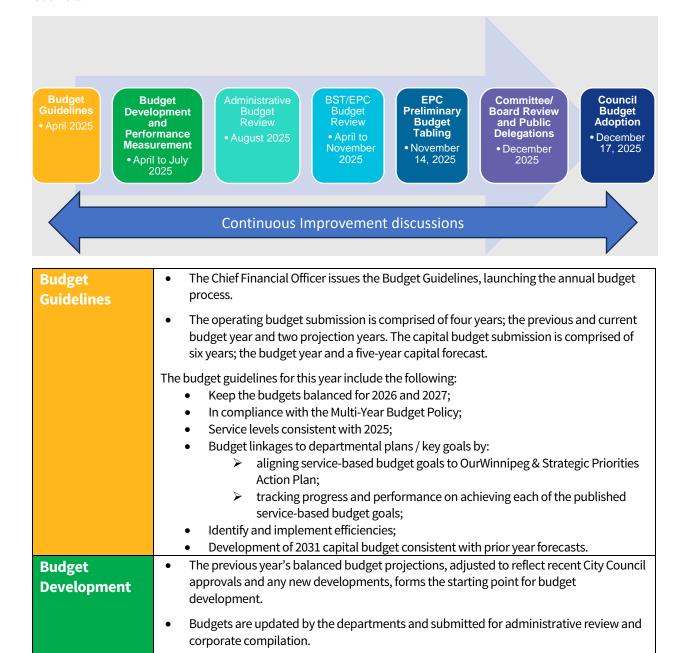

For more details, refer to the Strategic Framework in the Context and Overview and Appendix K (Policies, Strategies and Plans) in the Supplement to the 2026 Budget.

Budget Context and Overview

This section includes an overview of the City of Winnipeg's budget process and strategic framework, followed by demographic and economic data, and performance measures, as well as information about the operating, reserves, and capital budget. All these items influenced the city's 2026 Budget Update.

Budget Process and Council timelines

The budget process and Council timelines is for establishing a multi-year budget during their term in Council.

Departments report and analyze performance measures to assess performance against **Performance** previous years, other municipalities, targets, and citizen satisfaction. Measurement The results of this process, as well as economic, financial and demographic trends, are considered in the budget decision-making process. **Administrative** Departments present their draft budget to a Corporate budget team (CBT). **Budget Review** Administrative adjustments are implemented; and budget documents prepared for decision making. In addition, this year the CBT was tasked with the development and balancing of the operating budget. The Executive Policy Committee (EPC) has responsibility for budget development. **BST/EPC Budget Review** A Budget Savings Team (BST), formerly known as Budget Working Group (BWG), was established by the Mayor to review the operating budget, continuous improvement initiatives and the 2026 - 2031 Capital budget. **EPC** The Preliminary Operating and Capital Budgets are tabled at a meeting of Executive Policy Committee. **Preliminary Budget Tabling** Committee/ The Executive Policy Committee refers the preliminary operating, reserves and capital budget to the City's Standing Policy Committees and the Winnipeg Police Board for **Board Review** review and recommendations. Each Committee reviews the part of the budget related and Public to its jurisdiction: **Delegations** Public Works; Water, Waste and Environment; Property and Development; 0 Community Services; Finance and Economic Development; and Winnipeg Police Board. The Committees hear presentations by departments. Members of the public and interest groups may also make presentations at these meetings. The Executive Policy Committee also hears from delegations from the public and reviews the recommendations from the Standing Policy Committees and Winnipeg Police Board. Recommendations are finalized by the Executive Policy Committee and forwarded to Council. **Council Budget** Council debates, amends, and adopts the operating and capital budget forwarded from the Executive Policy Committee. **Adoption** Council then passes a by-law to set the mill rate for the operating tax-supported Council also gives first reading of a borrowing by-law to externally finance the capital program, if required. In accordance with legislation, approval of the borrowing is then requested of the Provincial Minister of Finance. Once authorization is received from the Minister, Council gives second and third readings of the by-law before it is passed. Council must adopt the operating budget no later than March 31 each year, and the capital budget and five-year forecast by December 31 each year, as required by "The City of Winnipeg Charter".

Strategic Framework

OurWinnipeg, Strategic Priorities Action Plan, and Service-Based Budget Alignment

The OurWinnipeg 2045 by-law, adopted by Council on May 26, 2022, is Winnipeg's 25-year plan for strategic growth and development. It provides a vision and policies that influence how City services are provided, how residents get around the city, and how the city grows. It establishes high-level goals and aspirations for the City, and informs City-wide decision making with respect to physical, social, environmental, and economic policy. It also requires measures to implement the plan and that decisions are consistent with it.

Timeline

Timeline outlining future OurWinnipeg process next steps

2022 – Plan approval

• May 26, Council approval of OurWinnipeg 2045 & Complete Communities 2.0

2023-2026 – Plan implementation

- May 30, 2023, Council approval of their Strategic Priorities Action Plan (SPAP)
- Council will identify level of SPAP funding through the four-year balanced multi-year budget process

2023-2026 - Measure progress

- SPAP annual review and progress update
- Council may adjust SPAP as needed or actions completed

2026 – Election

• Initiate SPAP process with new Council

2027 – 5-year review

• Initiate review of OurWinnipeg 2045 & Complete Communities 2.0

The service-based budget is designed to align with OurWinnipeg goals and the Strategic Priorities Action Plan.

(Note that some departments have classified certain goals as being linked to Corporate Support and Governance rather than a specific Strategic Priority theme. These goals relate to the general provision of city services. A summary can be found in the Supplement to the 2026 Budget).

Strategic Priorities Action Plan

During 2023, Council adopted a <u>Strategic Priorities Action Plan (SPAP)</u> which outlines key priorities and actions for the four-year Council term. This new approach gave equal opportunity for all Council members to define key priorities and actions separately from and prior to the four-year multi-year budget process. Council identified the following themes:

The Downtown

A strong economy

A livable, safe, healthy, happy city

A green and growing city with sustainable renewal of infrastructure

A city that works for residents through improved customer service

Under the 5 themes, Council has identified 42 specific priority actions for strategic focus and investment. Council also adopted a reporting and measurement framework that is separate from the budget process that involves bi-annual planning and update sessions with Council and annual reporting. This process is complemented during the budget process through the service-based budget sheets.

The service-based budget sheets show the alignment to OurWinnipeg 2045 goals as well as highlighting the primary SPAP key theme; although services are informed by and influenced by multiple themes. The integration between the service-based budget, and OurWinnipeg goals and SPAP themes, are demonstrated in an appendix in the Supplement to the 2026 Budget.

Basis of Budgeting

In 2024, the City produced its second multi-year balanced operating budget. Covering the period from 2024 to 2027, the Tax Supported Operating Budget was balanced in all four years. As required by legislation (The City of Winnipeg Charter), the City prepares a six-year capital investment plan, including all related funding sources. The 2026 and 2027 balanced preliminary operating budget and capital budget for 2026 and five-year forecast is being tabled in November 2025.

The City of Winnipeg develops its operating budget on a modified accrual basis while using the full accrual for accounting. The modified accrual basis of accounting records revenue when it is earned, measurable and available. Expenditures are recognized when the liability is incurred, except for certain expenses, for example, those associated with retirement allowances, accrued vacation, worker's compensation, compensated absences, and landfill liabilities which are budgeted on a cash basis. Debt servicing payments are budgeted for when due (depreciation of assets is not budgeted except for SOAs). Revenue from land sales is recorded in accordance with accounting principles used within the real estate industry. Other sources of revenue budgeted are based on previous year's actuals while also considering inflation.

Under the full accrual basis of accounting, revenue is recorded as earned and measurable. Expenses are recognized as incurred and measurable based on receipt of goods and/or the legal obligation to pay. The City's financial statements are developed in accordance with generally accepted accounting

2026 Preliminary Budget 67

principles for local governments, as recommended by Public Sector Accounting Board (PSAB). The City develops a Consolidated Budget that is reported on the same basis as the City's financial statement – refer to Appendix 7. Additional details on the basis of budgeting for the City is described in the Supplement to the 2026 Budget (see Appendix A).

Fund Structure

The City budgets for several funds –the general revenue or tax-supported fund, capital fund, utility operations, Special Operating Agencies (SOAs), and reserves. Transfers to or from the General Revenue Fund (see Appendix 4A and B) and between funds are included in the budget. In addition, revenues and expenses for capital and special purpose reserves are included in the Appendix 3.

The City's fund structure is disclosed in two ways: by categories and committee / board.

*Other departments are noted in Appendix 1 and reserves are broken down in detail in Appendix 3.

These funds are defined as follows:

- General Revenue Fund The accounting fund created to account for tax-supported
 operations, which include but are not limited to services provided by the City such as police,
 fire, ambulance, library and street maintenance. The beginning and ending balance for this
 fund is zero.
- General Capital Fund The accounting fund created to account for tax-supported capital transactions of The City of Winnipeg.
 The appropriated and unappropriated retained earnings balances for the Utilities are noted in Appendix 1.
- **Special Operating Agency (SOA)** A special unit of an organization which can operate within or outside the existing city department structure in the delivery of its service(s). It is granted more direct responsibility for results and increased management flexibility needed to attain new levels of service delivery.

• **Reserves** - Represent amounts appropriated for designated requirements as established by Council. Part of best practices for fund accumulation to replace capital assets and to provide financial flexibility in times of budget shortfall.

Definitions of funds are included in the Glossary of Terms in the Supplement to the 2026 Budget.

	Fund Name	Committee / Board							
Category		Community Services	Executive Policy Committee	Finance & Economic Development	Property and Development	Public Works	Winnipeg Police Board	Water, Waste and Environment

^{*}Reserves are broken down in detail in Appendix 3.

Policies, Strategies and Plans

Multi-Year Budget Policy

The Multi-Year Budget Policy was adopted by Council March 20, 2020, with a requirement for a review after each budget cycle. Council approved an amended policy on February 22, 2024.

For more information, refer to the <u>Multi-Year Budget Policy</u> or watch a <u>short video on Winnipeg's</u> <u>multi-year budget</u>.

2026 Preliminary Budget 69

Dividend Policies

The <u>SOA Dividend Policy</u>, approved by Council February 27, 2020, ensures that the transfer of dividends from Special Operating Agencies (SOA) to the General Revenue Fund occur in a predictable and sustainable manner in order to simplify planning as well as ensuring financial transparency and fiscal sustainability. Only Council may approve dividends from an SOA to the City's General Revenue Fund at the time of the annual budget process and no dividend may be transferred if doing so would reduce the accumulated surplus of the SOA below \$500,000.

Water and Sewer Utility Dividend Policy, approved by Council March 22, 2011, states that the dividend payment to the City's General Revenue Fund will be 11% of utility's budgeted gross sales each year. On March 27, 2025 Council approved that the annual dividend paid by the Water and Sewer Utility into the City of Winnipeg General Revenue Fund be capped at budgeted annual levels already approved in the 2024 to 2027 Multi-Year Budget, regardless of the additional funding committed to the North End Sewage Treatment Plant (NEWPCC) project. Subject to Council approval, the Utility Dividend will be amended to a fixed amount of \$18.2 million for the Water Utility and \$30.0 million for the Sewer Utility effective January 1, 2028.

The Policies, Strategies and Plans for the City such as Loan Guarantee Policy, Purchasing Policy, Debt Strategy and others are described in more detail in the Supplement to the 2026 Budget (see Appendix K).

Reporting and Reorganizational Changes

Housing Division

While remaining in the Neighbourhood Revitalization service, the Housing Division will now report through the Chief Administrative Office for city-wide oversight.

Waterways and Riverbank Management

While remaining in the Land Drainage and Flood Control service, the Waterways and Riverbank Management will now report through the Water and Waste Department, rather than Planning, Property and Development.

Economic and Financial Trends

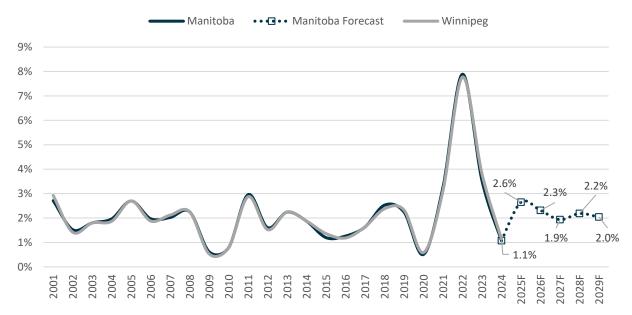

Other influencing factors in developing the 2026 budget update include economic and financial trends:

Consumer Price Index (Inflation)

Inflation measured using the Consumer Price Index (CPI) in 2024 slowed significantly due to the provincial government's gas tax holiday for the full calendar year. In Winnipeg, CPI inflation was +1.1% in 2024.

CPI inflation in 2025 is being pushed down by the GST holiday for select consumer goods and services from December 14, 2024 to February 15, 2025 and the removal of the carbon tax on April 1, 2025. On the flipside, the provincial gas tax was restarted on January 1, 2025 (though at a lower rate of 12.5 cents/liter from 14 cents) and U.S. tariffs and Canadian counter-tariffs have been putting upward pressure on CPI since February 2025 (though most Canadian counter-tariffs were removed September 1, 2025). Due to these events, Oxford Economics expects Manitoba's CPI inflation to be +2.6% in 2025. Moving beyond 2025, CPI inflation is expected to trend downwards to near +2% by 2027.

CPI Inflation in Manitoba and Winnipeg (CMA)

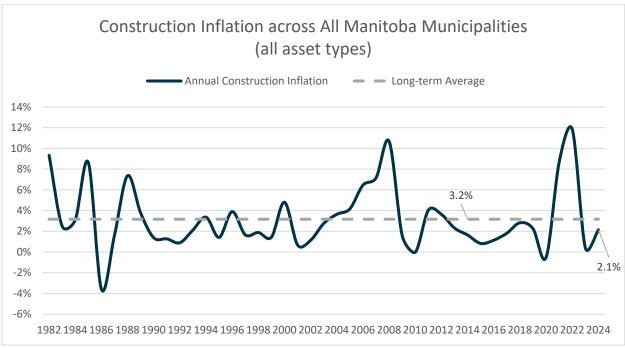

Source: Statistics Canada, Table 18-10-0005-01, Consumer Price Index, annual average, not seasonally adjusted; Oxford Economics July 2025 National Outlook

2026 Preliminary Budget 71

Construction Inflation

The majority of assets purchased by municipalities are roads, bridges and highways, and water and sewage infrastructure. In 2024 construction inflation for municipal assets is estimated to be +2.1%. Between 1981 and 2024, construction inflation on all assets purchased by Manitoba municipalities averaged 3.2% per year. This measure ranged from a high of +11.8% in 2022 to -3.6% in 1986. Prices for these assets will be strongly influenced by the price of labour, energy, and raw materials such as asphalt, concrete and metal. While volatile on an annual basis, long-term averages indicate that construction inflation tends to be higher than inflation observed in the Consumer Price Index (CPI).

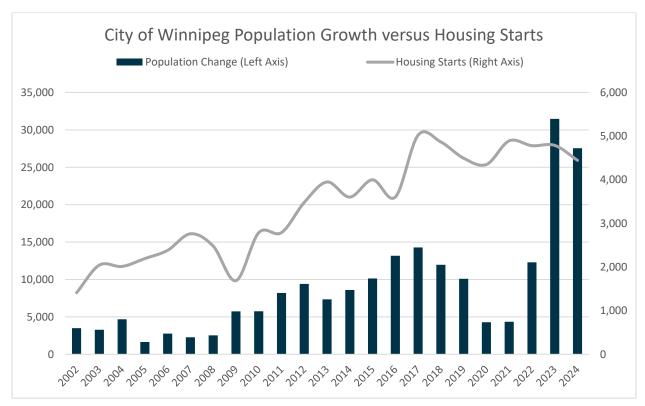

Source: Statistics Canada, Table 36-10-0608-01, Infrastructure Economic Accounts, investment and net stock by asset, industry, and asset function

Housing Starts and Population Growth

Winnipeg's housing market remains one of the most affordable in the country, with the price of an average single detached home being \$450,600 in the resale market in August 2025 and \$621,500 for new units in June 2025.

Interest rates continued to decline through the second half of 2024 into 2025, which will provide support in the future to the housing market. In 2024 Winnipeg housing starts declined relative to 2023, despite a significant increase in population of more than 27,500 people for the same year and an even larger increase in 2023. Data from the CMHC shows that the result of strong population growth combined with a small decline in housing starts has resulted in continued pressure in the rental market, keeping the city-wide rental vacancy rate effectively unchanged from 1.8% in 2023 to 1.7% in 2024, and increasing average rents by +5.0% over the same period.

Source: Statistics Canada, Table 17-10-0155-01, Population estimates, July 1, by census subdivision, 2021 boundaries; CMHC Housing Starts and Completions Survey

For more information, please see the city's 2025 Economic, Demographic and Fiscal Outlook.

Financial Management Plan

The <u>Financial Management Plan</u> is the City of Winnipeg's strategy for guiding financial decision-making, meeting long-term obligations, and improving its economic position and financial stability. The Plan sets forth the guidelines against which current and future financial performance can be measured and assists the City in planning fiscal strategy with a sustainable, long-term approach.

The table below includes a summary of the goals and results for 2021 to 2024 Financial Management Plan (FMP). For more details on the results, see the <u>Financial Management Plan Update</u>.

	OurWinnipeg		2024	2023	2022	2021
#	Goal	FMP Goal	Status	Status	Status	Status
1	S	Ensure a sustainable revenue structure Target: A revenue structure that keeps pace with inflation adjusted for growth	~	/	X	X

^{*} Primarily due to financial impacts of the COVID-19 pandemic.

^{**} Impacts of the COVID-19 pandemic addressed with Federal Safe Restart program and other mitigating measures.

Leadership and Good Governance

Economic Prosperity

Performance Measurements

Performance measures have been published annually by the City of Winnipeg since 2010 and are a gauge of how well services are provided and departments' progress towards achievement of identified key goals. Performance measurement provides the necessary data to identify needs and to support reallocation of resources or realignment of strategic objectives to improve processes and priorities. Performance indicators are used as a tool to:

- Enhance transparency and accountability to citizens of Winnipeg;
- Improve service delivery; and
- Increase shared knowledge and promote mutual improvements through benchmarking to other municipalities.

Some examples are shown here, and more results can be found throughout the 2026 Budget.

Water

Description

Provide citizens with a safe and adequate supply of potable water for residential and commercial use through water supply, storage, treatment, pumping, distribution and metering.

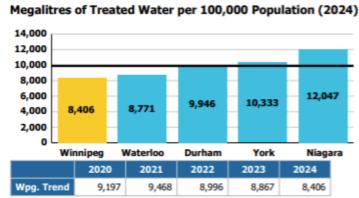

Key services include water supply and treatment, and water distribution.

OurV	Vinnipeg								
	Environmental Environmental Good Governance (LG)

	Citizen satisfaction with quality of drinking water [A]	81%	81%	85%	85%	85%			
	Number of complaints - taste and odour [B]	93	85	100	100	100			

- [A] Refer to benchmarking / comparison data on the following page.
- [B] Reflects complaints received through the City's 311 system.

The City's performance measurement framework includes performance reporting as noted on the previous page and effectiveness and efficiency measures as shown here:

Effectiveness Measures – measure the quality of service delivered relative to service standards or the customer's needs or expectations.

Water use per household is influenced by water conservation measures which include changes to the plumbing code (low flow toilets, shower heads etc.), low water use appliances and increased environmental awareness. Winnipeg's megalitres of treated water per 100,000 population is lower than the average (9,901).

Source: Municipal Benchmarking Network Canada (WATR210)

Note: City comparatives are based on available data.

Efficiency Measures – compare the resources used to the number of units of service provided or delivered. Typically, this is expressed in terms of cost per unit of service.

Efficiency Measurement

Operating Cost for the Treatment and Distribution/Transmission of Drinking Water per Megalitre of Drinking Water Treated (2024)

Total cost for supply, treatment and distribution of water per megalitre pumped is influenced by operating costs for the water treatment plant, conservation efforts and weather fluctuations.

Source: Municipal Benchmarking Network Canada (WATR315)

Note: City comparatives are based on available data.

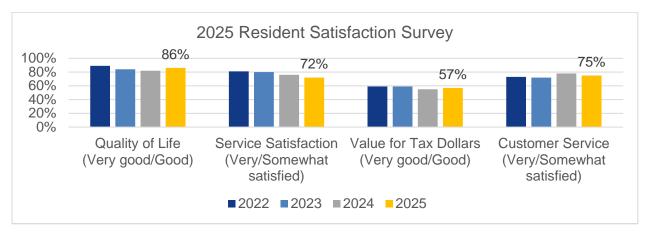

2024 Municipal Benchmarking Network Canada Results

(available as of September 2025)

Winnipeg has participated in the Municipal Benchmarking Network Canada (MBNCanada) since 2014. During 2025, a review of all measures collected was conducted and a significant reduction was made in the measures collected in advance of a comprehensive service area and measure review in late 2025 to early 2026. With a number of comparable municipalities temporarily pausing participation until the completion of the measure review, there is limited external comparative data available for 2024.

2025 Citizen Satisfaction Survey

Views on the quality of life and value for tax dollars increased in 2025. Satisfaction with City services and customer service declined in 2025. For more information on the survey, please refer to the <u>results on the City's website</u>.

A cross-jurisdictional scan was also conducted in 2025. The table below presents how Winnipeg compares to other Canadian cities. It should be noted that results were not available for all four metrics in each city.

City	Year	Quality of life (Very good/good)	Overall City services (Very/somewhat satisfied)	Value for tax dollars (Very good/good)	Customer service (Very/somewhat satisfied)
Winnipeg	2025	2025 86% (1) 72% (2) 57% (2)		75% (2)

¹ – Measured on a 10-point scale. What is shown is the proportion answering 7 or higher out of 10.

Note: Winnipeg's ranking is shown in parentheses.

² – Measured on a 5-point scale. What is shown is the proportion answering top two options (e.g., above neutral/midpoint).

Public Consultation

To help Council with the 2026 budget update, the City collected feedback through:

- The annual citizen satisfaction survey on City services. See section above. Residents' feedback was shared with Council to help finalize the 2026 preliminary budget update.
- Public meetings where residents can present or submit written feedback to Council (via committee or board).

The planned budget consultation will launch in November 2025, with results to be published on the city's website in December 2025.

Service and Budget Highlights

Key Achievements in 2024 / 2025

The Downtown	
Approval for the Redevelopment of Portage Place Mall	
Promoting Multi-family Housing Downtown and on Corridors	
A Strong Economy	
CentrePort South Water and Sewer Servicing	
CentrePlan 2050	
Permits Online 2.0 and Permits Dashboard	
A Livable, Safe, Healthy, Happy City	
Increase in Community Safety Team	
Rapid Zoning By-law amendments	

A Green Growing City with Sustainable Renewal

Urban Forest Strategy	
Retro-commissioning of buildings	
Conversion Methane Gas to Renewable Resource	
Return to full transit service	
Rehabilitation of St. Vital Bridge	
Portage and Main – opened to pedestrians	
Enhanced line painting	

A City That Works for Residents Through Improved Customer Service

Al Identification of potholes

Improved 311 wait times

Spring clean up: improved service delivery

Accounts Payable automation, Winnipeg.ca chatbot

- Wildfire evacuation support
- Successfully added the New Homeowners Affordability Tax Credit to eligible tax bills
- Extraordinary growth in film production value (\$265 million/2022 and \$400 million/2024)
- Official opening of Waverley West Modular Fire Station (Jan. 2025) & amalgamated Fire Station 9 in Windsor Park (June 2025)
- Expanded use of Canoe (Canadian cooperative buying group)
- Connected Officer Program improved the efficiency of report processing, evidence gathering, and overall police response

Operating Budget Summary

Operating Budget at a Glance

Operating Budget at a Glance* (in millions of \$)

Revenue				
	2024 Budget**	2025 Budget	2026	2027
Tax Supported Operations	1,354.2	1,418.7	1,492.7	1,523.2
Utilities Operations	781.3	819.1	952.6	1,000.2
Special Operating Agencies	90.1	91.4	91.6	96.3
Total Revenue	2,225.6	2,329.1	2,536.9	2,619.7

	15.2	3.4		
Total Expenditures	2,210.4	2,325.7	2,448.4	2,522.7
Special Operating Agencies	91.2	92.7	93.1	94.5
Utilities Operations	765.0	814.3	862.6	905.0
Tax Supported Operations	1,354.2	1,418.7	1,492.7	1,523.2
penditures				

^{*} Does not include amounts from reserves and other consolidated budget adjustments.

Operating Budget Revenue Overview

Winnipeg's total operating revenue had increased by \$208 million (9%) compared to 2025 budget. This growth is largely driven by Council approved rate increases in Sewer and Solid Waste Utilities, implemented in March 2025. These included above inflation fee increases and the introduction of new fees.

Additional revenue growth is influenced by broader economic factors (as discussed above), including:

- population growth and increased demand for services
- inflationary pressures on consumer goods and construction
- shifts in affordability and cost recovery strategies.

As illustrated in the pie chart on the following page, other sources of revenue include sales of goods and services, regulation fees, government grants and other. Utilities and Special Operating Agencies primarily rely on sales and regulatory fees to sustain their operations.

^{** 2024} budget restated due to inclusion of Vehicles for Hire Winnipeg WAV (Council December 14, 2023)

Key revenue assumptions for 2026:

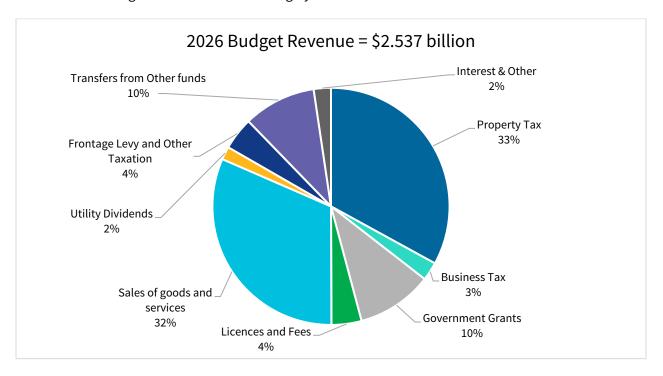

- Winnipeg residents can expect a 3.5% increase in property taxes, dedicated to road infrastructure and essential city services.
- Municipal property taxes on a sample home assessed at \$371,000 in 2026:

	2026	2025	Change*	
Municipal property	\$2,232	\$2,157	\$75	3.5%
taxes**				

^{*}Equivalent to an increase of 21 cents per day

- Fees and charges are increase will rise by 2.5% with notable exceptions (not exhaustive)
 - o Water rates 3.0%
 - o Sewer rates 3.8%
 - o Adult cash transit fare (10 cents) 3.0%
 - o Residential waste management fee 4.0%
- Provincial grant revenue is increasing by 2.0%

^{**}excludes school taxes and frontage levy

Despite these revenue increases, budgetary pressures persist across all service areas due to rising costs, many of which are outlined in Attachment 3 of the Budget Recommendations along with the Financial Stabilization Reserve not meeting the Council mandated minimum balance by the end of 2025. Additional support from provincial and federal governments will be essential to address these fiscal challenges.

Operating Budget Expenditures Overview

Budgeted operating expenditures are expected to grow by an average of 5% annually through 2027 broken down as follows:

Tax supported: 4%

Utilities: 8%

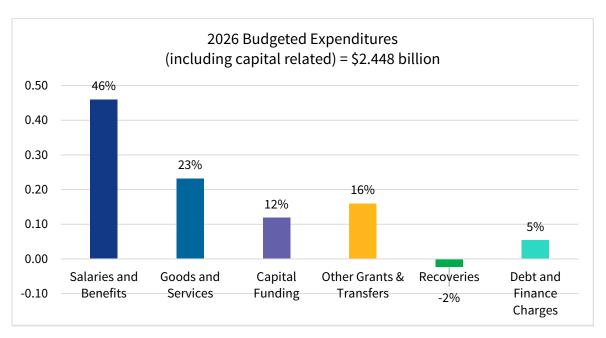

Special Operating Agencies: 3%

Key expenditure assumptions:

- Salaries and benefits driven by collective agreement costs (an average increase of about 3%), for open agreements there is a 2% increase included in departments
- Staffing increase of 135 full-time equivalent positions
- Inflationary pressures of 2% in non-salary expenditures
- Construction inflation: 3%
- Fuel costs:
 - Transit diesel is assumed at \$1.19 per litre
 - Fleet management gasoline at \$1.26 per litre;
- Borrowing cost for 30-year external debt:

Interest rate: 5.5%Principal rate: 1.78%

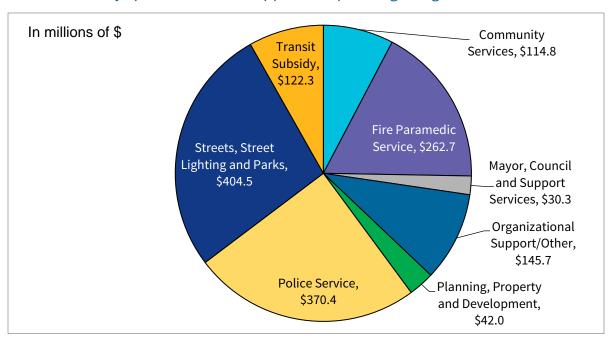

• Water and Waste is budgeting cost recovery for their services including funding for the North End Sewage Treatment Plant NEWPCC projects, currently estimated at \$3 billion.

Salary Budget and Full Time Equivalents (FTEs)

	2024 Budget	2025 Budget	2026 Preliminary Budget	Variance	2027
Full Time Equivalents (number of FTEs)	9,342.00	9,458.00	9,593.00	135.00	9,646.00
Salaries & Benefits (in millions of \$)	\$ 1,016.7	\$ 1,072.9	\$ 1,125.7	52.80	\$ 1,161.0
Vacancy Management included in Salaries & Benefits (in millions of \$)	\$ (19.6)	\$ (20.5)	\$ (20.9)	(0.40)	\$ (21.6)

How is the money spent in the Tax Supported Operating Budget?

2026 Tax Supported Operating Expenditures Budget - \$1,492.7 million

Winnipeg's financial outlook underscores the need for prudent fiscal management to balance affordability and rising costs.

Forecast to Preliminary Budget Reconciliation

The changes in 2026 and 2027 forecasted budgets from the multi-year budget update are summarized below and on the next page.

Tax Supported (in millions of \$)	2026 Teliminary Budget	Pr	2027 ojection
Revenue			
2026 and 2027 Budget	1,492.7		1,523.2
2026 and 2027 Projection from 2025 Budget	1,472.5		1,519.0
Revenue Variance	\$ 20.2	\$	4.2
Expenditures			
2026 and 2027 Budget	1,492.7		1,523.2
2026 and 2027 Projection from 2025 Budget	1,472.5		1,519.0
Expenditure Variance	\$ 20.2	\$	4.2
Decrease/(Increase) Mill Rate Support ¹	\$ -	\$	-

Notes:

1 Net changes in 2026 is due to a reclassification of the transfer from the financial stabilization reserve and 2027 results are due to a minor change to the millrate support.

Utilities and SOAs Revenue (in millions of \$)		2026 eliminary	Pr	2027 ojection
Revenue		Budget		
2026 and 2027 Budget		1,044.2		1,096.5
2026 and 2027 Projection from 2025 Budget		949.7		998.5
Revenue Variance	\$	94.5	\$	98.0
Expenditures	,			
2026 and 2027 Budget		955.7		999.5
2026 and 2027 Projection from 2025 Budget		938.2		990.0
Expenditure Variance	\$	17.5	\$	9.5
Increase in Utilities and SOAs ^{1,2}	\$	77.0	\$	88.5

Notes:

- 1 Net changes in 2026 and 2027 is mainly due to an increase in waste management, sewer services, and water sales revenue (see next for restated budget due to in-year Council approved new and above inflation fees).
- 2 Water and Waste amounts represent their committed funds for capital expenditures.

Year over Year Reconciliation for Water and Waste

Council approved above-inflation and new fees for sewer and solid waste services in March 2025. The 2025 adopted budget in this book does not reflect this change. To compare the 2025 Adopted and Revised Budget for Water and Waste department to the 2026 Preliminary Budget:

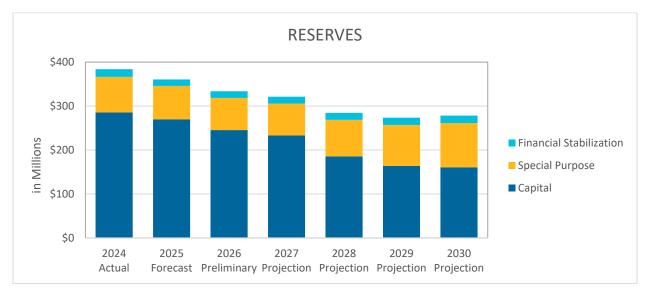

Water and Waste In millions of \$	2026 Preliminary Budget	2025 Restated Budget	Variance
Revenue	604.6	542.5	62.1
Expenditures	514.6	487.9	26.7
Net	\$ 90.0	\$ 54.6	\$ 35.4

Water and Waste In millions of \$	2026 Preliminary Budget	2025 Adopted Budget	Variance
Revenue	604.6	479.9	124.7
Expenditures	514.6	475.2	39.4
Net	\$ 90.0	\$ 4.7	\$ 85.3
Adjustment due to 2025 Restated Budget	\$ -	\$ 49.9	\$ (49.9)

Reserve Summary

Reserves include the Financial Stabilization Reserve (FSR), various Capital reserves such as the Canada Community-Building Fund, Local and Regional Street Renewal and Transit Bus replacement; and Special Purpose Reserves such as the City Cemetery Fund, Destination Marketing, and Land Operating reserves. For financial details by reserve see Appendix 3 and more detailed information of the reserves themselves see the Glossary of Terms in the Supplement to the 2026 budget.

The FSR's target balance is \$89.5 million for 2026 (6% of tax supported expenditures). Its projected balance in 2026 is estimated at \$15.2 million. Subject to Council approval, Public Service will report back on a long-term or replenishment plan for the FSR after the 2026 budget process.

Special Purpose Reserves are projected to remain fairly stable, with an average balance of approximately \$80 million. However, Capital Reserves are expected to decrease, from \$286 million in 2024 to \$233 million in 2027, primarily due to planned expenditures in the Environmental Projects Reserve, offset by growth in the water meter renewal reserve, within the Water and Waste department.

Investment Planning and Capital Budget Process Alignment

Council is required by Legislation to prepare a six-year balanced capital program. The figure below demonstrates how the City of Winnipeg used its various strategic documents to support the capital budget process.

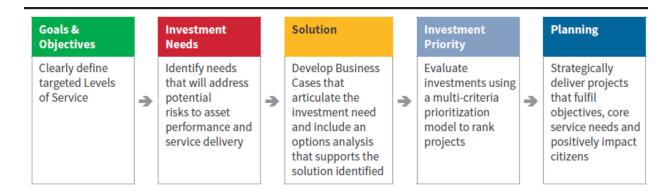

With the inclusion of the 2031 forecast, the six-year capital budget for Council approval is \$3.8 billion, allocated by year as follows (in thousands of \$):

2026	2027	2028	2029	2030	2031	6-Year Total
1,194,542	526,203	559,426	497,093	511,252	549,651	3,838,167

Investment Planning Framework & Evaluation

The Investment Planning Framework within the City's Asset Management Program follows a five-step process which provides all departments with a robust, transparent and defendable approach for identifying and rationalizing infrastructure investments. The Infrastructure Plan focuses on presenting capital investments and demonstrating alignment with strategic priorities to support capital budget development resulting in long-term infrastructure planning.

Ultimately, the decision on what investments to undertake rests with Council. The Public Service aims to provide Council with quality recommendations to assist in the decision-making process.

Capital investment decisions consider the collective benefit for residents, the risks associated with project deferral, and service affordability. Investments in the six-year capital plan are consistent with this Council's Strategic Priorities Action Plan: The Downtown; A Strong Economy; A Livable, Safe, Healthy, Happy City; A Green and Growing City with Sustainable Renewal of Infrastructure; and A City that Works for Improved Customer Service.

Council makes the final decision on which projects receive funding. To support that decision, the City's Assets & Project Management team leads a review of projects from every department to give Council a clear picture of the costs, benefits, and risks.

A method called MCP (Multi Criteria Prioritization) is used to score how each project supports City services and priorities, including:

- Meeting legal and regulatory requirements
- Economic impact (jobs and local business)
- Environmental sustainability
- Enabling growth
- Operational efficiency
- Maintaining service levels

Each project's expected benefits are compared to its cost to get a cost benefit ratio. Projects with more value for each dollar rank higher. This ranking helps build clear budget recommendations for each department. Council uses this information to choose which investments move forward to the project phase.

Capital Budget Development

The starting point for the capital budget development is the 2026 to 2030 capital forecast approved on January 29, 2025 – see amounts in the next section. The following guidance is then provided to departments:

Update year – Minimal changes except for housekeeping adjustments, council direction, or significant unforeseen costs

Maintain 2026-2030 funding levels for Capital, keep 2031 consistent with prior-year forecasts.

Use approved assumptions for economic and demographic factors as provided on the budget development website.

Explore cost-sharing opportunities with other levels of government

Align with the OurWinnipeg policy of 1.6 Results-Based Budgeting and Strategic Priorities Action Plan (SPAP)

Changes from Capital Forecast

After departmental capital budget and decision-making process, the table below shows the comparison to this year's budget.

Changes from the 2026 - 2030 Capital Forecast (\$000's)

	2026	2027	2028	2029	2030	5-Year Total

	Capital Budget ***	1,194.5	2,094.0	549.7	3,838.2

The six-year capital program may include temporary capital funded full time equivalents (FTEs). If applicable, the FTE information will be noted on the capital detail sheets - see the Supplement to the 2026 Budget.

Highlights: Other Capital Projects

In addition to what is in the six-year capital plan, the City of Winnipeg is committed to completing other major capital projects that have been started, such as North End Sewage Treatment Plant (NEWPCC) Upgrade Projects – Power Supply and Headworks Facilities, South End Sewage Treatment Plant (SEWPCC) Upgrading and Expansion, CentrePort South Regional Water and Wastewater Servicing – Phase 1A, and others.

Refer to Appendix B of the Supplement to the 2026 Budget for the full listing of approved and active major capital projects.

NEWPCC Upgrade: Nutrient Removal Facilities detail sheet in the Supplement to the 2026 Budget includes the funding breakdown of this project and other related projects.

Impacts on the Operating Budget

Implementation of the capital projects can impact future operating expenditures. For example, improvements to buildings may lower maintenance costs and new arenas or recreational amenities may increase ongoing maintenance. Operating costs are considered in deciding when projects are authorized. Incremental increases in operating costs, when identifiable, are reflected under operating costs in the Net Operating Impact table for each project (see capital detail sheets in Supplement to the 2026 Budget).

The following is a summary of these costs plus related transfer to capital and debt and finance charges for the six-year capital budget period. *Incremental operating costs starting in 2028 have not yet been reviewed by Council and are subject to change during future budget processes.

Donoutmont/Utility/Coociel	Incremental Operating Costs					
Department/Utility/Special Operating Agency	2026	2027	2028	2029	2030	2031
			(in \$000s)			
Tax Supported, Transit and Municipal Accommodations	8,209	16,357	47,457	49,818	53,229	60,589
Self-Supporting Utilities	355	1,120	5,161	11,623	26,570	40,887
Special Operating Agencies	145	899	1,788	2,332	3,379	4,425
TOTAL CITY	8,709	18,376	54,406	63,773	83,178	105,901

^{* 2031} forecast includes some of the new projects in this six-year capital plan.

^{** 2026} changes from the capital forecast is primarily due to NEWPCC Upgrade: Nutrient Removal Facilities.

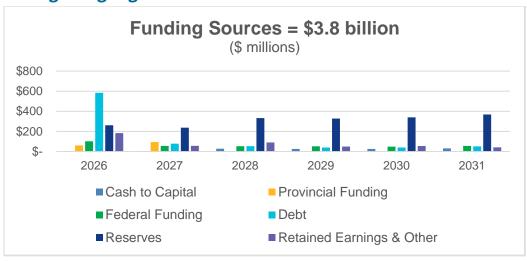

^{***} Refer to the Supplement to the 2026 Budget for details.

Examples of operating costs related to capital investments are:

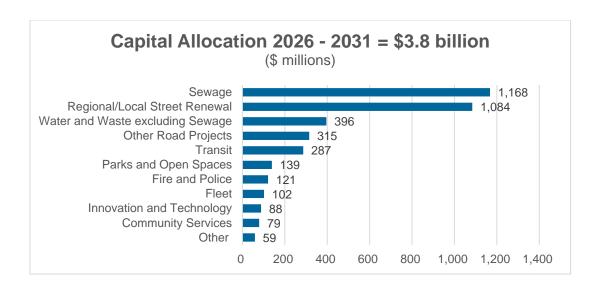

Projects**	Operating costs	Notes
Primary Transit Network and Radios and Intelligent Transportation Systems Replacement	On-going staffing resources to implement the program (2 Full Time Equivalent [FTEs] positions).	Started in previous years' operating budget
Transit Buses	The estimated net savings from the zero-emission program are included in the operating budget.	Positions (5 FTEs) to maintain the zero- emission fleet starting in 2028*
Building Emissions Reduction Program	Reduced energy consumption and/or lower operational costs - \$66,000 per year.	Savings are currently budgeted.
New Mike O'Shaughnessy Library	Staffing (annual 9.77 FTEs in 2027) and one-time library materials (in 2026)	Opening fall 2026
Emergency Vehicle Pre-emption	Cloud hosting and support for controllers and transponders	\$250,000 per year starting in 2027
Traffic Management Centre Equipment Program	Licensing, data contracts and camera installation.	\$33,000 per year starting in 2029*
Brady Road Resource Management Facility (BRRMF) – Cell Construction	Roadway maintenance, snow clearing and ditch maintenance	
BRRMF – Landfill Gas Capture Expansion	Additional operating and maintenance activities	Starting in 2028*
Green Cart Program: Organics Collection and Processing Service Development	Salaries and benefits (annual 8.8 FTEs in 2029), collection contracts and replacement carts/parts	Starting in 2028, staffing costs are included in the budget*

^{*} See note on previous page.

Capital Budget Highlights

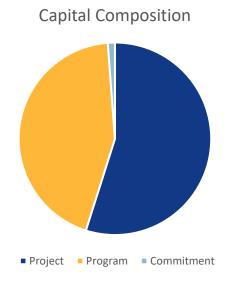

^{**} Includes previously approved and 2026 Capital Budget and Five-Year Forecast.

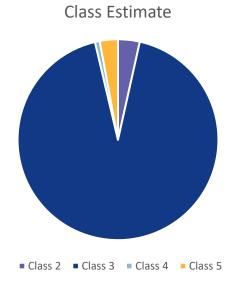

2026 Capital Projects

For 2026, 55% of the capital funding is for projects with NEWPCC Upgrade: Nutrient Removal making up most of that total. The remaining 44% are programs while other commitments account for 1% of the total capital.

Typically, projects in 2026 are expected to be at a class 3 or better (see Appendix C of the Supplement to the 2026 Budget for definitions). 96% of the total budget for projects in 2026 is at a class 3 or better. The remaining 4% of projects at a class 4 or higher include Louise Bridge Rehabilitation (\$8 million; total funded budget \$44.4 million), East of the Red Recreation Plex (\$5 million; total funded budget \$17.0 million), Bonavista Recreation and Leisure Centre - Phase 1 (\$2.5 million; total funded

budget \$5.2 million), Tyndall Park Community Centre - Gymnasium Expansion (\$2.5 million), St. Boniface Outdoor Aquatic Facility (\$0.3 million; total funded budget \$4.7 million), and Comminutor Chamber Rehabilitation (\$2.46 million).

Debt Strategy

Purpose

- To proactively set debt limits;
- To establish a prudent level of debt to support the City's capital infrastructure program;
- To maintain an appropriate credit rating;
- Continued long-term financial flexibility and sustainability.

Debt Strategy - Credit Rating

Moody's - Aa2 Stable

In October 2024, Moody's affirmed the City of Winnipeg credit rating at Aa2-stable and noted the following:

Credit Strengths

- Sector diversity and a consistent population bolster economic expansion;
- Sound governance and management and mature institutional framework;
- High levels of long-term liquidity and strong debt affordability.

Credit Challenges

- High social and weather-related costs pressure operating results;
- Increasing capital spending requires continued debt issuance.

S&P Global

In November 2024 S&P Global affirmed The City of Winnipeg credit rating at AA+ Stable and noted the following:

Credit Strengths

- A diverse economy with gradual population and employment growth will support the City of Winnipeg's creditworthiness;
- Prudent financial management practices will allow the city to manage its large capital plan and maintain budgetary performance;
- An extremely supportive and predictable institutional framework underpins the rating.

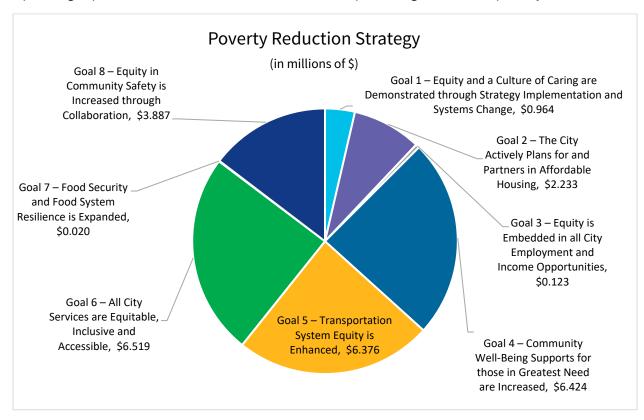

Credit Challenges

- The City's large capital plan will drive modest after capital deficits in the next few years;
- New debt issuance will increase the debt burden to about 83% of operating revenue in 2026.
- Liquidity will stay very strong.

Subject to Council approval, proposed changes to the City's Debt Strategy will be brought forward to address the borrowing requirements for the NEWPCC Nutrient Removal Facilities project.

Poverty Reduction Strategy

In response to the Council approved strategy, Departments have identified work and corresponding budget dollars that align with the strategy. 2026 Budget includes \$23.745 million or 1% of City Operating Expenditures and \$2.80 million or 0.2% for Capital Budget related to poverty reduction.

Ward Based Funding

The tables list some of the funding available to each ward. This is not an exhaustive listing.

In the 2026 budget process the capital portion of the communities fund was revised to be \$115,000 per ward every year, rather than changing each year to allow for better and more consistent planning which can be seen in the 'AFTER' table below, the overall amount for the 6-year capital program has not changed materially.

BEFORE (per 2025 Budget update)

2024 to 2027 Ward-based funding	20	024	2	025	20	026	2	027

Notes:

^{*} All of the ward funding in the St. Boniface ward has been dedicated to the St. Boniface Outdoor Aquatic Facility, other than \$169,000 in 2026 and \$51,000 in 2027, which is remaining unallocated.

^{**} Divided based on population. Amount per ward varies.

Budget Amendments

Operating Budget Amendment Process:

From time to time during the year, it may be necessary to amend the operating budget to accommodate new or existing programming. New programming must be approved by Council. The Standing Policy Committee on Finance and Economic Development is the body authorized to approve the addition of budgeted amounts to existing programming. The Public Service has some delegated authority for minor amendments.

Capital Budget Amendment Process:

From time to time during the year, it may be necessary to amend the capital budget. Any new capital project, whether funded by surpluses from other projects or by new funding, must be approved by Council. Any required additional borrowing authority must be approved by the Minister of Finance of the Province of Manitoba and enacted through a by-law of Council. The reallocation of funds provided in a capital budget in excess of the lesser of \$100,000 or 25% of the base budget requires the approval of the appropriate Standing Committee or the Winnipeg Police Board as applicable. For departments or services that do not report to a Standing Committee, the Standing Policy Committee on Finance and Economic Development may approve transfers of budgets between existing capital projects. If the transfer is smaller than \$100,000 or 25% of the budget being increased (whichever is the lesser), the transfer can be approved by the Chief Financial Officer.

Continuous Improvement

Advancing the Culture of Continuous Improvement

The City of Winnipeg continues to face service pressures similar to those experienced by other Canadian municipalities: inflationary costs, rapid population growth, shifting social trends, and evolving service expectations. In addition, many organizations across the country, including the City, are facing challenges filling job vacancies with qualified candidates. These combined factors are creating operational and financial challenges, such as increased overtime costs. As a result, the need for innovative and sustainable solutions continues to grow.

The City began developing a culture of continuous improvement in 2019. Since then, continuous improvement initiatives have been tracked and reported each year. Over time, this reporting has shifted to place greater emphasis on results, reflecting a more outcomes-focused approach. Over the past year, the CAO, the CFO, and the City's senior management team have worked together to further strengthen the Public Service's continuous improvement capabilities, and to prepare for future challenges. Actions taken over the past year include:

- Council transforming the former Budget Working Group into the Budget Savings Team.
- Linking departmental continuous improvement programs with the annual budget process.
- Establishing a centralized continuous improvement resource to support project development across departments.
- Expanding Lean Six Sigma knowledge within senior management, with plans to extend training more broadly throughout the Public Service.

Budget Savings Team

In 2025, Council restructured the Budget Working Group into the Budget Savings Team, directly linking continuous improvement reporting to the budget process. Throughout the year, the team evaluated improvement opportunities based on their impact on services and finances and made recommendations on funding where appropriate. This approach helped ensure that identified efficiencies were reflected in the 2025 approved and 2026 preliminary budgets. It also enabled the ability for improvement initiative benefits to be carried forward into future years.

Maturing Improvement Capabilities

Senior management, in collaboration with the CFO, continued to strengthen the Continuous Improvement Program by identifying key opportunities within their departments. A dedicated resource supported this work by helping departments design improvement projects and standardize processes across the organization. Early-adopting departments have already implemented their projects. Their results are reflected in the 2025 and 2026 budgets.

With the appointment of the new CAO, the Public Service will continue to build on this progress. In 2026, further development of continuous improvement at the City will focus on:

- Adopting Lean Six Sigma methodologies to streamline processes, improve service consistency, and reduce non-value-added activities.
- Establishing a senior management team—consisting of the CAO, CFO, Deputy CAOs, and the Director of Innovation & Technology—to identify, prioritize, and monitor continuous improvement projects.
- Identifying City employees with Lean Six Sigma training and engaging them in a Continuous Improvement Office reporting to the CFO to lead pilot projects and implement initiatives incrementally.
- Offering in-house workshops and training to broaden staff participation in Lean Six Sigma across all levels of the organization.
- Applying change management strategies to encourage engagement and minimize resistance to new initiatives.
- Ensuring adequate funding and resources are available to support initiatives where prudent.

Budget Efficiencies

The following projects contributed to efficiencies in the 2025 and 2026 budgets and will continue to produce savings in future years. These projects demonstrate how improvement initiatives can have a lasting impact on the City's finances. Refer to the table below for the financial implications.

- Fleet Vehicle Utilization Review Analyzed vehicle usage across departments, resulting in the creation of an internal rental pool and the sale of more than 60 vehicles.
- Invoice Processing Automation Implement an Al-driven document system that extracts, classifies, and inputs key invoice data automatically, reducing the need for manual data entry.
- PeopleSoft Upgrade Negotiated a new Enterprise Resource Planning licensing and maintenance contract that provides better functionality and software maintenance at a lower cost.

- Pet Licensing Campaign Launching a campaign to increase compliance with the Responsible Pet Ownership By-law.
- Parking Paystation Modernization Replaced over 250 physical cash-and-card parking paystations with mobile parking apps and expanded locations for purchasing physical parking passes.

	2025	2026	2027

Unidentified City Efficiencies / Expenditure Management including Vacancy Management (A less B)	-	43.2	44.3

^{*(}as at June 30, 2025 and includes other efficiencies identified in the second quarter forecast)

Additional Projects

The Public Service also initiated several other projects that support the City's financial sustainability in ways that may not directly reduce the operating budget. Some mitigate unbudgeted cost overruns, others generate temporary savings that can help offset unexpected expenses, and some improve billing accuracy for City services. Examples include:

- **Health and Wellness Program** A multi-faceted initiative, working in collaboration with the Workers' Compensation Board and the Manitoba Treasury Board, to lower injury rates, reduce lost workdays, and decrease WCB-related costs.
- **Return-to-Work Assessments** Joint efforts with Safe Work Manitoba and the Workers' Compensation Board to enhance safety and Return-to-Work processes in Winnipeg Transit and the Winnipeg Fire Paramedic Service.
- **Review of Work Schedules** Partnered with the union and staff to implement an adjusted work schedule for certain streets maintenance staff, reducing unbudgeted overtime except during severe weather events.
- Advanced Metering Systems Project Initiate the installation of automated metering
 infrastructure in residential and commercial properties to provide accurate water usage data
 and eliminate manual readings.
- **Poly-carbonate Bus Shelter Panels** Pilot the use of more durable polycarbonate panels in place of traditional glass to reduce maintenance and replacement costs.

Long-Term Projections

As part of the budget process, the City develops long-range projections for consolidated revenues and expenses. The graph below shows the 2021 to 2024 actual, 2025 to 2026 budget and 2027 to 2035 long-term budget projections of the City's financial resources and projected expenditures.

Current long-term budget projections indicate a balance between revenue and expenditures on a consolidated basis. However, any change in budget growth rate assumptions may alter revenue, expenditure, and deficit projections.

These projections assume 3.5% property tax increases through to 2035, approved water, sewer and solid waste rate reports and typical department revenue and expenditure growth rates consistent with the 2026-2027 budget and rates in the <u>City of Winnipeg Economic and Demographic Variables</u>. The provided projection does not include unfunded capital projects.

Consolidated Revenue & Expenses (\$ billions)

The 2027 to 2035 forecast is prepared using conservative assumptions. Some key assumptions include:

- Funding ongoing operating expenditures with ongoing revenue sources.
- Using one-time revenues for one-time expenditures (e.g. capital).
- Maintaining adequate reserve balance, with the exception of the financial stabilization reserve.
- Using a conservative approach to revenue estimation (e.g. inflation, approved tax increases).
- Continuation of service levels and capital plans based on current budgets. Future projections may change based on priorities, funding sources, and needs.

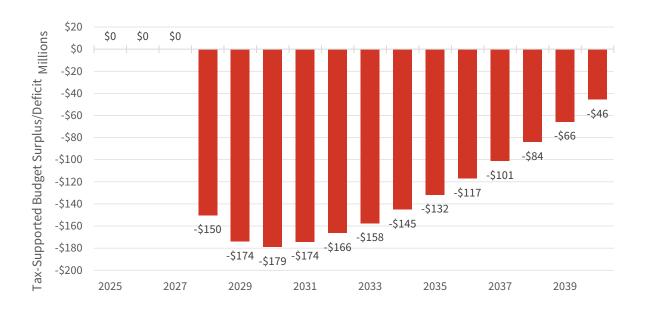

While this long-term financial projection uses current estimates and data available, there are inherent risks to long-term projections. Some of the risks are:

- Decline in sales and citizen intake of programs
- Economic recession event
- Unforeseen regulatory or capital needs
- Impact of the tariffs
- Higher than projected compensation and benefit increases
- Others

2021 to 2026 amounts are from the 2021-2024 annual consolidated financial statements, 2025 adopted budget, and 2026 preliminary budget.

The projection does not include a revenue and expenditure estimate for the NEWPCC Upgrade: Nutrient Removal Facilities project and the additional funding from other levels of government for the NEWPCC Upgrade: Biosolids project as these agreements have not been finalized.

Tax-Supported Budget: Projected Surplus / Deficit (2024 to 2040)

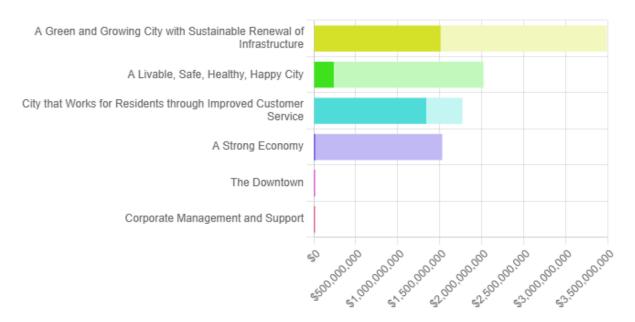

The City's next multi-year budget cycle includes significant tax supported shortfalls starting at around \$150 million in 2028 to \$174 million in 2031. The next Council to be elected in 2026 will tackle this challenge.

2024 Infrastructure Plan

The City of Winnipeg's Infrastructure Plan captures the City's 10-year capital investment priorities and makes connections to primary and secondary planning documents such as OurWinnipeg 2045, Complete Communities 2.0, Poverty Reduction Strategy and the Climate Change Action Plan. The Infrastructure Plan also makes connections to the themes recognized in the Strategic Priorities Action Plan (SPAP).

6-year capital cost

Note: darker shade denotes funded amounts. Data was downloaded on October 26, 2025

The Plan is intended to be a blueprint for how the City is able to maintain sustainable and affordable service delivery for residents, by incorporating the information from the Plan into the City's investment planning cycle and multi-year budget process. The Infrastructure Plan provides a service-based view of prioritized needs that incorporates projects and programs inclusive of tax, utility supported services and special operating agencies valued at over \$5 million dollars.

Interactive Tool: https://www.winnipeg.ca/infrastructureplan

Mobile Apps

There are nine different mobile apps that can be found on the City of Winnipeg's website (https://winnipeg.ca/311/default.asp#mobile-apps) that are used for things such as checking the snow clearing routes, to pay for parking or even booking a tee time.

PayByPhone

Pay for your on-street parking

Know Your Zone

Get notifications about seasonal parking bans and when your residential street will be cleared of snow

Winnipeg Transit

Plan your trip, find stops, and schedules

Recyclepedia

Learn how to recycle, compost, or dispose of your unwanted items

Waze

Share and receive traffic information such as road closures, construction, and traffic impacts

Winnipeg Golf Courses

Enhance your game with an interactive scorecard, track score stats, book tee times, and find out about the latest deals

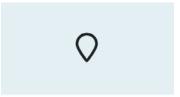

Winnipeg Public Library

Access your library account, search the collection, and renew and place holds on items

Winnipeg WAV

Book a Wheelchair Accessible Vehicle (WAV)

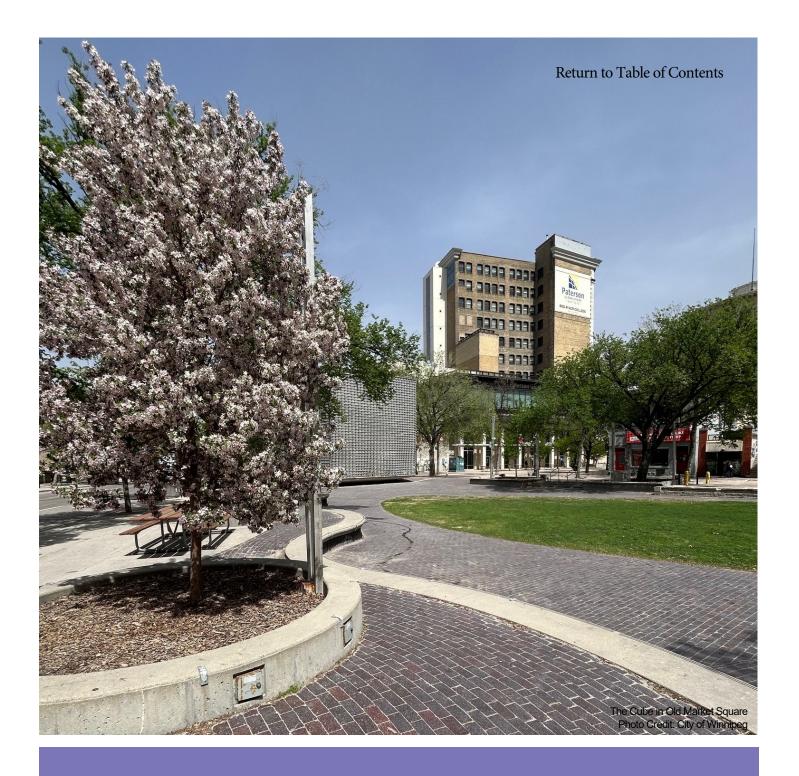

Winnipeg Transit On-Request

Book On-Request trips

Schedule of meetings

Date	Committee
Friday, November 14, 2025	Special Executive Policy Committee Meeting to Table 2026 Balanced Budget Update
Monday, December 1, 2025	Standing Policy Committee on Water, Waste and Environment (Regular Meeting)
Thursday, December 4, 2025	Standing Policy Committee on Property and Development including SOA business plan (Regular Meeting)
Friday, December 5, 2025	Standing Policy Committee on Community Services (Special Meeting)
Friday, December 5, 2025	Winnipeg Police Board (Regular Meeting)
Monday, December 8, 2025	Standing Policy Committee on Public Works (Special Meeting)
Tuesday, December 9, 2025	Executive Policy Committee – budget review (Regular Meeting)
Wednesday, December 10, 2025	Standing Policy Committee on Finance and Economic Development (Regular Meeting)
Friday, December 12, 2025	Executive Policy Committee to hear delegations on Budget (Special Meeting)
Monday, December 15, 2025	Executive Policy Committee for final Budget Recommendations (Special Meeting)
Wednesday, December 17, 2025	Special Meeting of Council to consider Budget

- [D] RSSAP = Winnipeg Road Safety Strategic Action Plan, published 2022.
- [E] Data collected on a three-year cycle.
- [F] New measure in 2024.
- [G] Costs can vary based on fluctuating market conditions; targets have been restated to represent 3% increase annually for inflation.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with the Ease of Getting Around Winnipeg by Bicycle

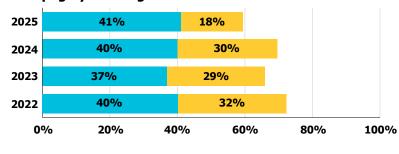

Although the City has maintained relatively consistent satisfaction levels with ease of getting around Winnipeg by bicycle since 2021, satisfaction declined in 2025, even with record funding for active transportation infrastructure. This highlights the need to better align investments with Winnipeggers' expectations and outcomes.

somewhat satisfied	d very satisfied

	2021	2022	2023	2024	2025
Total Satisfied	65%	63%	58%	62%	51%

Source: City of Winnipeg Annual Citizen Survey

Citizen Satisfaction with the Ease of Getting Around Winnipeg by Walking

■ somewhat satisfied ■ very satisfied

	2021	2022	2023	2024	2025
Total Satisfied	77%	72%	66%	70%	59%

Source: City of Winnipeg Annual Citizen Survey

The trend suggests that fewer Winnipeggers are satisfied with how easy it is to get around the city by walking. Satisfaction dropped from 77% in 2021 to 59% in 2025, with only a brief improvement in 2024. With the recent adoption of the Pedestrian and Cycling Strategies update as part of Transportation Master Plan 2050, further strategies have been developed to help our City better address the challenges pedestrians are currently facing.

Effectiveness Measurements

Citizen Satisfaction with the Condition of Major Streets (such as Portage Ave. or Pembina Hwy.)

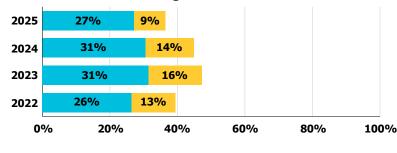

Although the City has made record investments in road renewals, public satisfaction with major street conditions has stayed low in recent years, dropping from 61% in 2021 to 43% in 2025. This could mean that Winnipeggers have not yet seen the results of improvements or that there is desire to have expectations met in a more timely manner.

somewhat satisfied very satisfied

	2021	2022	2023	2024	2025

Citizen Satisfaction with the Condition of Residential Streets in Neighbourhood

■ somewhat satisfied ■ very satisfied

	2021	2022	2023	2024	2025
Total Satisfied	50%	39%	47%	45%	36%

Source: City of Winnipeg Annual Citizen Survey

Even with sustained dedicated tax increases for road renewal, citizens' satisfaction with the condition of major streets has generally declined from 50% in 2021 to 36% in 2025. While there was some improvement in 2023, the downward trend suggests residents may not yet be seeing the full impact of these investments in their day-to-day experience.

- [D] Refer to benchmarking / comparison data below.

Effectiveness Measurements

Citizen Satisfaction with the Management of Rush Hour Traffic Flow

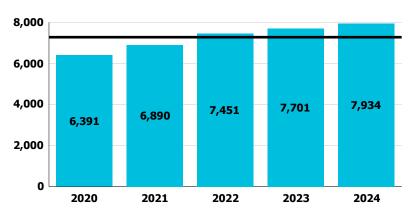

Satisfaction with how rush hour traffic is managed in Winnipeg has steadily declined from 63% in 2021 to 38% in 2025. While the initial drop in 2022 may have been influenced by COVID-related changes in traffic patterns, ongoing construction activity, particularly on major bridges, may be a key factor in continued dissatisfaction.

Source: City of Winnipeg Annual Citizen Survey

Annual vehicle kilometers travelled (VKT) per capita

Source: City of Winnipeg, Public Works Department, Transportation Division

Annual vehicle kilometres travelled (VKT) represents the total number of kilometres travelled by vehicles on all City streets over an entire year. Annual change in VKT per capita is impacted by a number of factors such as changes in street network, state of the economy, willingness to make trips, availability of other transportation modes, etc. Since 2020 the data indicates a general upward trend.

Description

Winnipeg Transit operates a public transportation system that provides a network of service routes throughout the City which includes conventional, express, rapid and suburban on-request routes designed to meet various levels of demand city-wide with a fleet of low-floor accessible, GPS-equipped buses.

Additionally, a parallel transit service is provided to individuals who are able to use the conventional transit some or none of the time due to a disability in accordance with eligibility criteria.

In June 2025, Winnipeg Transit launched the new Primary Transit Network and associated Feeder Routes, which aligns with the vision in the Winnipeg Transit Master Plan.

Key services include conventional transit, paratransit (Transit Plus), and chartered bus & special events.

- [B] Transit ridership continues to recover from the COVID-19 pandemic. 2024 saw larger gains than were expected.
- [C] Refer to benchmarking / comparison data on the following page.

Overall SAFE Work Certification/Audit score

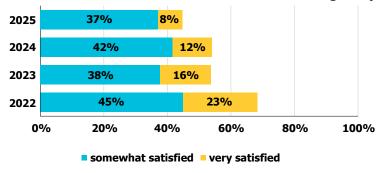

Annual lost time injury rates [F]

- [D] When comparing the 2024 target to the 2024 actual, higher ridership levels combined with lower operating costs realized mostly from favourable diesel fuel pricing resulted in a lower operating cost per passenger.
- [E] Transit Plus ridership levels did not increase to the forecasted level in 2024.
- [F] The nature of work and work environment in Winnipeg Transit can involve increased risk of exposure to violence, traumatic events and stress not experienced in other workplaces. Psychosocial factors such as societal changes, drug crisis, violent crime and reduced stigma around mental health issues can contribute to Workers Compensation Board claim experience.

Source: City of Winnipeg Annual Citizen Survey

In 2025, 45% of citizens were very satisfied or somewhat satisfied with Winnipeg Transit.

Citizen satisfaction has decreased since 2022 due to an outdated and unreliable transit system. What Winnipeggers have constantly communicated was the need for a more frequent, efficient, reliable, and accessible transit service. Winnipeg Transit launched the Primary Transit Network and its feeder routes on June 29, 2025 to address these concerns.

Efficiency Measurements

Conventional Transit Operating Cost per Passenger (2024)

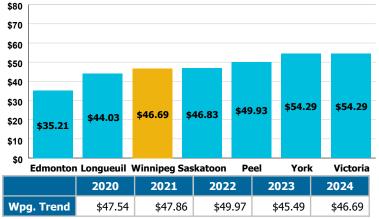

Source: Canadian Urban Transit Association

Winnipeg consistently operates one of the most cost efficient transit systems in Canada.

Consistent with other municipalities, Winnipeg's Transit operating cost per passenger increased beginning in 2020 as a result of significantly lower ridership on public transit due to the COVID-19 pandemic. As ridership levels have continued to recover the operating cost per passenger has declined.

Transit Plus Operating Cost per Passenger (2024)

Source: Canadian Urban Transit Association

Consistent with other municipalities, Winnipeg's Transit Plus operating cost per passenger began to increase in 2020 as a result of significantly lower ridership on public transit due to the COVID-19 pandemic. As ridership levels began to plateau and overall operating costs increased, the operating cost per passenger rose.

There were 323,029 Transit Plus passengers carried in 2024 compared to 322,497 in 2023.

Performance Measurement

Effectiveness Measurement

Citizen satisfaction with City's efforts in keeping the City clean and beautiful

somewhat satisfied very satisfied

	2021	2022	2023	2024	2025
Total Satisfied	65%	55%	59%	59%	56%

Source: City of Winnipeg Annual Citizen Survey

Citizens were more satisfied with the City's cleanliness and beautification efforts in 2021 (65%), but satisfaction dropped in 2022 and has since remained steady in the mid- to high-50s. Continued work is needed to improve how residents experience and perceive services like street sweeping, litter cleanup, floral displays, and graffiti control. Current initiatives include exploring opportunities for more effective internal collaboration in spring clean-up activities, and developing data-driven applications for improving the efficiency of litter bin collection.

Description

Winnipeg Fleet Management Agency (WFMA) provides economical, state-of-the-art, safe and eco-friendly fleet vehicle, equipment and other asset management services to The City of Winnipeg and other public sector organizations, in support of their service delivery.

WFMA delivers the following comprehensive fleet management services to City of Winnipeg departments: Specification, inspection and procurement; insurance, licensing and registration; manufacturing and fabrication; vehicle and equipment leases, seasonal and short-term rentals; surplus fleet asset disposal; fuel; and repairs and maintenance.

Performance Measurements

Effectiveness Measurements

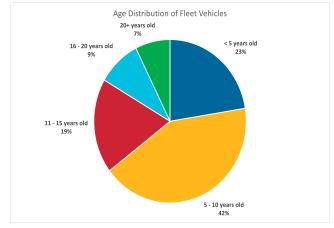

City Departments' Satisfaction with Fleet Management Services (2024)

Winnipeg Fleet Management Agency conducted a customer survey and approximately 49% of the customers were satisfied with Fleet Management services. Satisfaction has been impacted due to deferred replacement of vehicles and equipment resulting in increased repairs, maintenance, and downtime for the aging fleet.

	2020	2021	2022	2023	2024
Wpg. Trend	60%	75%	58%	64%	49%

Age Distribution of Fleet Vehicles

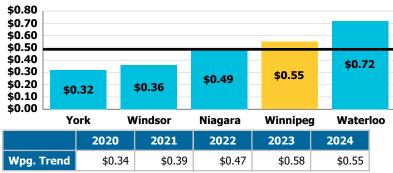

The pie chart shows the age distribution of all active vehicles and equipment in the City's fleet in 2024.

The percent of vehicles over 10 years old and the overall average age of the fleet has been increasing since 2020.

Source: City of Winnipeg

Efficiency Measurement

Direct Cost per Light Vehicle Kilometer (Municipal Equipment) (2024)

Source: Municipal Benchmarking Network Canada (FLET327) Extracted from MBNCanada data portal on Sep 5, 2025.

Winnipeg's direct cost per kilometre for Light Fleet is higher than other Municipalities in part due to an aging fleet.

Direct costs exclude Transit, Winnipeg Police Service and Winnipeg Fire Paramedic Service.

Direct cost accounts for work order costs (labour, parts, external repairs), and fuel costs. Costs exclude depreciation, license, insurance, and other indirect costs such as training.

Parking and MBEA Administration Services

Description

The Winnipeg Parking Authority (WPA) provides management of City-owned on-street and off-street parking. It provides leadership to local parking service providers and provides input from a parking services perspective in support of public policy objectives. WPA also manages the screening and adjudication process for all municipal bylaw offences enforced under The Municipal By-law Enforcement Act (MBEA).

Megalitres of Treated Water per 100,000 Population (2024)

Water use per household is influenced by water conservation measures which include changes to the plumbing code (low flow toilets, shower heads etc.), low water use appliances and increased environmental awareness.

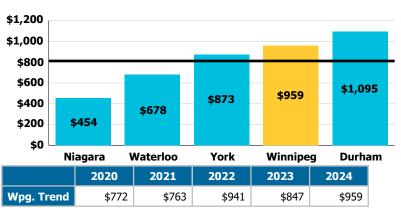

Winnipeg's megalitres of treated water per 100,000 population is lower than the average (9,901).

Solid Waste Collection

Description

The Solid Waste Collection services include weekly collection of garbage from single-family and multi-family homes. Other miscellaneous services are offered on a fee for service basis and include collection of surplus waste, large items, and appliances as well as garbage collection from small commercial entities and the collection of dead animals from public right-of-ways.

Garbage collection services are provided by contractors and the City manages multiple contracts for this service.

Total Satisfied	90%	84%	87%	84%	88%

Source: City of Winnipeg Annual Citizen Survey

Citizen satisfaction with garbage collection services provided remains high.

Before 2025, satisfaction with garbage collection and satisfaction with recycling collection were separate questions. In 2025 satisfaction with garbage and recycling collection was combined into one question.

Service Deficiencies per 10,000 Collections

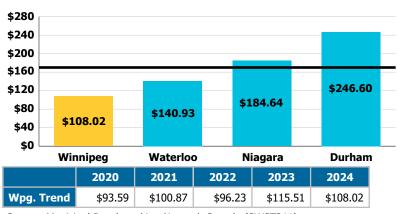

Garbage collection service deficiencies include missed collections and are above the divisional target of 0.5 service deficiencies per 10,000 collections. 2022 is higher due to spring weather conditions that made it difficult to collect. 2023 and 2024 are higher than the average (1.3) due to an increase in aging carts.

Efficiency Measurement

Operating Cost for Garbage Collection per Tonne - All Property Classes (2024)

Winnipeg has the lowest residential garbage collection costs per tonne of the cities being compared. Winnipeg's cost is lower than the average (\$170.05).

Total costs are for garbage collection from all single and multi-family dwellings and small commercial properties. Total costs do not include cost of disposal.

Description

Solid Waste Disposal services include the operation and maintenance of the City's active and closed landfills.

The Brady Road Resource Management Facility is the site of the only active landfill the City of Winnipeg operates and it receives all of the City's residential garbage and some commercial waste as well. A landfill gas system collects and flares landfill gas, which diverts equivalent tonnes of carbon dioxide every year. Additionally this area is responsible for the maintenance and environmental monitoring of the thirty-three closed landfill sites within the City.

Serv	ice Goal / Measure Description	2023 Actual	2024 Actual	2024 Target	2025 Target	2026 Target		
	Goal 1: Ensure efficiency of waste disposal by maintaining an operating cost per tonne of less than the Municipal Benchmarking Network Canada average							
	Operating cost for solid waste disposal per tonne [A]	\$47.44	\$43.43	\$47.50	\$48.50	\$48.50		
	Goal 2: Maintain regulatory compliance with Environmental Act licence							
	Number of reportable offences [B]	1	1	0	0	0		
	Number of tonnes disposed [C]	298,285	316,538	321,550	322,590	338,780		
	Tonnes of Residential Solid Waste Disposed per Household [A]	0.61	0.62	0.63	0.63	0.63		
	Goal 3: Reduce greenhouse gas emissic converting a minimum of 80,000 carbon			onmental su	ıstainability	by		
	Tonnes of landfill gas (CO2e) captured and flared	97,515	84,304	80,000	80,000	80,000		
	Goal 4: Reduce greenhouse gas emissions and improve environmental sustainability by pumping a minimum of 40,000 kilolitres of leachate							
	Kilolitres of leachate hauled and treated [D]	39,629	38,203	70,000	68,000	68,000		

- [A] Refer to benchmarking / comparison data on the following page.
- [B] In 2024, there was a fire in the landfill. Zero reportable offences ensures that the Brady Road Resource Management Facility will continue to operate without risk to human health or the environment.
- [C] 2023 actuals are lower due to disruptions of service at the Brady Road Resource Management Facility.
- [D] 2025 and 2026 targets are projected to decline based on improvements to landfill cover resulting in lower volumes collected and the stabilization of the new leachate collection system. In prior years, lower precipitation and system downtime resulted in less leachate collected.

Effectiveness Measurement

Tonnes of Residential Solid Waste Disposed per Household (2024)

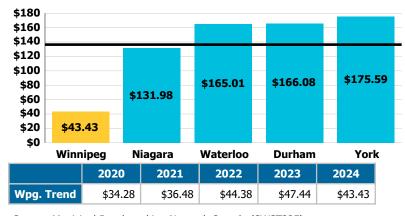

Winnipeg has the second highest tonnes of residential solid waste disposed per household among the other cities profiled. Winnipeg's tonnes of residential solid waste disposed per household is higher than the average (0.50).

Description

Recycling services provided to residents include the weekly collection for single-family and some multi-family homes and sorting of the recyclables at the material recovery facility. Bales of commodities collected are sold and shipped at market prices. Public recycling community drop-off depots are also located throughout the City.

Waste diversion services include bi-weekly seasonal yard waste collection and the operation of a nine-hectare composting pad located at the Brady Road Resource Management Facility. Additionally, there are three 4R Winnipeg Depot locations which provide residents a one-stop location for recycling materials, divertible materials and the safe disposal of hazardous waste including paints, oil and electronics.

Waste minimization services include an education program that supports backyard composting, grasscycling, giveaway weekends and other waste diversion initiatives. Compost Winnipeg is managing an interim residential food waste collection drop off program at 16 sites throughout Winnipeg until a full scale collection program is in place.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Recycling

Citizen satisfaction with recycling services increased. 2025 citizen satisfaction is higher than the targeted rate of 85%.

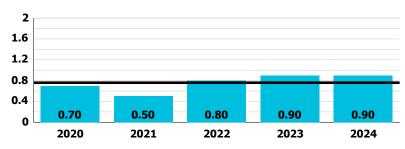

Before 2025, satisfaction with garbage collection and satisfaction with recycling collection were separate questions. In 2025 satisfaction with garbage and recycling collection was combined into one question.

	2021	2022	2023	2024	2025
Total Satisfied	84%	63%	82%	80%	88%

Source: City of Winnipeg Annual Citizen Survey

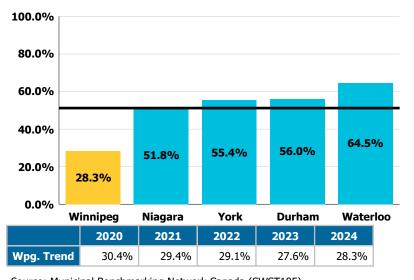

Recycling Service Deficiencies per 10,000 Collections

Recycling collection service deficiencies include missed collections, with a divisional target of 0.5 service deficiencies per 10,000 collection. 2022 exceeded the target due to spring weather conditions that made it difficult to collect. 2023 and 2024 exceeded the target and the average over the past 5 years (.76), due to an increase in aging carts.

Source: Solid Waste Services Jun 12, 2025.

Percentage of Residential Solid Waste Diverted From Landfills (2024)

Winnipeg has the lowest percentage of solid waste diverted from landfills among the cities being compared. Solid waste diverted includes residential recycling material and yard waste. Winnipeg's percentage of residential solid waste diverted from landfills is less than the average (51.2%).

City Planning

Description

Develop and maintain planning tools such as the OurWinnipeg development plan and Complete Communities Direction Strategy, which guide and leverage sustainable growth and change to achieve City goals. In doing so, city planning enables participatory planning processes with diverse stakeholders to identify and respond to community needs to improve quality of life.

Key services include the development, maintenance and implementation of planning tools such as regulations, policies, and guidelines, the review of development applications, monitoring development activity and estimating land supplies, and integrating land use and community building considerations into city-wide planning initiatives, such as climate change and transportation planning.

Legal Survey Monuments Restored	229	388	265	260	295

- [A] Updated in 2025 to report Operating Costs instead of Total Costs, for consistency with Municipal Benchmarking Network Canada reporting.
- [B] This measure was updated in 2025 to report on the number of development applications received by the Urban Planning & Design Division. (This measure previously indicated the number of development application reports.)
- [C] Other Planning reports include long-range planning, downtown and neighbourhoods, riverbank, parks planning, and appeal reports.
- [D] Intensification Target area is defined in the General Growth section of Complete Communities 2.0.
- [E] Targets are based on achieving the average of the last five years, and are not based on substantiated market analysis, professional forecasts, or Council-adopted targets.
- [F] Vacant planned greenfield land is land where a secondary plan enabling development has been approved by Council or where none is required. This figure includes vacant serviced greenfield land. Figures are the best available at the time of publication.
- [G] Vacant serviced greenfield land is land where Council has approved funding for all growth-enabling infrastructure (i.e. infrastructure that is a prerequisite to development). Figures are the best available at the time of publication.
- [H] The Department does not currently have data to inform on the targets.
- [I] Vacant shovel-ready industrial land supply includes industrial-zoned land estimated to be serviced with local water and wastewater servicing and without an apparent constraint to development, such as a constraint related to lot configuration, access, planning policy conflict, or a lot area smaller than one acre.
- [J] Vacant commercial land supply includes commercial-zoned land, land whose commercial rezoning has been approved by Council but has not been finalized, and the land associated with the continued build-out of existing commercial centres.
- [K] This includes statistics for all development applications processed by the Land Development Branch plus right-of-way openings and closings by Geomatics.
- [L] This includes Zoning Agreements, Servicing Agreements, and Development Agreements and Amendments.
- [M] Refer to benchmarking / comparison date on the following page.

Neighbourhood Revitalization

Description

Provide neighbourhood residents, non-profit housing providers, and developers of affordable housing with tools and support to build resilient, healthy communities and to promote and deliver community-based projects and programs that support sustainable neighbourhoods and healthy communities. Service activities include the administration of Council's neighbourhood and housing programs including but not limited to: Housing Renewal and Affordable Housing Initiatives; the provision of land to non-profit housing providers; Neighbourhood Revitalization through the Housing Rehabilitation Investment Reserve (HRIR); and the Rapid Housing Initiative.

	2020	2021	2022	2023	2024
Wpg. Trend	500	757	516	601	539

Source: Municipal Benchmarking Network Canada (BLDG221) Extracted from MBNCanada data portal on Oct 23, 2025.

This is an economic indicator that highlights development trends in a municipality in response to local needs. Typically, there is a correlation between the number of new residential dwelling units, population growth and the overall economic growth of a municipality. In addition, this indicator is highly influenced by housing type, with high-density, multi-residential projects (e.g., apartments, condominiums) yielding a higher number of units compared to low-density development (i.e. single households). Municipalities listed for comparison purposes are based on available MBNCanada data.

Efficiency Measurement

Operating Cost for Building Permits and Inspection Services per \$1,000 of Construction Value (2024)

This measure represents the operating costs associated with the provision of building permits and inspection services. The fluctuation in year over year results is impacted by the value of residential and ICI (Industrial, Commercial and Institutional) construction activity. Municipalities listed for comparison purposes are based on available MBNCanada data.

Total Commemorated Resources [E]	359	361	362	362	362
Citizen Satisfaction with City's Efforts in Preserving	76%	74%	78%	80%	80%

Heritage Buildings [F]

Goal 5: Provide leadership in heritage conservation through the designation of City-owned resources and by improving the suitability of Heritage Buildings for occupancy by City Departments and other civic uses

Listed and nominated buildings owned by the City:

- Number of Buildings	33	37	37	38	39
- Assessed Value (in Millions)	\$45.5	\$47.3	\$56.0	\$56.0	\$56.0

- [A] Listed Historic Resource: a building, structure or land that is architecturally and historically significant and is protected from alterations and demolition under the Historical Resources By-law.
- [B] Heritage Conservation District: a neighbourhood that has been designated as such under the Heritage Conservation Districts (HCD) By-law and whose properties are protected from alteration and demolition in accordance with an HCD Plan.
- [C] Reflects the total number of buildings actively receiving the Heritage Conservation Tax Credit, Heritage Conservation Grant Program, or the Heritage and Economic Development Incentive Program (HEDI) heritage stream.
- [D] Refer to "City funding for Heritage Programs" for values.
- [E] Commemorated Resource: a building, structure or land that is recognized for its architectural or historical significance but is not protected from alterations and demolition. Information about a Resource is available on the City's website.

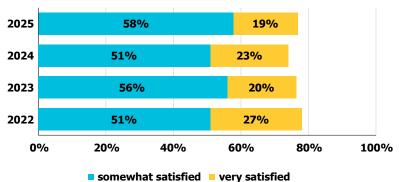

[F] Refer to comparison or historical data on the following page.

Heritage Conservation

City Funding for Heritage Programs [D]

Funding Type	2022	2023	2024
Gail Parvin Hammerquist Fund Program:			
Capital Projects Grant [A]	\$83,325	\$128,200	\$150,000
Research and Interpretive Grant [A]	\$81,746	\$51,800	\$50,000
CentreVenture Allocation	\$205,600	\$358,739	\$499,845
Heritage Conservation Tax Credit	\$593,704	\$547,717	\$269,972
Heritage Conservation Grant Program [B]	\$156,747	\$202,562	\$239,343
Heritage and Economic Development Incentive (HEDI) Program [C]	\$0	\$0	\$0

- [A] Approved projects.
- [B] The Heritage Conservation Program By-law came into effect in 2018.
- [C] The HEDI Program came into effect in 2022. One grant was awarded in 2023 and three in 2024, but will not be paid out until the projects are complete (\sim 24 months).
- [D] Refer to measures reported in previous page under Goal 3.

Since 1996, the City of Winnipeg has undertaken a number of incentive programs to support heritage building conservation, research and public education.

An investment in heritage can provide economic stimulus and support community development. Heritage is good for the City's economic environment and good for business. Investment in heritage conservation pays off in enhanced tax assessments, improved urban environments and opportunities for business.

Property Asset Management

Description

The Property Asset Management Service facilitates the acquisition, development, operation, maintenance, security and disposition of City-owned land and buildings. The service is comprised of:

- Real Estate: administers the sale and leasing of City-owned property; negotiates property acquisition or real estate appraisals on behalf of civic departments. See Goals 1 and 2.
- Municipal Accommodations: plans, develops, operates, maintains, protects and preserves the City's physical building and related asset infrastructure to provide for current and future civic program accommodation needs; provides analysis/assessment, design, procurement, and project management for new and existing civic buildings/assets. See Goals 3, 4 and 5.

Property Asset Management

- [A] Facility Condition Index (FCI) is a recognized industry standard and is typically derived by dividing the current backlog of work by the current replacement value of the asset. An FCI score of 0 indicates that a facility's assets are in excellent condition with little to no maintenance needs; a score of 1 suggests they're in very poor condition and may require immediate attention.
- [B] New measure added in 2024 and revised in 2025.
- [C] Targets are unable to be provided as this measure represents industry performance.
- [D] Refer to comparison / historical data below.
- [E] Retro- and Re-commissioning (RCx) are systematic processes performed in existing facilities to optimize or 'tune up' the performance of prevailing equipment of the building rather than investing in replacement of major systems. RCx significantly improves the performance of facilities delivering up to 15% in energy savings, and as much as \$0.18/sq. ft. in non-energy related savings. With the implementation of SkySpark, the City has initiated a comprehensive Measurement & Verification (M&V) process to track energy savings. This will allow for precise calculations and comparisons of achieved savings. The Department is currently in the process of scaling up to full implementation, which will result in revised and more precise reported metrics.

Performance Measurements

Effectiveness Measurements

Vacancy Comparison Between Municipal Accommodation and Winnipeg Overall Vacancy for Space

Vacancy Rate (%)	2020	2021	2022	2023	2024
Municipal Accommodation Vacancy Rate	31.9%	2.8%	3.0%	3.5%	3.4%
Winnipeg Overall Vacancy Rate	8.5%	8.0%	7.2%	8.2%	8.6%
Percent Difference	-54.0%	-5.2%	-4.2%	-4.6%	-5.2%

The municipal accommodation vacancy rate continues to be below the Winnipeg overall vacancy rate.

Source: Colliers International: Winnipeg Office & Industrial Market Reports - Fourth Quarter 2024

2020 data restated for the inclusion of non-office facilities commensurate with revised data measurement in 2021.

Cost Comparison of City Buildings Owned and Leased

	2020	2021	2022	2023	2024
Total City Leased Space Cost per sq. ft.	\$13.88	\$14.78	\$15.53	\$16.81	\$16.93
Total Owned Space Cost per sq. ft.	\$12.90	\$13.16	\$14.03	\$15.05	\$14.77
\$/sq. ft. difference	-\$0.98	-\$1.62	-\$1.49	-\$1.76	-\$2.17
Percent Difference	-7.6%	-12.3%	-10.6%	-11.7%	-14.7%

Cost comparisons are based on generally accepted cost allocation methods consistent with industry practice.

Description

The City of Winnipeg is responsible for the operation and maintenance of Brookside, St. Vital and Transcona cemeteries. Starting with the first interment at Brookside Cemetery in 1878, these cemeteries serve as the final resting place for almost 130,000 people. The Branch is responsible for facilitating the sale of cemetery lots/plots, niches and other products and services; completing interments and disinterments; maintaining and preserving cemetery records; conducting burial searches; and ensuring perpetual maintenance of cemetery grounds.

- [A] Values are expected to significantly decrease as a significant refurbishment project within the Field of Honour at Brookside Cemetery, which was delivered as a partnership between the City of Winnipeg and Veteran's Affairs Canada, concluded in 2023.
- [B] Disaster Financial Assistance funding from the Province of Manitoba was secured in order to re-level and re-seed interment sites that were impacted by a flood event in 2022. This has resulted in an increase in the number of interment sites re-leveled and re-seeded in 2023 and continuing into 2024 and 2025.
- [C] Variance due to poured in place foundations for the public being installed in accordance with demand and operational needs. A minimal amount of poured in place foundations are anticipated in 2025 as a large quantity was installed in 2024 and another significant pour is planned for 2026.
- [D] Refer to benchmarking / comparison data below.
- [E] Any changes to the rates would require an amendment to the Cemeteries By-law.

Performance Measurements

Effectiveness Measurements

Comparison of Perpetual Maintenance Reserve Funds of Municipally Owned and Operated Cemeteries (2024)

City	Niche	Scattering	Cremation Lot	Full Size Interment Lot
Brandon	20%	20%	20%	20%
Calgary	40%	0%	40%	40%
Edmonton	25%	0%	25%	25%
Winnipeg	15%	10%	25%	25%

Note: There is no legislated requirement in Manitoba for a municipality, religious denomination or religious auxiliary owned and operated cemetery to have a perpetual maintenance fund. Each cemetery may create a perpetual maintenance fund by setting aside in a reserve fund a defined percentage of the purchase price of each type of cemetery property or service. Interest earned on investment of the perpetual maintenance fund contributes towards (i) the cost of maintenance and improvement of the cemetery grounds in perpetuity and (ii) reinvestment into the fund to ensure its continued growth. Perpetual care includes general maintenance, improvement and/or embellishment of cemetery properties, grounds, buildings and infrastructure.

Winnipeg's municipally owned and operated City Cemetery Reserve Fund ensures that general maintenance and improvements will continue in the future after the cemetery is closed and no further property is available for sale.

Golf Services (SOA)

Description

The City of Winnipeg has operated municipal golf courses since 1921. Winnipeg Golf Services was established in 2002 to administer the City's 13 golf course assets. The Agency is responsible for operating and maintaining golf courses, managing contracts and leases for City lands used by privately operated golf courses, managing a contracted cross-country ski operation, and managing the lease for Thermea Spa.

Fire & Rescue Response

Description

Provide quick, proficient, emergency and non-emergency fire suppression and rescue assistance to victims of fire, accidents, and other disasters or emergencies in order to prevent or minimize loss of life or property. This includes fire suppression, notification and evacuation of citizens, rescue services, including motor vehicle extrication, high angle, trench, water, and ice rescue, investigation and mitigation of carbon monoxide or other gas leaks, and other hazardous materials incidents.

Additional contributions include standby fire and rescue service at public events, support to public education programs, supplement fire inspection and by-law enforcement program, fire investigation services potentially leading to offender identification, arrest and/or counselling in regard to incidents of deliberately set fires and response to medical emergencies.

Key services include fire investigation, fire paramedic response, fire suppression & life rescue, and specialty rescue.

Citizen Satisfaction with Fire Service Response to Fire Incidents

Citizen satisfaction with fire and rescue response to incidents remains high. Customer service remains a core focus for new employee orientations as well as part of continuing education programs for existing employees. New strategies are being implemented in fire ground operations to continually improve life safety, property conservation, and incident stabilization.

Description

The Community Risk Reduction service reduces the incidence of illness, injury, death and property loss due to fire, accident or personal health by educating citizens regarding fire and life safety, and through the enforcement of the Manitoba Fire Code and the Fire Prevention By-law.

Key services include fire & injury prevention education and fire inspection.

Rate of Residential Structural Fires with Losses per 1,000 Households (2024)

Source: Municipal Benchmarking Network Canada (FIRE115) Extracted from MBNCanada data portal on Oct 23, 2025

Winnipeg continues to experience substantially more fires per household than any of our comparator cities. Winnipeg's diverse community faces a large number of socioeconomic challenges. This combined with older housing stock results in a higher residential fire rate than the average among this group of cities.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Emergency Response Capability for Medical Emergencies (respondents who used service)

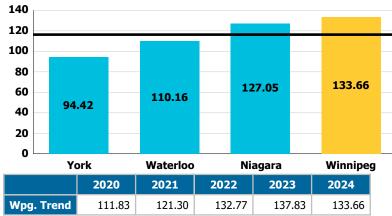

Citizen satisfaction with medical response to incidents remains high. The unprecedented COVID-19 pandemic, through 2020 and 2021, and record setting heat and air quality events in 2021 resulted in dynamic impacts on City services, employees and residents. Customer service remains a core focus.

Source: City of Winnipeg Annual Citizen Survey

Total Emergency Medical Service Responses per 1,000 Population (2024)

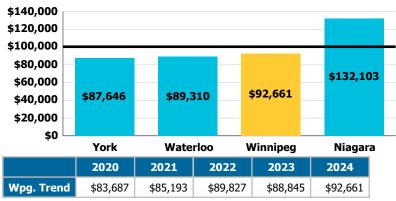

In 2024, the Winnipeg Fire Paramedic Service responded to 133.66 medical incidents for every 1,000 citizens. Winnipeg's responses per 1,000 population is slightly above the average among this group of cities. The continued high demand for service impacts resource availability and staff wellbeing.

Efficiency Measurement

Emergency Medical Service Operating Cost per 1,000 Population (2024)

Operating cost increases are a result of contractual salary increases and rising costs of operating equipment. This includes increased costs of consumable medical supplies, as well as increasing costs for specialized medical equipment such as stretchers and cardiac monitors.

Description

Provide a prompt and coordinated response by the City of Winnipeg to major peacetime disasters by:

- Minimizing the impact of an emergency or disaster on the City of Winnipeg.
- Protecting and preserving the health and property of the citizens of Winnipeg.
- Maintaining and restoring essential services during an emergency or disaster.
- Building resilient communities through sustainability, business continuity and enhanced recovery programs.

Performance Measurements

Effectiveness Measurements

Citizen Satisfaction with Level of City Preparedness, Ability to Respond, and Assist Residents (Natural and Human-Caused Disasters)

Citizen satisfaction remained high in 2024 with about 78% of citizens satisfied with disaster planning and response for emergencies like floods, tornadoes, train or airplane incidents. From 2020 into 2022, the City coordinated a response to the unprecedented COVID-19 pandemic, as well as record setting heat and air quality events, and the resulting dynamic impacts on City services, employees and residents.

Note: This question was removed from the Citizen Satisfaction Survey in 2025.

Number of City Staff Trained each year to work within the Emergency Operation Centre (EOC)

	2020	2021	2022	2023	2024
Wpg. Trend	30	30	40	80	21

The Office of Emergency Management is developing and partnering to provide targeted courses to enhance the number of City staff trained to work within the Emergency Operations Centre (EOC) during an emergency or disaster event. Result in 2024 is lower due to requirements of EOC activations in response to emergencies.

Number of Mock or Real Emergency Responses

Actions	2020	2021	2022	2023	2024
Number of Emergency Exercises	3	2	2	4	4
Number of EOC Events	1	5	4	1	4
Number of EOC Operational Days	332	365	235	14	140

Beginning March 2020 throughout 2021, the Emergency Operations Centre was consistently activated due to the Coronavirus (COVID-19) pandemic. The City continues to stage several mock disasters/exercises each year including partner agencies to ensure inter-agency awareness and effective working relationships are in place. The working knowledge and relationships developed during these exercises provides the required skills that are applied during real emergencies. In 2024, two emergency events took place that resulted in prolonged activations of the Emergency Operations Centre: the fuel pipeline disruption in March and 2440 Portage Avenue building evacuation in May.

Efficiency Measurement

Office of Emergency Management (OEM) Operating Cost per Capita

	2020	2021	2022	2023	2024
Wpg. Trend	\$1.78	\$1.74	\$1.51	\$1.58	\$1.58

Beginning March 2020 throughout 2021, Emergency Operations was consistently activated due to the Coronavirus (COVID-19) pandemic which is also reflected in higher operating costs per capita in those years.

Efficiency Measurements

Utilization Rate for Directly Provided Registered Programs (2024)

Source: Municipal Benchmarking Network Canada (SREC410). Extracted from MBNCanada Data Portal on Aug 20, 2025.

This measure shows utilization rate for registered programs delivered by municipal staff. Utilization equals enrollment divided by capacity.

In 2021, the overall number of registered programs and program capacity was limited as a result of COVID-19 public health orders while demand remained strong, leading to an increase in the utilization rate.

The average of the comparable cities reported is 74.8%.

Citizen Satisfaction with Condition of Local Parks in Your Neighbourhood

	2021	2022	2023	2024	2025
Total Satisfied	81%	79%	78%	80%	82%

Source: City of Winnipeg Annual Citizen Survey

Citizen satisfaction with the condition of local parks in their neighbourhood has remained high and relatively stable in recent years, with a modest increase in 2025. This suggests sustained positive public perception which is a testament to the City's continued park maintenance and improvement efforts.

Performance Measurements

Effectiveness Measurements

Number of trees pruned per year

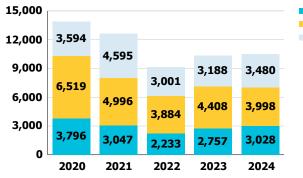

The City tracks the percentage of City trees pruned annually and the pruning cycle (how frequently every tree on an average is inspected and pruned if needed). The chart shows those figures for 2020 to 2024. Pruning cycle is a standard used as a performance indicator in the industry. To improve overall tree health and condition, and reduce vulnerability to storm damage, Winnipeg's Urban Forest Strategy targets pruning street trees on a 7-year cycle and park trees on a 12-year cycle.

	2020	2021	2022	2023	2024
Total	9,363	11,006	17,675	26,296	23,753

Source: City of Winnipeg

Number of trees removed per year

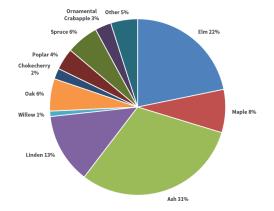

DED boulevard and parkDED private/natural area/otherNon-DED boulevard and park

Winnipeg's Urban Forest Strategy targets one tree replaced for every tree removed. In 2024, 6,484 public trees were planted in parks and along boulevards, while 6,508 trees were removed. This equates to 0.996 public trees planted for every public tree removed, or an approximate 1:1 public tree replacement ratio.

	2020	2021	2022	2023	2024
Total	13,909	12,638	9,118	10,353	10,506

Source: City of Winnipeg DED = Dutch Elm Disease

Percent tree composition by common name

Source: City of Winnipeg

2026 Preliminary Budget

The public tree inventory is dominated by ash (31%) and elm (22%). With the arrival of Dutch elm disease (DED) in the 1970s, ash trees dominated the planting program as provincial legislation banned the planting of American elms and the City initiated its DED management program. The City has recently stopped planting ash due to the arrival of emerald ash borer. With the two most abundant species of urban trees now under threat, the City is seeking reliable alternatives to both ash and DED-susceptible elm. Winnipeg's Urban Forest Strategy targets no more than 10% of any one species and 20% of any one genus in the boulevard and park tree inventory.

Animal Services (SOA)

Description

Provide animal control measures under the Responsible Pet Ownership By-law. The Agency's services include licensing, kenneling, adoption, educational outreach, by-law enforcement, and emergency response.

The Agency also provides funding to the Winnipeg Humane Society for the intake/sheltering of stray cats, care of injured animals, and a subsidized cat/dog spay/neuter program.

Corporate Support and Governance

Description

The Winnipeg Police Service (WPS) provides policing services to the citizens of Winnipeg. The WPS has a statutory responsibility to enforce the law, prevent crime and preserve the public peace. Services include response to emergency, urgent, and non-urgent calls for service; criminal investigation, offender identification and arrest; and promotion of safer communities through engagement, education, and proactive policing. The WPS is also responsible for training all police and civilian members of the Service.

The Winnipeg Police Board (WPB) is responsible for setting the strategic direction for the WPS. The WPS Business Plan works towards achieving the strategic goals identified by the WPB. In accordance with The Police Services Act, Council is responsible for establishing the total budget for the police service and the police board is responsible for allocating the funds.

Edmonton	31%	31%	29%	26%	26%

Weighted clearance rate is based on the same principles as the Police Reported Crime Severity Index (CSI), whereby more serious offences are assigned a higher "weight" than less serious offences. For example, the clearing of homicides, robberies or break and enters would represent a greater contribution to the overall weighted clearance rate value than the clearing of minor theft, mischief or disturbing the peace.

All data are correct at time of publication. Because of the dynamic nature of crime statistics, data totals may change slightly over time. Statistics Canada updates those changes on a regular basis. Consequently, data reported herein may vary slightly with data reported by Statistics Canada.

Edmonton	116.6	106.5	112.6	115.0	109.3

Crime Severity Index (CSI) is a tool for measuring police-reported crime by taking into account the change in volume of a particular crime, and the relative seriousness of that crime in comparison to other crimes (the seriousness is based on an assigned weight derived from incarceration rates for the offence type and the average prison sentences). CSI is expressed as a standardised measure adjusted to equal 100 as a base in Canada.

All data are correct at time of publication. Because of the dynamic nature of crime statistics, data totals may change slightly over time. Statistics Canada updates those changes on a regular basis. Consequently, data reported herein may vary slightly with data reported by Statistics Canada.

Total calls for service to the Communications Centre

	2020	2021	2022	2023	2024
Total calls for service to the Communications Centre	610,774	673,364	713,093	783,248	772,452

There were over 770,000 total calls to the Communications Centre in 2024, averaging nearly 2,000 calls per day.

Total dispatched and police-initiated calls

	2020	2021	2022	2023	2024
Total dispatched and police- initiated calls	240,557	234,058	234,212	247,373	239,903

Citizen-generated events are initiated by the public requesting police response (e.g., 911 calls), while police-initiated events are created by officers during proactive or self-directed activity (e.g., traffic stops). Together, they comprise the total dispatched events.

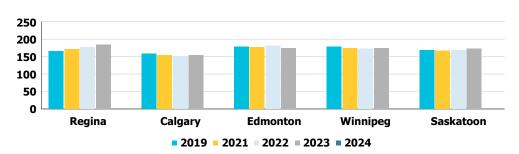

Dispatched and police-initiated calls by Priority Level

	2020	2021	2022	2023	2024
Priority 0 to 2: Emergency	17,118	20,046	22,433	21,121	21,049
Priority 3 to 4: Urgent	91,038	91,618	91,933	95,623	95,339
Priority 5 to 9: Non-urgent	132,401	122,394	119,846	130,629	123,515

In 2024, total dispatched events decreased slightly from the previous year but remained above the five-year average.

Corporate Support and Governance

Description

Provide timely and accurate property and business valuations, tax billing and collection services. General revenue and corporate expenses/savings that are not attributable directly to any other public or internal service, include:

- Taxation revenue and tax credits.
- Operating grants from the Province of Manitoba.
- Provincial payroll tax and offsetting support grant from the Province.
- Revenue from sale of Winnipeg Hydro/utility dividends.
- Pension contribution adjustments.
- Interest income.
- Debt and finance charges not attributable to any other City services.
- Corporate risk management.

Key services include assessment & taxation and corporate accounts.

Performance Measurements

Total City Liquidity

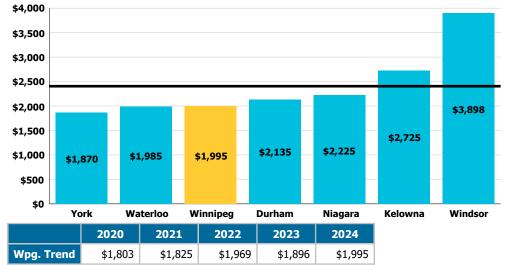

This measure is an important indicator of the City's ability to service its financial obligations. Liquidity is actively monitored to ensure it remains within acceptable parameters. An internal target of a minimum of 30% is utilized for treasury management and reporting.

The City of Winnipeg calculates liquidity as Free Cash Flow plus Liquid Assets and Committed Credit Facilities, divided by Consolidated Operating Expenditures minus Amortization.

Efficiency Measurement

Municipal Operating Costs per Capita (2024)

Winnipeg's municipal operating costs per capita is lower than the average (\$2,405) when compared to other Canadian cities.

Major Development Applications / Average Permit Approval Time

Major development applications are a relatively small subset of the permits that are processed each year and are unique with respect to their complexity in design, nature and consideration of alternative by-law and code compliance solutions. In 2024 there was an increase in number of permits and an increase in average number of working days.

Economic Growth Comparison of 13 City Regions - Real Gross Domestic Product (%)

City	2024	City	2025f	City	2026f-2029f
Calgary	3.7	Vancouver	2.3	Edmonton	2.7
Regina	3.1	Calgary	1.9	Calgary	2.6

Saskatoon	2.8	Ottawa-	1.6	Winnipeg	2.0
Ottawa-	2.8	Gatineau		Montréal	1.9
Gatineau		Saskatoon	1.6	Regina	1.8
Victoria	2.6	Halifax	1.6	Victoria	1.8
Vancouver	2.4	Victoria	1.5	Québec City	1.8
Montréal	2.3	Québec City	1.4	Hamilton	1.7
Halifax	1.8	Regina	1.2	Ottawa-	1.7
Hamilton	1.3	Montréal	1.2	Gatineau	1.7
Toronto	1.3	Hamilton	1.1	Halifax	1.7

Winnipeg's real GDP grew by +2.9% in 2024, ranking 5th compared to 13 major Census Metropolitan Areas (CMA) across Canada. The Bank of Canada's interest rate cuts in the second half of 2024 supported economic growth across Canada.

Due to tariffs and retaliatory tariffs initiated by the United States, Oxford Economics is forecasting growth to slow in all major Canadian cities (except Toronto) in 2025, with more of the tariff impacts hitting in 2026. Winnipeg's real GDP is forecasted to grow by +1.9% in 2025 (ranked 3rd) and +2.0% from 2026-2029 (ranked 6th).

Indigenous Relations

Description

The Division establishes and maintains meaningful relationships and partnerships with and between Indigenous peoples, communities, and governments to assist the City of Winnipeg in our commitments to reconciliation. The Division supports the City of Winnipeg to achieve transformative change in its journey of reconciliation through the Winnipeg Indigenous Accord, Welcoming Winnipeg: Reconciling our History, OurWinnipeg 2045, Truth and Reconciliation Commission (TRC) Calls to Action, Missing and Murdered Indigenous Women, Girls and Two-Spirit Calls for Justice, and Oshki Annishinabe Nigaaniwak, the City's Indigenous Youth Strategy.

Description

The Innovation, Transformation, and Technology service enables City service delivery through the use of responsive innovation and technology services. In addition, the service facilitates digital service delivery through coordination of continuous improvement and innovation programming, and management of the City's information and technology assets. This service enables creation of a quality customer and employee experience through systemic, sustainable, and value-driven change for City services, processes, information, and technologies.

Efficiency Measurement

Operating Cost for Information Technology per Total Supported Municipal FTE (2024)

Increase in 2024 due to an amalgamation of all departmental IT operating expenses into the central IT department, industry-wide price escalations in software services, and IT reserve utilization for equipment replacements not completed in the previous year.

Audit

Description

The Audit Department provides independent, objective information, advice and assurance regarding performance of civic services in support of transparent, responsible, and accountable government. Reporting to the City's Audit Committee, the Department examines organizational performance, governance and allegations of fraud, waste or abuse to provide Council with reliable information to support informed decision-making.

Council Services City Clerk's

Description

The City Clerk's Department provides direct policy, procedural and administrative services to the Mayor, Speaker and Members of Council, Executive Policy Committee, Standing Policy Committees, the Mayor's Office and Senior Administrators. The Department is the gateway to the City for political decision-making and providing access to information about the City, its services and the decision-making process. It captures, communicates and maintains a complete and accurate record of all Council decisions since the City's inception.

The City Clerk's Department has statutory responsibility for the administration of elections and by-elections as designated by The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act and for supporting Council and its Committees under The City Organization By-law, and undertakes all hearings related to assessment appeals through the Board of Revision. As well, the Department coordinates requests for access to information under The Freedom of Information and Protection of Privacy Act (FIPPA), leads the City-wide records and information management program and preserves civic history through the operation of the City of Winnipeg Archives.

Key services include audit, mayor & council, archives, and others - refer to the Appendix in the Supplement to the 2026 Budget for the full listing of services.

^{*} Civic Initiatives, Promotional and Protocol (partially allocated to the Economic Development Service) are Mayor's Office programs that may include making grants:

- (a) to assist a charitable or non-profit organization, association or corporation;
- (b) to aid sports and recreation;
- (c) to support economic and cultural development;
- (d) to improve, preserve, repair, maintain, convert or develop any property in the City; or
- (e) for any other purpose that the Mayor considers may be in the interests or to the advantage of the City or its citizens.

Notes:

- 1 Departmental operating expenditures are net of capital related expenditures (transfers to capital and debt and finance charges).
- 2 4-year average % is calculated as the year over year % change for the 2024 to 2027 multi-year budget. The same calculation applies to utilities and special operating agencies.
- 3 2025 and 2026 budget includes frontage levy capital closure suplus of \$2,867,567 and \$1.1 million respectively.

Operating Budget

Tax Supported Revenue 2026 compared to 2025

Exp No.	Explanations	Variance
1	Property tax	
	2026 property tax revenue reflects a mill rate of 13.372 and includes a 3.5% property tax increase dedicated to the renewal of local and regional streets, lanes, sidewalks and bridges as well as road safety improvement program, pedestrian and cycling program and tree replacement and preservation on road renewal projects; the tax-supported operating budget, which includes 0.33% previously dedicated to Transit Infrastructure Reserve (that will now fund Transit operations).	38,647,540
2	Business tax	
	2026 business tax rate has been maintained at 4.84%. The small business tax credit program will provide a full rebate in 2026 to businesses with an annual rental value of \$47,500 (same as 2025) or less.	570,000
3	Other tax	
	Net increase in electricity and gas tax revenue.	105,500
	Net decrease in other taxation revenue.	(12,650)
	Total	92,850
4	Street renewal frontage levy	
	Increase in street renewal frontage levy revenue due to volume increases. Rate remains at \$6.95 per foot (same as 2025).	210,046
5	Government grants	
	Addition of the One Manitoba Growth Revenue Fund, ending in 2029.	7,000,000
	Increase in Provincial / Shared Health funding based on costs allocated to emergency medical services program.	3,307,473
	Increase in Provincial operating basket funding (2.0% escalation annually).	2,719,680
	Increase in Provincial Public Safety Basket Funding for Police Services (2% annual escalation).	494,013
	Increase in Provincial funding for continued initiatives (Downtown Safety, Missing Persons, Violent Offender Apprehension).	460,111
	Increase in Federal funding for Short-term Rental Enforcement Fund related to Short-Term Rental Accommodation (STRA) Program (Council, May 22, 2025) - see explanation #15.	409,000
	Miscellaneous other adjustments including changes in Provincial Library Grant, ambulance in- kind costs and Federal Building Safer Communities Fund.	(413,564)
	Total	13,976,713
	-	

Operating Budget: Tax Supported Revenue 2026 compared to 2025

The listing of grants/payments includes grants in the operating, capital, and reserves budgets. The operating grants/payments are separated into multiple categories (including arts & culture, community well-being, environment/green city, recreation, indigenous youth strategy, building safer communities, one time, service purchase agreements and long-term agreements).

Notes:

- 1. Grant is recorded as an offset to the Property Tax and Business Tax Revenue.
- 2. Grant is recorded as an offset to the Refundable Entertainment Funding Tax Revenue.
- 3. Service Purchase Agreements see Glossary in appendices section of the Supplement to the 2026 budget.
- 4. Long Term Agreements/Obligations see Glossary in appendices section of the Supplement to the 2026 budget.
- 5. Reduced to allocate to the St Boniface Outdoor Aquatic Facility.
- 6. 2026 Local Grants (Per Capita Grants) were allocated based on the most recent population from 2021 Statistics Canada Census.
- 7. 2025 restated due to additional funding received for Building Safer Communities Fund (Council, June 26, 2025).
- 8. The Winnipeg Humane Society (WHS) -the grant formerly for the FIXIT program has been combined with SNAP starting in 2026 (Council, February 27, 2025).
- 9. Assiniboine Park Conservancy capital grant for 2025 to 2027 is for Animal Hospital at \$2 million per year, representing the City's 30% contribution to the project, and other infrastructure needs at \$5.9 million per year.
- 10. Grants for 24-hour mobile outreach services to Main Street Project, St. Boniface Street Links, and Resource Assistance for Youth restated for 2025 due to Chief Administrative Officer's delegated authority to amend and extend the grants until June 30, 2025 to ensure there is no lapse in outreach services. Remaining amount for 2025 issued to Main Street Project (awarded June 30, 2025). Amounts for 2026 and 2027 recipient to be determined subject to condition of working in partnership with the City of Winnipeg and follow the Province of Manitoba's "Your Way Homes Strategy: A Plan to End Chronic Homelessness".
- 11. 2025 grant for Youth Programming in geographic areas of high poverty (formerly called Poverty Reduction Youth Programming) has been restated to be included for completeness purposes. (Council, June 26, 2025).
- 12. Due to removal of parking pay stations, the service purchase agreements for parking infrastructure have been removed.
- 13. Service purchase agreements for BIZ cleanliness effective 2026.
- 14. The City of Winnipeg's Annual Community and Neighbourhood Grant Program supports community groups on specific projects or initiatives that directly impact the community. Additional information is provided here https://www.winnipeg.ca/city-governance/grants-funding-opportunities/community-neighbourhood-grant.
- 15. The City can enter into two-year grant agreement with grant recipients.
- 16. Adhoc Committees may distribute grants in addition to the list and programs noted above subject to Council approval.
- 17. 2024 Budget restated due to allocation of previously approved funding see Budget Recommendation 1.I.
