Condition of Recreation Facilities Portfolio, including aquatic and sporting facilities, community and neighbourhood centres, and libraries - Facility Condition Index (FCI) [A]	0.52	0.56	0.43	0.43	0.45
[A] Facility Condition Index (FCI) is a recognized industry standard and is typically derived by dividing the current backlog of work by the current replacement value of the asset. An FCI score of 0 indicates that a facility's assets are in excellent condition with little to no maintenance needs; a score of 1 suggests they're in very poor condition and may require immediate attention.

2026 and 2027 Budget - Gross Revenue & Expenditures

2026 and 2027 Projection from 2025 Budget - Gross Revenue & Expenditures

Increase in Gross Revenue & Expenditures

2026 Budget	2027 Projection
\$ 80.5	\$ 82.3
77.9	78.5
\$ 2.6	\$ 3.8

Notes: (amounts in parentheses are for 2026 and 2027 respectively)

1. Revenue increases are due primarily to inflationary increases in accommodation charges from client departments, utilities and SOAs (\$2.9M & \$4.2M). This is offset by a decrease in the transfer from Community Services for facilities operations and maintenance (\$0.4M & \$0.5M).
2. Expenditure increase is due to an increase to the Provision (i.e. transfer to the Gen. Rev. Fund) of \$2.0M/year. Other increases include salaries & benefits (\$0.3M & \$0.3M), services & materials/parts/supplies (\$0 & \$1.0M) and debt and finance charges (\$0 & \$0.1M). Also, recoveries have decreased (\$0.1M & \$0.3M).
